1. Canvass sources of supply and contracting for the purchase or lease of all commodities and contractual services for the University, in any manner, including purchase by installment or
lease-purchase contracts. Installment or lease-purchase contracts can provide for the payment of interest on unpaid portions of the purchase price.

2. Remove any contractor from USF’s competitive vendor list that fails to fulfill any of its duties specified in a contract with USF (or another state university) and to reinstate such contractor when satisfied that further instances of default will not occur.

3. Plan and coordinate purchases in volume and negotiate and execute agreements and contracts for commodities and contractual services under which USF makes purchases.

4. Develop an Annual Certification List to serve as a waiver of the competitive solicitation requirement for commodities or contractual services that are frequently purchased and are available from a single source.

5. Where practical and available, implementing the use of existing State University System (SUS) Shared Initiatives contracts; unless the Director of Procurement Services or designee documents that such use is not in the best interest of the University.

6. Evaluate contracts for commodities or contractual services entered into by other governmental or educational entities (including the Federal Government, other state governments, political subdivisions, or any public or private college or university or educational cooperative or educational consortium) as a result of a competitive solicitation. Approve USF’s use of such contracts (in lieu of issuing a competitive solicitation) for the procurement of the same commodities and contractual services, when it is cost-effective and in the best interest of USF to do so. Maintain appropriate justification for the use of services contract adoption. Review existing consortia and cooperative contracts to identify potential savings and, if there is the potential for savings, enter into new consortia and cooperative contracts to achieve the savings, with the goal of achieving a five-percent savings on existing contract prices.

7. Award contracts for commodities and contractual services to multiple suppliers, if such is determined to be in the best interest of USF. Such awards can be on a USF, regional or state university wide basis and for multiple years.

8. Reject or cancel any or all competitive solicitations when determined to be in the best interest of USF.

9. Authorize the payment of deposits or advance payments for a commodity or contractual service when the Director or designee determines that it is in the best interest of USF.

10. Bar any vendor from doing business with the University for demonstrated cause, including previous unsatisfactory performance.

11. Prohibit University employees and University direct support organization employees from participating on a procurement selection committee for commodities or services from soliciting donations from responding vendors during the selection process, except for donations or other
benefits expressly stated in the procurement document.

12. Permit the extension(s) of a contract, entered into as a result of a competitive solicitation, for up to twelve (12) months or until completion of the competitive solicitation and award or protest, whichever is longer in accordance with the Contract Guidelines in Reg. 4.02010.

13. Permit the renewal(s) of a contract, entered into as a result of a competitive solicitation, for a period that may not exceed 5 years or twice the term of the original contract, whichever is longer in accordance with the Contract Guidelines in Reg. 4.02010.

14. All purchases, including leases, amounting to or exceeding one million dollars ($1,000,000) require the approval and signature of the President, the Senior Vice President, Business and Financial Strategy, or the Vice President & CFO, Business and Finance. Signature authority for all purchases with amounts of less than one million dollars ($1,000,000) is delegated to the Controller, the Director of Procurement Services, the Assistant Director of Procurement Services, and the Associate Director of Procurement Services of USF. Unless officially delegated, no other unit or individual is authorized to sign contractual agreement for purchase of commodities or services or for leases of property. All contractual agreements require the review and approval of the General Counsel's Office as to legal form and sufficiency.

B. Standards of Conduct:

1. It is a breach of ethical standards for any employee of the University to accept, solicit, or agree to accept a gratuity of any kind, form or type in connection with any contract for commodities or services. It is also a breach of ethical standards for any potential contractor to offer an employee of USF a gratuity of any kind, form or type to influence the development of a contract or potential contract for commodities or services.
