Limited Access Entrance Requirements for B.S. in Biomedical Engineering

First-Year Students:

Incoming first-year students who are interested in the Biomedical Engineering Major program *must* meet the following criteria to ensure success in this rigorous limited-access program:

- Minimum SAT Math 670 or ACT Math 29
- Minimum High School Weighted GPA of 4.0 (as determined by USF Undergraduate Admissions)
- Ideally, students will have completed advanced high school courses in Chemistry, Physics, Calculus and Biology.

Sophomores:

Current USF students must meet the following minimum requirements to be considered for admission to the upper-division program.

- Minimum cumulative 3.5 GPA for the prerequisite courses, as listed below (best attempt);*
 - Minimum grade of C in each prerequisite course listed below;
 - No more than two attempts allowed for the prerequisite courses listed below (withdrawals included);
 - Completion of the first three semesters of the BME plan of study by the end of the third semester after matriculation to the University with a minimum 3.2 cumulative GPA for those semesters;
 - Completed BME departmental online application.
- *Only the best attempt in each prerequisite course as listed below, is considered for admission into the BME program.

During the fall semester of the sophomore year, BME majors apply for admission to the upper-division BME major, which begins in the spring semester of the sophomore year.

Continuation Requirement:

In addition to the requirements above, in order for students to be allowed to continue into the upper-division BME major beginning in the fall semester of the junior year, they must also earn a 3.2 or higher Engineering GPA (includes all College of Engineering courses) by the end of the fourth semester of the BME plan of study.

Transfers:

Transfer students must meet the following minimum requirements to be considered for admission into the BME program.

- Completed BME departmental online application;
- Minimum 2.0 cumulative (overall) GPA;
- Minimum cumulative 3.5 GPA in the prerequisite courses listed below;
- Minimum grade of C in each prerequisite course listed below;
- No more than two attempts allowed for the prerequisite courses listed below (withdrawals included).

Applicants who do not meet the minimum admission requirements as stated above will not be eligible for admission into the BME program. Transfer applications are referred to the department only after the USF Office of Admissions (including official transcripts) considers them complete. Applications are reviewed periodically and not on a rolling basis. The date of review may vary depending on the number of applications received. Transfer applicants coming from out-of-state or private Florida institutions will be considered on a space available basis only.
