EXECUTIVE SUMMARY: YEAR 2

USF’s Quality Enhancement Plan (QEP), the Global Citizens Project, is a comprehensive five-year plan to globalize the USF undergraduate experience in order to provide students with opportunities to learn and practice global competencies.

Three programmatic goals define the QEP:

- Global FKL (globalizing General Education courses),
- Global Pathways (globalizing the Majors), and
- Global Citizen Award (an undergraduate award to encourage students to engage in global experiences).

The primary focus of 2016-17 was the full implementation of programs, processes, and procedures supporting the three QEP goals, including professional development and assessment, which are central to the plan. Specific accomplishments include:

- Certified the B.A. in Interdisciplinary Social Sciences as a Global Pathway.
- Established the Global Explorers Travel Award in conjunction with Education Abroad and offered $47,500 in study abroad scholarships to 34 Global Citizen Award participants.
- Developed faculty resources for global course certification, including Global Certification Express and an online Global Course Certification Guide.
- Offered 25 Global Faculty Fellowships (previously Global Course Enhancement Cohorts), a Global Pathway Learning Community for six departments (12 faculty total), 16 stand-alone workshops and 25 one-on-one consultations.
- Administered the Global Perspective Inventory (GPI) to 965 students.
- Convened QEP Assessment Development Team comprised of 10 faculty and student affairs professionals to create in-house GCP assessment.

The work completed in 2016-2017 indicates the university’s progress toward meeting the 2020 QEP performance targets.

To support students pursuing the Global Citizen Award, 198 on-campus global events were pre-approved and advertised. In addition to programming offered by campus departments and organizations, the Global Citizens Project developed the following events:

- Around the Globe in 50 Days
- GCP Coffee Connect
- Getting Globally Engaged Workshop Series
- Global Scholars Circuit
- GloBULL Olympics
- Sustain-a-Bull Workshop Series
