## Welcome from the Regional Chancellor

Welcome to USFSM, your hometown campus with global impact. We are dedicated to providing a quality education from outstanding faculty and a committed student services staff. Our campus provides a quality education for Bachelor's degrees as well as Master's degrees, certificates and hosted programs. We invite you to consider USFSM to fulfill your educational goals.

This is an exciting chapter in our campus history as we start new traditions at the campus. In addition to our state-of-the art classrooms, auditorium, and other facilities, we have just recently launched our first athletic team. In the Spring 2011, we started our USFSM Crew Team. This team will be coached by the Sarasota Crew coaches and will crew both the bay and at the famed Nathan Benderson Aquatic Park. All of our academic programs are fully accredited by the Southern Association of Colleges and Schools and our College of Education is accredited by NCATE and our College of Business by AACSB. These are the highest accreditation bodies for these colleges in the United States.

We believe that you will find our campus to be an exciting one. In addition, we believe the campus setting with preserve areas, a pond, and walking paths, the plazas, and the totally wireless courtyard with access to the Sarasota Bay, will

enhance your experience at USFSM.

Several years ago we realized that there was growth in south Sarasota and north Charlotte Counties. To meet this need we created our North Port Instructional Site. We offer several full degree programs there and we invite you to consider this location for your convenience.

USFSM is a great place to come whether you are pursuing a higher degree or making a career change. You will get a higher degree of satisfaction in a convenient small-campus atmosphere while earning degrees from a top-tier research university. We take pride in our more than 15,000 alumni living and working in the region as civic and business leaders. Our community business partners help us connect their workforce needs with our campus programs and provide valuable internships that often lead to job opportunities upon graduation.

Please explore our website and find ways USFSM can help you prosper professionally and personally. Yes, we ARE a university town, and USFSM is YOUR hometown campus atmosphere while earning degrees from a top-tier research university. We take pride in our more than 15,000 alumni living and working in the region as civic and business leaders. Our community business partners help us connect their workforce needs with our campus programs and provide valuable internships that often lead to job opportunities upon graduation.

## Welcome from the Regional Vice Chancellor

Welcome to USFSM! I am delighted that you are interested in learning more about our University's academic programs and outstanding faculty -- who are national and international leaders in their fields of specialization. As an educational psychologist, I have researched, for over 30 years, predictors of student success based on demographic, academic, and personality factors. I can assure you that USFSM has the environment and the faculty to ensure student success. For example:

- Our student-to-faculty ratio in courses is 15:1.
- Nearly 75% of our courses are taught by full-time faculty.
- Our accrediting agency requires that 25% of undergraduate student credit hours be taught by faculty members with terminal degrees. Nearly 80% of our faculty earned a doctorate degree in the field that they teach, not just in higher education.
- 90% of our graduates proudly state in exit surveys that, if they had it to do over again, they would again earn their degree at USFSM.
- 90% of our students rate their entire educational experience here as excellent or good.

Universities are the institutions at the forefront of driving progress and invigorating society. The vision of the USFSM is to transform the economic recovery in Florida (1) by graduating competitive students for high-value jobs that may or may not yet exist -- indeed that our students may create --and (2) by leading the re-positioning of the region to be a magnet for new enterprises and investments.

The Sarasota-Manatee region is 40 years ahead of the rest of the nation in future demographics, making us the epicenter for research studies that will improve the American way of life for decades to come. The University's researchers are its faculty members, who spend part of their professional time on studies that will improve society. During the faculty selection process here, we seek out faculty who are master teachers, cutting-edge researchers, and devoted community servants.

Thank you for taking the time to read through our faculty's informative [web pages](#), examine their credentials, and review their research vignettes. I have no doubt that you will find USFSM to be on the front lines of higher education -- transforming Florida's workforce, society's welfare, individuals' health, and the very lives of the students and community that we are proud to educate and serve.

USF System Policy: 0-007 Diversity and Equal Opportunity: Discrimination and Harassment

The USF System commits to maintaining a work and study environment free of discrimination and harassment. Discrimination on the basis of race, color, sex, marital status, religion, national origin, disability or age is prohibited by University policies, federal and state laws. The USF System protects its faculty, staff, and students from discrimination and harassment based on sexual orientation. Any person who believes that he or she has been subjected to discrimination may file a complaint with the Office of Diversity and Equal Opportunity. It shall be prohibited for any employee of USF to discriminate or take retaliatory action against any individual who, in good faith, has opposed an alleged unlawful practice or has made a charge, testified, assisted, or participated in any manner in an investigation, proceeding, or hearing under the provisions of applicable law or the university equal opportunity policies.

## USFSM Diversity Office

<b>Location:</b>	<b>SMC A112</b>

Website:	<a href="http://usfsm.edu/students/diversity">usfsm.edu/students/diversity</a>

USFSM is dedicated to creating a community in which students, faculty, staff and community members value the rich diversity each person contributes to our campus and the world.

USFSM fosters an environment that:

- Sustains a campus and community atmosphere that is inclusive of race, ethnicity, sex, age, language/dialect, sexual orientation, national origin, disability, socio-economic status and religious conviction;
- Creates a setting that embraces individual differences and cultivates a campus atmosphere that is free from bias;
- Provides a sense of community and a place to learn about the different aspects of community life;
- Fulfills educational goals;
- Provides counseling that allows individuals to address challenges (e.g., academic, social, financial, professional or personal);
- Improves leadership and direction for the continuous assessment and improvement of university-wide diversity efforts; and
- Creates a sense of inclusion.

USFSM will continuously work to create a place to maximize the benefits of a multicultural perspective and to help sustain a more inclusive community of learners regarding diversity.

# Faculty

USFSM has an outstanding faculty in the colleges of arts and sciences, business, education, and hospitality and technology leadership -- who are national and international leaders in their fields of specialization.

Graduate Faculty and Affiliate Graduate Faculty are defined as follows:

Graduate Faculty is defined to consist of all tenure-track or tenured faculty appointed at the Assistant, Associate, or Professor rank, who holds a terminal degree or equivalent in their discipline. Graduate Faculty members are eligible to teach graduate courses and may direct and serve on master's, specialist, and doctoral level committees. To chair a doctoral level committee, a Graduate Faculty member must engage in current and sustained scholarly, creative, or research activities, such as publications, performances, exhibitions, patents, inventions and research grants.

Affiliate Graduate Faculty membership may be granted by the College Dean to individuals whose skills or expertise meet criteria established by the College. Affiliate Graduate Faculty membership is in effect for a specified period of time and specific purposes. Affiliate members may be eligible to teach graduate courses, to serve on master's, specialist, and doctoral level committees, to direct master's and specialist's level committees, and to co-direct doctoral level committees, at the discretion of the College. Emeritus Professors and retired or recently resigned professors may also be appointed as Affiliate Graduate Faculty with the approval of the College Dean.

USFSM at North Port is an important resource for students living in south Sarasota County, and its surrounding areas. This state-of-the-art instructional site offers undergraduate, upper-level coursework in elementary education, psychology, criminology, interdisciplinary social science, and leadership studies. The convenient location allows students to pursue higher educational opportunities where they live and work. Courses are provided via traditional classroom, e-learning, blended, and video conference technologies. Online bachelor's coursework includes hospitality management and information technology.

Academic advising along with learning support (tutoring) and library services are available to students at no cost, as needed. A student commons area provides access to computers, printing, and group study areas. The highly qualified professors teaching at USFSM at North Port include both resident and adjunct faculty. Students enjoy the small class sizes which allows for personalized instruction and support.

Students at USFSM at North Port can become involved in activities, such as Student Government, and receive co-curricular transcript credit for participation in clubs. The Criminology Club, Psychology Club and Sarasota-Manatee Inspiring Lifelong Educators (S.M.I.L.E.) have all hosted events at this site.

# Strategic Plan

USFSM serves more than 4,500 students annually and offers undergraduate, graduate degrees, and professional certificate programs. The campus is located on U.S. 41 (Tamiami Trail), about a half-mile north of University Parkway on the border of Sarasota and Manatee Counties near Sarasota Bay, the Crosley Mansion, the John & Mable Ringling Museum of Art, and the Sarasota-Bradenton International Airport. The 100,000-square-foot state-of-the-art academic facility houses 24 classrooms, a 190-seat lecture/exhibition hall, seminar and video-conferencing rooms, computer labs, and more. The [USFSM Strategic Plan](#) describes our commitment and planning for higher education.

## Mission

USFSM provides access to professional higher education programs and scholarly research in a personalized living and learning community that graduates successful leaders who empower Florida's Suncoast to thrive locally, nationally, and globally.

## Vision

USFSM strives to be a hometown comprehensive university with ever-increasing national and global impact.

## Values

USFSM embraces the values of higher education:

- freedom of inquiry
- academic excellence
- student success
- diversity and inclusion
- shared governance
- accountability
- collegiality
- integrity
- social, economic, and environmental sustainability

## Goals

In order to continuously improve teaching and learning; scholarship, research, and innovation; and public service and community engagement, USFSM will provide:

**ACCESS:** Expand access to a University education that benefits students and the local, national, and global community; and (Aligns with USF System Goals 1,2, 3, 4, 5; SUS System Goals 2,3)

**SUCCESS:** Enhance success of student outcomes, faculty productivity, and community impact (Aligns with USF System Goals 1,2,4,5; SUS System Goals 1,2).

# Academic Integrity of Students

## USF Policy 3.027: Academic Integrity of Students

(1) Fundamental principles: Academic integrity is the foundation of the University of South Florida System's (USF System) commitment to the academic honesty and personal integrity of its University community. Academic integrity is grounded in certain fundamental values, which include honesty, respect and fairness. Broadly defined, academic honesty is the completion of all academic endeavors and claims of scholarly knowledge as representative of one's own efforts. Knowledge and maintenance of the academic standards of honesty and integrity as set forth by the University are the responsibility of the entire academic community, including the instructional faculty, staff and students. The final decision on an academic integrity violation and related sanction at any USF System member institution shall affect and be applied to the academic status of the student throughout the USF System.

(2) General Policies: The following policies and procedures apply to all students, instructional faculty and staff who participate in administration of academic classes, programs and research at the University of South Florida. This regulation asserts fairness in that it requires notice to any student accused of a violation of academic integrity and provides a directive for discussion between the instructor and student to seek a fair and equitable resolution. If a fair resolution is not accomplished in this discussion, this regulation allows the student continued rights of due process under the academic grievance procedures based upon the preponderance of the evidence. The policies described below are the only policies and procedures that govern violations of academic integrity at the University and supersede any previous policies or regulations.

(3) Violations of Academic Integrity: Undergraduate and Graduate Behaviors that violate academic integrity are listed below and are not intended to be all inclusive.

### (a) Cheating

#### Definition

Cheating is using or attempting to use materials, information, notes, study aids, or other assistance in any type of examination or evaluation which have not been authorized by the instructor.

#### Clarification

1. Students completing any type of examination or evaluation are prohibited from looking at or transmitting materials to another student (including electronic reproductions and transmissions) and from using external aids of any sort (e.g. books, notes, calculators, photographic images or conversation with others) unless the instructor has indicated specifically in advance that this will be allowed.
2. Students may not take examinations or evaluations in the place of other persons. Students may not allow other persons to take examinations or evaluations in their places.
3. Students may not acquire unauthorized information about an examination or evaluation and may not use any such information improperly acquired by others.
4. Instructors, programs and departments may establish, with the approval of the colleges, additional rules for exam environments and behavior. Such rules must be announced in advance in a course syllabus or other advance written notice to students.

## (b) Plagiarism

### Definition

Plagiarism is intentionally or carelessly presenting the work of another as one's own. It includes submitting an assignment purporting to be the student's original work which has wholly or in part been created by another person. It also includes the presentation of the work, ideas, representations, or words of another person without customary and proper acknowledgement of sources. Students must consult with their instructors for clarification in any situation in which the need for documentation is an issue, and will have plagiarized in any situation in which their work is not properly documented.

### Clarification

1. Every direct quotation must be identified by quotation marks or appropriate indentation and must be properly acknowledged by parenthetical citation in the text or in a footnote or endnote.
2. When material from another source is paraphrased or summarized in whole or in part in one's own words, that source must be acknowledged in a footnote or endnote, or by parenthetical citation in the text.
3. Information gained in reading or research that is not common professional knowledge must be acknowledged in a parenthetical citation in the text or in a footnote or endnote.
4. This prohibition includes, but is not limited to, the use of papers, reports, projects, and other such materials prepared by someone else.

## (c) Fabrication, Forgery and Obstruction

### Definitions

Fabrication is the use of invented, counterfeited, altered or forged information in assignments of any type including those activities done in conjunction with academic courses that require students to be involved in out-of-classroom experiences.

Forgery is the imitating or counterfeiting of images, documents, signatures, and the like.

Obstruction is any behavior that limits the academic opportunities of other students by improperly impeding their work or their access to educational resources.

### Clarification

1. Fabricated or forged information may not be used in any laboratory experiment, report of research, or academic exercise. Invention for artistic purposes is legitimate under circumstances explicitly authorized by an instructor.
2. Students may not furnish to instructors fabricated or forged explanations of absences or of other aspects of their performance and behavior.
3. Students may not furnish, or attempt to furnish, fabricated, forged or misleading information to University officials on University records, or on records of agencies in which students are fulfilling academic assignments.
4. Students may not steal, change, or destroy another student's work. Students may not impede the work of others by the theft, defacement, mutilation or obstruction of resources so as to deprive others of their use.

5. Obstruction does not include the content of statements or arguments that are germane to a class or other educational activity.

(d) Multiple Submissions

Definition

Multiple submissions are the submissions of the same or substantially the same work for credit in two or more courses. Multiple submissions shall include the use of any prior academic effort previously submitted for academic credit at this or a different institution. Multiple submissions shall not include those situations where the prior written approval by the instructor in the current course is given to the student to use a prior academic work or endeavor.

Clarification

1. Students may not normally submit any academic assignment, work, or endeavor in more than one course for academic credit of any sort. This will apply to submissions of the same or substantially the same work in the same semester or in different semesters.
2. Students may not normally submit the same or substantially the same work in two different classes for academic credit even if the work is being graded on different bases in the separate courses (e.g. graded for research effort and content versus grammar and spelling).
3. Students may resubmit a prior academic endeavor if there is substantial new work, research, or other appropriate additional effort. The student shall disclose the use of the prior work to the instructor and receive the instructor's permission to use it PRIOR to the submission of the current endeavor.
4. Students may submit the same or substantially the same work in two or more courses with the prior written permission of all faculty involved. Instructors will specify the expected academic effort applicable to their courses and the overall endeavor shall reflect the same or additional academic effort as if separate assignments were submitted in each course. Failure by the student to obtain the written permission of each instructor shall be considered a multiple submission.

(e) Complicity

Definition

Complicity is assisting or attempting to assist another person in any act of academic dishonesty.

Clarification

1. Students may not allow other students to copy from their papers during any type of examination.
2. Students may not assist other students in acts of academic dishonesty by providing material of any kind that one may have reason to believe will be misrepresented to an instructor or other University official.
3. Students may not provide substantive information about test questions or the material to be tested before a scheduled examination unless they have been specifically authorized to do so by the course instructor. This does not apply to examinations that have been administered and returned to students in previous semesters.
4. Students may not have a substitute take an examination or take an examination for someone else.

(f) Misconduct in Research and Creative Endeavors

Definition

Misconduct in research is serious deviation from the accepted professional practices within a discipline or from the policies of the University in carrying out, reporting, or exhibiting the results of research or in publishing, exhibiting, or performing creative endeavors. It includes the fabrication or falsification of data, plagiarism, and scientific or creative misrepresentation. It does not include honest error or honest disagreement about the interpretation of data.

Clarification

1. Students may not invent or counterfeit information.
2. Students may not report results dishonestly, whether by altering data, by improperly revising data, by selective reporting or analysis of data, or by being grossly negligent in the collecting or analysis of data.
3. Students may not represent another person's ideas, writing or data as their own.
4. Students may not appropriate or release the ideas or data of others when such data have been shared in the expectation of confidentiality.
5. Students may not publish, exhibit, or perform work in circumstances that will mislead others. They may not misrepresent the nature of the material or its originality, and they may not add or delete the names of authors without permission.
6. Students must adhere to all federal, state, municipal, and University regulations or policies for the protection of human and other animal subjects.
7. Students may not conceal or otherwise fail to report any misconduct involving research, professional conduct, or artistic performance of which they have knowledge.
8. Students must abide by the University's policies on Misconduct in Research where applicable, which can be found in the University's Policies and Procedures Manual at the General Counsel's website.

(g) Computer Misuse

Definition

Misuse of computers includes unethical or illegal use of the computers of any person, institution or agency in which students are performing part of their academic program.

Clarification

1. Students may not use the University computer system in support of any act of plagiarism.
2. Students may not monitor or tamper with another person's electronic communications.

(h) Misuse of Intellectual Property

Definition

Misuse of intellectual property is the illegal use of copyright materials, trademarks, trade secrets or intellectual properties.

#### Clarification

Students may not violate state or federal laws concerning the fair use of copies.

Note: Unauthorized selling or distribution of any USF System material (including instructor course notes) is a violation of the Student Code of Conduct. Sharing personal notes with an individual classmate who occasionally misses class because of illness or other reason is allowed.

#### (4) Violations and Sanctions for Undergraduate Students:

Note These policies apply to Undergraduate Students, even if taking graduate coursework. Graduate students are students admitted to a graduate degree program or graduate certificate, and/or non-degree seeking students taking graduate coursework (such students should refer to Section (6) Violations and Sanctions for Graduate Students)

Violations for undergraduate students at the University of South Florida are classified into four levels according to the nature of the infraction. For each level of violation a corresponding set of sanctions is recommended, however, specific academic programs may include additional and different sanctions. These sanctions are intended as general guidelines for the academic community with examples cited below for each level of violation. These examples are not to be considered all-inclusive.

It is recommended that the instructor forward a concise written statement describing the academic dishonesty of an incident with its particulars to the Undergraduate Dean's Office for violations in Levels Two through Four. These records will be maintained until graduation or until they are of no further administrative value. This will enable better handling of multiple violations.

#### (a) Level One Violations

Level One violations may occur because of inexperience or lack of knowledge of principles of academic integrity on the part of persons committing the violation. These violations address incidents when intent is questionable and are likely to involve a small fraction of the total course work, are not extensive, and/or occur on a minor assignment. The following are examples:

1. Working with another student on a laboratory or other homework assignment when such work is prohibited.
2. Failure to footnote or give proper acknowledgment in an extremely limited section of an assignment.

Recommended sanctions for Level One violations are listed below:

- Reduction or no credit given for the original assignment.
- An assigned paper or research project on a relevant topic.
- A make-up assignment at a more difficult level than the original assignment.
- Required attendance in a non-credit workshop or seminar on ethics or related subjects.

#### (b) Level Two Violations

Level Two violations are characterized by dishonesty of a more serious character or that which affects a more significant aspect or portion of the course work. The following are examples:

1. Quoting directly or paraphrasing, to a moderate extent, without acknowledging the source.
2. Submitting the same work or major portions thereof to satisfy the requirements of more than one course without permission from the instructor.
3. Using data or interpretative material for a laboratory report without acknowledging the sources or the collaborators. All contributors to preparation of data and/or to writing the report must be named.
4. Receiving assistance from others, such as research, statistical, computer programming, or field data collection help that constitutes an essential element in the undertaking without acknowledging such assistance in a paper, examination or project.

Recommended sanctions for Level Two violations are listed below:

- Failing grade for the assignment involved with the grade in the course determined in the normal manner.
- Failing grade for the course, which may be an "F" or "FF" on the internal transcript.

(c) Level Three Violations

Level Three violations are those that go beyond Level One or Two violations and that affect a major or essential portion of work done to meet course requirements, or involve premeditation, or are preceded by one or more violations at Levels One and/or Two. Examples include:

1. Copying on examinations.
2. Plagiarizing major portions of a written assignment.
3. Acting to facilitate copying during an exam.
4. Using prohibited materials, e.g. books, notes, or calculators during an examination.
5. Collaborating before an exam to develop methods of exchanging information and implementation thereof.
6. Altering examinations for the purposes of regrading.
7. Acquiring or distributing an examination from unauthorized sources prior to the examination.
8. Presenting the work of another as one's own.
9. Using purchased term paper or other materials.
10. Removing posted or reserved material, or preventing other students from having access to it.
11. Fabricating data by inventing or deliberately altering material (this includes citing "sources" that are not, in fact, sources.
12. Using unethical or improper means of acquiring data.

Recommended sanctions for Level Three violations are listed below:

- Failing grade for the course with a designation of "FF" on student's internal transcript.

- Possible suspension from the University for one semester.

(d) Level Four Violations

Level Four violations represent the most serious breaches of intellectual honesty.

Examples of Level Four violations include:

1. All academic infractions committed after return from suspension for a previous academic honesty violation.
2. Infractions of academic honesty in ways similar to criminal activity (such as forging a grade form, stealing an examination from a professor or from a University office; buying an examination; or falsifying a transcript to secure entry into the University or change the record of work done at the University) .
3. Having a substitute take an examination or taking an examination for someone else.
4. Fabrication of evidence, falsification of data, quoting directly or paraphrasing without acknowledging the source, and/or presenting the ideas of another as one's own in a senior thesis, within a master's thesis or doctoral dissertation, in scholarly articles submitted to refereed journals, or in other work represented as one's own as a graduate student.
5. Sabotaging another student's work through actions designed to prevent the student from successfully completing an assignment.
6. Willful violation of a canon of the ethical code of the profession for which a student is preparing.

Recommended sanctions for Level Four violations are listed below:

- The typical sanction for all Level Four violations is permanent academic dismissal from the University with the designation of "Dismissed for Academic Dishonesty" to be placed permanently on a student's external transcript.

(5) Additional Undergraduate Guidelines for Academic Dishonesty:

(a) Grade Assignment

1. An "FF" grade assigned to indicate academic dishonesty is reflected only on internal records and prevents the student from repeating the course using the Grade Forgiveness Policy. Students with any "FF" grade on record will not be eligible for honors at graduation.
2. If a student who has been accused of academic dishonesty drops the course, the student's registration in the course will be reinstated until the issue is resolved.
3. Any assigned grade may be changed to an "FF", "F", or other grade depending on the instructor's decision or the ultimate resolution of an academic grievance procedure. This includes any instance of academic dishonesty that is not detected by the instructor until after the student has dropped or completed the course.
4. Notification to the student of the "FF" or "F" grade and the option of appeal concerning the alleged academic dishonesty shall be the responsibility of the instructor and/or department chair (See Student Academic Grievance Procedures).

5. Notice that a student has been dismissed for reasons of academic dishonesty will be reflected on the student's transcript with the formal notation: Dismissed for Academic Dishonesty.

6. More serious violations of academic integrity may be referred to the Office of Students Rights and Responsibilities as a student conduct violation.

(b) Multiple Violations:

1. For the first "FF" recorded in an undergraduate student's USF academic record, the student will receive a letter from the Dean of Undergraduate Studies informing him or her of being placed on "Academic Dishonesty Warning" for the remainder of enrollment at USF and of appeal rights for the "FF" grade.

2. For the second "FF" recorded, the undergraduate student will be suspended for one full semester and readmitted only after writing a clear statement indicating remorse, understanding of the seriousness of the offense, and understanding of the importance of integrity in all areas, including academic work. A letter informing him or her of this action and appeal rights will be sent from the Dean of Undergraduate Studies.

3. For the third "FF" recorded, the undergraduate student will be permanently dismissed from the University for violations of academic integrity and with notice of that dismissal as a part of the formal record and transcript. 4. The maximum penalty for receipt of any "FF" grade may be permanent dismissal from the University for violations of academic integrity and with a notice of that dismissal as a part of the student's formal record and transcript.

(6) Violations and Sanctions for Graduate Students

Note: These policies apply to Graduate Students (students admitted to a graduate degree program or graduate certificate, and/or non-degree seeking students taking graduate coursework). Undergraduate students should refer to Section (4) Violations and Sanctions for Undergraduate Students)

The Graduate School holds academic integrity in the highest regard. Graduate students are responsible for being aware of and complying with University Regulations and Policies and must conduct themselves accordingly. Sanctions for Academic Dishonesty will depend on the seriousness of the offense and may range from the receipt of:

- An "F" or "Zero" grade on the subject paper, lab report, etc.
- An "F" in the course or activity in which credit may be earned.
- An "FF" in the course (leading to expulsion from the University).
- Academic Dismissal for any violations of academic dishonesty policies or regulations.
- Possible revocation of the degree or Graduate Certificate following a thorough investigation.

Graduate students who are assigned an "FF" grade will be academically dismissed from the University and will not be eligible to apply to any graduate program at USF. Procedures regarding Academic Dishonesty and Academic Dismissal may be found on the Graduate School website.

(7) Additional Graduate Guidelines for Academic Dishonesty:

1. If a graduate student who has been accused of academic dishonesty drops the course, the student's registration in the course will be reinstated until the issue is resolved.

2. Any assigned grade may be changed to an "FF", "F", or other grade depending on the instructor's decision or the ultimate resolution of an academic grievance procedure. This includes any instance of academic dishonesty that is not detected until after the student has dropped or completed the course.
3. Notification to the graduate student of the "FF" grade and the option of appeal concerning the alleged academic dishonesty and academic dismissal remains with the instructor and/or department chair (See Student Academic Grievance Procedures).
4. A graduate student who has been dismissed for reasons of academic dishonesty will have this reflected on the student's transcript with the formal notation: Dismissed for Academic Dishonesty.
5. More serious violations of academic integrity may be referred to the Office of Students Rights and Responsibilities as a student conduct violation.

#### (8) Appeals Undergraduate and Graduate

Once the initial violation of the academic integrity regulation has been documented and fairly discussed by the student and the instructor, the student may appeal the instructor's decision that a violation has occurred. At that point the student will follow the procedures outlined in the University of South Florida's student Academic Grievance Procedure Policy. For academic integrity violations that are reviewed at the department and college levels, the respective committees will consider all evidence available to determine if the instructor's decision was correct. The student's ability to proceed within an academic program while an Academic Grievance is in process will be determined by the individual academic program chair/director.

Authority: Art. IX, Sec. 7, Fla. Const.; FL Board of Governors Regulation 1.001(4)(a); s.1006.60(4)FS. History—New 12-11-08.

## Academic Load

The maximum load per semester of an undergraduate student is 18 hours (fall & spring semesters) and 14 hours (summer semester) unless approval is received from the student's college dean. In the fall or spring semester, 12 hours is the minimum load for a student to be considered as full-time.

### **Full-time Undergraduate Student Definition - Summer Term**

Sessions "A" & "B" (6 weeks)

For Academic purposes - 6 hours or more each session

Session "C" (10 weeks)

For Academic purposes - 9 hours or more

For Financial Aid purposes undergraduate students must enroll for 12 hours in any combination of sessions "A," "B" and "C"

Students receiving Veterans' Administration benefits should confirm their Summer Term enrollment with the Office of Financial Aid.

Undergraduates may not enroll in 6000-level courses or higher without approval of the college dean in which the course is offered.

## Academic Probation and Academic Dismissal

The first time an undergraduate student's USFSM GPA falls below a cumulative 2.00, the student will be placed on Academic Probation (AP). From the beginning of academic probation, the student must maintain at least a 2.00 GPA each term, and may not totally withdraw from any semester without cause.

Any student who withdraws from all classes after the fifth day of classes while on Academic Probation will be academically dismissed. Once on academic probation, academic advising prior to registration is mandatory until the student is removed from probationary status. The student may remain on Academic Probation indefinitely as long as the student maintains a GPA of 2.00 or greater each semester. If at any time while on academic probation, the student's semester GPA falls below a 2.00, the student will be academically dismissed from the university. Once academically dismissed, a student may only return to USFSM under the University's Academic Renewal Policies. If academically dismissed from USFSM a student may not return to USFSM as a non-degree seeking student.

The determination and notification of probationary status or academic dismissal will be made by the Registrar's Office on the student's semester grade report and academic record. A student who attends another college or university following academic dismissal will be classified as a former student returning and readmission will be based on the total record accumulated from all colleges and universities attended.

If a student is academically dismissed or falls below a 2.00 GPA from USFSM and subsequently receives a BA/BS from another four-year institution, that student, when accepted to the University with the post-baccalaureate status, will have his/her academic record cleared.

## Grades, Scholarship Requirements, and Review Procedures

USFSM is interested in each student making reasonable progress towards his/her educational goals and will aid each student through guidance and advising. To make students aware of their academic progress, the University has enacted a system of grading and policies of Academic Probation and Academic Dismissal that indicates whether or not a student is showing sufficient progress toward meeting degree requirements. Notations of Grades, Academic Probation, and Academic Dismissal are posted to the student's academic record.

When a student is academically dismissed from the University and is ineligible to re-enroll, it may be in his/her best interest to re-evaluate educational goals with a college academic advisor. If poor academic performance has resulted from extenuating circumstances, or significant time has elapsed and the student has gained adequate maturity and motivation, a petition to the Academic Regulations Committee can be submitted for permission to re-enroll. See "Academic Regulations Committee" for information on petitioning.

### Grade Forgiveness Policy

USFSM's grade forgiveness policy permits an undergraduate to repeat a course and have the repeated grade computed in his/her GPA in place of the original grade, providing the repeat grade is posted as "D-" or higher (exception - see Honors at Graduation) and is higher than the first grade. Normally, grade forgiveness may only be applied to a specific course that a student chooses to repeat. No course taken on the S/U grade basis may have the grade forgiveness applied. Under unusual circumstances, a different but similar course may be used if the substitute course has been previously approved by the college dean and is on file in the Office of the Registrar.

The grade forgiveness policy cannot apply to any course in which the grade of "FF" has been recorded.

Any undergraduate or non-degree-seeking student who wishes to implement grade forgiveness must:

1. Complete a "Grade Forgiveness Request Form" (available on the Office of the Registrar's website) for each course to be repeated. It is recommended that the student meet with his/her academic advisor to determine if a grade forgiveness is appropriate.
2. Adhere to the following conditions:
  - a. A limitation of applying grade forgiveness to three USF System courses with no more than one repeat per course.
  - b. With prior approval of the college dean, a course different from a course on the approved list may be substituted in the following cases:
    1. The substitute course is a change in prefix, number, hours, or title, but not a substantive change in content from the original course.
    2. The substitute course replaces a course no longer offered by the institution.
  - c. The repeated course must be taken under the standard grading system (A - F) and the latest grade must be posted as "D-" or higher (grades of S/U are not permitted) and be higher than the first grade.
  - d. All grades remain on the transcript. The original course grade will be annotated with "E" to indicate that the course has subsequently been repeated and the original grade is not computed in the GPA.
  - e. Individual colleges may have further restrictions; therefore, the student should consult with his/her college.

- f. This policy is applicable to undergraduate and non-degree-seeking students only, and applies to 1000-to-5000-level courses. Once students have been awarded a bachelor's degree from USFSM, they may not repeat a course and be forgiven the original grade, taken prior to graduation.
- g. The policy applies only to courses taken originally at USF System and repeated at USF System.

## Grading System

Effective Fall semester 2000, a plus/minus grading system was implemented with the corresponding quality points. The use of the plus/minus grading system is at the discretion of the individual faculty member.

A student's measure of academic achievement is recorded on the academic record based on the following grading system:

### Plus/minus Grades

A+		4.00
A	Excellent Performance	4.00
A-		3.67
B+		3.33
B	Good Performance	3.00
B-		2.67
C+		2.33
C	Average Performance	2.00
C-		1.67
D+		1.33
D	Poor Performance	1.00
D-		0.67
F		0.00

### Other Grades

E	Course repeated, not included in GPA
CF	Cancelled financially, course was cancelled due to financial reasons
CMU	Cancelled, missing grade that has turned to a "U"
FF	Failure/academic dishonesty
I	Incomplete
IA	Incomplete, grade points not applicable
IB	Incomplete, grade points not applicable
IC	Incomplete, grade points not applicable
ID	Incomplete, grade points not applicable
IF	Incomplete grade changed to Failure
IU	Incomplete grade changed to Unsatisfactory

M	Missing grade/No grade submitted by instructor, grade points not applicable
N	Audit, grade points not applicable
R	Repeated Course
S	Satisfactory, grade points not applicable
U	Unsatisfactory, grade points not applicable
W	Withdrawal from course without penalty

### Grade Point Average

USFSM grade-point average (GPA) is computed by dividing the total number of quality points (see grading system section) by the total hours attempted at institutions in the USF System. The total quality points are figured by multiplying the number of credits assigned to each course by the quality point value of the grade given. Credit hours for courses with grades of “P”, “IU”, “M”, “N”, “S”, “U”, “W”, “Z”, and grades that are preceded by an “E” are subtracted from the total hours attempted before the GPA is calculated.

Credit hours for repeated USF System coursework will be awarded only once per course unless the course is a university-approved repeatable course. “D” and “F” grades, however, for repeated USF System coursework will be counted in the computation of the student’s GPA as many times as those grades for that course are recorded. If a student originally earns a “C” or higher in a course that may not be repeated for additional credit and earns a “C” or higher on a subsequent enrollment, the new grade is not computed in the USF System GPA unless the forgiveness policy is being applied.

### “P” Grade Policy

An “P” grade indicates incomplete coursework and may be awarded to graduate and undergraduate students. (Undergraduate rules apply to non-degree-seeking students.) It may be awarded to an undergraduate student only when a small portion of the student’s work is incomplete and only when the student is otherwise earning a passing grade. Until removed, the “P” is not computed in the GPA for either undergraduate or graduate students.

The time limit for removing the “P” is to be set by the instructor of the course. For undergraduate students, this time limit may not exceed two academic semesters, whether or not the student is in residence, and/or graduation, whichever comes first. “P” grades not removed by the end of the time limit will be changed to “IF” or “IU,” whichever is appropriate. If an instructor is willing, he or she may accept work from a student after an “P” grade has changed to an IF or IU grade, and assign the student a final grade in the course, unless the student has graduated.

Whether or not the student is in residence, any change to “IF” grades will be calculated in the cumulative GPA and, if applicable; the student will be placed on appropriate probation or academically dismissed. Students are not required to re-register for courses in which they are only completing previous course requirements to change an “P” grade. However, if a student wants to audit a course for review in order to complete course requirements, full fees must be paid.

### “M” Grade Policy

An “M” grade is automatically assigned as a default grade when the instructor does not submit a grade for a student. (Undergraduate rules also apply to non-degree-seeking students.) Unless a change of grade is submitted, the “M” grade will remain on the transcript and will not be computed in the student’s GPA.

### S/U Grade System

#### Course with No-Option

Certain courses have been designated as S/U courses. The “S” and “U” grades are used to indicate the student’s final grade. These S/U only courses are identified with (S/U only) after the course definition in this catalog. No grading system option is available to students or faculty in these courses.

#### Courses with Option

The following restrictions may apply to any undergraduate course taken on an S/U basis by a student:

1. Required courses in the major may not be taken on an S/U basis.
2. Specifically designated required courses in the distribution requirements of the student’s college may not be taken on an S/U basis.
3. Courses to satisfy BOG 6.017 (Gordon Rule) may not be taken on an S/U basis.
4. Courses to satisfy USF’s B.A. foreign language requirement may not be taken on an S/U basis.
5. All elective courses for the major and all elective courses in the distribution requirements and all other free elective courses may be taken on an S/U basis except where:
  - a. The certifying college restricts the number of courses that may be taken on an S/U basis in any one or all of the above areas or restricts the total number of S/U courses that can be accepted for all of the above areas.
  - b. The certifying college specifies that certain courses may not be taken on an S/U basis.
  - c. The instructor of a course refuses to allow the course to be taken on an S/U basis.

#### Mechanism for Assigning S/U Grades

The method by which a student receives an “S” or “U” grade in an option course will consist of the following:

1. A written agreement signed by both instructor and student shall be filed with the USFSM Office of Records and Registration as may be designated by the college. The college shall set the deadline (no later than the last day of classes for the term) for the student to decide if he/she wishes to take the course on an S/U basis.
2. The instructor shall assign final letter grades “A”, “B”, “C”, “D”, “F”, or “I”, but will transmit to the Registrar “S” or “U” consistent with the following:
  - a. Letter grade, “A”, “B”, “C”, or “C-“ shall be equivalent to a letter grade of “S.”
  - b. Letter grades “D” or “F” shall be equivalent to a letter grade of “U.”
  - c. “S” and “U” grades are not computed in the student’s GPA.

## Class Standing

A student's class is determined by the number of credits he/she has earned without relation to his/her GPA.

<b>0C</b>	<b>Unclassified</b>	<b>Non-degree-seeking students</b>
1F	Freshman	0 through 29 semester hours passed
2S	Sophomore	30 through 59 semester hours passed
3J	Junior	60 through 89 semester hours passed
4R	Senior	90 or more semester hours passes; however, no baccalaureate degree earned here or elsewhere
5B	Post Baccalaureate	Baccalaureate degree-holder working on a second undergraduate program or degree
6M	Graduate	Student admitted to Master's Degree Program

## Continuing Education

<b>Location:</b>	<b>C313</b>
Telephone:	941-359-4332
Website:	<a href="http://usfsm.edu/Academics/continuinged/">usfsm.edu/Academics/continuinged/</a>

USFSM offers selective continuing education to help individuals and organizations achieve their professional development, job training, or personal enrichment goals. The courses are not offered on a regular basis. They are organized as requested from employers and the community.

## Course Syllabus

<b>Website:</b>	<a href="http://usfsm.edu/academics/acadaffairs/syllabi/syllabi.php">usfsm.edu/academics/acadaffairs/syllabi/syllabi.php</a>
-----------------	--

A syllabus of instruction for each course is available at the beginning of each term. Among the items communicated are course requirements, materials, and objectives; expected learning outcomes; and a general grading scale. The syllabus is subject to revision due to various exigencies or to better facilitate instruction, and will not include unreasonable additions to the workload described in the original syllabus. The contents of the syllabus are subject to change with reasonable notice.

## Degrees Offered

- Bachelor of Arts, B.A.
- Bachelor of Science, B.S.
- Bachelor of Science in Applied Science, B.S.A.S.
- Bachelor of Science in Information Technology, B.S.I.T.
- Bachelor of Science in Communication Sciences and Disorders, B.S.C.S.D.
- Master of Business Administration, M.B.A.
- Master of Arts (M.A.)
- Master of Arts in Teaching (M.A.T.)
- Master of Education (M.Ed.)
- Master of Science, M.S.

The USFSM colleges therein establish certain academic requirements that must be met before a degree is granted. These requirements concern such things as curricula and courses, majors and minors, and academic residence. Advisors, directors, and deans are available to help the student understand and arrange to meet these requirements, but the student is responsible for fulfilling them. At the end of a student's course of study, if requirements for graduation have not been satisfied, the degree will not be granted. For this reason, it is important for all students to acquaint themselves with all regulations and to remain currently informed throughout their college careers and to be responsible for completing requirements. Courses, programs, and requirements described in the catalog may be suspended, deleted, restricted, supplemented, or changed in any other manner at any time at the sole discretion of the University and the USF System Board of Trustees.

# Disruption of Academic Process

## USF Regulation 3.025: Disruption of Academic Process

(1) Disruptive students in the academic setting hinder the educational process. Although disruptive student conduct is already prohibited by the University of South Florida System (USF System) Student Code of Conduct, the purpose of this regulation is to clarify what constitutes disruptive behavior in the academic setting, what actions faculty and relevant academic officers may take in response to disruptive conduct, and the authority of the Office of Student Rights and Responsibilities or designated office handling conduct issues in Student Affairs to initiate separate disciplinary proceedings against students for disruptive conduct.

(2) Disruption of the academic process is defined as the act, words, or general conduct of a student in a classroom or other academic environment which in the reasonable estimation of the instructor:

(a) Directs attention away from the academic matters at hand, such as noisy distractions, persistent, disrespectful or abusive interruption of lecture, exam, academic discussion, or general University operations, or

(b) Presents a danger to the health, safety or well-being of self or other persons.

References to classroom or academic area include all academic settings (live or online, and including field experiences). References to Instructor include the course instructor, USF faculty, administrators, and staff.

Misconduct occurring in other campus areas on University premises or which adversely affects the University community and/or the pursuit of its mission is already prohibited by the Student Code of Conduct and will be handled by those procedures.

Academic discussion that includes disagreement with the course instructor during times when the instructor permits discussion is not in itself disruptive behavior and is not prohibited.

Some disruptive students may have emotional or mental health disorders. Although such students may be considered disabled and are protected under the Rehabilitation Act/ADA, they are held to the same standards of conduct as any student.

The following applies to all campuses of the University of South Florida System; however, non-substantive procedural modifications to reflect the particular circumstances of each separately accredited institution and regional campus are permitted. Information concerning these procedures is available through the Student Affairs Office at those campuses.

### (3) Procedures for Handling Disruption of Academic Process

#### (a) General Guidelines for Instructor:

1. If a student is disruptive, the Instructor may ask the student to stop the disruptive behavior and/or warn the student that such disruptive behavior can result in academic and/or disciplinary action. Alleged disruptions of the academic process will be handled initially by the Instructor, who will discuss the incident with the student whenever possible. It must be noted that the Faculty Senate considers the traditional relationship between student and instructor as the primary means of settling disputes that may arise.

2. The Instructor is authorized to ask a student to leave the classroom or academic area and desist from the disruptive behavior if the Instructor deems it necessary. If the Instructor does this, s/he will send an Academic Disruption Incident Report within 48 hours simultaneously to:

- a. The department chair;
- b. The Assistant/Associate Dean of the College (as determined by the College);
- c. The Office of Student Rights and Responsibilities (OSRR) or the separately accredited institution's/regional campus' designated office in Student Affairs; and
- d. The student.

If the situation is deemed an emergency or circumstances require more immediate action, the instructor should notify the appropriate law enforcement agency, OSRR and other authorities as soon as possible. Any filed Incident Report can, and should, be updated if new information pertinent to the situation is obtained.

3. An Instructor may also further exclude the student from the classroom or other academic area pending resolution of the matter. If the Instructor recommends exclusion (temporary or permanent) from the classroom pending resolution, the student must be informed of the exclusion before the next scheduled class (either by phone, email or in person). That notice must:

- a. Inform the student of the exclusion,
- b. Inform the student of his/her right to request an expedited review of the exclusion within two days to the Chair of the Department.

If such academic exclusion occurs, and if the student requests a review, Chair of the Department shall review the exclusion within two days of the date the student requests the review and decide if the student can return to the specific class and/or any academic setting. This decision may be appealed in writing by the student within two days to the Dean of Undergraduate Studies or Graduate School or the institutional designee (as appropriate) for review and decision within two days. Any decision rendered at that point must be in writing and will serve as the final and binding academic decision of the University.

Each academic decision or sanction must be communicated to the Office of Students Rights and Responsibilities or the separately accredited institution's/regional campus' designated office as soon as possible.

(b) Possible Academic Sanctions and Grading Guidelines:

Authority of an Instructor and the appropriate Chair or Assistant/Associate Dean's Office may result in any of the following sanctions:

- Warning to the student.
- Voluntary withdrawal by the student from the class(es).
- Temporary exclusion and/or permanent dismissal from the instructor's classroom or academic area, program, or college, pending an expedited appeal.
- Academic sanction, including assignment of a final grade. -- If the final determination is a dismissal from class, the grade assigned for the class will depend on the student's status at the time of dismissal. If the student had a passing grade in the class at the time of dismissal, a grade of "W" will be assigned for the course. If the student had a failing grade in the class at the time of dismissal, a grade of "F" will be assigned for the course. These grades will become a

part of the student's permanent record. In addition, if the academic disruption results in dismissal from more than the classroom or academic area of the incident, this grading policy may be applied in all classes affected.

(c) Documentation and Academic Disruption Incident Report:

Instructors should be aware that notes of the dates, times, witnesses and details of the incidents of disruption and the impact of the disruption on those present may be important in any future proceedings which may be necessary. Referrals to the Office of Student Rights and Responsibilities or designated office in Student Affairs require written documentation containing factual and descriptive information. The student is entitled to see this documentation.

The Academic Disruption Incident Report must be submitted either by hardcopy or scanned, and sent by email to the student's USF email address, simultaneously, within 48 hours to:

1. The department chair;
2. The Assistant/Associate Dean of the College (as determined by the College);
3. The Office of Student Rights and Responsibilities or the separately accredited institution's/regional campus' designated office in Student Affairs; and
4. The student.

The form can be downloaded from the designated websites in the Academic or Student Affairs offices and are specifically available at:

<http://www.sa.usf.edu/srr/docs/Acad%20Disruption%20Incident%20Report%20Form.pdf>, or completed by way of memorandum containing the following information:

- Date of report
- Student's name
- USF Student ID number
- Instructor's name
- Instructor's phone number
- Instructor's e-mail
- Title of course, course number and section
- Date/time/location of incident
- Detailed summary of the incident, including a description of the disruptive behavior
- Witnesses
- Action, if any, taken by the instructor (e.g., student warned, asked to leave the class, etc.)
- Recommended course of action and reasons for this recommendation
- Instructor's signature

(d) Possible Disciplinary Sanctions for Conduct by the Office of Student Rights and Responsibilities:

Upon receipt of the Academic Disruption Incident Report or other academic referral for disruptive conduct, the Office of Student Rights and Responsibilities or designated office in Student Affairs may initiate the disciplinary process resulting in the imposition of any of the following sanctions in addition to any academic sanctions imposed (in section b):

- Educational sanctions to include but not limited to educational programs/classes and written assignments
- Disciplinary probation
- Provisional suspension
- Suspension
- Restriction from certain or all class(es), program, college, residence hall, or any part or all of USF campuses
- Expulsion

When an incident is being reviewed by OSRR or designated office in Student Affairs for possible disciplinary sanctions, current provisions affecting the student's academic status (temporary or otherwise) will be communicated by the Office of Student Rights and Responsibilities or designated office in Student Affairs to the Instructor and appropriate academic administrators/instructors responsible for the student's current academic standing as soon as possible, but within two weeks of the reported incident. Only final disciplinary sanctions that affect the academic status of the student will be communicated to the Instructor(s) and appropriate academic administrators after the disciplinary process is complete.

## E-Learning

<b>Location:</b>	<b>2nd Floor Rotunda</b>
Telephone:	941-359-4225
Website:	<a href="http://www.usfsm.edu/infocommons/elearning.php">http://www.usfsm.edu/infocommons/elearning.php</a>

E-Learning provides support for students and faculty members using learning management software such as Canvas, Blackboard and Elluminate. E-Learning courses provide access to the university learning experience by removing barriers of time and place. USFSM offers courses in a variety of disciplines and offers alternatives in time, place, format, or delivery systems to extend educational opportunities throughout the region and beyond. A variety of technology options such as the World Wide Web, television, videoconferencing, and other technologies, allow faculty and students to communicate at the same time or on a time-delayed basis at times that fit the student's personal schedule. Distance learning courses are included with regular course offerings in OASIS and are identified by distance learning icons.

## Good Standing

USFSM students will be considered in Good Standing if they are currently enrolled or eligible to return to USFSM and have a 2.0 USF System GPA.

## Immunization Policy USF System

### USF System Policy 33-002: Immunization Policy

#### 1. INTRODUCTION (Purpose and Intent)

In order to ensure the health and wellbeing of the entire community, The University of South Florida System (USF System) requires the following immunizations, prior to registration and specific immunization to reside in on-campus housing.

#### 2. STATEMENT OF POLICY

##### 1. ALL STUDENTS MUST HAVE PROOF OF IMMUNITY (defined in Sec. D. below) AS FOLLOWS:

- MEASLES: Proof of Immunity.
- RUBELLA: Proof of Immunity.
- HEPATITIS B: Proof of Immunity or signed waiver declining the vaccine.
- MENINGITIS: Proof of Immunity or signed waiver declining the vaccine except as listed in Sec. B. below.

##### 2. IN ADDITION, STUDENTS RESIDING IN ON-CAMPUS HOUSING MUST HAVE PROOF OF IMMUNITY AS FOLLOWS:

- MENINGITIS: Proof of Immunity required, as declining by waiver of this vaccine is not acceptable for students in on-campus housing. No student will be assigned housing without proof of vaccine.

##### 3. HEALTH HISTORY FORM All students must complete and sign the USF Medical History Form.

##### 4. PROOF OF IMMUNIT

Students must provide Proof of Immunity for each disease as follows:

##### 1. MEASLES:

1. Medical documentation of immunization with TWO (2) DOSES of live measles virus vaccine on or after the first birthday and administered at least 28 days apart. Persons vaccinated with killed, or an unknown vaccine, prior to 1968 must be revaccinated. Persons born before 1957 may be considered to have had a natural infection, and therefore meet the proof of immunity requirement. The documented date of immunization for measles should indicate the day, month, and year. However, month and year will suffice if the month and year indicate that the immunization was given at least 13 months after the month of birth,  
OR
2. Copy of laboratory (serologic) evidence of measles immunity (IgG rubeola titer),  
OR
3. A written, dated statement signed by a physician on his/her stationery that specifies the date seen and stating that the person has had an illness characterized by a generalized rash lasting three (3) or more days, a fever of 101° Fahrenheit or greater, a cough, and conjunctivitis, and, in the physician's opinion, is diagnosed to have had the 10 day measles (rubeola).

##### 2. RUBELLA:

1. Medical documentation of immunization with live rubella virus vaccine on, or after, the first birthday. Persons born before 1957 may be considered to have had a natural infection, and therefore meet the proof of immunity requirement. The documented date of immunization for rubella should indicate the day, month, and year. However, month and year will suffice if the month and year indicate that the immunization was given at least 13 months after the month of birth,  
OR
2. Copy of laboratory (serologic) evidence of rubella immunity (IgG rubella titer).

3. HEPATITIS B:
  1. Medical documentation of immunization with 3 doses of Hepatitis B vaccine,  
OR
  2. Copy of laboratory (serologic) evidence of Hepatitis B immunity (anti-HBs titer).
4. MENINGITIS:
  1. Medical documentation of immunization with Meningitis vaccine at age 16 or later or signed waiver of the vaccine. Declining by waiver of this vaccine is not acceptable for students in on-campus housing. No student will be assigned housing without proof of vaccine.
5. EXEMPTIONS WILL BE CONSIDERED AS FOLLOWS:
  0. RELIGIOUS: Religious exemptions- contact USF Student Health Services for an application.
  1. MEDICAL: Requests for temporary or permanent medical exemptions must be submitted to USF Student Health Services by the attending physician and must include reason for exemption and duration of exemption.
  2. ON-LINE COURSES: Students registered in 100% on-line courses may be exempt from the requirements of this Policy. However, if a student registers for any on-campus course at any time, the immunization requirements of this Policy will be in effect for all future courses. In the event of a disease outbreak, students exempted from immunization requirements may be requested by the University, at the direction of public health officials, to show titer Proof of Immunity, become immunized, or remain off campus for the duration of the outbreak. All requests for exemptions will be reviewed to ensure consistency in application.
6. CONSEQUENCES:

Students who fail to comply with the requirements as stated above will be blocked from registration, restricted from on-campus housing assignment, and/or a registration hold will be placed on their record. In specific circumstances a temporary override may be granted, however, vaccination requirements must be completed before further registration in subsequent terms will be permitted and current registration may be suspended if any deficiency in immunization status is identified.

## Learning Support Services (Tutoring)

<b>Location:</b>	<b>2nd Floor Rotunda</b>
Telephone:	941-359-4225
Website:	<a href="http://www.usfsm.edu/infocommons/lss.php">http://www.usfsm.edu/infocommons/lss.php</a>

Learning Support Services is located in the Information Commons, 2nd floor rotunda, and provides tutoring services and workshops for students and is funded by the USFSM Student Government Association. Subject tutoring is provided in the areas of math, statistics, accounting, finance, information technology, SPSS, Spanish, and other areas as needed.

Writing support tutors helps individual writers think through their work, understand the writing process, and develop strategies for planning, drafting, and revising. The purpose is to help writers learn to revise their own work, concentrating primarily on argumentation (thesis or focus), development, organization, and to a lesser extent format (APA or MLA). Although the writing support tutors can help writers identify and address problems with grammar, punctuation, etc., they do not edit, proofread, or “correct” papers.

Tutoring is open to all students who are currently enrolled in either a traditional class or online at USFSM and the North Port Instructional Site. Tutoring is provided by 1-on-1 consultations or small group sessions with faculty consultants or with student tutors.

Student tutors are undergraduate and graduate students who have met rigorous eligibility requirements. All student tutors have been recommended by faculty members and are trained to assist other students in subject areas such as math, statistics, accounting, and finance. If you are interested in becoming a student tutor, please contact Learning Support Services.

## Library Services

Telephone:	941-359-4225
Website:	<a href="http://www.usfsm.edu/infocommons/library.php">http://www.usfsm.edu/infocommons/library.php</a>

Library Services is located in the Information Commons on the 2nd floor of the main rotunda at USFSM. Reference librarians are available to assist with in-person and virtual classroom bibliographic instruction, individual and group research consultations.

USFSM students have access to all USF System Libraries including USF System virtual library with over 80,000 eJournals and 900 databases. The USF System Libraries and their affiliates hold approximately 2.5 million volumes, 29,000 serial titles, most in electronic format, 900 databases and 70,000 media materials. The state university libraries together contain over 12,000,000 volumes.

Louis de la Parte Florida Mental Health Institute Library (MHC 1744, Tampa)	813-974-4471
Nelson Poynter Library (St. Petersburg)	727-873-4405

USF System Libraries enhances teaching and learning through the delivery of online library resources and services to the dorm, office, or home as well as to all library affiliates. Special features include the online catalog, an electronic course reserve system, electronic journals, books and databases. Many electronic resources are full-text, and include digitized historical materials such as photographs, documents, and oral histories. Beyond content, there is online access to numerous library services such as interlibrary loan, the ability to renew materials, and reference assistance requests via the library website.

The Library catalog may be searched by author, title, subject, and keyword to identify the libraries' holdings. The Library website also has links to other catalogs of libraries within the state and worldwide. Workstations located in various USF libraries provide access to the online catalog as well as a vast array of databases and online resources.

USF System libraries can obtain materials from each campus and other libraries upon request. Students, staff and faculty can have access to resources by requesting material using online forms found at each library's home web page. More information about USF Libraries, including the electronic resources and library services to distance learners, is available at [www.lib.usf.edu](http://www.lib.usf.edu).

The Jane Bancroft Cook Library is the shared library for USFSM and New College of Florida students. The library provides collections, resources and services to support both institutions. The two-story building, located just 0.5 miles south of the USFSM, offers a physical collection including just over 280,000 books, as well as periodicals, CDs, DVDs, and other audio visual materials. The library offers daytime and late night hours, quiet and group study space, and abundant computer workstations. Visit our website for more information.

## Student Code of Conduct

[USF System Office of Student Rights & Responsibilities](#)

[USF System Regulation USF6.0021 Student Code of Conduct](#)

### Chapter (1) STATEMENT OF PRINCIPLES

The University of South Florida System (USF System) values a community based on the principles of integrity, civility, and respect. As such, the USF System community expects students to behave in a manner that supports these principles. The Student Code of Conduct is a document which describes behavior that is counteractive to these principles and how the USF System will hold students accountable for those inappropriate behaviors.

Students are responsible for compliance with all public laws as well as USF System rules, policies and regulations. Students accused of a crime may be prosecuted under the appropriate jurisdiction and also disciplined under the Student Code of Conduct. The USF System may pursue disciplinary action even if criminal justice authorities choose not to prosecute, and it may also act independently of the criminal justice process.

Any member of the USF System community may refer a student for an alleged violation of the Student Code of Conduct by filing a referral in writing with the Office of Student Rights and Responsibilities (OSRR). The Office of Student Rights and Responsibilities also reserves the right to initiate or follow up any investigative leads where there is reasonable belief of possible violations of the Student Code of Conduct.

### Chapter (2) AUTHORITY AND JURISDICTION OF THE USF SYSTEM

USF System jurisdiction and discipline extends to conduct which occurs on USF System premises or which adversely affects the USF System community and/or the pursuit of its mission. Specifically, USF System officials may initiate disciplinary charges for conduct off campus when the behavior relates to the good name of the USF System; the integrity of the educational process; or the safety and welfare of the USF System community, either in its public personality or in respect to individuals within it; or violates state or federal law.

USF System disciplinary proceedings may be instituted against a student charged with conduct that potentially violates both the criminal law and the Student Code of Conduct without regard to the pending civil or criminal litigation in court or criminal arrest and prosecution. Proceedings under the Student Code of Conduct may be carried out prior to, simultaneously with, or following civil or criminal proceedings off campus at the discretion of the Office of Student Rights and Responsibilities. Determinations made or sanction(s) imposed as a result of the Student Code of Conduct process shall not be subject to change because criminal charges arising out of the same facts giving rise to violation(s) of USF System policies were dismissed, reduced, or resolved in favor of or against the criminal law defendant.

### Chapter (3) DEFINITIONS

(a) The term “USF System” means the University of South Florida, any regional campus, or separately accredited institution affiliated with the USF System.

(b) The term “USF System official” means any representative of a USF System direct service organization, USF System board, committee, office or member of the USF System faculty, administration, or staff.

(c) The term “member of the USF System community” includes any person who is a student, faculty member, USF System official, or any other person involved with or employed by the USF System.

(d) The term “USF System premises” includes all land, buildings, facilities, and other property in the possession of or owned, used, or controlled by the USF System (including adjacent streets and sidewalks).

(e) The term “student,” for the purposes of the Student Code of Conduct, includes all persons, registered organizations, or a person who has submitted an application for admission, housing, or any other service provided by the USF System which requires student status. The term “student” includes all persons taking USF System courses, either full-time or part-time, pursuing undergraduate, graduate, non-degree seeking, or professional studies. Persons who withdraw after allegedly violating the Student Code of Conduct, or who are not officially enrolled for a particular term but who have a continuing relationship with the USF System, or who have been notified of their acceptance for admission are considered “students.”

(f) The term “student organization” means any group of students recognized by the USF System as a registered organization, including fraternities and sororities.

(g) The term “Office of Student Rights and Responsibilities (OSRR)” or designee is the person(s)/area designated by the USF System President to be responsible for the administration of the Student Code of Conduct.

(h) The term “Conduct Officer” means a USF System official authorized to adjudicate student disciplinary cases and to impose sanctions upon any student(s) or student organization found to have violated the Student Code of Conduct.

(i) The term “Administrative Officer” is a USF System faculty or staff member designated by the Conduct Officer, the Dean, or the designated System official, who will adjudicate the case, hearing both the student explanation of events and the information presented by the Office of Student Rights and Responsibilities.

(j) The term “complainant” means any person who submits a referral alleging that a student or organization violated the Student Code of Conduct.

(k) The term “referral” means the written documentation provided to Office of Student Rights and Responsibilities alleging that a violation of the Student Code of Conduct may have occurred.

(l) The term “offense” means the alleged action that represents a violation of the Student Code of Conduct.

(m) The term “policy” means the written and published policies or regulations of the USF System as found in, but not limited to, the Student Code of Conduct, the residence halls, the library, regulations governing the use of technology and information systems, those regarding the Student Identification Card, and Graduate/Undergraduate Catalogs. Other policies include those related to building and classroom use, to dining services, to campus recreation, and to any regulation of the Board of Trustees.

(n) The term “days” in terms of process is defined as the normal business day and will not include Saturdays, Sundays, or legal holidays/USF System administrative holidays when the campus is closed for business.

(o) The term “will” is used in the imperative sense.

(p) The term “may” is used in the permissive sense.

(q) Notice: Whenever notice is required to be given to a student, it will be conclusively presumed that the student has been given such notice if it has been sent to the student by official USF System email, or mailed to the address appearing on either the student’s current local address or permanent address on record with the USF System, at the discretion of the Office of Student Rights and Responsibilities.

(r) Administrative Hold: A hold may be placed on a student’s record at any point in the conduct process to assure compliance with sanctions or pending the resolution of conduct matters. When terms and conditions of sanctions have been satisfied and/or pending conduct matters have been resolved, the hold may be removed.

(s) Appointment Letter: A written letter to a student, which states that a referral has been made and informs the student of an opportunity for a meeting. If the student chooses not to attend, the conduct officer reserves the right to have an In Absentia Review, at which point a Disposition Letter will be sent to a student.

(t) Disposition letter: A written letter to a student, which states either that a referral has been dismissed or has been accepted. In the case where the referral has been accepted, the letter will include the imposed formal charges, recommended disposition, and/or the availability of a formal hearing.

(u) Suspended Sanction: After the conclusion of all processes, The Director of the Office of Student Rights and Responsibilities or appropriate appellate officer or their designee may suspend imposition of the sanction issued with restrictions and conditions for a specific period of time or indefinitely. The Sanctions may be imposed at the sole discretion of the Director, Appellate Officer or their designee with no further appeal or review.

#### Chapter (4) OFFENSES

The commission, aiding, abetting, attempting, or inciting of any of the following actions constitutes an offense for which a student or a student organization may be subject to the student conduct process.

(4.01) Theft - The unauthorized taking, misappropriation or possession of any real, personal, or intellectual property or services provided, owned or maintained by the USF System or by any person. “Services” includes, but is not limited to, unauthorized copying of software and acts considered to be in violation of copyright laws.

(4.02) Misuse of Property - Destruction, damage, misuse, or defacing of, or unauthorized entry into or otherwise accessing USF System buildings or property, private property and personal property, on the campus of the USF System.

(4.03) Misuse of Materials - Unauthorized accessing, removing, duplicating, photographing, and/or forging, counterfeiting, altering or misusing of any USF System material (including USF System intellectual property), file document or record, computer records, software, data files and similar entities owned or maintained by any member of the USF System faculty, administration, staff, or student body.

(4.04) Weapons, Firearms, or Explosive Devices - The unauthorized possession, storage, use or sale of any weapon (lethal or non-lethal), firearm, or any incendiary, explosive or destructive device. This includes but is not limited to, dangerous chemicals, air soft guns, Chinese stars, paint ball guns, fireworks, swords, and ammunition. This also covers any item used as a weapon to cause actual physical harm or threaten physical harm. Please also refer to the USF System Weapons Policy (6-009).

(4.05) Harassment - Conduct which creates an unsafe, intimidating or hazardous situation that interferes with the ability of a USF System student or employee to study, work, or carry out USF System functions.

(4.06) Stalking - To follow another person or repeatedly interact with a person so as to harass that person.

(4.07) Hazing - Hazing means any action or situation that recklessly or intentionally endangers the mental or physical health or safety of a student for the purpose of initiation, admission into, or affiliation with, an organization. Refer to USF System Regulation (6.0023).

(4.08) Disorderly Conduct - Breach of peace, such as causing a disturbance or being unruly.

(4.09) Disruptive Conduct - Actions that impair, interfere with or obstruct the orderly conduct, processes and functions of the USF System. Disruptive conduct shall include, but not be limited to, the following:

- Interference with freedom of movement or with the right to address an audience of any member or guest of the USF System;
- Impeding or interference with the rights of others to enter, use or leave any USF System facility, service or scheduled activity, or carry out their normal functions or duties;
- Interference with academic freedom and freedom of speech of any member or guest at the USF System;
- Actions that disrupt, endanger, or disturb the normal functions of the USF System or the safety of a person or persons.

(4.10) False Alarm - Issuing a bomb threat or other warning of impending disaster without cause. Intentional misuse, disabling, or tampering with any fire alarm or fire safety equipment.

(4.11) Threats of Violence - An intentional threat by word or act to do violence to a person or persons.

(4.12) Injurious Behavior - When one person actually and intentionally touches or strikes a person or persons against his/her will, or intentionally causes bodily harm to him/herself, or others.

(4.13) Reckless Injurious Behavior - Conduct that may be unintentional, but is with conscious disregard for its consequences to person(s) or property and results in actual or potential damage, injury, or harm to a person(s).

(4.14) Sexual Harassment - Behavior which falls into any one of sections listed below as 4.14 (a), (b), or (c):

(4.14)(a) Conduct which may be interpreted as unwelcome conduct of a sexual nature.

(4.14)(b) Battery/Rape/Violence: Including physical sexual acts perpetrated against a person's will or where a person is incapable of giving consent. Sexual violence includes rape, sexual assault, sexual battery, and sexual coercion. Sexual battery is the oral, anal or vaginal penetration by or union with a sexual organ of another or anal/vaginal penetration by another object. The act is performed against the victim's will or without her/his consent. An individual who is mentally incapacitated, asleep or physically helpless or unconscious due to alcohol or other drug consumption is considered unable to give consent. The type of force employed may involve physical violence, coercion or threat of harm to the victim.

(4.14)(c) Sexual Misconduct - Including sexual advances, requests for sexual favors and other verbal or physical conduct of a sexual nature when submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment or education experience, submission to or rejection of such conduct by an individual is used as the basis for employment or educational decisions affecting such individual; or such conduct is sufficiently severe or pervasive as to alter the conditions of, or have the purpose or effect of substantially interfering with, an individual's work or academic performance by creating an intimidating, hostile, or offensive working or educational environment. In addition it includes

the unwanted touching of another's sexual parts without consent; or obscene or indecent behavior which includes, but is not limited to, exposure of one's sexual organs or the display of sexual behavior that would reasonably be offensive to others; or public indecency; or voyeurism.

(4.15) Misuse or Possession of Illegal Drugs - Possession, use, sale or attempt to obtain any illegal drug. The term "drugs" includes, but is not limited to, any narcotic drug, central nervous system stimulant, hallucinogenic drug, barbiturate, or any other substance treated as such and defined by the law. Further, the unauthorized possession or use of a regulated or controlled substance, including prescription drugs and paraphernalia used for drugs is a violation. Attending class, an organizational meeting or other USF System event that is specific for an educational purpose while under the influence of drugs, as noted in this section, is a violation.

(4.16) Gambling - Conducting or organizing any form of gambling.

(4.17) Misuse of Alcohol - Failure to abide by the USF System Alcohol Policy (30-023) and all USF System protocols and policies and state and federal law regarding alcohol. Specific Code of Conduct standards include but are not limited to:

- The sale of, or intent to sell, alcohol without a proper license.
- Providing alcohol to any person who is not of legal age to possess or consume alcohol.
- Possession or consumption of alcohol by persons not of legal age. The operation of a motor vehicle by a person under the age of 21 while having a blood alcohol level of .02 or higher.
- The operation of a motor vehicle, by an individual of any age, under the influence of alcohol.
- The consumption of alcohol on streets, according to local ordinance.
- Public intoxication.
- Conducting an open house party which can include, but is not limited to, an event at which minors may possess or consume alcohol.
- Attending class, an organizational meeting or other USF System event that is specific for an educational gain while under the influence of alcohol is a violation.

(4.18) False Information - Knowingly making a material false oral or written statement to any USF System official.

(4.19) Bribery - Offering or accepting a bribe or inducement that would impinge upon or compromise the integrity of academic work product, student performance, or the unbiased and professional duty of faculty and staff of the USF System.

(4.20) Failure to Respond to Instructions - Failure to comply with authorized official requests (oral or in writing) from or in agreement with USF System officials acting in accordance with their assigned duties.

(4.21) Violation of USF System Policy and/or Local Ordinance, State or Federal Law (as determined by the University) - Failure to adhere or abide by policies including, but not limited to, all those in Section (3)(m) and local ordinance, state or federal law. Adjudication by an outside entity is not a prerequisite to a determination of responsibility by the University.

(4.22) Violation of Probation - Failure to abide by the conditions of probation which resulted from previous behavior that was deemed unacceptable at the University level.

## Chapter (5) STUDENT CONDUCT PROCESS AND PROCEEDINGS

This section includes the following: Receipt of Referral, Provisional Suspension, Initial Review, Formal Hearing, and Appeal Rights.

(a) Receipt of Referral: A referral should be made to the Office of Student Rights and Responsibilities within a reasonable time following the discovery of the alleged violation and no later than six months after the discovery, except in extraordinary cases. A referral may be initiated by a student, faculty member, University Police personnel, staff member, office personnel or interested party to the USF System. The Conduct Officer may request information concerning prior misconduct of the student from the University Police and other appropriate persons or offices.

(b) Appointment Letter: A written letter to a student, which states that a referral has been made and informs student of an opportunity for a meeting and any interim temporary restriction or sanction if appropriate. If the student chooses not to attend, the Conduct Officer reserves the right to have an In Absentia Review, at which point a Disposition Letter will be sent to a student.

(c) Provisional Suspension Process: In certain circumstances, at any time, the USF System may immediately impose a provisional suspension as follows:

The President of the USF System or the Office of Student Rights and Responsibilities or his/her designee, will have the authority to immediately suspend a student from the USF System or from participating in official USF System functions, programs, intercollegiate competitions, and other student activities.

A Provisional Suspension may be imposed to ensure the safety and well-being of members of the USF System community or preservation of USF System property; to ensure the student's own physical or emotional safety and well-being; or when the student's continued presence or use of privilege at the USF System is likely to pose an ongoing threat of disruption or interference with the normal operation of the USF System.

The Provisional Suspension may be imposed by the President or the Office of Student Rights & Responsibilities upon notice of the alleged conduct.

Students issued a Provisional Suspension from the USF System will be provided an Emergency Hearing within five days from the date of suspension with the appropriate Conduct Officer. The Emergency Hearing may be conducted in one of the following three ways at the choice of the student:

1. Acceptance of Responsibility: The student may take full responsibility in writing (form to be provided by OSRR) indicating that the student is electing to waive all rights to a Formal Hearing and is requesting that the conduct officer make a final determination with regard to the Provisional Suspension and the substantive charges at the time of the Emergency Hearing and is accepting that determination as final with a waiver of appeal rights except as to the severity of the sanction which the student may appeal.

2. Absent a waiver or request as provided in {1.} above, The Conduct Officer will conduct the Emergency Hearing ONLY with regard to the Provisional suspension and the charges. If a student fails to appear for the Emergency Hearing, the Conduct Officer will make the determination in the student's absence. The Conduct Officer will issue Disposition Letter which will indicate the Conduct Officer's determination with regard to the Provisional Suspension and a recommended disposition to the formal charges. In addition, the Disposition letter will advise the student that he/she has the right to accept the recommended disposition or request a Formal Hearing within five days of the date of the Disposition Letter. If possible, the Disposition Letter will set tentative Formal Hearing Date (set no sooner than five days or longer than six weeks from the Emergency Hearing unless the student waives the review period and the conduct officer is able to schedule the hearing sooner). In the event the student fails to notify the Conduct Officer of the choice of hearing, the recommended disposition will become a final disposition. Details regarding the Formal Hearings and Appeals are referenced in (e) and (f) below. At the discretion of the Conduct Officer, any hearing may be postponed pending the gathering of additional evidence

or the outcome of a related hearing. At any time in the Provisional Suspension Process a student may accept responsibility and request and accept the sanctions as recommended by the Conduct Officer or other applicable forum.

(d) Initial Review: If the subject student(s) fails to appear for a meeting, the Conduct Officer will conduct an In Absentia Review and a determination as to the appropriate charges to be filed will be made. A Disposition Letter will be provided to the absent student(s) and all hearing and appeal rights will be explained.

If the subject student(s) appears, an Initial Review will be made by the Conduct Officer. The Conduct Officer will conclude the review within six weeks of Receipt of the Referral, unless an extension is necessary as determined and documented by the Conduct Officer.

At the conclusion of the Initial Review, the Conduct Officer will issue a Disposition Letter, which will indicate either that the Referral has been dismissed or that the Referral has been accepted. In the case where the Referral has been accepted, the Disposition Letter will include the imposed formal charges, recommended dispositions, and the alternative procedures that may be available, which will be one or more of the following:

- Acceptance of Responsibility: The charged student will have the option to accept responsibility and agree to the proposed sanctions.
- Formal Hearing: There are two choices of forum for the Formal Hearing: (a) a hearing before an Administrative Officer, which includes a specific waiver of a hearing before a University Conduct Board or (b) a hearing before a University Conduct Board, which would then include a specific waiver of a hearing before an Administrative Officer. This choice must be made and submitted in writing within five days of the date of the Disposition Letter.

(e) Formal Hearing: When the Conduct Officer receives the request for a Formal Hearing within the timeframe, the charged student shall be provided a written notice about charges and pertinent information provided to the Conduct Officer that may be needed to prepare for the hearing. Such written notice shall be provided to the student no less than five days before the hearing, except in cases of an emergency hearing or if waived by the student.

The student will be notified by telephone or email concerning the availability of the documents. The outcomes of the hearings held by the Administrative Officer or the University Conduct Board are recommendations to the Conduct Officer. The Conduct Officer will render the Final Decision within five days of receipt of the recommendation. Any differences between the recommendation and the final decision, and the reasons, will be presented to the student in writing.

The Formal Hearing will take place within six weeks from the date of the Disposition Letter, except in special circumstances, which will be identified by the Conduct Officer. The procedure will then depend upon the choice of forum chosen by the charged student as follows:

1. Administrative Officer - If the student chooses a hearing before an Administrative Officer, an individual appointed by the Office of Student Rights and Responsibilities will conduct such hearing. The charged student shall be notified of the person appointed to hear his/her case and shall have the opportunity to challenge the impartiality of that individual within three business days of notification. An Administrative Officer whose impartiality is challenged by reasonable rationale will be excused. Indiscriminate challenges are not permitted.

2. University Conduct Board - A student who chooses a hearing before a University Conduct Board will be heard by a panel composed of 50% students and 50% faculty (up to three faculty/staff members, one of whom shall be appointed chairperson, and up to three students). The panel members will be selected from a bank of faculty/staff and students. The charged student shall be notified of the persons selected to hear his/her case and shall have the right to challenge the impartiality of any panel member in writing to OSRR within three working days of notification (or in cases of an emergency

nature within 24 hours of the scheduled hearing). A panel member whose impartiality is challenged by reasonable rationale will be excused. Indiscriminate impartiality challenges shall entitle the panel to proceed without regard to the challenge. If a panel member is excused, at the discretion of the OSRR, the hearing will continue as scheduled, provided there is at least one student and one faculty member on the panel. Students may not contact directly or indirectly any Board member regarding this process before, during or after the hearing.

Any board member not present for the presentation of testimony at the hearing may not further participate. A quorum for the hearing shall consist of a simple majority of the panel. However, the charged student has the right to choose to proceed or to request that the hearing be rescheduled if the conduct board present does not consist of 50% faculty/staff and 50% students. After the hearing, the board will reach its decision in executive session. A simple majority of the quorum is required for decision.

(f) Appeal Process: The charged student or the complainant/victim in specific cases as provided in this Regulation may appeal in writing the Final Decision of the Conduct Officer within five business days of the date of the letter describing the decision. The appeal must be written to the Dean of Students or appropriate designee at the regional campus or separately accredited institution. The Dean of Students may adopt, modify, or reject the recommended decisions and/or sanctions for the Formal Hearing. The record of the initial hearing may be considered on appeal as well as any new information that comes to the attention of the Dean of Students. The Dean of Students is authorized to contact any participants in the initial hearing for clarification and the student is entitled access to the record when appealing.

1. Basis of Appeal: Except as required to explain the basis of new information, an appeal shall be limited to a review of the verbatim record of the Formal Hearing and supporting documents for one or more of the following purposes:

a. To determine whether the Formal Hearing was conducted fairly in light of the charges and information presented, and in conformity with prescribed procedures giving the complaining party a reasonable opportunity to prepare and to present information that the Student Code was violated, and giving the Accused Student a reasonable opportunity to prepare and to present a response to those allegations. Deviations from designated procedures will not be a basis for sustaining an appeal unless significant prejudice results.

b. To determine whether the sanction(s) imposed was appropriate for the violation of the Student Code, which the student was found to have committed.

c. To consider new information, sufficient to alter a decision or other relevant facts not brought out in the original hearing, because such information and/or facts were not known to the person appealing at the time of the original Formal Hearing. Outcomes of criminal or civil cases have no bearing in any aspect of the process, including the appeal.

2. Decisions: The decision made by the Dean of Students will be rendered within 10 business days of receipt of the appeal, except in extraordinary cases as determined by the Dean of Students. The decision made by the Dean of Students is considered final. If an appeal is not upheld, the matter shall be considered final and binding upon all involved. If the final appellate decision results in a suspension or expulsion of a student, the student will be notified in writing that the decision may be appealed by the student to an external judicial forum, i.e. Florida Second District Court of Appeal.

#### Chapter (6) GENERAL PRINCIPLES APPLICABLE to INITIAL REVIEW, FORMAL HEARING, and APPEAL:

Unless otherwise specified, all proceedings will be closed to spectators. No irrelevant information should be discussed or considered in the proceeding. The Conduct Officers or Chairpersons have the discretion to allocate hearing and testimony time. At the conclusion of the appeals process, the decision of the Dean of Students or the appropriate designee shall be final. The final appellate decisions resulting in a suspension or expulsion of a student may be appealed by the student to an external judicial forum, i.e. Florida Second District Court of Appeal.

(a) Rights of Charged Student (referred to as “student” in this subsection)

1. Provision of Proof - The provision of proof shall be the duty of the complainant. The level of proof for a decision shall be “preponderance of the evidence,” that is, from the evidence/information submitted it is more likely than not that the student did commit the violation(s) for which he or she has been charged, and shall not be the strict criminal law standard of proof beyond a reasonable doubt.

2. Record - All Formal Hearing proceedings shall be recorded by audio tape or video. Deliberations shall not be recorded. The record will be the property of the USF System. A student and his/her advisor may not record any proceeding but may request a copy of the recording if available. Records will be maintained according to our record retention schedule.

3. Review of Information - The student may review the evidence that will be presented against him/her and the University has the right to request to review any information the student intends to present at least three (3) regular business days (excluding legal holidays) before the formal hearing. Pertinent records, exhibits and written statements may be accepted as information for consideration by the Conduct Officer or Formal Hearing forum.

4. Presentation of Information - The student may present evidence on his/her own behalf.

5. Question Witnesses (Applicable to Formal Hearing) - The student may hear adverse witnesses, except in the certain cases of violent misconduct. In all instances, the student may submit questions to the hearing officer by the date and time set by the hearing officer for use in questioning adverse witnesses provided the hearing officer determines the questions relate to the alleged incident and are appropriate to be presented to the accused at the hearing.

6. Response to Presented Information - The student shall not be forced to present testimony or respond to particular questions.

7. Advisor - The student may have an advisor of his/her choice present, however, USF System employees who have a potential conflict of interest are not to serve. The advisor may speak with the student but may not speak on behalf of or, act as attorney, nor otherwise participate. It is the student’s responsibility to make appropriate arrangements for travel, costs and attendance for the advisor. The proceedings shall not be delayed due to scheduling conflicts of the chosen advisor. The advisor may be present to advise the student but shall not speak for or present the case for the student or otherwise participate directly in the proceeding.

8. Decision Based on Presented Information - The decision shall be based solely on the evidence presented, including any file referencing prior misconduct or meetings with the charged student in the custody of the Office of Student Rights and Responsibilities.

9. Decision in Writing - Hearing decisions of the University Conduct Board or Administrative Officer, including findings of fact and a determination of sanction, if any, shall be presented to the student in writing within ten business days following the hearing.

10. Enrollment Status - The student’s enrollment status will remain unchanged pending final decision, except in cases of Provisional Suspension, as considered above.

11. Failure to Appear - If a student against whom charges have been made fails to appear for any proceeding, the matter may be resolved in his/her absence.

12. Student Rights Throughout Conduct Process - A student shall remain eligible to attend classes and USF System activities pending the USF System's final decision in the conduct proceeding. However, in cases where the President or President's

designee determines that the health, safety, or welfare of the student or the USF System community is involved, a student's privileges within the USF System, including the ability to attend classes or engage in USF System activities, may be suspended on an interim basis. If a student's privileges are temporarily revoked as described in this paragraph, but the student is subsequently found not responsible for the violation, the USF System must:

- a. Correct any record of the change in enrollment status in the student's permanent records and reports in a manner compliant with state and federal laws; and
- b. Refund to the student: a pro rata portion of any charges for tuition and out-of-state fees, as appropriate, if the temporary revocation or suspension of the student's ability to attend classes lasts for more than ten school days.

(b) Rights of the Complainant/Victim

1. Presentation of Information: The complainant shall have the right to submit a list of questions to the Office of Student Rights and Responsibilities for use during the hearing. The OSRR shall ask the accused the questions provided the OSRR determines the questions relate to the alleged incident and are appropriate to be presented at the hearing.
2. Advisor: The complainant may have an advisor of his/her choice present, however, USF System employees who have a potential conflict of interest are not to serve. The advisor may speak with the complainant/victim but may not speak for the complainant/victim, act as attorney, nor otherwise participate. It is the student's responsibility to make appropriate arrangements for travel, costs and attendance for the advisor. The proceedings shall not be delayed due to scheduling conflicts of the chosen advisor. The advisor may be present to advise the student but shall not speak for or present the case for the student or otherwise participate directly in the proceeding.
3. Specific Offenses:
  - a. In case of alleged violent conduct, injurious behavior, and non-forcible sex offenses and in specific cases of sexual harassment, the following additional rights shall be provided to the Complainant:
    - 1) The complainant shall be notified of the available assistance within the USF System.
    - 2) The complainant shall be notified of additional offices that may be contacted to request a change in residence hall or academic assignments.
    - 3) The complainant shall have the right to submit an impact statement to the Conduct Officer for use during the sanctioning portion of the conduct process.
    - 4) The complainant shall have the right to be present during all fact-gathering aspects of the hearing, notwithstanding the fact that the complainant is to be called as a witness. In extraordinary cases, alternate arrangements may be made for the complainant to participate in the hearing without being present in the same room.
    - 5) Upon written request from the complainant, the Conduct Officer will inform the complainant in writing of the outcome of the conduct proceeding within ten business days from the conclusion of the hearing/appeal process (final University decision) unless extraordinary circumstances exist. In the event the alleged victim is deceased as a result of the crime of offense, the information shall be provided, upon request, to the next of kin of the alleged victim.
    - 6) The complainant in specific sexual harassment cases may appeal the decision of the Conduct Officer through the established appeal process in this Regulation.

b. In cases of sexual harassment/battery/assault the complainant has the following additional rights:

1) OSRR, as the designated Deputy Title IX Officer, will provide to the complainant information regarding efforts to address sexual harassment on campus, the alternative forms of reporting available and the name and address of the University Title IX Officer.

2) In cases of sexual assault the complainant shall be provided an opportunity to provide information or present evidence to the conduct officer or hearing board to be considered in determinations and sanctions. Depending on the type of hearing or review, this may be a written statement, a verbal representation or active participation in a hearing.

3) The complainant shall be notified in writing of the sanction imposed when it relates to the harassed student.

c. In sexual battery/assault cases the complainant may have the right to elect a review or appeal of the final University decision; and the appeal process granted to the accused as set forth in the Appeal Process section of this Regulation will be provided to the complainant at that time.

#### Chapter (7) SANCTIONS

Any of the following sanctions may be imposed on a student or a student organization:

(a) Warning Letter – An official notice that states that if there is a repeated violation of policy, rules or regulations, the student can expect additional conduct sanctions.

(b) Probation - An official sanction places the student's enrollment dependent upon the maintenance of satisfactory citizenship during the period of probation. When probation is imposed as a sanction, the student should be advised of the consequences of violation of probation. Any student placed on conduct probation may be restricted from participating in certain USF System activities as specified by the Conduct Officer or as regulated by other USF System departments.

(c) Restrictions - Conditions imposed on a student that would specifically dictate and limit future presence on campus and participation in USF System activities. The restrictions involved will be clearly identified and may include but are not limited to a USF System order forbidding the offender from all contact with the victim. Restrictions may also apply to denial of operating a motorized vehicle (including golf carts) on campus, access and use of USF System services, and presence in certain buildings or locations on campus.

(d) Restitution - A payment for injury or damage.

(e) Financial Aid Impacts - A restriction on or revocation of financial aid where appropriate pursuant to law or NCAA policy.

(f) Suspension - Termination of a student's privilege to attend the USF System for an indefinite or a specified period of time. This may include a restrictive order that would exclude the person from campus. In cases where the student resides on campus, the student will be given reasonable time to vacate the residence halls (i.e. 24 to 48 hours).

(g) Expulsion - Permanent termination of a student's privilege to attend the USF System. This may include a restrictive order that would exclude the person from campus. In cases where the student resides on campus, the student will be given reasonable time to vacate the residence halls (i.e. 24 to 48 hours).

(h) Other Appropriate Sanctions - Such as mandated community service, fines, educational programs (payment of associated fees), and written assignments.

- (i) Deferred Suspension - Suspension imposed at a definite future date or time.
- (j) Alcohol and Substance Use Sanction Guidelines - Which may be obtained at OSRR or through the appropriate Student Affairs office at the campus or institution of the USF System.

#### Chapter (8) PARENTAL NOTIFICATION

The USF System is committed to the success of its students both inside and outside of the classroom. Therefore, it is our goal to maximize students' learning and development, and promote their health, safety and welfare. In this regard, the USF System has implemented a Parental Notification. Parental Notification permits the USF System the right to inform parents or guardians when their dependent student, under the age of 21, has been found in violation of the USF System alcohol and substance abuse policy.

In non-emergency situations, parents of dependent students, under the age of 21, may be notified in writing, at the discretion of the Office of Student Rights and Responsibilities. However, in emergency situations, parents may be notified by an immediate phone call from a USF System Official. These guidelines do not preclude Parental Notification for other policy violations that may endanger the health, safety and wellbeing of a student or other individuals in the USF System community. In addition, Parental Notification may occur in health and safety emergencies, regardless of the student's age or dependent status.

Students, whose parents are to be notified under these guidelines, will be informed before such notification occurs and given an opportunity to initiate contact with their parents if and when possible.

#### Chapter (9) DISCIPLINE RECORDS AND RETENTION POLICY

The following applies to individual student disciplinary records.

##### (a) Maintenance of Records

1. Student discipline records are maintained in the Office of Student Rights and Responsibilities.
2. All discipline records in all formats (paper, computer, audio, etc.) will be destroyed in accordance with the current discipline records and retention policy.
3. The Office of Student Rights and Responsibilities maintains all student discipline records in accordance with the Family Education Rights and Privacy Act (FERPA). Student Rights and Responsibilities will abide by all laws requiring confidentiality and privacy with regard to the student conduct process. This confidentiality extends to all Student Rights and Responsibilities staff, including the University Conduct Board and individual Conduct Officers. In cases involving alleged violent misconduct or injurious behavior Student Rights and Responsibilities will inform the victim, whenever appropriate, of the outcome of the conduct proceeding.
4. A student may choose to sign a release form granting Student Rights and Responsibilities staff permission to discuss information related to his/her disciplinary file with any individual that he/she designates. This form is available in the Office of Student Rights and Responsibilities.
5. Any educational institution requesting conduct information about a current or former USF System student is required to submit the request in writing. If a non-educational agency is requesting information, those requests must include the signature of the student granting the release of information related to his/her disciplinary record.

(b) Destruction of Records

1. Records resulting in a discipline sanction of expulsion or suspension from the USF System will be permanently maintained in the Office of Student Rights and Responsibilities.
2. All other discipline records are maintained for a period of five years from graduation. In the event that a student matriculates, but does not graduate, the Office of Student Rights and Responsibilities will retain the record for five years from the last date of attendance.
3. No personally identifiable record(s) will be kept after a record has been designated for destruction. Statistical data will be maintained but all information that would identify an individual is removed.
4. All paper records will be destroyed by shredding or other similar process. Computer files will be modified in a manner so that only statistical data that cannot identify an individual is kept. Non-paper information (i.e. audio recordings) will be destroyed in a manner that will insure that the information cannot be traced to any individual or any discipline case.

Chapter (10) REGIONAL CAMPUSES

The foregoing applies to all campuses of the USF System; however, non-substantive procedural modifications to reflect the particular circumstances of each regional campus or separately accredited institution are permitted. Information concerning these procedures is available through the student affairs office at those regional campuses or separately accredited institutions.

Chapter (11) REVIEW OF STUDENT CODE OF CONDUCT

A student conduct advisory group, a committee consisting of faculty/staff and students appointed by the Vice President for Student Affairs shall periodically evaluate the Student Code of Conduct.

Authority: Art. IX, Sec. 7, Fla. Constitution. Fla. Board of Governors Regulations 1.001, 6.0105; Sections 1006.50, 60, 61, 62, 63, Florida Statutes. # Student Academic Grievance Procedure

## USF Policy 10-002: Student Academic Grievance Procedure

### I. Introduction (Purpose and Intent)

The purpose of these procedures is to provide all undergraduate and graduate students taking courses within the University of South Florida System (USF System) an opportunity for objective review of facts and events pertinent to the cause of the academic grievance. Such review will be accomplished in a collegial, non-judicial atmosphere rather than an adversarial one, and shall allow the parties involved to participate. All parties will be expected to act in a professional and civil manner.

The procedures that follow are designed to ensure objective and fair treatment of both students and instructors. These guidelines are meant to govern all colleges (exclusive of the College of Medicine which maintains its own procedures), however, as individual USF System institutions, colleges or campuses may have different levels of authority or titles, each student must obtain the specific designations used by each entity for levels of authority and titles in the process with appropriate designations of authority if necessary.

In the case of grade appeals, the USF System reserves the right to change a student's grade if it is determined at the conclusion of the grievance process that the grade given was incorrect. In such circumstances, the Dean or Provost/Sr. Vice President for Academic Affairs, the Regional Vice-Chancellor for Academic Affairs, or the Sr. Vice President, USF Health may file an administrative grade change. The term "incorrect" means the assigned grade was based on something other than performance in the course, or that the assignment of the grade was not consistent with the criteria for awarding of grades as described in the course syllabus or other materials distributed to the student. In the case of all other academic grievances, the USF System reserves the right to determine the final outcome based on the procedures detailed herein.

In the case of Academic Integrity (USF Regulation 3.027) violations, these Student Academic Grievance Procedures (AGP) apply and include an Academic Integrity Review Process at the College Level as described in section III below.

### II. Terms and Guidelines

An "academic grievance" is a claim that a specific academic decision or action that affects that student's academic record or status has violated published policies and procedures, or has been applied to the grievant in a manner different from that used for other students. Grievances may relate to such decisions as the assignment of a grade seen by the student as incorrect or the dismissal or failure of a student for his or her action(s). Academic grievances will not deal with general student complaints.

"Instructor" shall mean any classroom instructor, thesis/dissertation/directed study supervisor, committee member or chair, or counselor/advisor who interacts with the student in an academic environment.

"Department Chair/Director" shall mean the academic head of a college department or the director of a program—or in all cases a "Department's designee" appointed to handle academic grievances.

"Dean" shall mean a College Dean, or the Dean of Undergraduate Studies, or the Dean of the Graduate School, or the equivalent as indicated—or in all cases a "Dean's designee" appointed to handle academic grievances for the unit.

"Time" shall mean "academic time," that is, periods when USF System classes are in session. The person vested with authority at the appropriate level may extend any of the time periods contained herein for good cause. Any extensions must be communicated in writing to all parties. For the purposes of this policy, each step shall be afforded three (3) weeks as a

standard time limit. When a department considers a grievance according to published departmental procedures approved by the College Dean and Provost or College Dean and Regional Vice Chancellor for Academic Affairs, as pertinent, the time line specified in this academic unit's procedures will govern the process and no additional notice of time extension is needed.

"Written communication" shall mean communication by hard copy to the recipient's address of record or e-mail communication using assigned USF e-mail addresses.

The "burden of proof" shall be upon the student such that the student challenging the decision, action or grade assigned has the burden of supplying evidence that proves that the instructor's decision was incorrect, in all cases except alleged violations of academic integrity. In cases where the issue is academic integrity, the burden of proof shall be upon the instructor. In considering grievances, decisions will be based on the preponderance of the evidence.

Neither party shall be entitled to bring "legal representation" to any actual grievance proceeding as this is an internal review of an academic decision.

As some Colleges may not have departments or some campuses may use different titles, the next level that applies to that College shall be substituted. If the incident giving rise to a grievance occurs on the St. Petersburg campus, the approved policy on that campus shall govern.

### III. Statement of Policy

#### A. Resolution at the Department Level

1. The student shall first make a reasonable effort to resolve his or her grievance with the instructor concerned, with the date of the incident triggering the start of the process (i.e. the issuance of a grade; the receipt of an assignment) and if the instructor determines it is feasible and may be productive, the instructor shall accommodate a reasonable request to discuss and attempt to resolve this issue.
2. If the situation cannot be resolved or a meeting with the instructor is not feasible, the student shall file a notification letter within three weeks of the triggering incident to the department Chairperson/Director. This shall be a concise written statement of particulars and must include information pertaining to how, in the student's opinion, USF System policies or procedures were violated. The department Chairperson/Director shall provide a copy of this statement to the instructor. The instructor may file a written response to the grievance.
3. The department Chairperson/Director shall discuss the statement jointly or individually with the student and the instructor to see if the grievance can be resolved. If the department maintains its own grievance procedure, \* it should be applied at this point. If the grievance can be resolved, the Chairperson/Director shall provide a statement to that effect to the student and the instructor with a copy to the College Dean.
4. If the grievance cannot be resolved, the department Chair/Director shall notify both the student and the instructor, informing the student of his/her right to file a written request directed back to the Chair/Director within three weeks to advance the grievance to the College Level. Upon receipt of the student's request to move the process to the College Level and the instructor's response to the grievance (if provided), the Chairperson/Director shall immediately notify the College Dean of the grievance, providing copies of the student's initiating grievance statement, any instructor's written response to the grievance, and the written request from the student to have the process advanced to the College Level. Should the student not file a written request to move the grievance to the College Level within the prescribed time, the grievance will end.

If the grievance concerns the Chairperson/Director or other officials of the department, the student has a right to bypass the departmental process and proceed directly to the College Level.

#### B. Resolution at the College Level

1. Upon receipt of the grievance, the College Dean shall either determine that the matter is not an academic grievance and dismiss it (which is a final University Decision) or within three weeks shall establish an Academic Grievance Committee. The membership of the Committee shall be constituted as follows:

a. Three (3) faculty members and two (2) students (undergraduate or graduate as appropriate to the case) shall be selected from the college by the Dean.

b. Wherever practical, the Committee shall not include members of the faculty or students of the department directly involved with the grievance, or faculty or students of the student's major department. However, for cases involving Clinical or Professional Standard violations, the Committee shall include at least one member assigned to oversee, or with expertise, in a clinical area. In addition, deficiency in, or violations of, clinical or professional standards may be sufficient to support academic failure or dismissal notwithstanding success in other areas of the academic record. The student or faculty may request to attend a Committee meeting. The Chairperson will designate which meeting the student or instructor may attend to present any final statement to the Committee. In addition, only the Committee may invite additional parties such as faculty or students from the department involved with the grievance or from the student's major department or other outside party to provide expert or other relevant testimony in the proceedings. The student or instructor may be present during the other's final statement and may hear the additional information provided, however, neither may be present during the Committee's deliberations.

c. The student or instructor may bring an advisor (not to act as legal counsel or to participate in the meetings) to the meeting.

2. The Committee will operate in the following manner:

a. The Committee Chairperson will be appointed by the College Dean from among the three faculty members appointed to the Committee.

b. The Committee Chairperson shall be responsible for scheduling meetings, overseeing the deliberations of the committee and ensuring that full and fair consideration is provided to all parties. The Committee Chairperson shall vote on committee decisions only when required to break a tie.

c. In Committee reviews involving Academic Integrity, the following

Academic Integrity Review Process shall be followed in addition to the other Departmental procedures, if applicable:

1) The Committee Chairperson shall notify the student and instructor of the date and time of the meeting.

2) The student and instructor may submit a list of questions to the Committee Chairperson to be answered by the student and instructor. If submitted, the questions will be disseminated by the Committee Chairperson and the Committee Chairperson will ensure that the questions are answered in writing and submitted for review by the Committee, student, and instructor before the initial meeting.

3) Students shall be permitted to remain in the course or program during the Academic Integrity Review Process. However, if the student is in a clinical or internship setting, the student may be removed from such setting until the issue of Academic

Integrity is resolved. In such cases, the program will attempt to identify an alternative educational option to the clinical or internship to enable the student to continue progressing in the program.

d. All deliberations shall be in private and held confidential by all members of the Committee. The recommendation of the Committee shall be based on the factual evidence presented to it.

e. Within three weeks of the Committee appointment, the Committee Chairperson shall deliver in writing to the College Dean a report of the findings and a recommended resolution.

f. Within three weeks of receipt of the Committee recommendation, the College Dean shall provide a decision in writing to all parties (the student, the instructor and the department Chair/Program Director). The Dean's decision shall indicate whether the decision was consistent with the committee recommendation.

g. The student or the instructor may appeal the decision of the College Dean to the University Level only if the decision of the College Dean is contrary to the recommendation of the Committee (which will be indicated in the Dean's decision) or if there is a procedural violation of these Student Academic Grievance Procedures. Such an appeal must be made in writing to the Dean of Undergraduate Studies or Graduate School (as appropriate) within three weeks of receipt of the decision from the College Dean. Otherwise, the College Dean's decision is final and not subject to further appeal within the USF System, except as provided in C. below.

### C. Resolution at the University Level

The Provost/Sr. Vice President for Academic Affairs or the Sr. Vice President, USF Health has delegated authority to the Dean of Undergraduate Studies to act in place of the Provost/Sr. Vice President in all academic grievance appeals involving undergraduate students unless the grievance occurred in a program within Undergraduate Studies, wherein it will go back to the Provost to redelegate. The Dean of Graduate School will act in place of the Provost/Sr. Vice President in all academic grievance appeals involving graduate students. The Regional Vice Chancellor for Academic Affairs at USF St. Petersburg may delegate authority to a designated academic administrator at USF St. Petersburg to hear the appeal at the University Level.

1. The student or the instructor may appeal at the University Level within three weeks of the receipt of a decision made at the College Level, when (1) the decision by a College Dean is contrary to the recommendation of a college Grievance Committee. (2) either party identifies a specific procedural violation in the application of these (AGP) that is concurred by the designated authority at the university level. Within three weeks of receipt of the appeal to the decision, the Undergraduate/Graduate Dean ("Dean") shall determine that the appeal is merited (there is a recommendation by the Dean contrary to the committee or there is cause to believe a procedural violation in application of the AGP process may have occurred). If the Dean determines the appeal is not merited, the Dean shall advise the student accordingly and that notice shall be a final University Decision. If the appeal is determined to be merited, the Dean in consultation with the Faculty Senate and Student Senate shall appoint an Appeals Committee consisting of three faculty members drawn from the USF System Undergraduate Council or Graduate Council (as appropriate), and two students, undergraduate or graduate (as appropriate).

2. The structure, functions and operating procedures of the Appeals Committee will be the same as those of the College Committee (i.e. chaired by one of the appointed faculty members appointed by the Undergraduate/Graduate Dean who will not vote except in the case of a tie, having no representation from either party's respective departments, developing a recommendation to the Undergraduate/Graduate Dean, etc.).

3. Within three weeks of the appointment, the Committee Chairperson shall deliver in writing to the Undergraduate/Graduate Dean a report of the findings of the Committee and a recommended resolution.

4. Within three weeks of receipt of the Committee recommendation, the Undergraduate/Graduate Dean shall provide a decision in writing to all parties.

5. If the Undergraduate/Graduate Dean's decision is that a grade change is merited, the Undergraduate/Graduate Dean shall initiate the grade change on the authority of the Provost and so inform all parties. In all academic grievance appeals, the Undergraduate/Graduate Dean's decision is final and not subject to further appeal within the USF System.

6. In those cases where the final University decision constitutes a dismissal or permanent separation from the University, a student may seek judicial review pursuant to Florida Rule of Appellate Procedure 9.190(b)(3) by filing a petition for certiorari review with the appropriate circuit court within thirty (30) days of the final University decision. If a person seeks review with the court, a copy of the petition must also be provided to the University of South Florida Office of the General Counsel at University of South Florida, CGS 301, 4202 E. Fowler Avenue, Tampa, Florida 33620-4301.

These procedures shall take effect commencing (February 10, 2009) and shall supersede all other academic grievance procedures currently in effect, with the exception of the procedures of the College of Medicine.

\*Departments may develop their own formal procedures for considering grievances. Such procedures must be considered and approved by the College Dean and the Provost, and published on the Department's web site. When such procedures exist, the Department's examination of the grievance will unfold as specified in the procedures, however, those procedures must adhere to the three (3) week time line (with a notice to the student in writing of any need for an extension). If the Departmental process upholds the student's grievance, the Department Chair will work with the College, the student and the instructor to remedy the situation. If the Department does not uphold the grievance, the Chair will report the fact to the Dean. The student may, in such cases, request the College Level review as outlined in these USF System procedures.

## Semester System

USFSM operates on a semester system. The fall semester begins in August, the spring semester begins in January and the Summer semester begins in May and June. See [Academic Calendar](#) for appropriate dates.

## Student's Choice of Catalog

In order to graduate from USFSM, each degree-seeking student must meet all of the graduation requirements specified in the USFSM catalog of his/her choice. A degree-seeking student may choose any USFSM catalog published during his/her continuous enrollment. Students who have transferred from one Florida public institution to another are affected by the following Department of Education policy:

Graduation requirements in effect at the receiving SUS institution at the time a student enrolls at a Florida public institution of higher learning shall apply to that student in the same manner that graduation requirements apply to its native students provided the student has had continuous enrollment as defined in the SUS institution's catalog.

At USFSM, "continuous enrollment" is defined as enrolling as a degree-seeking student at least one term each twelve month period. Therefore, students cannot choose a USFSM catalog published prior to or during an academic year in which they did not maintain continuous enrollment. (Each catalog is considered to be published during the academic year printed on the title page.)

If the student cannot meet all of the graduation requirements specified in the catalog of his/her choice due to decisions and changes by the University in policy matter, course offering, etc., appropriate substitutions will be determined by the college dean of the student's major.

USF System policies are subject to change and apply to all students regardless of their choice of catalog. If the student's graduation requirements are affected by changes in University policies, appropriate arrangements will be made to preclude penalization of the student.

# Student Records Policy

## USF System Regulation USF2.0021: University of South Florida Student Records Policy

### 1. Introduction.

The policies and procedures outlined in this Regulation are designed to implement the provisions of the Family Educational Rights and Privacy Act ["FERPA," 20 U. S. C. §1232g], and Florida Statutes Sections 1002.22 and 1006.52, pursuant to which the University of South Florida is obligated to inform students and parents of their rights to review and inspect education records, to challenge and seek to amend education records, to control disclosure of education records, and to complain to the FERPA Office or to Florida Circuit Court concerning alleged violations by the University of South Florida of any of such rights. The University of South Florida has placed the responsibility for administration of this Regulation with its FERPA Coordinator who is the University Registrar.

### 2. Definitions.

The following definitions of terms apply to the construction of this Regulation:

1. Student: An individual who is registered for an on-or-off campus program leading to the award of academic credit from the University. "Student" does not include individuals participating in the Common Learning Network, Language Institute, Gifted programs, Speech and Hearing Clinics and non-credit Continuing Education programs.
2. Education Records: Those records which are maintained by the University and employees/agents of the University which contain information directly related to a student. "Record," as used herein, includes any information or data recorded in any medium, including but not limited to handwriting, print, magnetic tapes and disks, film, microfilm, and microfiche. "Agents," as used herein, means any individual who, pursuant to express or implied authorization, represents and acts for the University. The following types of records are expressly exempt from the definition of "education records":
  1. Sole Possession Records: Personal record of University employees/agents which meets the following test:
    1. It was created by the University employee/agent as a personal memory aid; and
    2. It is in the sole possession of the University employee/agent who created it; and
    3. The information contained in it has never been revealed or accessible to any other person, including the student, except the University employee's/agent's "temporary substitute." "Temporary substitute," as used herein, means an individual who performs on a temporary basis the duties of the University employee/agent.
  2. Employment Records: Records which are used only in relation to an individual's employment by the University. However, the following are education records rather than employment records:
    1. Records relating to a student's employment by the University if the position in which the student is employed depends on his/her status as a student.
    2. Records relating to a student's employment by the University if the student receives a grade or credit based on his/her performance as an employee.
    3. Pre-attendance records-Records relating to an individual's application for admission to the University of South Florida prior to his/her actual attendance as an enrolled student in the program for which application was made. This includes records relating to an application for admission to one of the colleges within the University prior to the individual's actual attendance as an enrolled student in that college.

3. Alumni Records: Records created and maintained on an individual as an alumnus/alumna of the University of South Florida.
4. Law Enforcement Records: Records created and maintained by the University Police which are used solely for law enforcement purposes, are maintained apart from education records, and are not disclosed to individuals other than law enforcement officials of the same jurisdiction; provided that, in addition, no member of the University Police shall have access to education records except where this Regulation authorizes release without the student's prior written consent.
5. Health records: Records of the University's Student Health Services and Counseling Center for Human Development which are used only for the provision of medical, psychiatric, or psychological treatment and which are kept separate from education records.
3. Personal Identifier: Any data or information that relates a record to an individual. This includes the individual's name, the name of the individual's parents, or other family members, the individual's address, the individual's social security number and any other number or symbol which identifies the individual, a list of the individual's personal characteristics, or any other information which would make the individual's identity known and can be used to label a record as the individual's record.
3. Annual Notification
  1. The University will publish annually in the graduate and undergraduate catalogs a notice of student rights under FERPA and Florida Statutes Sections 1002.22 and 1006.52.
  2. The notice will include, but not be limited to, the following:
    1. The right of the student to inspect and review his/her education records.
    2. The intent of the University to limit the disclosure of information contained in a student's education records to the following circumstances:
      1. With the student's prior written consent; or
      2. As an item of directory information which the student has not refused to permit the University to disclose; or,
      3. Under the FERPA and Florida Statutes provisions which allow the University to disclose information without the student's prior written consent.
  3. The right of a student to request the University to amend any part of his/her education record which he/she believes to be inaccurate, misleading, or in violation of his/her privacy or other rights; and, should the University deny the student's request, the right of the student to a hearing to present evidence that the record is inaccurate, misleading, or in violation of his/her privacy or other rights.
  4. The right to report violations of FERPA to the Family Policy Compliance Office of the U.S. Department of Education, and to bring an action in Florida Circuit Court for violations of Florida Statutes Section 1002.22.
  5. The locations where copies of this Regulation are available to students.
4. Locations of Education Records.
  1. Admission records are located in the Office of Admissions, Student Services Building, and the custodian for such records is the Director of Admissions, University of South Florida, SVC 1036, 4202 Fowler Avenue, Tampa, Florida 33620.
  2. Cumulative academic records are located in the Office of the Registrar, Student Services Building, and the custodian for such records is the University Registrar, University of South Florida, SVC 1034, 4202 Fowler Avenue, Tampa, Florida 33620-6950.
  3. Medical records are located in Student Health Services, and the custodian for such records is the Director, Student Health Services, SHS 100, 4202 Fowler Avenue, Tampa, Florida 33620.
  4. Psychological/Psychiatric counseling records are located in the Counseling Center for Human Development, Student Services Building, and the custodian for such records is the Director, Counseling Center for Human Development, University of South Florida, SVC 2125, 4202 Fowler Avenue, Tampa, Florida 33620.

5. Student employment records are located in the Student Employment Office, Student Services Building, and the custodian for such records is the Director, Student Employment, University of South Florida, SVC 1037, 4202 Fowler Avenue, Tampa, Florida 33620.
  6. Financial aid records are located in the Financial Aid Office, Student Services Building, and the custodian for such records is the Director, Financial Aid Office, University of South Florida, SVC 1102, 4202 Fowler Avenue, Tampa, Florida 33620.
  7. Financial records are located in the Division of Finance and Accounting, Administration Building, and the custodian for such records is the University Controller, Division of Finance and Accounting, University of South Florida, ADM 147, 4202 Fowler Avenue, Tampa, Florida 33620.
  8. Cooperative education and placement records are located in the Career Resource Center, Student Services Building, and the custodian for such records is the Director, Career Development Services, University of South Florida, SVC 2088, 4202 Fowler Avenue, Tampa, Florida 33620.
  9. College records are located in the college dean's office and/or departmental offices of each college or department and in the faculty offices at each college or department and the custodian for such records is the appropriate dean, department chairperson, professor, instructor or lecturer.
  10. Disciplinary records are located in the Office of Student Affairs, Administration Building, and the custodian for such records is the Associate Vice President for Student Affairs and Dean of Students, University of South Florida, ADM 151, 4202 Fowler Avenue, Tampa, Florida 33620.
  11. Continuing Education records are located in the Office of the Registrar, Student Services Building, and the custodian for such records is the University Registrar, University of South Florida, SVC 1034, 4202 Fowler Avenue, Tampa, Florida 33620-6950.
  12. All records relating to students enrolled in the University's College of Medicine are located in the appropriate College of Medicine office, and the custodian for such records is the Office of Student Affairs, College of Medicine, University of South Florida, MDC 4, 12901 Bruce B. Downs, Tampa, Florida 33612.
  13. Records relating to students enrolled in the New College program of the University are located in the appropriate New College office, and the custodian for such records is the Provost, New College, University of South Florida, 5700 North Tamiami Trail, Sarasota, Florida 34243.
  14. Occasional records, student education records not included in the types or systems listed above, such as copies of correspondence in offices not listed, etc., the FERPA Coordinator will collect such records, direct the student to their location, or otherwise make them available for inspection and review.
5. Procedure to Inspect Education Records.
1. Students who wish to inspect and review their education records should submit a written request to the appropriate record custodian or to the FERPA Coordinator. The request should identify as accurately as possible the specific records the student wishes to inspect and review. It may identify records according to the types listed in subsection (4) of this Regulation, as records located at specific places, or as records under the custodianship of specific University employees/agents identified by title. Records listed in this Regulation as "occasional records" should be identified in terms which will make it possible for the FERPA Coordinator to locate them and make them available for the student to inspect and review.
  2. The FERPA Coordinator or the record custodian shall either permit the student to immediately inspect and review his/her education records or advise the student when and where the records will be available for inspection and review. Access to education records requested in compliance with this Regulation shall be granted within a reasonable period of time, but in no case more than thirty (30) calendar days after the FERPA Coordinator or the record custodian receives the student's written request. The FERPA Coordinator or the record custodian or his/her designee shall have the right to be present while the student inspects and reviews the records. Upon reasonable request, the University shall furnish the student with an explanation or interpretation of his/her record.
  3. Upon reasonable request and demonstration to the FERPA Coordinator that the failure to provide the student with copies of the requested education records will effectively deny the student the right to inspect and review such records, the University will arrange for the student to obtain copies of such records. In the event that the

- student has an unpaid financial obligation to the University, he/she shall not be entitled to transcripts or copies of education records.
4. When records contain personally identifiable information about more than one student, a student may inspect only that information which relates to him/her.
  5. The University reserves the right to refuse to permit a student to inspect and review the following education records:
    1. The financial records of the parents of the student or any information contained therein.
    2. Statements and letters of recommendation prepared by University officials or submitted with the student's application for admission which were placed in the student's records before January 1, 1975 or for which the student has waived his/her right of access in writing; provided, however, that if such statements and letters of recommendation have been used for any purpose other than that for which they were originally prepared, the student may inspect and review them.
    3. Those records which are excluded from the definition of "education records" under this Regulation.
  6. Copies of Education Records.
    1. Fees. The University will charge the following fees for copies of education records:
      1. University of South Florida official transcripts-\$10.00.
      2. FERPA required copies of education records -the fee for FERPA required copies of education records shall be Ten Cents (\$.10) per page, which reflects actual copying costs but does not include the cost of search and retrieval. Copies of education records are required by FERPA under the following circumstances:
        1. A failure to provide such copies would effectively deny the student the right to inspect and review his/her records; or
        2. The University has disclosed information from the student's education records under authority of the student's prior written consent and the student requests a copy of the information disclosed; or
        3. The student requests copies of records the University has disclosed to other schools where the student seeks or intends to enroll.
      3. Copies (not signed and certified) of education records will be available to students when administratively possible, even though not required by FERPA, at a copying cost of One Dollar (\$1.00) per page plus the actual cost of search, retrieval, and mailing.
    2. When administrative costs of collecting fees exceed the amount which would be received, the FERPA Coordinator shall be authorized to waive such fees.
    3. The University reserves the right to deny transcripts or copies of records not required by FERPA in any of the following situations:
      1. The student has an unpaid financial obligation to the University of South Florida.
      2. There is an unresolved disciplinary action against the student.
      3. There is an unresolved litigation between the student and the University of South Florida.
  7. Directory Information.
    1. Designation of directory information. The University hereby designates the following described personally identifiable information contained in a student's education record as "directory information" in order that the University may, at its discretion, disclose the information without a student's further prior written consent:
      1. The student's name.
      2. The student's local and permanent addresses.
      3. The student's local and permanent telephone listing.
      4. Date and Place of Birth.
      5. The student's classification and major field of study.
      6. The student's participation in officially recognized activities and sports.
      7. The weight and height of members of athletic teams.
      8. The student's dates of attendance, part-time or full-time status, degrees and awards received, and most recent previous educational agency or institution attended.

9. The student's photographic image.
10. Other similar information.
2. Student's refusal to permit disclosure of "directory information." The University will publish in the Schedule of Classes for each academic term the above list, or a revised list, of the items of information it proposes to designate as "directory information." Students must notify the FERPA Coordinator in writing if they refuse to permit the University to disclose directory information about themselves; such notification must be received by the FERPA Coordinator no later than the end of the second week of classes of the academic term or the student will be deemed to have waived his/her right of refusal until the next academic term. When the FERPA Coordinator receives a student's refusal to permit the University to disclose "directory information" about that student, the FERPA Coordinator will notify the appropriate records custodians of the student's action. The records custodians will not make any further disclosures of directory information about that student without the student's prior written consent except to the extent authorized by FERPA and the Florida Statutes.
3. Publication of directory information in the University Directory. The University of South Florida proposes to publish for each academic year a University Directory which will contain certain items of directory information respecting students who are registered during the Fall Semester of such academic year. Students registering during the Fall Semester must notify the FERPA Coordinator in writing of their refusal to permit the University to disclose or publish directory information in the University Directory; such notification must be received by the FERPA Coordinator no later than the end of the second week of classes of the Fall Semester or the student will be deemed to have waived his/her right of refusal with respect to the University Directory until Semester One of the next academic year.
4. Requests for directory information. All requests for directory information about students should be referred to the FERPA Coordinator.
8. Use of Education Records.

All custodians of a student's education records and other University employees/agents will follow a strict policy that information contained in a student's education record is confidential and may not be disclosed to third parties without the student's prior written consent except as otherwise provided in this section.

1. University officials shall have access to student education records for legitimate educational purposes.
  1. "University official," as used herein, means:
    1. A person currently serving as a member of the Florida Board of Regents.
    2. A person under contract to the Florida Board of Regents/University of South Florida or the Florida Department of Administration in any faculty or staff position at the University of South Florida.
    3. A person employed by the Florida Board of Regents as a temporary substitute for a staff member or faculty member at the University of South Florida for the period of his/her performance as a substitute.
    4. A person employed by the Florida Board of Regents or under contract to the Florida Board of Regents to perform a special administrative task for the University of South Florida. Such persons may be employed as secretaries, clerks, attorneys, auditors, and consultants. They shall be considered to be University officials for the period of their performance as an employee or contractor.
  2. "Legitimate educational purpose," as used herein, means a University official's need to know in order to:
    1. Perform an administrative task outlined in the official's position description or contract; or
    2. Perform a supervisory or instructional task directly related to the student's education; or
    3. Perform a service or benefit for the student such as health care, counseling, student job placement, or student financial aid.
2. Under the following circumstances, University officials may make disclosures of personally identifiable information contained in the student's education records without the student's consent:
  1. To another college or university where the student seeks or intends to enroll.

2. To certain federal and state officials who require information in order to audit or enforce legal conditions related to programs at the University supported by federal or state funds.
3. To parties who provide or may provide financial aid to the student in order to:
  1. Establish the student's eligibility for the financial aid; or
  2. Determine the amount of financial aid; or
  3. Establish the conditions for the receipt of the financial aid; or
  4. Enforce the terms of the agreement between the provider and the receiver of the financial aid.
4. To state or local officials in compliance with state law adopted prior to November 19, 1974.
4. To an individual or organization under written agreement or contract with the University of South Florida or the Florida Board of Regents for the purpose of conducting a study on the University's behalf for the development of tests, the administration of student aid, or the improvement of instruction.
5. To accrediting organizations to carry out their accrediting functions.
6. To parents of a student if the parents claim the student as a dependent under the Internal Revenue Code of 1954. The University will exercise this option only on the condition that evidence of such dependency is furnished to the FERPA Coordinator.
7. To comply with a lawfully issued subpoena or judicial order of a court of competent jurisdiction. The University will make a reasonable effort to notify the student before it makes a disclosure under this provision.
8. The result of a disciplinary proceeding may be released to the victim of the student's crime of violence.
9. All requests for disclosure under the nine (9) circumstances listed above, where the University may disclose personally identifiable information without the student's prior consent to third parties other than its own officials, will be referred to the FERPA Coordinator or appropriate records custodian.
3. University officials are authorized to make necessary disclosures from student education records, without the student's prior consent in a health or safety emergency if the University official deems:
  1. The disclosure to be warranted by the seriousness of the threat to the health or safety of the student or other persons; and
  2. The information disclosed is necessary and needed to meet the emergency; and
  3. The persons to whom the information is disclosed are qualified and in a position to deal with the emergency; and
  4. Time is an important and limiting factor in dealing with the emergency.
4. University officials may not disclose personally identifiable information contained in a student's education record, except directory information or under the circumstances listed above, except with the student's prior written consent. The written consent must include the following:
  1. A specification of the information the student consents to be disclosed; and
  2. The person or organization or the class of persons or organizations to whom the disclosure may be made; and
  3. The date of the consent.
5. The student may obtain a copy of any records the University discloses pursuant to the student's prior written consent.
6. The University will not release information contained in a student's education records, except directory information, to any third parties except its own officials, unless those third parties agree that they will not re-disclose the information without the student's prior written consent.
9. Records of Requests for Access and Disclosures Made from Education Records.
  1. All requests for disclosures of information contained in a student's education record or for access to the record made by persons other than University officials or the student or those requests accompanied by the student's prior written consent will be submitted to the FERPA Coordinator or appropriate records custodian. The FERPA Coordinator or appropriate records custodian will approve or disapprove all such requests for access and disclosures and, except for requests for directory information, he/she will maintain a record of these actions.
  2. This record of requests/disclosures shall include the following information:

1. The name of the person or agency that made the request.
  2. The interest the person or agency had in the information.
  3. The date the person or agency made the request.
  4. Whether the request was granted and, if it was, the date access was permitted or the disclosure was made.
  3. The University will maintain this record of requests/disclosures as long as it maintains the student's education record.
10. Procedures to Request Amendment of and Challenge Education Records.
1. Students have the right to, in accordance with this Regulation, request amendment of and challenge the content of their education records.
  2. Definitions.
    1. The term "incorrect" is used herein to describe a record that is inaccurate, misleading, or in violation of the privacy or other rights of students. A record is not "incorrect," for purposes of this Regulation, where the requestor wishes to challenge the evaluation reflected by the grade an instructor assigns for a course.
    2. The term "requestor" is used herein to describe a student or former student who is requesting the University to amend a record.
  3. Students who believe that their education records contain information which is incorrect should informally discuss the problem with the record custodian. If the record custodian finds the information is incorrect because of an obvious error, and it is a simple matter to amend it to the satisfaction of the requestor, the record custodian may make the amendment.
  4. If the record custodian cannot amend the record to the requestor's satisfaction or if the record does not appear to be obviously incorrect, the record custodian will:
    1. Provide the requestor a copy of the questioned record at no cost; and
    2. Ask the requestor to initiate and provide the record custodian a written request for the amendment; such written request must identify the information which the requestor believes is incorrect, must state why such information is incorrect, and must be dated and signed by the requestor.
  5. The record custodian will send the request, together with a written explanation of his/her refusal to amend the record to the requestor's satisfaction, to the FERPA Coordinator. The FERPA Coordinator will examine the request, discuss it with appropriate University officials, including the person who initiated the record, the University General Counsel, and other persons who might have an interest in the questioned record. At the conclusion of this investigation, the FERPA Coordinator will summarize his/her findings, make a recommendation for the University's action, and deliver the request, the record custodian's written explanation, his/her summary of findings, and his/her recommendation to the University President.
  6. The University President will instruct the FERPA Coordinator whether the record should or should not be amended in accordance with the request. If the University President's decision is to amend the record, the FERPA Coordinator will advise the record custodian to make the amendment. The record custodian will advise the requestor in writing when he/she has amended the record and invite the requestor to inspect the record.
  7. If the University President's decision is that the record is correct and should not be amended, the FERPA Coordinator will prepare and send the requestor a letter stating the decision. This letter will also inform the requestor that the requestor has a right to a hearing pursuant to the Florida Administrative Procedures Act to challenge the University's decision not to amend.
  8. In the event the education records are not amended to the requestor's satisfaction, the requestor shall have the right to place with the education records a written statement explaining, commenting upon, or disagreeing with information contained in the education records. This statement shall be maintained as part of the student's education record for as long as the University maintains the questioned part of the record. Whenever the questioned part of the record is disclosed, the student's written statement shall also be disclosed.
11. Right of Waiver of Access

The University may request a waiver of access to evaluations and letters of recommendation related to admissions, employment applications and receipt of honors. While such a waiver may be requested, requests for waivers do not constitute a pre-condition for admission, financial aid, or any services or benefits. Upon request, students who have waived access to such items can receive a listing of all individuals providing confidential recommendations or evaluations.

# Testing and Final Examinations

## USF Policy 10-005: Testing and Final Examinations

### INTRODUCTION (Purpose and Intent)

Examinations in academic subjects are, for most courses, an integral part of the learning process and one part of a procedure for evaluating student performance and determining grades. The University of South Florida System (USF System) requires certain standards for the examination process in order to protect the academic integrity of courses and the best interests of both the student and instructor. Although this policy primarily addresses examinations for undergraduate courses, graduate courses with final exams during the examination week should follow the schedule for exams that is provided with the course schedule for that academic term.

### II. STATEMENT OF POLICY

#### A. Testing in General

In each academic course the student is expected to undergo a meaningful testing and evaluation that will reveal the student's intellectual growth in the subject matter covered or otherwise reflect the achievement of the course objectives.

The instructor has the responsibility of maintaining a fair and impartial testing and examination procedure, has the right to define and structure the testing process, and shall not be restricted as to form, style, or content of the examination. It is the policy of the USF System that all students facing an examination (of any type) shall have equal notice of said examination. The USF System regards the routine use of all or part of the same formal examination for successive academic terms as unsound policy except when used with adequate safeguards such as a random selection of questions from a large pool.

#### B. Final Course Examinations

The last seven (7) days of the Fall and Spring semesters shall be set aside for final examinations and any final examination of a comprehensive nature must be given during this designated period. If a final course examination is not given, the last segment examination in the course must be given in the period designated during final examination week. Take-home final examinations, papers, projects, practicums, and competency examinations are exceptions to the

above rule and may be scheduled for completion at any time at the discretion of the instructor. The period of two hours shall be allotted for each final examination. If a student has a direct conflict of scheduled examinations that are scheduled according to the final exam schedule, or has three or more examinations scheduled on the same day, the student may petition the appropriate instructor to reschedule one of the student's examinations.

The "appropriate instructor" in case of examination time conflicts shall be determined by the following ordered list of priorities:

1. If a student has an exam conflict between courses offered on different campuses or institutions within the USF System, the course on the student's home campus has priority.
2. Common finals have priority over non-common finals. When two common finals conflict, the higher numbered course takes priority.

3. Apart from common finals priority, examinations for graduate level courses have priority over examinations for undergraduate level courses.
4. Apart from common finals priority and within the level of the courses, undergraduate or graduate, examinations for numerically higher numbered courses have a priority over lower numbered courses.
5. If after applying items 1 through 4, there remains a conflict, priority shall be given to the course with the prefix closest to the beginning of the alphabet.
6. The instructor of the course not receiving priority shall provide for a make-up exam either in accordance with the designated make-up exam periods or at a mutually acceptable time for both the instructor and the student during the exam period.

The final examination schedule shall be published in the same manner and place as the schedule of classes.

Ralph Wilcox, Executive Vice President and Provost

Judy Genshaft, President

# Attendance

Students are expected to attend classes. An academic program or individual instructor may require a specified level of attendance as a condition for successfully completing a course. Likewise, instructors may assign a portion of final course grades based on attendance and participation. Faculty members must inform students of attendance requirements on syllabi.

Instructors should accommodate excused absences by making arrangements with students ahead of time (when possible) or by providing a reasonable amount of time to make up missed work. Arranging to make up missed work is the responsibility of the student. For graded work that requires participation in discussions, group activities, and some labs, or other in class activities, instructors will attempt to provide reasonable alternatives that accomplish the same learning outcomes. Nevertheless, an instructor may determine that missing a certain amount of participation-dependent activities (whether excused or not) precludes successful accomplishment of learning outcomes. In cases like this, instructors, academic advisors, or academic deans may advise students to withdraw from such courses. In cases where excused absences are anticipated in advance, advice on successful accomplishment of learning outcomes can be given at (or before) the start of a term.

There are two categories of excused absences for which accommodations will be made: scheduled and unscheduled. Scheduled absences involve time conflicts that are known in advance, for which students have notified their instructors. Acceptable reasons for scheduled absences include observation of religious holy days, court-imposed legal obligations (e.g., jury duty and subpoenas), special requirements of other courses and university sponsored events (e.g., performances, athletic events, judging trips), and requirements of military service. Employment schedules, athletic training and practice schedules, and personal appointments are not valid reasons for scheduled absences. Unscheduled absences involve unforeseen emergencies such as illness, injury, hospitalization, deaths in the immediate family, consequences of severe weather, and other crises. Students should contact instructors as soon as possible in these cases. Instructors may require documentation or verification to excuse unscheduled absences.

Care will be given to schedule required classes and examinations in view of customarily observed religious holy days. No student shall be compelled to attend class or sit for an examination at a day or time prohibited by his or her religious belief.

Any student who believes he or she has been treated unfairly with regard to the above may seek review of a complaint through established Student Academic Governance Procedures (found in the Graduate and Undergraduate catalogs and those provided by the University's Office of Diversity and Equal Opportunity).

## Documented Medical Attention for Illness

Students are excused for absences due to documented illnesses that require medical attention. While students should not attend class with infectious conditions, even if medical attention is not sought, the decision to excuse absences from undocumented illnesses is at the discretion of the individual instructor. Consideration should also be given to students whose dependent children experience serious illness. Extended illnesses may interfere with the successful completion of courses, and in such cases a student should contact his or her college by the deadline to drop a course. After the drop deadline, students may submit an Academic Regulations Committee (ARC) petition with proper documentation to drop a course or withdraw for medical reasons. Students may find additional information through their college ARC representative.

## Excused Absences and Make-up Work

Students must notify their instructors at the beginning of each academic term if they intend to be absent from a class or announced examination for the approved reason as noted above in accordance with this policy. In the event that a student is absent for one of these noted reasons on a day when the instructor collects work for purposes of grading (homework, quiz, etc.), the student shall be given a reasonable opportunity to make up such work or shall not have that work averaged into the student's grade, at the discretion of the instructor.

If excused for an absence, the student is responsible for completing all academic work, examinations, assignments, and labs within a period of time and in a manner deemed appropriate by the instructor. The manner for accommodating excused absences appropriately is in the hands of the instructor, but a student who is absent for an excused reason should not be at a disadvantage when compared to other students. The approved reasons for excused absences apply even if a student in a course has the option of dropping an assignment grade (e.g., dropping the lowest quiz score). Excused absences for other reasons may be allowed or declined entirely at the discretion of the instructor.

Even if individual absences are excused, excessive absences may threaten a student's satisfactory completion of a course. Absences may count from the first class meeting, including for students who hope to add the class after the first day.

## Jury Duty

The University respects the need for all citizens to serve on a jury when called to duty. If a student serves as a juror, class absences will be considered excused when the student provides advance notice to the instructor, the instructor acknowledges the request, and the student provides written verification of jury selection and proof of service.

Any potential student juror may notify the court of conflicts or undue hardship and request an excuse from service. The individual student must make the decision as to whether jury service will present an undue hardship and then take the affirmative action to request to be excused from service, and may need to provide a written explanation to the court. If a student does not request to be excused and is selected to serve, the student may miss a prolonged period of time resulting in the inability to complete the academic requirements of their classes.

## Observed Religious Days

[USF System Policy 10-045 Attendance Policy for the Observance of Religious Days by Students](#)

In accordance with USF Policy 10-045, USF System faculty members will try to avoid scheduling examinations on customarily observed religious holidays. Students must provide written notice to their instructors at the beginning of each academic term if they expect to be absent for a class or announced examination for the observance of religious holidays. In any case, no student shall be compelled to attend class or sit for an examination at a day or time when such activity is prohibited by his or her religious belief, as long as the student has provided timely notice.

If a student believes that an instructor or program has not responded reasonably to a timely notice of expected observance of religious days, he or she may seek review of a complaint through established University Academic Grievance Procedures and those provided by the University's Office of Diversity and Equal Opportunity.

#### I. INTRODUCTION (Purpose and Intent)

Pursuant to Section 1006.53 Florida Statutes and Board of Governors Regulation 6.0115, the University of South Florida System (USF System) establishes the following policy regarding religious observances.

#### II. STATEMENT OF POLICY

All students, faculty, and staff within the USF System have a right to expect reasonable accommodation of their religious observances, practices and beliefs.

The USF System will, at the beginning of each academic term, provide written notice of the class schedule and formal examination periods. The USF System, through its faculty, will make every attempt to schedule required classes and examinations in view of customarily observed religious holidays of those religious groups or communities comprising the USF System's constituency.

Students are expected to attend classes and take examinations as determined by the USF System. No student shall be compelled to attend class or sit for an examination at a day or time prohibited by his or her religious belief. However, students should review the course requirements and meeting days and times to avoid foreseeable conflicts, as excessive absences in a given term may prevent a student from completing the academic requirements of a specific course.

Students are expected to notify their instructors at the beginning of each academic term if they intend to be absent for a class or announced examination, in accordance with this policy. Students absent for religious reasons, as noticed to the instructor at the beginning of each academic term, will be given reasonable opportunities to make up any work missed. In the event that a student is absent for religious reasons on a day when the instructor collects work for

purposes of grading (homework, pop quiz, etc.), the student shall be given a reasonable opportunity to make up such work or shall not have that work averaged into the student's grade at the discretion of the instructor.

Any student who believes that he or she has been treated unfairly with regard to the above may seek review of a complaint through established USF System Academic Grievance Procedures (found in the Graduate and Undergraduate Catalogs) and those provided by the University's Office of Diversity and Equal Opportunity.

Authorized and signed by:

Ralph Wilcox, Executive Vice President and Provost

Judy Genshaft, President

## University Sponsored Activities

The University recognizes the importance of participation in University-sponsored activities such as musical and theatrical performances, athletic competition, and debate. It also recognizes that such participation may result in conflicts with scheduled class times. It is the responsibility of participating students to provide a full list of anticipated conflicting days to instructors by the end of the first week of the term, and directors and advisors of University activity programs have an obligation to assist students with this task. Students are responsible for identifying potential absences specific to a particular class and notifying individual instructors of these conflicts, especially for conflicts with scheduled examinations. Please note that a general schedule for a team or ensemble does not satisfy this notification requirement. Students should provide instructors with addenda (e.g., end-of-season tournaments, newly scheduled events, or rescheduled events) that result in new conflicts as soon as they are available. Directors and advisors of University activity programs should consult with participating students prior to registration to help them choose courses that do not have excessive anticipated conflicts.

USF System Regulation: USF6.028 Student Government Association

The Student Government Association is the largest organization at the University of South Florida Sarasota-Manatee. The three branches of the Student Government Association are comprised of student leaders who advocate for the students:

### **Executive: executes programs and initiatives**

The Executive Branch is responsible for executing the initiatives and programs of Student Government. The Student Body President and Vice President are elected during the spring elections and are responsible for appointing the leaders to various positions within their cabinet at the end of the spring semester.

### **Legislative: writes and implements rules and laws**

The Legislative Body of the University of South Florida Sarasota-Manatee Student Government Association is responsible for the annual allocation of the Activity and Service fees (A&S) that every student pays. These allocations fund entities such as your Campus Activities Board, Homecoming, etc. as well as over twenty different diverse student organizations.

### **Judicial: responsible for appeals and interprets rules**

The University of South Florida Sarasota-Manatee Student Government Supreme Court serves to administer proper action when Student Government Law is misinterpreted or violated. The Supreme Court is made up of five student justices and is led by the Chief Justice. The justices are appointed by the Student Government President with the advice and consent of the Senate. Once an appointment is made, the candidate must appear before the Senate Judicial committee. If confirmed by the committee, the candidate then appears before the entire Senate for confirmation. Once confirmed the candidate is sworn in as an Associate Justice. The court elects, from within their ranks, a Senior Justice (Second-in-command) and a Ranking Justice (Third-in-command).

USF System Policy 5-019: Textbook and Supply Ordering

The USFSM bookstore's goal is to provide support to the academic endeavors of the students and faculty, as well as enrich the spirit of the USF System. It is owned by the University of South Florida and operated by Barnes & Noble College Bookstores, Inc.

The Bookstore offers textbooks, general merchandise, and coordinates the sales of class rings and graduation items. Personnel are available to assist with locating and/or ordering course materials and textbooks. The Bookstore also provides an online store for textbook reservations and/or delivery. A book buyback program offers a source for cashing in used textbooks. For a list of books that are eligible for buyback and more information about how students may sell books to the Bookstore, please visit the website. The Bookstore accepts American Express, Discover, Master Card, Visa, and Barnes & Noble Gift Cards.

The Bookstore is open Monday through Thursday from 9:00 a.m. to 5:00 p.m. and on Friday from 9:00 a.m. to 3:00 p.m. The store is closed on Saturday and Sunday, with the exception of some Saturdays during the beginning of each academic term. The Bookstore business hours are subject to change. Check the website for current hours of operation.

## Career Services

<b>Location:</b>	<b>SMC C107</b>
Telephone:	941-359-4586
Website:	<a href="http://usfsm.edu/careercenter">usfsm.edu/careercenter</a>

Career Services provides USFSM students with comprehensive career planning and job search services. An experienced professional is available to help students choose a major, gain career related work experience, develop a job search plan, and make decisions about graduate school. Career Services also provides information on employment opportunities and creates venues where students can network with local, state, national, and international employers.

Appointments may be made to assist students in making informed career decisions, securing career related experience and preparing for employment. Appointments can be scheduled online from the website.

### Career Planning

Career Assessments are available to help students identify career options that match their values, skills, interest, and personality. Students can connect their major to a variety of jobs and explore occupational information.

Optimal 2.0 is an online suite of resources available to USFSM students. Practice the interview and create an interactive web page including resume, cover letter, and portfolio to present to a potential employer. A portfolio stores samples of your skills and experiences in common file formats including graphics, audio, and video. Optimal 2.0 creates a professional presentation to send employers and sets you apart from the competition.

Job listings are posted on College Central, an online job search and resume posting board. Numerous positions are posted each semester. Students can make their resume available to employers and find full- and part-time positions, internships, and Federal Work Study positions.

Career Service coordinates events to assist students with making contacts with employers including informational interviews, business etiquette dinners, networking events, and on-campus interviews.

### Internships

Juniors who are officially admitted to USFSM, have declared their major, and completed six credit hours with a minimum GPA of 2.50, are eligible to participate in an internship. Career Services will assist students in preparing for and securing an internship, as well as reviewing their responsibilities and employer expectations. Internships are advertised on College Central. Internships for academic credit are referred to the sponsoring college.

### Resources

The Career Resource Room contains numerous books, DVDs, and magazines featuring career profiles, employment projections, salaries and employer profiles, resume samples, interview tips, job search techniques, study abroad programs, internships, and graduate school information. The Career Resource Room is equipped with computers, a DVD player, and internet access.

The Career Center webpage is full of online resources including career assessments, occupational profiles, employment projections, salaries, internships, resume writing, interview techniques, and job search strategies. Students can access a video library on the above topics by using their Net ID.

### USF System Regulation 6.0161: Access to Student Health Services and The Counseling Center

USFSM shares its Counseling and Wellness Center with New College of Florida. The office is located on the New College of Florida campus at the address above. Counseling is a confidential process designed to help you address your concerns, come to a greater understanding of yourself, and learn effective personal and interpersonal coping strategies. It involves a relationship between you and a professional therapist who has the desire and willingness to help you accomplish your individual goals.

The Counseling & Wellness Center provides a variety of counseling services:

- Individual
- Couples
- Group counseling
- Crisis intervention
- Psycho-educational information

When appropriate, referral to our consulting psychiatrist is made through one of the staff therapists. Services provided by the psychiatrist include medication evaluation and management, diagnosis, and treatment planning. In order to be seen by the psychiatrist, you must be enrolled in continuous individual psychotherapy. After an appointment is made with the psychiatrist, if you do not show for two appointments, you are no longer eligible for further psychiatric services. We will be happy to refer you elsewhere if you would like to do so.

Medical services are available during the Fall & Spring terms for registered students. Services are not available during Summer term or Winter break. A medical professional is available to students treating a variety of illnesses. Students must bring their USFSM identification card with them to be seen for treatment. Also, measles and MMR (measles, mumps, rubella) shots are available during the Fall & Spring terms for a fee. Standard office visits are free and students receive a discount on lab services and other tests. For specific cost information or an appointment, call the number listed above.

Technology Services provides assistance Word, PowerPoint, Excel, Photoshop, printing, equipment checkout, and many other technology services upon request.

## Parking and Transportation Services

Location:	8350 N. Tamiami Trail, B116, Sarasota, FL 34243-2049
Telephone:	(941)359-4203
Website:	<a href="http://usfsm.edu/services/parking/">usfsm.edu/services/parking/</a>

### USF System Regulation USF4.0010: Parking General Guidelines, Registration, Penalties & Rates

Parking regulations are designed to provide safe and orderly parking and to ensure emergency access to all buildings. Parking lots are available for use by students, faculty, staff and visitors. Permits are required to park at USFSM 24 hours a day, 7 days a week, including holidays. Each person may purchase only one automobile permit (an additional permit for a motorcycle may be purchased). A limited number of adhesive permits are available for those with soft-top vehicles and/or special circumstances. USFSM permits may be transferred between same-owner vehicles only. If you terminate your association with USFSM for any reason, you must return your parking permit to the Parking Services Department. Visit the Parking Services website for office location and hours of operation. Office hours are subject to modification and are extended at the beginning of the academic term. Permit prices, campus maps, and a "Guide to Parking at USFSM Campus" are available on the Parking Services website.

### Parking Citations

Violations of USFSM parking regulations may result in the issuance of parking citations and immobilization or towing of the vehicle. Any vehicle bearing a lost, stolen or altered parking permit is subject to immediate immobilization and/or towing, even if the vehicle bearing the permit is owned by the person who has reported the permit as having been lost or stolen. The vehicle owner may be subject to possible revocation of campus parking privileges.

Parking citations must either be paid or appealed within 14 calendar days of issuance to avoid incurring late fees. Any person who receives a parking citation and believes that extraordinary or mitigating circumstances warrant waiver of the fine may petition the Parking Services Department for reconsideration within 14 calendar days of receipt of the citation. Appeals must be in writing and may be submitted electronically via the USFSM Parking Services website or in person by visiting Parking Services. If an appeal is not filed within 14 calendar days from the date the citation was issued, the right to appeal is forfeited.

Failure to respond to parking citations within 45 calendar days of receipt may result in the account being transferred to a collection agency and the incurrence of additional costs. Administrative holds may also be placed on a student's account which will prevent the student from registering for classes and receiving grades and transcripts.

### Reciprocity

Student permits are required to be purchased for the USF System institution of primary assignment. To be eligible to purchase a USFSM student parking permit, the following conditions must be met:

- USF System home campus must be designated as USFSM with the Registrar's Office;
- Student must live within the USFSM service area (Sarasota, Manatee, DeSoto, Charlotte and Lee Counties);
- Student must be taking at least 50% of classes at USFSM.

USF Tampa and USF St. Petersburg parking permits are valid at USFSM; however, Park 'n Ride or special permits from other USF System institutions are not valid on the USFSM campus. Reciprocity between USF campuses is subject to change each academic year. Parking privileges for the USF Tampa and USF St. Petersburg campuses will be posted on the Parking Services website.

#### Visitors Parking Permits

USFSM visitors may park in specially-designated “Visitor Only” parking spaces without a permit; however, they are required to adhere to the posted one (1) hour time limit. USFSM visitors whose university business is expected to exceed the time limitations of visitor parking may secure a free temporary permit from Parking Services, the main rotunda reception desk, or departmental office managers.

A visitor is any person who is not a member of USFSM or any USF System campus. USFSM students, faculty, staff, vendors, contractors, licensees, Lifelong Learning Academy participants, and those registered for any course on campus do not qualify for visitor parking privileges and may be issued citations for parking in spaces designated as “Visitor Only” parking.

## Student Ombudsman

Location:	SMC C107
Telephone:	941-359-4330
Website:	<a href="http://usfsm.edu/Academics/AcadAffairs/Ombudsman.php">usfsm.edu/Academics/AcadAffairs/Ombudsman.php</a>

The Student Ombudsman provides a confidential, independent, informal, and neutral resource for students who have college related complaints and/or concerns of a non-legal nature. The student ombudsman is accountable to the Regional Chancellor and serves as an alternate resource for students complementing existing channels of information and support.

## Student Services

<b>Location:</b>	<b>SMC C107</b>
Telephone:	941-359-4330
Website:	<a href="http://usfsm.edu/students/">usfsm.edu/students/</a>

Student Services contributes to the overall mission of USFSM by providing support services to promote student learning; encourage intellectual, social, and personal development; and to advocate for policies and programs that empower students to reach their personal, educational, and professional goals. Student Services is comprised of Admissions and Outreach, Academic Advising, Career Center, Counseling and Wellness Center, Disability Services, Diversity, Financial Aid, Veterans Services, Student Life, Recruitment, Records and Registration.

## Students With Disabilities Services

<b>Location:</b>	<b>SMC C107</b>
Telephone:	941-359-4714
Website:	<a href="http://usfsm.edu/Students/Disability">usfsm.edu/Students/Disability</a>

### USF System Policy: 0-108 Disability and Accommodations (Public/Employees/Students)

Students with Disabilities Services (SDS) is dedicated to providing comprehensive services to students with disabilities to ensure full participation in all aspects of USFSM campus and student life. Support services are provided for students with temporary or permanent disabilities.

The student initiates the process by identifying herself/himself to the SDS office and completing an application. Students must provide documentation of a disability. Please visit our website for guidelines and verification forms. SDS staff and other experts will review the documentation. In cases where documentation is not available, please consult with SDS. Once approved, the SDS coordinator and the student will sign an accommodation plan outlining academic accommodations.

Each semester the student is responsible for giving each of her/his professors a memorandum of accommodation. Accommodations may include, but are not limited to, note taking services, extended test time, books in electronic/audio format, and assistive technology. The accommodations should maintain the academic integrity of the course and never alter the level of ability or mastery the individual is required to demonstrate.

## Testing Services

<b>Location:</b>	<b>SVC 2060; (USF Tampa)</b>
Telephone:	Sarasota-Manatee: 941-359-4330 Tampa: 813-974-2741
Website:	<a href="http://uc.usf.edu/testing/">uc.usf.edu/testing/</a>

Testing Services for entrance and placement, certification and licensure are provided at USF Tampa University College.

## USF ID Card

### USF System Policy 0-517: USFCard and ID Badge Policy

The USFCard, the official identification card of the University of South Florida, provides electronic verification and validation for a variety of USF System services and functions. University policy requires that all students, faculty and staff members carry the USFCard while on campus. Students may be denied the use of USF System services (i.e., library services, obtaining tickets for USF System sporting events) if they are not in possession of their USFCard. The USFCard may also be used for printing services in the Information Commons at USFSM. Value can be added to the USFCard at [usf.edu/bullbucks](http://usf.edu/bullbucks). The USFCard may be obtained at the USFSM Cashier's Office located in room B116. Additional information pertaining to the USFCard can be found at [it.usf.edu/services/usfcard](http://it.usf.edu/services/usfcard).

# Commencement

Website:	<a href="http://usfsm.edu/commencement/">usfsm.edu/commencement/</a>
Telephone:	941-359-4774

Commencement ceremonies are held at the end of the fall and spring academic semesters at USFSM.

Registration is open to all USF System students. Students register to participate in a commencement ceremony through the commencement website. Registration for that term's ceremony is open on the first day of classes for that term.

Diplomas are mailed to the student's permanent address approximately six (6) weeks after commencement. Students with a change of address need to fill out a [Change of Address Form](#) in the Office of Student Services. Any questions regarding diplomas and degree certification should be directed to the Office of Student Services at (941) 359-4330.

Commencement is a highly dignified ceremony fitting for the accomplishment you have achieved. Academic regalia is required. Other than the cost of regalia, there is no fee to participate in a commencement ceremony for graduates, families, and guests.

Names published in the commencement program are a list of candidates who have applied to graduate for the term. Names may not appear if the application is not submitted by the application deadline, for those who applied to graduate in an earlier term, or who plan to apply in a later term. Names are also not printed for those who elected total privacy on their university record. The list of candidates in the program is not a certified list of graduates.

Please note that the commencement ceremony is not a certified ceremony where diplomas are presented and your attendance does not mean a degree has been earned. Although the presenter may verbally state that the degree is conferred, that statement is made with the understanding that the attendee remains responsible for ensuring that all degree requirements are met and final certification is obtained for the degree to be officially conferred.

## Posthumous Degrees or Degrees in Memoriam

USFSM may award a posthumous baccalaureate or master's degree to a student who was in good standing at the University at the time of his or her death and who had completed all substantive requirements for the degree. The University may also award baccalaureate or master's degrees in memoriam to a student who was in good standing at the University at the time of his or her death.

To award a non-thesis degree, the student would need to have completed all courses required for the degree. Courses required for the degree, in which the student is enrolled at the time of his or her death, must have been completed to the satisfaction of the faculty so that passing grades might be posted. All other requirements (e.g., grade point average, CLAS and other tests) must have been satisfied as well.

To award a thesis degree, all courses must be completed as described above and the thesis must be sufficiently complete to the satisfaction of the faculty so that certification of completion may be posted to the student's record.

### **Procedures for Award of Posthumous Degrees or Degrees in Memoriam**

The faculty member, on his or her own initiative or upon the request of the family of the student, may recommend a posthumous degree, or a degree in memoriam, by forwarding the recommendation to the respective college dean. If approved by the Dean, the recommendation with supporting documentation will be forwarded to the Regional Vice Chancellor for Academic Affairs for approval. If approved for recommendation, the Office of the Registrar will be notified and the degree will be awarded at the next commencement ceremony or will be presented to the student's family in an appropriate setting.

Diplomas for posthumous degrees will be identical to other degrees awarded in the same colleges and majors. Diplomas for Degrees in Memoriam will be prepared to read "Bachelor of Arts in Memoriam, Bachelor of Science in Memoriam," Master of Arts in Memoriam," etc., depending upon the degree the student was pursuing at the time of his or her death. Undergraduate students who have not chosen a major at the time of death will be awarded the "Bachelor of Arts in Memoriam."

# Public Safety

## Campus Security

<b>Location:</b>	<b>8350 N. Tamiami Trail, Sarasota, FL 34243, SMC B125</b>
Telephone:	941-993-8548

Public Safety is provided by two professional entities, USFSM Security Officers resident on campus, and Campus Police based at New College of Florida. The Security Officers maintain an office on campus located in room B125. They are on duty throughout the day Monday through Saturday when the building is open. The Security Officers are equipped with a Campus Police radio and cell phone as they patrol the building and parking lots. They provide a myriad of services to the campus community including CPR/AED and first aid. Upon request, they are available to escort you to your vehicle, and they are equipped to provide limited vehicle assistance such as jump-starts.

Campus security and emergency assistance guidelines, which include general crime prevention tips and important phone numbers, are posted in all classrooms.

## Campus Police

<b>Location:</b>	<b>501 College Drive (New College Campus), CPD, Sarasota, FL 34243</b>
Telephone:	Main Number: 941-487-4210 Police Dispatcher/Emergency Number: 941-487-4210
Website:	<a href="http://usfsm.edu/campuspolice/">usfsm.edu/campuspolice/</a>

The Campus Police Department's mission is to protect you and your property. The Department serves USFSM, and New College of Florida where their office is located. All campus police officers are certified by the State of Florida in accordance with Florida State Statute, Chapter 943. The Campus Police Department provides a full range of public safety services to the campus community 24 hours a day, 7 days a week. General services provided include: mobile and foot patrol, criminal investigation of all misdemeanor and felony crimes committed on campus, traffic enforcement, crash investigation, responding to and rendering assistance for all types of emergencies, and crime prevention programs.

The Campus Police Department has an excellent working relationship with all federal, state and local law enforcement agencies, assuring the delivery of professional law enforcement services. The Department has Combined Voluntary Cooperation and Operational Mutual Aid Agreements with the Manatee County Sheriff's Department and all Sarasota County law enforcement agencies. All agencies are available to assist upon request. Communication and coordination with all agencies are maintained via computer, radio and telephonic communication capabilities.

## Emergency Services

<b>Emergency Numbers:</b>	<b>Campus Police: 941-487-4210</b> <b>Counseling &amp; Wellness Center: 941-487-4254</b> <b>Victim Advocate: 941-504-8599</b> <b>Safe Place and Rape Crisis Center (SPARCC): 941-365-1976</b> <b>Bayside Center: 941-917-7760</b>
Website	<a href="http://usfsm.edu/cwc/">usfsm.edu/cwc/</a>

Should a situation occur requiring immediate assistance at a time when a Counseling Center representative is not available to take a call or after regular hours, the Campus Police may be contacted at (941) 487-4210, or visit the nearest emergency room and request the mental health professional on call. These emergencies may involve suicidal or homicidal crisis, sexual assault or rape, domestic violence, death, serious accident, or thoughts of committing dangerous acts. The emergency service is not a crisis hotline. Students who are emotionally distressed and simply need to talk to someone should go to the Counseling Center during regular office hours.

## **Victim Advocate Program**

A Victim Advocate is available to support victims of violence at any time needed. To reach the Victim Advocate, call (941) 504-8599 and follow the instructions. The Victim Advocate will provide information, support and guidance, ensuring the following:

1. Crisis intervention
2. Emergency shelter, medical help, and counseling referrals
3. Assistance as needed

The program is available to assist all students, faculty and staff who have experienced actual or threatened violence, including, but not limited to: battery, assault, stalking, sexual battery (date rape, acquaintance rape, stranger rape), and attempted sexual assault.

Police reports are strongly encouraged; however, reports are not required for information and referral assistance. Information shared with the Victim Advocate is considered confidential and will go no further without permission from the victim.

# Records and Registration

<b>Location:</b>	<b>SMCC107</b>
Telephone:	941-359-4641
Website:	<a href="http://usfsm.edu/students/registration/">usfsm.edu/students/registration/</a>

USF System Regulation USF2.0021: University of South Florida Student Records Policy

USF System Regulation UFS4.0101: Student Registration

USF System Policy 10-006: Changing Courses, Cancellations & Withdrawals from the USF System & Auditing Privileges

The Office of Records & Registration at USFSM in cooperation with the USF System Registrar's Office, is responsible for maintaining each student's academic record from the time of admission to degree awarding. The office provides information and services to students via OASIS, the University's Online Access Student Information System. Using their NetID, students can register and drop/add, process address changes, access registration appointment and "hold" information, request privacy, view their grades, and order transcripts. Students can also browse the University Schedule of Classes. Information and services are continually being added for students.

Technology helps to provide better service and the personnel provide in-person information and services in its lobby area, as well as over the telephone.

The Office of Records & Registration provides the following services:

- Coordinates registration and drop/add activities and processes
- Reviews requests for reclassification of residency
- Processes changes of address and USF institutions
- Processes graduation applications
- Prepares enrollment verification
- Processes degree certification
- Coordinates diplomas.

Students interested in requesting fee adjustments, late registration fee waivers, or posting of grade forgiveness will find information and forms on the web and in the Office of Records & Registration. The USF System Office of the Registrar maintains the official academic records for all students and course registrations for currently enrolled students. Students are encouraged to contact the USFSM Records and Registration about general questions concerning academic policies and procedures of their current registration or academic record.

## Academic Record

The student's academic record shall not be changed after the student has graduated.

## Admitted Degree-Seeking Students Registration

Continuing degree-seeking students register by appointment for their next semester's courses during the preceding term, using the OASIS system. Registered students may make course schedule adjustments from the time of their initial registration through the first week of classes. (Deadline information is available in the Academic Calendar.)

Degree-seeking students who do not register prior to the first day of classes may late-register the first week of classes, however, a \$100.00 late registration fee is charged during this week. (See the section on fees for additional information and the appropriate term's Schedule of Classes for dates.) To avoid cancellation of registration, fees are due and payable for all registered courses of record on the fifth day of classes (end of drop/add period). (See Academic Calendar for dates.)

Mandatory Medical History Form is required for all students (regardless of age)

According to Florida Administrative Code Rule 6C-6.001(5), "Each student accepted for admission shall, prior to registration, submit on a form, provided by the institution, a medical history signed by the student."

## Adds

After a student has completed his/her registration on the date assigned, he/she may add courses until the add deadline specified in the Academic Calendar. See the appropriate semester's University [Schedule of Classes](#) for detailed instructions and dates.

## Administrative Holds

A student may be placed on administrative hold by failure to meet obligations to the University. When a student is on administrative hold, he/she may not be allowed to register, receive a diploma, or receive a transcript. Settlement of financial accounts must be made at the University Cashier's Office. Each student placed on administrative hold should determine from the Office of the Registrar which office placed him/her in this status and clear the obligation with that respective office.

## Auditing Privileges and Fees

A student who wishes to sit in on a class to review the course material may do so; however, the student is not allowed to take exams, earn grades, or receive credit.

The student's status for that class is an audit and his/her presence in the classroom is as a listener. Audit status must be obtained during the first five days of the term by filing an Audit Form with the Registrar's Office and obtaining a date-stamped permit from the college/department on the campus where the course is being offered. In-State fees are assessed for all audit courses.

## Cancellation of Registration

Students may cancel their registration by logging into OASIS and dropping all their classes prior to the end of the fifth day of classes. If fees have already been paid, the student may request a full refund of fees from the Cashier's Office.

## Cross-Enrollment - USF System and Florida College System

Some undergraduate students may find it advantageous to cross enroll at a Florida College System institution while attending USFSM. Procedures to permit this type of registration are available during specified times printed in the University Schedule of Classes. Credit hours for the course(s) taken at the host institution will apply toward graduation only if prior approval was received from the student's USFSM advisor. The grade point average will not transfer to the USFSM GPA. To prevent problems with financial aid and other registration issues, see a USFSM academic advisor for detailed instructions and course approval.

## Confidentiality Policy

### USF System Regulation USF2.0021 Student Records

In the interest of openness and building trust with our students, the USF System now affords students the right to limit data usage and sharing of their information, without having to request non-disclosure of directory information under the Family Education Rights and Privacy Act (FERPA). Pursuant to the requirements of FERPA, the following types of information designated by law as "directory information" can be released, if the student has not requested privacy or non-disclosure: Name, Date of Birth, Address, Telephone, Major, Dates of Attendance, Enrollment Status, Degrees, and Prior Institutions Attended. \*All other student data is considered to be protected.

Under new USF System policy which is less restrictive than privacy under FERPA, students may now request confidentiality as a way to "opt out" from having their personal contact information (i.e. name, address, telephone) disclosed to vendors, credit card companies, or outside agencies that are not providing a service that would otherwise be performed by the University. To request confidentiality, go to [registrar.usf.edu/privacy/](http://registrar.usf.edu/privacy/).

## Degree and Non Degree Definitions

Should a student be accepted into a graduate degree program, no more than 12 hours of USF system credit earned as a non-degree seeking student may be applied to satisfy graduate degree requirements. All coursework transferred into the graduate program must have a grade of B or better. Any application of such credit must be approved by the degree-granting college and must be appropriate to the program. Prior to completing twelve (12) hours in a specific degree program it is strongly recommended that a non-Degree Seeking Student apply for admission and be accepted to the degree program to continue taking courses in the program. Programs may have additional requirements. Students should check with the program of interest for more information.

### Degree-Seeking Students:

Students who have been accepted into a degree program.

### Non-Degree Seeking Students:

Students who have not been accepted into a degree or graduate certificate program. Non-degree seeking students may enroll and enter classes on a space available basis by obtaining appropriate approval from the degree-granting college or academic unit in which the courses are offered. Non-degree seeking students must meet all prerequisites for courses in which they wish to enroll. Certain classes are available only to degree-seeking students and may not be available for Non-degree seeking students.

## Drops

A student may drop a course(s) during the drop/add periods (first five days of classes) and no entry of the course(s) will appear on any permanent academic records. No tuition or fees will be assessed for course(s) dropped within that period.

Students may also drop courses between the second and tenth week of the semester, except for summer sessions. All applicable registration fees must be paid for the course(s) and a “W” grade will reflect on the permanent academic record. Students who drop may not continue attending class. Drop deadlines for summer sessions are listed in the Academic Calendar and are published in the USF System Schedule of Classes for Summer Terms.

Appeals for drops after the tenth week of the semester must be made to the Academic Regulations Committee representative in the Student Services office. Appeals under specific conditions, refund of tuition and fees may be requested in writing from the Business office. See “Refund of Fees” under Financial Information for complete details. Students who withdraw may not continue to attend classes.

Effective Fall 2011, undergraduate students will be limited to a total of five course drops while enrolled as a degree-seeking or non-degree seeking undergraduate student at USF System institutions. Course drops will be limited to three course drops for students with less than or equal to 60 semester credit hours, and two course drops for students with more than 60 semester credit hours. Only in extenuating circumstances will approval be granted for more than five course drops. Appeals for additional course drops due to extenuating circumstances must be submitted to the Academic Regulations Committee in the college of the student’s academic major.

## Florida Residency for Tuition Purposes

<b>Website:</b>	<a href="http://registrar.usf.edu/Residency/">registrar.usf.edu/Residency/</a>
-----------------	--

This notice summarizes the provisions of Florida School Code (SB20-E) Section 1009.21 and University Policy/Procedure concerning Florida Residency for tuition purposes. In determining residency classification, students fall into one of two categories. They are either independent students (students not claimed on parent’s or legal guardian’s federal income tax statement or whose parents do not provide 50% or more of their support) or dependent students (students, regardless of age, who are claimed as dependents by parent or legal guardian on federal income tax statement or whose parents provide 50% or more of their support). The law requires that a U.S. citizen/permanent resident alien/independent student or a dependent student’s parent/legal guardian has established and maintained a LEGAL Florida residence for at least twelve (12) months before the first day of classes of the term for which Florida residency status is sought. The USF System is required to obtain documentation of 12 months’ legal residence before a student is classified as a Florida resident for tuition purposes. A student is required to request Florida residency in writing and submit supporting documents no later than the fifth day of classes in the term for which classification is sought.

The following is acceptable, non-conclusive evidence of the establishment of a legal residence in Florida. Two documents must be dated/issued at least 12 months before the first day of classes of the term for which Florida residency is sought.

- Proof of purchase of permanent home in Florida
- Declaration of Domicile
- Florida’s driver’s license
- Florida voter’s registration
- Florida vehicle registration
- Florida vehicle title
- Professional/occupational license issued in Florida
- Florida incorporation or other evidence of legal residence in Florida
- Full-time, non-temporary employment in Florida

Rent receipts, leases, employment records, tax returns, school/college records are NOT evidence of establishing a legal Florida residence. Students who are dependent on out-of-state parents or who come to Florida for educational purposes are generally ineligible for reclassification to Florida status. In rare cases, the law allows some students (e.g., military, public school teachers, etc.) who do not meet the basic requirements to be classified as Florida residents for tuition purposes. For more information about exceptional categories, contact the Admissions or Registrar's Office.

## Student Information Charges

Notifications regarding changes of address, name, residency, and citizenship should be filed promptly with the Office of the Registrar.

## Student Information Release

### USF System Regulation USF2.0021 Student Records

Pursuant to requirements of the Family Educational Rights and Privacy Act (FERPA), the following types of information, designated by law as "directory information," may be released via official media of USF (according to USF regulation):

Student name, local and permanent addresses, telephone listing, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, full- and part-time status, and the most recent previous educational agency or institution attended, and other similar information.

The University Directory, published annually by the University, contains only the following information: student name, local and permanent address, telephone listing, classification, and major field of study. The Directory and other listings of "directory information" are circulated in the course of University business and, therefore, are accessible to the public, as well as to students, faculty, and staff.

Students must inform the USF System Office of the Registrar in writing (forms available for that purpose), if they wish directory information to be withheld. Such requests must be received within the first two (2) weeks of the semester and will remain in effect until the student has not been enrolled at USF System institution for three (3) consecutive terms.

Notification to the University of refusal to permit release of "directory information" via the University Directory must be received no later than the end of the first week of classes in the Fall semester.

## Transcript Information

Transcripts of a student's USF System institution academic record may be released only by authorization of the student online at [oasis.usf.edu](http://oasis.usf.edu), or in person, or by writing to the Office of the Registrar. By law, requests must include the student's identification number, the date, and the student's signature. Or requests can be made through OASIS, the University of South Florida's Online Access Student Information System. Log on with your NetID and self-assigned password, which acts as your electronic signature. In order for transcripts to be issued, the student must have no financial obligations to the University. Transcripts are normally mailed/ready for pick-up (at USF Tampa) within two working days after the request is received.

The transcript request form can be found at the following website by clicking on "forms".

<http://www.registrar.usf.edu>

To order transcripts by mail, send payment (\$10.00 per copy, check or money order only) and form to the following address:

Transcript Clerk, Registrar's Office  
USF- SVC 1034  
4202 E. Fowler Avenue  
Tampa, FL 33620-6950

To order a transcript in person, hand-carry payment (check, money order or cash) and form to a USFSM Cashier's Office located at USF Sarasota-Manatee, Room SMC-B116. Students may complete the request process in one stop at the cashier's offices. Note: Transcript fees are subject to change.

Students that have a home campus of Sarasota as their most recent record can also pick up a transcript from Registration on the Sarasota campus, usually within 48 hours after paying in-person at the Sarasota Cashier's Office. If you order a transcript "for pickup" in OASIS it will be held on the Tampa campus.

## Transient Students

### USF System Policy 10-001: Transient Students

USFSM degree-seeking students who wish to enroll at another regionally accredited institution should have prior written approval from their college academic advisor to be certain that the work they complete will apply toward their degrees at USFSM. The transient student/cross enrollment form located at the website address [www.flvc.org](http://www.flvc.org) should be used for this purpose.

# Tuition and Fees

Location:	Cashier's Office SMC B116
Telephone:	941-359-4220
Websites:	<a href="#">Cashier's Office</a> <a href="#">USF System Regulation USF4.0102: Tuition and Fees</a> <a href="#">USF System Regulation USF4.0107: Fees, Fines, and Penalties</a> <a href="#">USF System Regulation USF4.0108: Waiver of Tuition and Fees</a>

Registration tuition and fees are assessed in accordance with University Board of Trustees rules, per USF System Regulation 4.0102, and are subject to change without prior notice. The USF System will make every effort to advertise any such changes if they occur.

Current fees are posted on the websites for the USFSM Cashier, the USF System Controller, and USF System OASIS. Statements for registration tuition and fees are not mailed to the student. It is the student's responsibility to review their student financial account for accuracy and make payments for any balances due. Registration tuition and fees are due by the fifth day of each academic term, as stated on the USFSM Cashier's website as well as the USF System Controller's website. Students may view and/or pay their current term registration tuition and fees online by accessing the "Tuition, Fees & Payment" menu option in [OASIS](#). Cash, checks and money orders are accepted at the USFSM Cashier's Office for payment of registration tuition and fees. Checks made payable to USF may be mailed to the USFSM Cashier's Office, but must be postmarked by the post office, not office meter stamped, on or before the fifth day of the academic term. The University is not responsible for lost or misdirected U.S. Postal mail. Payment of registration tuition and fees by debit card or credit card must be made online through OASIS. E-checks are also accepted through OASIS.

## Certificate of Participation

Florida Board of Governors State University System Certificate of Participation holders are entitled to a waiver of only matriculation fees for a maximum of six (6) credit hours of instruction during a single academic term. Certificates are valid for three years from the date of issuance and may be presented to the USFSM Cashier's Office. Fees which are not covered by the Certificate of Participation must be paid by the fifth day of the academic term to avoid assessment of a \$100.00 late payment fee.

## Don't Stop Don't Drop

Website:	<a href="http://usfsm.edu/Students/dontdrop.php">usfsm.edu/Students/dontdrop.php</a>
----------	--

Don't Stop, Don't Drop! is a USF System initiative and was created to assist USFSM students who find themselves economically challenged. This initiative works to find solutions to students' immediate financial need or to help locate other resources for students. Please visit the "[Don't Stop Don't Drop](#)" website for additional guidance, analysis of need and a recommendation for resolution.

## Employee Tuition Program

The USF System Employee Tuition Program authorizes full-time USF System employees appointed to permanent established positions to enroll for a maximum of six (6) credit hours per academic term in the USF System. Summer sessions A, B and C are considered to be parts of one academic term. The employee must be appointed prior to the first day of class and is expected to be employed full-time past the end of the academic term for which enrolled. USFSM makes every effort to ensure that all qualified students have access to an education. All student financial aid programs are administered or coordinated through the USFSM Office of Financial Aid. The above website provides step-by-step guidance through the financial aid application process and lists all deadlines. The Office of Financial Aid communicates important information regarding your aid via e-mail throughout the year. Therefore, it is extremely important that your current e-mail address for financial aid is in OASIS.

The USF System Online Access Student Information System (OASIS) allows students to monitor the status of their financial aid from application to disbursement of funds. OASIS can be accessed through your USF NetID at <http://my.usf.edu>.

The first step in obtaining financial aid is to complete the Free Application for [Federal Student Aid \(FAFSA\)](#). Be sure to list the University of South Florida, school code #001537, to receive your information. All students wishing to receive financial aid are encouraged to start the financial aid process as early as possible each year beginning January 1. The USF System priority FAFSA deadline is March 1. Many programs are funded on a limited basis, so it is to your advantage to apply early. Priority application dates and detailed information regarding financial aid are provided each year on our website.

Tuition deferments are automatically posted for qualified financial aid applicants. Please check with the USFSM Financial Aid office for eligibility. Upon satisfaction of eligibility criteria, financial aid will be credited to student accounts after the drop/add period. Monies in excess of charges will be electronically deposited to each student's checking account via eDeposit, or checks will be mailed to student's local address.

If you withdraw from USFSM, either officially or unofficially, before the end of a semester, you may be required to repay all or a portion of the aid you received. For detailed information on the Federal Return of Title IV Funds requirement visit our website.

Academic Scholarships

The Financial Aid office at USFSM provides prospective and currently enrolled students with a central location to access scholarship information. The office monitors the Florida Bright Futures Scholarships and a variety of privately-funded scholarships made possible through the generosity of friends and alumni of the University. The Financial Aid office also manages the scholarship renewal process for students who have been awarded scholarships through USFSM. An online search for USF System scholarships can be found on the Financial Aid webpage.

The USF System Office of Undergraduate Admissions offers a number of scholarships based on academic merit to students planning to enter USFSM for the first time as a Freshman or an upper-level transfer student. These scholarships are highly competitive. The criteria noted for the various scholarships are used as minimum starting points for consideration and meeting or exceeding the minimum requirements will not guarantee selection. For non-Florida residents, a limited number of out-of-state tuition waivers are available based on academic performance.

New students and transfer students are advised to contact the USFSM Office of Financial Aid about the individual college scholarship opportunities. A list of scholarship opportunities can also be accessed by using the USF System Scholarship Search on the [Financial Aid website](#).

The USF System is approved for the education of veterans, eligible dependents, members of the selected reserve, and active-duty personnel who are eligible for benefits under public laws now in effect. All degree programs currently offered at USFSM are approved by the State Approving Agency.

Students who may be eligible for benefits are urged to contact Veterans Services for information, procedures, and forms as early as possible. To initiate, change, or renew benefits at USFSM, a request must be submitted through that office.

To be eligible for full-time VA benefits at USFSM, undergraduate students must enroll for 12 or more semester hours, and graduate students must enroll for 9 or more semester hours each normal academic term. Pro-rated benefits are available for students enrolled less than full-time.

VA regulations require that students take only courses that are applicable to their degree program or other approved programs and make satisfactory progress toward their degree. Students should consult the “Handbook for VA Students”, available at the USFSM Veterans Services office, or log on to USF Veterans Services web site for information on various programs/services and VA rules and regulations. Under no circumstances will the VA pay benefits to a student taking a course by audit. It is the student’s responsibility to inquire concerning all VA rules and regulations and to report any change in number of registered hours, change of majors, or adding a double major or dual degree which affects his/her benefits. Additionally, VA benefits will be terminated for students who are dismissed for academic or disciplinary reasons and can only be reinstated after academic counseling.

Veterans with a service-connected disability approved for benefits under Chapter 31 may contact the Office of Student Financial Services no earlier than two weeks prior to the start of classes for a book and supplies voucher. The VA toll-free number is 1-888-442-4551.

## Florida Prepaid College Program

<b>Website:</b>	<a href="http://usfweb2.usf.edu/uco/cashaccounting/flprepaid.asp">usfweb2.usf.edu/uco/cashaccounting/flprepaid.asp</a>
-----------------	--

Students who are eligible to receive benefits under the Florida Prepaid College Program are responsible for payment of local fees that are not covered under their Prepaid plan. After all Florida Prepaid benefits have been applied, any remaining account balance must be paid by the fifth day of the academic term to avoid being assessed a \$100.00 late payment fee.

## Non-Payment of Tuition and Fees

USF System Regulation USF4.010: Cancellation of Registration for Nonpayment of Tuition and Fees and Returned Checks In Payment of Tuition

Students not on an authorized deferred payment of tuition and fees and who have not paid their tuition and fees in full by the USF System designated due date will have their registration for the academic term canceled and will be dropped from classes. Students dropped from classes will receive no credit for courses taken during the academic term.

## Returned Checks for Registration Tuition and Fees

A student's current academic term registration may be subject to cancellation if a check or an e-check presented in payment of tuition and fees is returned to the University by the bank for any reason (i.e., insufficient funds, closed account, stop payment, etc.). A \$100.00 late payment fee and a \$25.00 returned check administrative fee will be assessed to the issuer's student account or to the account of the student on whose behalf the original check payment was presented. The returned check and associated fees must be cleared within 10 calendar days to avoid cancellation of registration for the academic term.

## Late Registration Fee and Late Payment Fee

Failure to pay registration tuition and fees by USF System designated deadlines may result in cancellation of the student's registration, which will result in the assessment of a \$100.00 late registration fee and a \$100.00 late payment fee. If the student's registration has been canceled for financial reasons, he/she may apply to the Registrar's Office for reinstatement upon payment of all tuition and fees, including the \$100.00 late registration fee and the \$100.00 late payment fee. Application for reinstatement must be made no later than the end of the fourth week of classes for Fall and Spring academic terms. The reinstatement application deadline for Summer sessions A, B and C is the end of the third week of classes of the session for which registered. Students who fail to successfully reinstate their registration by the applicable reinstatement deadline must petition the USFSM's Academic Regulation Committee (ARC) to have their classes reinstated.

## Payment of Accounts Due the University

Charges are assessed to student accounts for loss or breakage of USFSM equipment and/or books, for which the fines and other fees are due immediately. Delinquent accounts may be considered sufficient cause for cancellation of registration. USF System regulations prohibit registration, or release of transcripts, diplomas, or grades for any student whose account

with the University is delinquent. Delinquent accounts may be turned over to a collection agency, and all collection costs, including legal fees, will be added to the student's account balance. Financial aid from a succeeding academic year cannot be used to repay prior academic year debts.

## Refund of Tuition and Fees Payments

The following refunds, less deductions for unpaid debts to the University, are authorized. A Refund Request Form must be completed to initiate the refund process. The form may be submitted to the USFSM Cashier's Office or mailed to the address indicated on the bottom of the form.

1. One-hundred percent (100%) of registration fees and tuition will be refunded if the drop/withdrawal procedure is completed prior to the end of the drop/add period and written documentation is received from the student.
2. Twenty-five percent (25%) of registration fees and tuition paid, less building and capital improvement fees, will be refunded if notice of withdrawal from all courses from the University is approved prior to the end of the fourth week of classes (Summer term is prior to the end of the third week of classes) and written documentation is received from the student.
3. There is no refund of late registration and late payment fees unless a waiver has been approved.

## Fee Adjustment Under Exceptional Circumstances

One-hundred percent (100%) of tuition and fees will be refunded if, within six (6) months of the end of the academic term to which the refund is applicable, a student who has withdrawn or dropped a course completes and files a Fee Adjustment Request Form citing clearly supported circumstances beyond the student's control with the Registrar's Office. The Registrar's Office will process the form based on the following criteria:

- Illness of the student, confirmed in writing by a physician, of such severity or duration to preclude completion of the course(s).
- Death of the student or immediate family member (i.e., parent, spouse, child, or sibling), confirmed by death certificate and obituary indicating the student's relationship to the deceased.
- Called to active military duty, involuntary or voluntary, confirmed by military orders.
- A situation in which the USF System is in error, confirmed by the appropriate USF System official in writing on official USF System letterhead.
- Other exceptional circumstances beyond the control of the student which precluded completion of the course(s), accompanied by both an explanatory letter and verifiable written documentation clearly supporting the student's explanation.

Special requests for an extension of the six (6) month deadline must include specific facts supported by written explanation and verifiable documentation. These requests must indicate special circumstances beyond the control of the student which clearly impaired the student's physical or mental ability to correct their academic/financial record at the USF System.

Pursuant to Public Law 102-325, the Higher Education Amendments of 1992, students attending the University for the first time who withdraw are entitled to a pro-rata refund of tuition, fees, room and board.

A student who receives financial aid and subsequently changes enrollment status which results in a refund in accordance with this section will have the appropriate share of the refund returned to the USF System financial aid programs in accordance with the Financial Aid Policy on Refunds and Repayments.

## Repeat Course Surcharges

Initiated by the Florida Legislature (H.B. 1545 of 1997) to reduce costs, 2012 [Florida Statutes Section 1009.285](#) requires all state universities to monitor undergraduate student progress and charge students the “full cost of instruction” for certain repeats of undergraduate courses. This policy became effective in Fall 1997 and requires USF System Institutions to charge students a substantial per credit hour surcharge when they attempt a course three or more times within the USF System, unless the course is specifically designed to be repeated or is required to be repeated by their major. Requirements to earn a passing or higher grade than previously earned in a course do not exempt the surcharge. Students will be required to pay the surcharge in addition to the appropriate in-state or out-of-state tuition rates. It is important to note that all attempts count, including withdrawals after the first week of classes and courses with incomplete grades.

The USF System may grant exceptions to this rule based on extenuating circumstances and financial hardship. However, the USF System may only approve one appeal per course. Documentation, regardless of the situation, must be submitted with the request for a waiver of this surcharge. Extenuating circumstances are those circumstances determined by the University to be exceptional and beyond the control of the student and may include, but not be limited to, the following:

- Serious illness
- Documented medical condition preventing completion
- Death of an immediate family member
- Involuntary call to active duty
- University error
- Other emergency circumstances or extraordinary situations

The criteria used by the USF System for determining financial hardship should include, but not be limited to, qualification for federal need-based financial aid. Students with other documented financial hardships may also be considered.

The student must complete a Fee Adjustment Request Form and indicate that the request is for a waiver of the repeat course surcharge. They must also submit a statement that explains their request and provide all documentation relating to it. The completed form, with documentation, should be submitted to the Office of the Registrar for consideration.

The USF System institutions welcome qualified students from all over the world to our campus community. The resulting international educational exchange leads to the enrichment of our common life, the intellectual development of our students, the research endeavors of the University, and mutual understanding between the peoples of the world represented at USF. The ensuing exchange of life stories exposes all USF students, faculty, and staff to the likenesses and differences that exist between cultures, worldviews, experiences, and ideas.

International Services (IS) at USF is the main administrative and immigration advising office for more than 1,400 international students and 200 research scholars from over 130 countries.

### IS Services:

- Advise international students, scholars and staff regarding immigration compliance, visa status maintenance and acculturation issues.
- Offer workshops on employment, career planning, cultural adjustment and other topics.
- Develop, plan, conduct and implement orientation programs for new students and scholars.
- Collaborate with other USF System institutions to increase the level of understanding regarding immigration issues and the role of International Services.
- Promote cross cultural understanding by working with USF System institutions and other on campus organizations to plan events and inform students and scholars about upcoming activities, via listserv, email and the International Services website.

USF offers students the world as their classroom through its programs abroad. Whether a student chooses a short-term summer program, a semester or year at a university overseas, an internship or service learning, there is a program for nearly

every student need. For students who have studied abroad, the program serves as one of the most outstanding and memorable experiences of their entire academic career.

Students in most disciplines can find a program of study to complement their undergraduate degrees. Most programs provide USF credit and thus students can be assured that if they plan carefully, they will continue to make steady progress towards graduation while abroad. For those students looking to further their international qualifications, several programs lead to dual degrees, certificates, or double majors.

Students can study abroad at any time in their academic career, and have a wide-range of study options with programs ranging from one week (over spring break) up to a year. A large number of faculty-led summer programs of 2-6 weeks provide the opportunity to concentrate study abroad in a summer session and help students fulfill the 9-hour summer graduation requirement. All programs are developed to be as cost-effective as possible, recognizing the financial concerns of today's students. Federal and state financial aid can be applied to USF programs abroad, and some additional scholarship assistance is available through the Education Abroad Office.

For additional information or for individual program brochures, please visit the Education Abroad Office, or access the website.

## USF System Regulation USF3.018 Admission to Baccalaureate Programs of University of South Florida System Institutions

USFSM Admissions assists prospective students with learning about the opportunities available to them at the University. The office is responsible for processing applications for admission for undergraduate, former students returning, and reviews transfer credit completed at other regionally-accredited institutions for determination of transferability.

Admission to USFSM requires evidence of ability to handle academic work, capacity to think creatively, and strong motivation. The minimum admission requirements are designed to help identify applicants whose academic background indicates potential for success at USFSM; however, satisfaction of minimum admission requirements does not guarantee acceptance. The admission of new students at all levels is on a selective basis within curricular, space, and fiscal limitations. The selection process may include such factors as grades, test scores, pattern of courses completed, class rank, educational objectives, past conduct, school recommendations, personal recommendations, and portfolios. Preference for admission in any term will be given to those applicants whose credentials indicate the greatest promise of academic success. The University encourages applications from qualified applicants of both sexes and from all cultural, racial, religious, ethnic, and age groups.

Requests for waiver of the \$30.00 application fee are considered by the Director of Admissions if payment of this fee creates severe financial hardship and serves as a deterrent to application.

Students are admitted to USF Sarasota-Manatee in accordance with the mission and goals of the University and within enrollment limitations established by the Department of Education and the Florida Legislature. Beginning Fall 2013 USFSM will begin accepting freshmen . Contact the Office of Admissions for more information regarding freshman admissions.

## Admission Criteria

### General Admissions Requirements

USFSM includes the minimum admissions requirements in the Undergraduate Catalog and the Florida Board of Governors' website (6.002 Freshmen and 6.004 TransferStudents). Satisfaction of these requirements does not guarantee admission. USFSM gives preference to applicants whose credentials indicate the greatest promise of academic success and graduation. USFSM considers applicants for admission using the same criteria and minimum admission requirements in effect for the term of entry. No pre-admission consideration is given to an applicant with a disability ([USF System Policy 0-108 Disability and Accommodations](#)).

Applicants must submit a completed application for admission that is available on-line, a nonrefundable \$30 application fee payable in U.S. dollars and, if English is not the primary or native language, scores on the Test of English as a Foreign Language (TOEFL) or the International English Language Testing System (IELTS). USFSM waives the TOEFL or IELTS requirement if the applicant has an Associate in Arts (A.A) degree/certificate from a Florida public college/university or, if immediately prior to the entry date, the applicant has spent four consecutive years in a school where all courses are taught in English or if the applicant meets the Board of Governors' minimum SAT or ACT scores in Reading and Writing.

Performance in course work at any USF System Institutions attempted as a non-degree seeking student does not qualify an applicant for admission to USFSM's undergraduate degree program except if completed as part of the approved Pathways programs offered through INTO USF or other approved program.

Prior to registration, each student accepted for admission must submit a signed medical history form, including documentation of appropriate immunizations as required by [USF Policy 33-002](#). New undergraduates, including both freshmen and transfers, must complete the appropriate Orientation/Advising/Registration program before the first day of classes of their term of entry.

## Freshman Admission Requirements

Admission is competitive and based on a variety of factors, including the strength of your high school curriculum, record of academic achievement and ACT or SAT scores. We also value special talents in and out of the classroom.

### Recommended Minimums

- HS GPA 3.3 (recalculated by USFSM)
- SAT 500 on critical reading; math, writing
- ACT 21 on reading; math; writing

Must also meet the State University System of Florida (SUS) minimum number of academic units of high school credit.

See website: <http://www.flbog.edu/forstudents/ati/ftcs.php>

## General Transfer Requirements

The Florida Statutes and Florida Board of Governors' Regulation 6.004 govern transfer admissions.

1. Transfer applicants must be in good standing and eligible to re-enroll at the last regionally accredited institution attended as a degree-seeking student.
2. All transfer applicants must meet satisfactory academic progress criteria as determined by the U.S. Department of Education. USF System Institutions have specific transfer admission requirements which may include a completion of specific percentage of courses attempted. An excessive number of course withdrawals and/or failed and repeated courses could negatively affect admissibility as a transfer to USFSM.
3. Transfer applicants must submit official transcripts from all post-secondary colleges and schools attended.
4. USFSM Admissions computes grade-point averages based on grades earned in courses acceptable for transfer credit; incomplete grades compute as failures.
5. Transfer applicants must have completed two credits of one foreign language or American Sign Language in high school or the equivalent to eight to ten semester hours in the undergraduate institution(s) attended or demonstrate equivalent foreign language competence as described in BOG Regulation 6.004. USFSM exempts transfers from this admissions requirement if they received an Associate in Arts degree prior to September 1, 1989, or if prior to August 1, 1989, they enrolled in program of study leading to an associate's degree from a Florida public college or university and have maintained continuous enrollment until they are admitted to a university. A student establishes continuous enrollment by taking a

course at least one term in each twelve-month period beginning with the student's first enrollment in the Florida College System and continuing until the student enrolls in a SUS Institution.

## Lower-level Transfer Requirements

USFSM accepts lower-level transfer applicants who have earned at least 12, but fewer than 60 semester hours of transferable college credit. Lower-level transfer applicants must meet all requirements explained below under the section, "Upper-level Transfer Requirements." In addition, lower-level transfer applicants must submit an official high school transcript showing a minimum 2.5 GPA on a 4.0 scale. In addition, they must submit official SAT or ACT scores that meet minimum criteria set by the Florida Board of Governors for all State University System Institutions. The minimum SAT scores are 460 in Critical Reading, 460 in Mathematics, and 440 in Writing. The minimum ACT scores are 19 in Reading, 19 in Mathematics, and 18 in English Writing.

## Upper-level Transfer Requirements

USFSM grants admission to graduates of state approved Florida public college or universities who hold the A.A. degree/certificate. Florida Administrative Rule 6A-10.024 (Articulation Between and Among Universities, Community Colleges, and School Districts) governs the admission of A.A. degree/certificate degree transfers from Florida public colleges and universities. Undergraduate transfer students who have not earned the A.A. degree/certificate from a public community/junior college or state university in Florida or who have attended another college after receipt of the A.A. degree/certificate from a public community/junior college or state university in Florida must have an overall 2.0 grade-point average on a 4.0 scale in all college-level courses attempted and acceptable to transfer.

Associate in Arts degree holders who are not exempt from the foreign language requirement and all other upper-level transfer students admitted without meeting the foreign language admission requirement must satisfy the foreign language requirement prior to graduation.

Undergraduate transfer students who have not earned the A.A. degree from a Florida public institution or who have attended another college after receipt of the A.A. must minimally meet the requirements below to be considered for admission; however, satisfying these minimum requirements does not guarantee admission.

1. Be in good standing and eligible to return to the last regionally-accredited institution attended as a degree-seeking student or a non-regionally accredited institution participating in the State Course Numbering System (SCNS) with SCNS approved transferable credits;
2. Passed two years of the same foreign language in high school or 8 to 10 semester hours of the same foreign language at a previous college or university. Students who entered a Florida College System institution prior to August 1, 1989 and maintain continuous enrollment until the time of their USFSM entry as degree-seeking students may be admitted without the required foreign language study;
3. Meet the minimum grade-point average required by the program if entering a limited-access program and transferring 60 or more semester hours;
4. Present a minimum score of 550 (written test) or 79 (Internet-based test) on the Test of English as a Foreign Language (TOEFL), or 6.5 on the IELTS.

Upper-level transfer applicants to a limited access major must meet program requirements prior to admission to the University. Please refer to the requirements listed in the College sections of the catalog.

USFSM also considers applicants who do not fully meet the minimum requirements as stated in #1 and #2 above but who have important attributes, special talents, or unique circumstances that may contribute to a representative and diverse student body. A faculty committee considers these undergraduate transfer applicants for admission on the basis of other appropriate evidence of promise for academic success. These applicants should also submit appropriate alternative evidence of academic achievement, ability, motivation, and responsibility that indicates a potential for academic success at USFSM.

## Admission Denial

Any applicant who does not meet minimum admission requirements and/or is denied admission to USFSM may submit an appeal in writing within 30 days of notification for reconsideration of the admissions decision for review by the Director of Admissions. The request must provide reasons/evidence why this reconsideration is warranted based on extenuating circumstances and/or appropriate alternative evidence of academic achievement, ability, motivation, and responsibility that indicates potential for success. In addition to the admission criteria, other factors may be considered including, but not limited to, improvements in high school record, family education background, socioeconomic status, graduation from a lower performing high school, graduation from an International Baccalaureate program, geographic location, military service, special talents, and/or abilities or other special circumstances. After a thorough review of the student's profile by the appropriate faculty committee, the committee may conclude that the applicant should be admitted if it is deemed that the student can be successful academically and graduate from USF System institutions. Student-initiated petitions that are denied by the Faculty Committee on Student Admissions may be further appealed to the Academic Council who makes the final decision. with no additional level for appeal beyond the Dean. Academic services and/or programs designed to enhance the success of any student admitted based on a profile, must be outlined in the Committee's recommendation for admission.

Undergraduate applicants—freshmen or transfers—who are denied admission as a degree-seeking student may not enroll as a non-degree seeking student.

Applicants denied admission to USFSM who have a disability as defined by Board of Governors Regulation 6.018 and Section 1007.02, Florida Statutes may request a reasonable substitution of any requirement for admission in a letter of appeal of the decision as provided by the protocols of USFSM. The applicant may be required to provide documentation as detailed in Board of Governors Regulation 6.018 or Section 1007.264 Florida Statutes that the failure to meet the admission requirements is related to the disability, and USFSM may request other pertinent documents as needed to determine eligibility for substitution under this subsection.

On appeal of a denial of admission, USFSM may provide reasonable substitution for any course or high school unit requirement for any person who has a documented disability. Documentation must be provided that the failure to meet the admission requirement is related to the disability, and the institution may request pertinent documents as needed to determine eligibility for substitution under this subsection.

USFSM may refuse admission to a student whose record shows previous misconduct that is deemed not to be in the best interest of the University community. The Office of Student Rights and Responsibilities or designee, will review all applications in which prior legal or behavioral conduct issues are noted. When necessary, this officer will contact appropriate parties having knowledge of the applicant and/or the misconduct and make a decision as to whether admission of the applicant will be in the best interest of USFSM. Any applicant denied admission under this Regulation may submit a written appeal to the designated office within ten (10) days after the notification of the denial of admission.

A non-degree seeking student dismissed from USFSM for violations of academic integrity or the USF System's Student Code of Conduct is not eligible for admission as a degree-seeking student to USFSM. If a student dismissed from USFSM subsequently earns a degree from a regionally accredited institution, the student may apply as a degree-seeking student to USFSM. If extenuating circumstances contributed to the dismissal and the student meets current admissions

requirements, the student may submit a request for waiver of this rule to the Office of Student Rights and Responsibilities or designee, for an academic violation, or for a violation of the Code of Conduct.

## **Admission International**

International undergraduate applicants who are not permanent U.S. residents (BOG Regulation 6.009) must submit applications for admission, application fees and all required supporting documents by the published deadlines. Applicants living outside of the United States are encouraged to submit required documentation no later than three (3) months prior to the date of desired entry to USFSM or the deadline for the degree program, whichever is earlier.

Supporting documentation includes the “Financial Support Requirements” form to show proof of availability of financial resources sufficient to cover all educational, maintenance, personal and travel expenses while attending USFSM without financial assistance from the USF System; all transcripts identifying subjects and grades from the first year of secondary work to the time of application or graduation when applying as an entering freshman or a transfer with less than 60 hours of transferable postsecondary credit; appropriate diploma(s), certificate(s), degree(s), mark-sheet(s) and/or examination(s) passed, from the home country, as evidence of United States equivalent qualifications and academic preparation for the degree program requested; and “Transfer Clearance Form” signed by the International Student Advisor, if currently enrolled in a U.S. Institution. Each International applicant must submit a signed health history form, including proof of immunizations as required by USF Policy 33-002, and proof of adequate health insurance coverage as required by USF Regulation 6.0162.

All transcripts must be in English. It is the applicant’s responsibility to have the transcript(s) translated before submitting them as part of their admission credentials. All transcripts not in English must be accompanied by a certified English translation; foreign postsecondary transcripts must be evaluated by one of the credential evaluation services identified and published by the appropriate international admissions office. Documents signed by a notary or other public official with no educational affiliation will not be accepted.

Applicants whose native language is not English must demonstrate English proficiency by meeting the minimum test score requirements on the Test of English as a Foreign Language (TOEFL) as follows: 550 on the paper-based, 79 on the internet-based TOEFL (IBT), or 6.5 on the IELTS. The TOEFL or IELTS requirement may be waived for an undergraduate applicant, if the applicant has completed successfully the equivalent of English Comp I and English Comp II or has submitted SAT or ACT test scores sufficient to validate English reading and writing proficiency as determined by the Board of Governors of the State University System of Florida.

## **Admission Process**

Admission is granted for an entry term and program as designated in the Official Acceptance Notice from USFSM. Students must enroll for the term to which they are admitted to validate their admission.

### **Deferment of Admission**

Students who do not enroll for the admitted term may request a Deferment of Admission for a new entry term that starts within 12 months of the originally requested term. Applicants who request new entry dates must meet the admissions requirements and selection criteria in effect for the new term requested. Entry into selected degree programs may not be available for every term.

### **Provisional Admission**

An applicant receiving a provisional admission as a degree-seeking student must submit any missing admission credentials, such as official transcripts or test scores required to substantiate eligibility for admission before the beginning of the second term of enrollment. Undergraduate applicants—freshmen and transfers—who do not meet the applicable institutional admissions requirements may be admitted through a profile assessment by a faculty committee under authority delegated by the Florida Board of Governors when there is evidence that the student can be expected to be academically successful. This alternative review may be utilized for applicants who have important attributes, special talents or unique circumstances that will contribute to a representative and diverse student population.

Students admitted to USFSM through a profile assessment because they do not meet the BOG admission requirements (BOG Regulation 6.002, (2)4.(b)) must be reviewed annually by the Dean of Students, or designee, to ensure that their rates of retention, academic success and graduation remain near or above USFSM's average. USFSM is responsible for required reports regarding students admitted under this section. The success of students admitted under the profile assessment process shall be reviewed by the Board of Trustees.

## **Admission to Limited Access Degree Program**

USFSM has established limited access undergraduate degree programs of study, which are approved by the Florida Board of Governors and the State of Florida Articulation Coordinating Committee. USFSM offers limited access degree programs in the College of Business, and the College of Education.

Upon admission to USFSM, transfer students, especially those from Florida's public colleges and universities, shall have equal opportunity to enroll in limited access baccalaureate programs.

In addition to the minimum requirements for admission, applicants seeking entrance to limited access programs must meet additional requirements published and announced by each limited access program.

All applicants who seek direct admission must meet the criteria of the requested limited access program including the overall GPA to be eligible for admission.

## **Application Process**

The [USFSM application for admission](#) is available on-line and is required for the following:

- First time applicant for admission to a baccalaureate degree program;
- Transfer applicant pursuing a Baccalaureate degree program
- Former USF System institution student who has not been enrolled in a USF System institution during the twelve (12) months or three consecutive terms prior to the new term of admission;
- Student who has been academically dismissed from the institution; or
- Continuing or former USF System student applying for a second degree or another level of study, i.e. graduate degree program, if required by an institution within the USF System.

### **When to Apply**

Applications for admission and non-refundable application fees for USFSM must be submitted by the published application deadline for the requested term of entry or the degree program, whichever is earlier. (see Academic Calendar) USFSM begins admitting students 12 months prior to the requested date of entry. If the application, fee, or application materials are received after the published application deadline or after the enrollment limits or program limits are achieved for the requested term of entry, USFSM reserves the right to process the application for the next available semester.

### **Application Fee**

A \$30.00 non-refundable application fee must be included with the application.

### **Immunity Proof Requirement**

Prior to registering for classes, all students born after 1956 are required to present documentation of proof of immunity to MEASLES (Rubeola) and RUBELLA (German Measles). It is further required that all students must present proof of immunity to Hepatitis B and Meningitis or decline immunization by signature. Students living in USFSM housing must be vaccinated against meningitis. The option to decline immunization is not permitted. (See Immunization Policy)

### **International Applicants**

International applicants must submit the application and all admission credentials so that all materials are received by the application deadline for the requested term of entry.

### **Transcripts and Other Documents**

Official transcripts, test scores and other required credentials must be received directly from the issuing institution or agency. The applicant is responsible for requesting all required credentials and ensuring that they are received by USFSM Office of Admissions. All documents and credentials submitted are the property of USFSM. Originals or copies of the originals will not be returned to applicant nor forwarded to any third parties.

USFSM reserves the right to request the testing agency to validate any applicant's admission materials including transcripts and test scores such as SAT, ACT, TOEFL or IELTS used in the admission process if, in the judgment of University officials, there is reason to warrant this validation.

An application for admission, residency affidavit, or supporting documentation submitted by or on behalf of a student containing false, fraudulent, or incomplete information may result in the denial of admission, or future semester registration and/or rescission of admission, credit or degrees awarded by USFSM.

### **Change Term of Entry**

Applicants may request admission for a different entry term that begins within 12 months of the original date of application without submitting a new application or paying another application fee. Any request for changes of the entry term or change to another substitution in the USF System must be submitted in writing, and must provide the names of any college(s) attended and/or college work attempted that is not reflected on the original application. Also, official copies of transcripts must be received by the application deadline for the new term of entry or the degree program, whichever is earlier. If the new term of entry begins more than 12 months after the original application, a new application and fee must be submitted.

### **Articulation Agreement**

<b><u>Statewide Articulation Agreements Website</u></b>
<u>Articulation Between and Among Universities, Community Colleges, and School Districts</u>

An articulation agreement, in effect since April 13, 1971 and later adopted by the Florida Legislature in statute form as Florida law, governs an effective and orderly transfer of Florida college students into the State University System (SUS).

The agreement defines and establishes the Associate in Arts degree from a Florida public college as the basis for all articulation rights.

## **Readmissions of Former Students Returning**

A degree-seeking undergraduate who has not enrolled at USFSM during the last 12 months must complete a new Application for Admission and pay the \$30.00 admission application fee to USFSM by the deadline for the term of requested reentry.

Undergraduate students returning to seek a baccalaureate degree must be in good academic standing and eligible to return to the USFSM as well as the last institution attended as a degree-seeking student. For all college-level academic courses attempted at any institution since last enrolling in the USFSM, the applicant's transfer GPA must meet or exceed the GPA required of new transfer students at the time of readmission.

Former students who have attended one or more institutions since their last enrollment must request official transcripts of all work attempted at the other institution(s) be sent to the Office of Admissions. Acceptability of transfer credits toward completion of degree programs will be determined by the college of the student's major.

The Academic Regulations Committees (ARC) have the Power to Approve (PTA) petitions for undergraduate or non-degree seeking students that fail to maintain a 2.0 GPA and are Academically Dismissed (AD) from USFSM. (Refer to the Academic Probation and Academic Dismissal Policies.) Academic Regulations Committees also may approve the readmission of students who qualify for Academic Renewal to have portions of their academic record not counted in the determination of the GPA for graduation purposes. (Refer to the Academic Renewal Policy.)

## **Transfer Credit Evaluation**

The receipt and evaluation of transfer credits is the responsibility of the Admissions' Office, which will evaluate the acceptability of total transferable credits. The college of the student's major will determine the transfer courses applicable toward the degree and assign equivalent courses to the transcript. In some cases, course equivalents may also be determined by specific colleges that offer the same or similar courses as part of their programs of study.

Transfer credits are accepted only from those institutions that are accredited by one of the six regional accrediting agencies at the time the credits were earned. Credits earned at an institution when it is/was in candidacy status will be considered for transfer credit once the awarding institution receives full regional accreditation. If an applicant is applying from a non-regionally accredited school, courses approved for transfer by the Articulation Coordination Committee may be considered for transfer credit. However, the admission decision will be based on the student's prior work, if any, at a regionally accredited institution. Students may submit a request in writing to the Director of Admissions for courses from non-regionally accredited institutions to be accepted for transfer credit; submission of course syllabi and other information may be required.

1. Courses that are remedial, occupational, or vocational in nature are not accepted as transfer credit to USFSM unless specifically determined by the university. In addition, USFSM reserves the right to evaluate courses or deny transfer credit, if not applicable to the degree program.
2. Associate in Arts (AA) degree holders from a Florida public accredited institution will be awarded 60 semester hours of credit and recognized as having completed the USFSM's General Education and University Success Requirements. For AA degree holders awarded by an out-of-state or private in-state institution, the USFSM Office of Admissions will conduct a course-by-course transfer credit evaluation.

3. Articulated Associate in Science (AS) degree holders from a Florida public accredited institution will be awarded 60 semester hours of credit including credit for appropriate transferable General Education Courses they have completed per Florida's Statewide Articulation Manual. For AS degree holders awarded by an out-of-state or private in-state institution, the USF System institution's designated office will conduct a course-by-course transfer credit evaluation.
4. All courses from a Florida public college or university with the same State Common Course prefix and last three numbers as a USF System course are automatically transferred and the transfer student will not be required to repeat these courses unless a college minimum grade or age-of-record policy is involved. Excluded are graduate courses, studio courses in art, internships, practica and performing arts courses in dance, acting, vocal and instrumental music.
5. Credit is not awarded based on GED test scores.
6. Military service school courses will be evaluated with reference to the recommendations of the American Council of Education (ACE) when official credentials have been presented. However, such recommendations are not binding upon USFSM.
7. For ROTC and military science courses the maximum credit may vary with each college. A student must confer with his/her academic advisor to determine the credit for his/her major.
8. USFSM awards credit-by-examination based on the minimum guidelines as established by the Articulating Coordinating Committee (ACC) available on the FACTS.org website, pursuant to Florida Statute 1007.27(2), and approved by the State Board of Education and Board of Governors. Per USF System Policy 10-017 (Credit by Examination), the USF System will accept a maximum of 45 credit hours earned through any combination of the examinations provided by the Advanced Placement (AP), Advanced International Certificate of Education Program (AICE), International Baccalaureate (IB), College Level Examination Program (CLEP), DANTES/DSST, Excelsior College and CAPE exams.
9. A maximum of 30 semester hours of extension, correspondence, and military service education credits may be counted for the purposes of meeting transfer admission criteria and applied toward a degree program.
10. Grades earned in transferred courses are included in the student's grade point average for the purposes of admission to limited access programs, awarding of honors at graduation, and class ranking of baccalaureate students but transfer grades are not included in computing the student's grade point average.
11. A degree-seeking student must obtain prior written approval from the college of the student's major for courses taken at another regionally-accredited institution to be applied to the student's degree program.

## Senior Citizen Tuition Waiver Program

Florida residents who are 60 years of age or older as of registration day, and have lived in Florida for the last 12 months, may enroll on a space-available basis in certain undergraduate and graduate courses without paying fees. The Senior Citizen Tuition Waiver covers a maximum of nine credit hours per term and is applicable only if the student registers for these courses during the designated registration period. Due to the non-degree-seeking status, academic credit is not awarded, examinations are not required, and grades are not assigned. A parking permit, purchased from Parking Services, is required.

Students need not be present in order to register for courses; the Application and Registration worksheet may be submitted by mail or fax.

Many courses require college approval, prerequisites, or have other restrictions which may limit registration. Seniors may acquire the necessary permits in advance of registration. Additionally, the permits may be submitted electronically in OASIS by the issuing college. Under no circumstances will notes on plain paper without college letterhead be accepted.

Students may not pre-register for courses in which they plan to use the Senior Citizen Tuition Waiver. The waiver will not be processed if a senior citizen pre-registers and then submits a Senior Citizen Tuition Waiver form for those courses.

It is the student's responsibility to complete and submit the waiver form allowing sufficient time for the form to reach the Registrar's Office by the registration deadline.

More information about the program can be found at the [Office of the Registrar's website](#). Enter the Word SENIOR in the "search box." The Application and Registration worksheet are on the Registrar's Office Forms page; look under the "Quick Links" section of that page.

## Advising

<b>Location:</b>	<b>SMC C107</b>
Telephone:	941-359-4330
Website:	<a href="http://usfsm.edu/students/academicadvising">usfsm.edu/students/academicadvising</a>

USFSM Academic Advising seeks to guide all students in selecting programs and courses best suited to their personal abilities, educational interests, and career objectives. Students who have been admitted to USFSM and their major area of study may visit their academic advisor. Prospective, admitted, and/or non-degree-seeking students who need information about USFSM academic structure may also visit Academic Advising. All students are encouraged to establish an advising relationship and periodically visit their advisors to keep abreast of any policy, procedural, or curriculum changes that may affect them. Some colleges require advisor approval of student programs each semester. It is important for students to keep in mind that although the University provides advising services to assist students with academic planning, it is each student's responsibility to see that all graduation requirements are met.

### DegreeWorks Academic Advising System

<b>Website:</b>	<a href="http://degreeworks.usf.edu">degreeworks.usf.edu</a>
-----------------	--

DegreeWorks is the USF System-wide computer-assisted advising tool that provides personalized reports to assist with advice, student success, and planning for graduation. DegreeWorks creates personalized reports by matching the student's academic record (both USF System and transfer courses) with the requirements of the student's degree program. Students can use the "What If" worksheet to explore different degree programs by creating a tailored curriculum including majors, concentrations, and minors. The "Look Ahead" feature is available for students to see how a proposed schedule of classes will be used toward completing their degree. Students with questions about DegreeWorks should contact their Academic Advisor.

# Academic Policies & Procedures

## Academic Major

An organized curriculum offered as a major area of study that is part of an existing or proposed degree program and does not constitute sufficient distinct coursework, faculty, and instructional resources to be considered a separate degree program. A Program Major must be reasonably associated with the degree program under which it is offered and share common core or prerequisite courses with other majors within the same degree program. A Program Major will not be assigned a Program Inventory, and will not be recognized as a stand along degree program at the university. The number of credit hours for a Program Major will be established by the university for each degree level.

Students choose their academic major based on a variety of reasons including the student's areas of interest and abilities, past academic achievement and in preparation for a specific profession. A student may not have a major and a minor in the same program. College courses used in the major may not apply to the minor.

## Academic Minor

Academic minors are an organized curriculum offered to students to enhance or complement the degree to be awarded in a manner that leads to specific educational or occupational goals. Students interested in a particular minor should obtain the specific requirements from the appropriate colleges.

Each academic minor conforms to the University requirements:

1. A minimum of 8 semester hours of credit used to satisfy the requirements of a minor must be from USFSM courses.
2. A student may not have a major and a minor in the same program.
3. College courses used in the major may not apply to the minor.
4. USF System institution coursework for a minor must have a GPA of at least 2.0.
5. USFSM undergraduate degree-seeking students are eligible for a minor.
6. A minor can be applied for and received only in conjunction with applying for and receiving a baccalaureate degree, except for students who have already received a baccalaureate degree from USFSM. Those students may earn certification of a minor by taking additional undergraduate coursework at USFSM and applying for the certification.

## Academic Regulations Committee

<b>Website:</b>	<a href="http://usfsm.edu/Students/arc">usfsm.edu/Students/arc</a>
-----------------	--

The Academic Regulations Committee (ARC) serves as a board of appeal for USFSM students that wish to secure waiver or modification of University-wide academic regulations. The ARC meets regularly and reviews petitions submitted by undergraduate students. Undergraduate students must petition and secure approval from the ARC to return to the University after having been academically dismissed or to receive special consideration regarding an academic regulation, including late or retroactive drop of a course, late registration or late add of a course, deletion of a course, and withdrawal from a term.

The ARC will re-examine petitions when the student provides new and substantive information directly related to the petition or evidence that an error was made. A final ARC decision may be appealed first through the College Dean or designee, and then through the Regional Vice Chancellor for Academic and Student Affairs and then through Academic Council.

The University has implemented a statute of limitations on student petitions for retroactive adds, drops, withdrawals, and registration. A student will be limited to two calendar years (six academic semesters/terms) for such appeals whether the student is in attendance or not.

To petition the ARC, completed forms should be submitted to Academic Advising, Room C107. In some cases, a consultation with an ARC representative is required. Students may contact their ARC representative for details regarding their submission. The appropriate forms may be obtained on the website or from their academic advising office. Students will receive notification of the committee's decision by email.

## **Academic Renewal**

The University's Academic Renewal policy allows students previously dismissed from the university, to renew their pursuit of baccalaureate degrees without the responsibility of having to overcome the entire burden of low grades and low grade point averages. To facilitate this opportunity, students who qualify for Academic Renewal may, with the approval of the ARC, have portions of their academic record excluded from calculation of their grade point averages (GPAs). The entire academic record, however, will continue to be reflected on their transcripts even though a selected portion will not be counted in their GPAs. Students approved for Academic Renewal are admitted with the same terms of academic probation and dismissal as other undergraduate students. Academic Renewal will only be applied to a student's academic record one time at USFSM.

### **Academic Renewal I (ARI)**

Students who have been academically dismissed may petition the ARC to return to the University under ARI. A student may be re-admitted to USFSM under ARI, after completing all requirements for the Associate of Arts degree or equivalent (including general education, Gordon Rule, and CLAS requirements) at a two-year or four-year college. ARI students will enter USFSM as juniors and their USFSM grade point average will be calculated from that point forward. While ARI is best utilized by students who have earned less than 60 credit hours it is not restricted to those students. Students with more than 60 credit hours returning to USFSM under ARI will likely incur excess hours and associated monetary penalty. In order to graduate following re-admission under ARI, all degree requirements must be met and a minimum of 30 credit hours must be taken in residence at USFSM. Students who are admitted under ARI may be excluded from admission to limited-access programs and will not be considered for University Honors at graduation unless they meet the criteria using all grades earned.

### **Academic Renewal II (ARII)**

ARII is available to students who were academically dismissed and have 60 or more earned credits from the USF System or other institutions of higher education. These students may be re-admitted to USFSM under ARII, if they are able to provide convincing evidence indicating they are likely to be successful. Generally, such students will have been engaged in successful non-academic activities such as work or military service for at least one year, or will have demonstrated recent academic success defined minimally as the completion of at least 12 semester hours of GPA greater than or equal to 2.00, zero (0) grades below "C", no course withdrawals, and the CLAS requirement being met. In order to be considered for re-admission under ARII, the student must submit a request to the ARC, who will, in consultation with the college, make the final decision regarding readmission. Following readmission under ARII, the student will have their prior USFSM GPA set to 2.00. In order to graduate students must have a cumulative GPA of 2.00 and at least 30 USFSM credit hours with grades of C or higher, including a minimum of 15 USFSM credits earned following readmission under ARII.

Students readmitted under ARII may be excluded from admission to limited access programs. Further, students who exercise the ARII policy will not be considered for University Honors at graduation unless they meet the criteria with all grades earned.

## Academic Residence

### USF System Regulation

#### USF3.007 Degree Requirements: Baccalaureate/Undergraduate

Any credits transferred from a USF System Institution must be processed as transfer credits from any regionally-accredited institution.

Registration and successful completion of at least thirty (30) of the last sixty (60) semester hours at the USF System Institution (home institution) from which the degree is to be conferred. In cases of emergency, a maximum of six (6) hours of the final thirty (30) semester hours may be completed by correspondence or residence at another accredited senior institution with the approval of the academic dean. Exceptions to the home institution rules in this paragraph may be made for students who are enrolled at other universities in USF-approved exchanges, study abroad programs, co-op training programs or correspondence courses from the University of Florida. CLEP credit does not count toward academic residence;

Beginning fall semester 2012, must complete successfully at least 50% of the required courses in the major in courses offered by the USF System Institution conferring the degree. In cases of hardship or lack of course availability, individual exceptions may be approved by the respective College Deans or designees to help ensure timely graduation.

## Credit by Examination

A student who feels he/she has already acquired the basic content of a course on his/her approved schedule should inquire about credit-by-examination. Some exams are offered through the College Level Examination Program (CLEP) and others may be offered within colleges. Interested students should obtain additional information from their advisors or Testing Services.

Credit earned through one examination program may not be duplicated by another examination or course. The following limitations should be recognized:

1. CLEP credit will not satisfy USFSM's residency requirement;
2. Credit for the General Natural Science examination will be granted for non-majors only.

Certain General and Subject CLEP Examinations may be found at <http://www.uc.usf.edu/testing/> and may apply to the General Education Liberal Arts Requirements. Some programs do not award credit toward the degree for certain CLEP examinations, and certain graduate or professional schools such as law, medicine and engineering may not grant equal recognition to students with extensive examination credits. An academic advisor should be consulted to ascertain the applicability of a specific CLEP examination toward a student's degree requirements and the advisability of taking the examinations in a student's specific situation.

#### USF System Policy 10-017 Credit-by-Examination

##### I. INTRODUCTION (Purpose and Intent)

In order to provide greater flexibility and opportunity for students to shorten the time required to obtain a baccalaureate degree, the University of South Florida System (USF System) grants credit-by-examination equivalencies for the following acceleration mechanisms: Advanced Placement (AP), Advanced International Certificate of Education Program (AICE), International Baccalaureate (IB), College-Level Examination Program (CLEP), DANTES/DSST and Excelsior College exams.

## II. STATEMENT OF POLICY

The University of South Florida System awards credit-by-examination based on the minimum guidelines as established by the Articulation Coordinating Committee (ACC) available on the FACTS.org website, pursuant to Florida Statute 1007.27(2), and approved by the State Board of Education and Board of Governors.

Effective fall 2009, a maximum of 45 credit hours in any combination of the examinations provided by the Advanced Placement (AP), Advanced International Certificate of Education Program (AICE), International Baccalaureate (IB), College-Level Examination Program (CLEP), DANTES/DSST and Excelsior College exams will be accepted by the USF System. Course equivalencies for credit-by-exam are posted on the Undergraduate Studies website. Students who enter the USF System with more than 45 credit hours of examinations completed will work with an appropriate academic advisor to determine the most advantageous selection of the credits to be applied. Any requests for an exception to the 45 hour rule must be submitted to the Dean of Undergraduate Studies within 30 days of first attendance.

Credit earned through these examination programs also applies toward satisfaction of the 9 credit hour Summer Attendance Requirement but only if the student enters the USF System with 9 or more credit hours from all acceleration programs combined (i.e. the listed examination programs plus Dual Credit)."

The University of South Florida System will accept credit-by-examination included on transcripts from all accredited colleges, provided the scores earned are at or above the minimums as stated by the ACC.

Regional campuses and separately accredited institutions may have unique characteristics. Students, faculty and staff must check with their individual campuses and apply policies in conjunction and consistent with the specific characteristics, guidelines or procedures applicable to those campuses.

Authorized and signed by:

Ralph Wilcox, Provost and Sr. Vice President

Judy Genshaft, President

## Dean's List

Full-time undergraduate students who demonstrate superior academic achievement during one semester will be honored on a "Dean's List." To be eligible for the Dean's List, a student must be in the "pool", consisting of all students who have registered for at least 12 hours of USF System institution courses in a given semester. Students in the "pool" must complete 12 hours of graded (A-F) USF System Institution courses with no incomplete grades during the semester. The Dean's List shall consist of the fewer of 1) the upper 10% of the enrollment of the college or 2) students in the college with a USF System Institutions 3.5 GPA or above (ties at the 90th percentile will be included in the honors group).

Students registered in the Office of Students with Disabilities Services whose approved accommodations include a reduced academic load are eligible by meeting the above parameters with at least nine (9) hours of graded USFSM courses completed in the semester and the recommendation from that office, to be confirmed by the College Dean.

The college dean in which the student is majoring will recognize this academic honor. Students who receive this honor will have this posted to their official transcript.

## **Declaration of Major**

It is advantageous for students to make early decisions about their majors to be on-track toward their degrees and to graduate in a timely manner. Students are urged to declare a major upon entry to the university. If they are unable to formally choose or declare a major or a pre-major, they should meet with an academic advisor or career counselor to determine a program that best matches their interests.

FTIC (First Time In College) students must be officially declared in a major or a pre-major before they register for more than 36 credits, including credit earned via Advanced Placement, International Baccalaureate, or Dual Enrollment coursework. Students will not be allowed to register for further credit coursework at USFSM until they have declared a major or pre-major.

Transfer students should declare their majors upon entry to USFSM. Transfer students who have not declared a major (or pre-major) and who have completed 75 or more credits of college coursework will not be allowed to register for further credit coursework at the university until they have declared a major or a pre-major. Students transferring in 75 or more credits will be required to declare a major (or pre-major) at the time of admission.

Many resources are made available by the university to assist students in making career decisions and choosing their majors. Information about these resources is readily available from academic advisors or the Career Center.

## **Change of Major**

All students desiring to change their major should consult the Advising Office in SMC-C107.

## **Double Undergraduate Major**

Students may elect to graduate with two majors. In that event, they must apply independently to each college and be assigned an advisor in each discipline. The student must meet all requirements of each major separately and must be certified for graduation by the appropriate dean(s). Both majors must reside at USFSM.

## **Flexible Learning (Correspondence Courses)**

Flexible Learning, once known as University of Florida Correspondence Study, offers for credit, general education courses that meet the math and writing requirements in a flexible online format. The “start now” feature of our innovative online courses for credit provides students with a self-paced online instructional environment while incorporating innovative learning experiences that match the lifestyle and learning preferences of today’s adult learner.

Many of the online courses for credit offered through the University of Florida Flexible Learning Program are general education (Gen. Ed.) courses that meet the Gordon Rule requirements and can be taken as non-degree seeking with the option to transfer back to the student’s home institution.

For more information, please contact Flexible Learning, [flexible.dce.ufl.edu](http://flexible.dce.ufl.edu), P.O. Box 113172, Gainesville, FL 32609; (352) 392-1711, or toll free at (800) 327-4218.

USFSM considers independent study by correspondence as resident credit. Grades are not transferable. Exception: grades for courses taken by Cooperative Education students while on a training period are transferred and will be used in computing the USF System GPA.

USFSM provides proctors for correspondence exams. For more information, contact Academic Affairs at (941) 359-4355.

## **Foreign Language Graduation Requirement for B.A. Students**

In addition to the foreign language entrance requirement all students applying for a Bachelor of Arts degree from USFSM must demonstrate competency in a foreign language. To demonstrate this competency, students may take either two semesters of a beginning college-level foreign language or one semester of a higher-level course and earn a letter grade of "C" (no "S" grades) or above in the appropriate level course or demonstrate equivalent competency by passing an examination (please see your Academic Advisor). Students may fulfill this requirement by demonstrating the fluency in a language other than English and proficiency in English, as demonstrated in successful coursework or examination in English. Students whose native/first language is taught at USFSM are welcome to enroll in USFSM foreign language courses at the level of mastery determined by the foreign language placement examination.

USFSM offers the following language courses:

- Spanish
- American Sign Language

USFSM will accept credit for the following languages:

### **Classical Languages**

- Greek (Ancient)
- Greek (New Testament)
- Hebrew (Classical)
- Latin

### **Modern Languages**

- Arabic
- French
- Hebrew (Modern)
- Japanese
- Portuguese
- Spanish
- Chinese
- German
- Italian
- Polish
- Russian
- Yoruba
- Greek (Modern)

## American Sign Language

Approval for the use of an American Sign Language course is needed by the student's college. The following programs accept American Sign Language Competency for the exit requirement: Criminology, History, Interdisciplinary Social Sciences, Psychology, and all programs in the College of Education.

## Foreign Language Placement

Students with two or more years of study in a foreign language in high school, or with postsecondary course(s) in foreign language, or with experiential learning of a foreign language may not enroll for credit in courses in that language without first taking a placement examination administered by the [USF Tampa Department of World Languages](#). Should the placement examination indicate that remedial work is required (1120-1121), the student will be allowed to enroll with the understanding that the grade eventually earned will be either an "S" or "U."

Under no circumstances will a student who places above the first year level or who passes a higher-level course be allowed to register for or receive credit for a lower-level course in that specific language. Students to whom this regulation applies should inquire of the [USF Tampa Department of World Languages](#) for the placement examination.

## Graduation Application

In order to graduate, a student must submit a graduation application for the bachelor's degree. The graduation application for the bachelor's degree is available from Student Services. Inquiries concerning approval or denial of graduation should be made to the appropriate academic advisor.

This application must be submitted in the term of expected graduation by the deadline noted in the academic calendar. This allows time for ordering academic regalia for participation in the graduation ceremony, certification of graduation by the end of the term, inclusion of name in the graduation bulletin, and timely ordering of the diploma.

Students who submit the graduation application after the posted deadline but prior to the last day of classes for the academic term, and who are determined to have met all graduation requirements in that semester, may have their graduation posted that term. Students who submit an application after the graduation application deadline, and wish to graduate in that term, will be assessed a \$50.00 late fee. Late student applications may not be processed before the next term's registration period if they have not met all degree requirements.

Applications received after the last day of classes will result in the graduation being posted at the end of the following academic term. If a student applies for graduation and is not approved, a new application for degree must be submitted by the deadline in a new term. In order for the degree statement to appear on a student's academic record, the student must file the aforementioned application whether or not participation in the commencement ceremony is desired.

It is the student's responsibility to clear all "I" grades (incompletes) in courses required for graduation and to provide official transcripts of all transferred course work needed for graduation at least 3 weeks prior to the end of the term in which he/she expects to graduate.

A student applying for a second undergraduate major must do so within the same deadline set for applying for a degree.

Students applying for a minor must complete the following:

1. Apply for the minor on the “Application for Degree,” listing both the minor and college responsible for the minor on the application; and
2. Have no “I” grade in required courses.

For purposes of honors recognition at the ceremony, students must have a 3.50 GPA before the term in which they plan to graduate to have honors recognized publicly at the commencement ceremony.

Although applications will be accepted until the last day of classes for the semester of graduation, students applying late will jeopardize their chances of having met all requirements and be denied graduation as a result.

## Graduation Requirements

In addition to the USF System requirements, USFSM minimum requirements for graduation consists of completion of Liberal Arts exit requirements.

### USF System Regulation USF3.007

#### Degree Requirements: Baccalaureate/Undergraduate

A student is academically eligible to receive a Baccalaureate degree from individual institutions in the University of South Florida System (USF System) when a student completes the requirements of entities including (1) the Board of Governors (BOG), (2) the USF System, (3) the Program, College or Institution requirements, and (4) general academic approval by the University. The requirements are outlined in more detail below.

(1) Board of Governors Basic Requirements: (established by Florida state law and the Board of Governors Regulation 6.017)

(a) Satisfactory completion of general education requirements consisting of a minimum of:

1. Thirty-six (36) semester hours in the subject areas of communication, mathematics, social sciences, humanities, and natural sciences, including:

a. Six (6) semester hours of English coursework (noted as Gordon Rule courses) in which the student is required to demonstrate college level writing skills through multiple assignments and six (6) additional semester hours of coursework with similar writing requirements. Students awarded college credit in English based on their demonstration of writing skills through dual enrollment, advanced placement, or international baccalaureate instruction shall be considered to have satisfied this requirement to the extent of the college credit awarded.

b. Six (6) semester hours of mathematics coursework (noted as Gordon Rule courses) at the level of college algebra or higher. Applied logic, statistics and other computation-based coursework that may not be offered by a mathematics department may be used to fulfill three (3) of the six (6) hours required by this section. Students awarded college credit based on their demonstration of mathematics skills at the level of college algebra or higher through dual enrollment, advanced placement, or international baccalaureate instruction shall be considered to have satisfied this requirement to the extent of the college credit awarded.

(b) Updates or changes to State and BOG Requirements. The USF System must comply with any updates or changes to state mandates or BOG requirements. The USF System will incorporate those changes in this Regulation by technical amendment as quickly as possible. However, at all times, including what may be an interim processing time, students will be held to the most current standards established by the BOG or state law.

(2) USF System Requirements. In addition to Florida Board of Governors and/or state requirements, the USF System has the following USF specific minimum requirements that are designed to assure the academic integrity of the degree programs at each System Institution:

(a) Successful completion of a minimum of 120 unduplicated semester credit hours through university coursework, acceleration mechanisms, and/or transfer credit, including courses specifically approved as repeatable for credit within the System (e.g. practica, ensembles and field experiences);

(b) A minimum adjusted grade point average (GPA) of 2.0 on all course work taken at the USF System Institution from which the degree is conferred and an overall 2.0 average on all college-level work attempted;

(c) Satisfactory completion of major requirements in a chosen degree program, including additional requirements set by the USF System Institution and college offering the degree;

(d) Successful completion of at least forty-eight (48) semester hours in courses numbered 3000 and above;

(e) Successful completion of at least 25% of the total credit hours required for the degree must be in courses offered by the USF System Institution conferring the degree;

(f) Registration and successful completion of at least thirty (30) of the last sixty (60) semester hours at the USF System Institution (home institution) from which the degree is to be conferred. In cases of emergency, a maximum of six (6) hours of the final thirty (30) semester hours may be completed by correspondence or residence at another accredited senior institution with the approval of the academic dean. Exceptions to the home institution rules in this paragraph may be made for students who are enrolled at other universities in USF-approved exchanges, study abroad programs, co-op training programs or correspondence courses from the University of Florida. CLEP credit does not count toward academic residence;

(g) Beginning fall semester 2012, must complete successfully at least 50% of the required courses in the major in courses offered by the USF System Institution conferring the degree. In cases of hardship or lack of course availability, individual exceptions may be approved by the respective College Deans or designees to help ensure timely graduation;

(h) Students who have entered a university in the State of Florida University System with fewer than sixty (60) hours of credit are required to earn at least nine (9) hours prior to graduation by attendance in one or more summer terms in courses offered by a USF System Institution or any one of the State University System of Florida institutions. This requirement may be waived in cases of unusual hardship to the individual;

(i) Satisfaction of the foreign-language admissions requirement by having two (2) sequential units of the same foreign language in high school, or eight (8) semester hours of the same foreign language in college, or documented equivalent proficiency; and

(j) The student's degree program (major) will appear on the baccalaureate diploma. (If a student satisfies all requirements for two (2) majors, including admission, prerequisite, core, etc., both majors may appear on the diploma).

(3) Program, College, or Institutional Requirements: All students must be aware of and satisfactorily complete any additional requirements that may be required by a specific program, college or institution from which they are graduating as set forth in handbook, catalogue, or other published criteria.

4) General Academic Approval: Successful completion of academic coursework constituting the student's program of studies, minor, honors thesis, or certification examination does not guarantee award of the baccalaureate degree. Faculty

judgment of the academic performance of the student is inherent in the educational process in determining whether the award of the baccalaureate degree or admission into a higher level degree program is warranted.

Authority: Art. IX, Sec. 7, Fla. Constitution; Fla. Board of Governors Regulations 1.001, 6.016, 6.017; 1007.25, F.S. History–New 10-6-75, Amended 7-3-79, 2-22-82, Formerly 6C4-3.07, F.A.C. Amended 4-19-90, 8-19-90, 12-2-92, 8-10-93, 7-17-94, 7-20-95, Formerly 6C4-3.007, F.A.C., Amended 2-21-11, 9-21-11, 07-25-12.

## Honors at Graduation

To be considered for honors at graduation, a baccalaureate candidate must have completed at least 40 credits of graded upper-level work within the USF System Institution. In addition, a student must have earned a grade point average of 3.50 or higher for all graded coursework attempted within the USF System institutions, and 3.50 GPA in all post-secondary coursework.

For those students in programs requiring multiple clinical experiences (such as Education), a baccalaureate candidate must have completed at least 30 hours of graded upper level coursework and have earned a grade point average of 3.5 or higher for all graded coursework attempted within the USF System Institution. In addition, to be eligible for honors, all students who have post-secondary work elsewhere must have an overall GPA of 3.50 or higher counting all courses within the USF System institution as well as all transferable work attempted at other institutions.

The grade forgiveness policy within the USF System or other institutions and plus/minus grades awarded at other institutions will not be applicable in computing the GPA for honors. In addition, students with a record of academic dishonesty appearing on any transcripts may graduate from a degree program after meeting all degree requirements, but will not be eligible for honors at graduation, including the honor of graduating from the Honors College or a college honors program.

Criteria for Honors at Graduation:

- Cum Laude (with honor): 3.50 USF System GPA or higher AND 3.50 – 3.70 overall GPA
- Magna Cum Laude (with high honor): 3.50 USF System GPA or higher AND 3.70-3.90 overall GPA
- Summa Cum Laude (with highest honor): 3.50 USF System GPA or higher AND 3.90 overall GPA or higher

In addition, each college dean has the option to select on the basis of exceptional achievement 1% of the college's graduates or 1 student per semester for graduating with distinction.

For purposes of honors recognition at the commencement ceremony, students must have a 3.50 GPA before the term in which they plan to graduate to have honors recognized publicly at the commencement ceremony.

## Independent Study

Undergraduate students wishing to take a course by independent study must contact their academic advisor and the instructor of the course for permission. The instructor specifies the requirements to be completed by the student including tests, periodic class attendance, term papers, etc.

Not all courses in USFSM may be taken by independent study. The respective colleges have jurisdiction in the determination of which courses may be taken in this manner.

The regular grading system applies to all independent study students. Grades earned by independent study have the same status as those acquired through regular class attendance. Students taking a course by independent study must register for the specific course section in the regular manner.

## **Mandatory Course Attendance at First Class Meeting**

This policy has been put into effect so that USFSM may effectively utilize classroom space and to insure that all students have maximum opportunity to enroll in classes where demand exceeds availability of seats.

Students are required to attend the first class meeting of undergraduate courses for which they registered prior to the first day of the term. Names of students who register prior to the first day of the term are shown on first class roll in Blackboard/Canvas for each course section. The first day class roll is used by professors to drop students who do not attend the first day of class. Students having extenuating circumstances beyond their control and who are unable to attend the first class meeting must notify the instructor or the college prior to the first class meeting to request waiver of the first class attendance requirement. Please note that the Registrar's Office does not add students to any courses. Students are required to add their courses via OASIS. To avoid fee liability and academic penalty, the student is responsible for insuring that he/she has dropped or been dropped from all undesired courses by the end of the 5th day of classes.

Courses without regularly scheduled meeting times are exempt from this policy, e.g. e-learning, directed readings, thesis, dissertation, etc.

## **Summer Enrollment Requirement**

USF System Regulation USF3.007

### Degree Requirements: Baccalaureate/Undergraduate

All students entering USFSM with fewer than sixty (60) hours of credit are required to earn at least nine (9) hours prior to graduation by attendance in one or more summer terms in courses offered by a USF System Institution or any one of the State University System of Florida institutions.

The University may waive the application of this rule in cases of unusual hardship. A student who wishes to have the rule waived must complete a "Request for Waiver of Mandatory Summer Enrollment Form" available in the Office of the Records and Registration. After submission of the form to the Office of the Records and Registration, the student will be notified by mail of the action taken.

Students are exempt from the summer requirement provided they have earned 9 or more credits from one of the acceleration mechanisms listed below prior to matriculation at an SUS institution. There is no provision for partial credit that would allow students to complete in summer enrollment only the difference in credits between the required 9 semester hours and the number of credits less than 9 that they completed prior to matriculation. (Approved acceleration mechanisms include: Advanced Placement, International Baccalaureate, Dual Credit, Early Admission, Advanced International Certificate of Education, and credit from the Florida Virtual School.)

The requirement may be fulfilled only by attending one of the universities in the State University System: University of South Florida, Florida Agricultural and Mechanical University, Florida Atlantic University, Florida Gulf Coast University, Florida International University, Florida State University, New College of Florida, University of Central Florida, University of Florida, University of North Florida, University of West Florida, and Florida Polytechnic University.

## Repeat Course Work

The credit hours for a course that has been repeated may be counted only once toward the minimum 120 semester credit hours (earned hours) required for graduation. All credit hours (except when grade forgiveness is applied) are calculated in the GPA. For information regarding fees for repeat course work, refer to the [Repeat Course Surcharges](#) section of the catalog.

## Second Undergraduate Major

A student who wishes to work for a second major, after receipt of a baccalaureate degree, must apply through the Office of Admissions (if they are inactive) and meet the major requirements as determined by the college. (Exceptions to this rule are students who had been previously accepted for a “Double Undergraduate Major” but graduated with only one major.) After acceptance by the appropriate college and proof of completion, the student’s “permanent academic record” will be posted accordingly. Those students who complete the requirements for a second major must be aware that they will not receive a second degree.

## Second Baccalaureate Degree (USFSM Transfer Students)

A student who has already graduated from an accredited four-year institution must earn a minimum of an additional 30 semester hours of USFSM undergraduate courses to apply toward his/her second baccalaureate degree. Students must also meet the University’s regular graduation requirements, as well as the requirements of the college awarding the degree and the residency requirements.

## Two Degrees for USFSM Students

A student at USFSM may receive two baccalaureate degrees provided he/she meets University graduation requirements for both degrees. In addition to the minimum 120 semester hours that apply toward the first degree and include at least 60 semester hours from a baccalaureate institution, the student must also earn at least a minimum of 30 semester hours in USFSM undergraduate courses that will apply toward the second degree. The student must also meet the requirements of the college awarding the degree and the residency requirement.

## Withdrawal

Students may withdraw from the USF System without academic penalty for the first ten weeks of any term, except for summer sessions. To withdraw, a student must submit a completed Withdrawal Form to the Office of the Registrar. No entry is made on the academic record for withdrawals submitted during the regular drop/add period (first five days of classes). All subsequent withdrawals (through the tenth week of classes in the fall and spring semesters) are posted to the academic record with “W” grades assigned to the courses.

Withdrawal deadlines for summer sessions are listed in the Academic Calendar and are published in the USF System Schedule of Classes for Summer Terms.

Undergraduate students who withdraw while on final academic probation will be academically dismissed from the USF System. When a student is academically dismissed, approval of the ARC is required for reentry.

## Degrees Offered

Bachelor of Arts, B.A.

Bachelor of Science, B.S.

Bachelor of Science in Applied Science, B.S.A.S.

Bachelor of Science in Information Technology, B.S.I.T.

Bachelor of Science in Communication Sciences and Disorders, B.S.C.S.D.

USFSM colleges establish certain academic requirements that must be met before a degree is granted. These requirements concern such things as curricula and courses, majors and minors, and academic residence. Advisors, directors, and deans are available to help the student understand and arrange to meet these requirements, but the student is responsible for fulfilling them. At the end of a student's course of study, if requirements for graduation have not been satisfied, the degree will not be granted. For this reason, it is important for all students to acquaint themselves with all regulations and to remain currently informed throughout their college careers and to be responsible for completing requirements. Courses, programs, and requirements described in the catalog may be suspended, deleted, restricted, supplemented, or changed in any other manner at any time at the sole discretion of USFSM and the USF System Board of Trustees.

# Liberal Arts Requirements

USF System Regulation: USF3.007

All new USFSM students and former students returning are required to take 46 credit hours to satisfy the complete requirements: 36 credit hours of general education course requirements, 1 credit hour Foundation of University Success Course, and 9 credit hours of exit requirements. Some courses within general education and exit requirements can also meet the Gordon Rule requirements. During their sophomore year, students are encouraged to take a 2 credit hour course in degree and career planning. Students seeking second baccalaureate degrees (those coded as 5B) are exempt from these requirements.

The requirements are distributed as follows:

<b>General Education Requirements 1, 2</b>	<b>Credit Hours</b>
English Composition	6
Quantitative Methods	6
Natural Sciences	6
Social Sciences	6
Historical Perspectives	6
Fine Arts	3
African, Latin American, Middle Eastern or Asian Perspectives	3
Total	36

<b>Foundations of University Success Course 2</b>	<b>1</b>
---	----------

<b>Exit Requirements 1</b>	<b>Credit Hours</b>
Major Works and Major Issues	6
Literature and Writing	3
Total	9

1 Courses may be certified in more than one area, but students may use each course in only one (1) area. All students must achieve an overall average of “C” (2.0 GPA) in the lower level requirements and a grade of “C-” or better in each of the exit requirement courses.

2 Transfer students should refer to “Transfer Credit Evaluation” in the Admissions section.

## General Education

English Composition (6 hours required)

This requirement consists of a minimum of six (6) semester hours of approved course work in English Composition. Students may satisfy this requirement during the second semester of freshman level composition in the following ways: by

earning a letter grade of “C-” or better at any USF System Institution or another institution. Students awarded college credit in English based on their demonstration of writing skills through dual enrollment, advanced placement, or international baccalaureate instruction shall be considered to have satisfied this requirement to the extent of the college credit awarded. To satisfy the Gordon Rule, students must earn a letter grade of “C-” or better in each of these courses.

Note: 6A = Gordon Rule Requirement

Course Number	Title	Credit Hours	Prerequisites	Notes
ENC 1101	Composition I - 6A	3	PR: Scores of: STI1 of 440 or TFL4 of 550 or TFIT of 079 or EAC1 of 17 or EAC3 of 18	
ENC 1102	Composition II - 6A	3	PR: ENC 1101 (or the equivalent, i.e. passing the CLEP exam).	

Quantitative Methods (6 hours required)

Competence in a minimum of six (6) semester hours of approved mathematics coursework. These courses should include both a practical component providing students with an appreciation of how course content relates to their everyday experiences, and an historical component providing students with an understanding of the application of the material to other disciplines.

Only the courses in the list below may be used to satisfy the General Education Quantitative Methods requirement. At least one course must have either an MAC or an MGF prefix. The other course may be any course in the list. To satisfy the Gordon Rule, students must earn a letter grade of “C-” or better in these courses.

While CGS 2060 is applicable to the Gordon Rule Computation requirement, it cannot be used to satisfy USFSM’s General Education Quantitative Methods requirement.

Students awarded college credit based on their demonstration of mathematics skills at the level of college algebra or higher through dual enrollment, advanced placement, or international baccalaureate instruction shall be considered to have satisfied this requirement to the extent of the college credit awarded.

## Natural Sciences (6 hours required)

Students should successfully complete a minimum of six (6) semester hours of approved coursework in the natural sciences. Students are encouraged to enroll in courses with a laboratory component. It is a goal that all students have at least one science course with a laboratory. Courses may be interdisciplinary. The courses may deal with the content, theories, history, presuppositions, and methods of the discipline. They will include demonstrations and address problems, ambiguities, and different perspectives in the discipline. They will also provide students with an appreciation of how the discipline fits within the natural sciences and relates to their own lives and the broader human experience.

### Social Sciences (6 hours required)

Students must successfully complete a minimum of six (6) semester hours of approved coursework in the social sciences; the courses may be interdisciplinary and need not be sequential. Courses in the social sciences shall involve those disciplines considered to be social sciences in that they deal theoretically and empirically with individuals and their relationships to each other and to society. Courses must deal with the content, theories, history, presuppositions, and methods of the discipline. They should also address problems, ambiguities, and different perspectives in the discipline. These courses will provide students with an appreciation of how the discipline fits within the social sciences and relates to their own lives and the broader human experience.

### Historical Perspectives (6 hours required)

A minimum of six (6) semester hours of approved coursework in artistic, cultural, economic, intellectual, religious, social, and/or political history is required. At least three (3) semester hours will be in the history of Western Civilization. Courses are not limited to those in the discipline of history; however, the courses will have a historical perspective in that they provide students with a sense of the evolution of societies and peoples, including analysis of their history. A sense of chronology is necessary in these courses, but not sufficient. A historical perspective also entails analyses of various elements, such as the intellectual, cultural, artistic, economic, social, political, and religious characteristics of societies and peoples.

Students are required to successfully complete a minimum of three (3) semester hours of approved coursework in the fine arts. Courses in the fine arts shall involve those disciplines considered to be fine arts in that they deal theoretically and experientially with the aesthetic dimensions of individuals and groups. Courses will concern the creative experience that takes into account the perspectives of both the artist and the public. They may be interdisciplinary and must involve the content, theories, history, presuppositions, and methods of the fine arts. They will address problems, ambiguities, and different perspectives in the disciplines of fine arts. These courses will also provide students with an appreciation of how the disciplines fit within fine arts and relate to their everyday experiences.

### **University Success Course Requirements**

Students are required to take the SLS 1107 Foundations for University Success 1 credit hour course during their first semester at USFSM.

Exit Requirements: Major Works and Major Issues/Literature and Writing

## 9 Semester Hours

A student's liberal arts education will continue throughout their college years and not be limited to a relatively small number of required courses in the first two years of college. Exit requirements provide students with an opportunity during their junior and senior years at USFSM to integrate their knowledge within the context of liberal arts. Courses that satisfy the exit requirements will, where appropriate, incorporate considerations of values and ethics; international and environmental perspectives; race and ethnicity; and gender. By their junior and senior years, students will have a foundation in liberal arts and be better able to reflect upon ethical issues in a constructive way.

Students will take at least one of the exit courses outside their major. One of the Major Works and Major Issues courses, if taken outside the student's major, may be taken for S/U credit with the consent of the instructor. Only courses numbered 3000 or above may be used to satisfy the exit requirements.

All students must achieve an overall average of "C-" or better in each of the exit requirement courses. Exit requirements must be completed with USFSM courses only.

Exceptions: 1. Students majoring in the College of Education are permitted to graduate with only six credits of Liberal Arts exit courses, all of which may be taken in the College of Education. The distribution of those six credits varies by major. 2. Students seeking second baccalaureate degrees (those coded as 5B) are exempt from the liberal arts exit requirements.

## Major Works and Major Issues (6 credit hours required)

A portion of the exit requirements consists of a minimum of six (6) semester hours of approved coursework concerning major works and major issues. Courses will focus on the critical evaluation of major issues, documents, or works, and will allow students to read primary texts. These courses may allow students to delve into interdisciplinary topics. Students will be encouraged to write enough to fulfill Gordon Rule requirements.

## Literature and Writing (3 credit hours required)

Students will take three (3) semester hours of approved exit requirement coursework in literature and writing. In these courses students will read significant texts in various fields and write critically about these texts. These courses also meet the Gordon Rule Communications requirement. The writing requirement will be satisfied with assignments that include revision and process writing. The course may be taken within the major if appropriate.

### Gordon Rule

## COURSES TO SATISFY BOARD OF GOVERNORS ARTICULATION RESOLUTION

### State Board of Education Rule 6A-10.030/BOG Articulation Resolution

[Statewide Articulation Manual](#)

[Articulation Regulation](#)

Prior to receipt of an Associate in Arts degree from a Florida public college or university or prior to entry into the upper division of a public university or college, a student shall complete successfully the following:

- a. Six (6) semester hours of English coursework and six (6) semester hours of additional coursework in which the student is required to demonstrate college-level writing skills through multiple assignments. Each institution shall designate the courses that fulfill the writing requirements of this section. These course designations shall be submitted to the Statewide Course Numbering System. An institution to which a student transfers shall accept courses so designated by the sending institution as meeting the writing requirements outlined in this section.
- b. Six (6) semester hours of mathematics coursework at the level of College Algebra or higher. For the purposes of this rule, Applied Logic, Statistics and other such computation coursework which may not be placed within a mathematics department may be used to fulfill three (3) hours of the six (6) hours required by this section.
- c. Students awarded college credit in English based on their demonstration of writing skills through dual enrollment, Advanced Placement, or International Baccalaureate instruction pursuant to Rule BOG 6.017, F.A.C., and students awarded college credit based on their demonstration of mathematics skills at the level of College Algebra or higher through one (1) or more of the acceleration mechanisms in Rule BOG 6.017, F.A.C., shall be considered to have satisfied the requirements in subsection BOG 6.017 (2), to the extent of the college credit awarded.

The Gordon Rule communication and computation requirements are considered met for any student entering the university with an A.A. from a Florida public institution. Gordon Rule communication requirement is considered met for any student entering the university with 60 or more semester hours.

Students must achieve a proficiency level of at least C- in the course in order to receive Gordon Rule Communication credit.

Gordon Rule Communication courses develop and assess competency in college-level writing skills through multiple assignments. At a minimum, students must write 4500 words in a Gordon Rule course, and feedback provided on assignments must include comments related to writing effectiveness. At least one assignment must include submission of a revision in response to substantive feedback. All stages of such papers count toward the 4500 word minimum.

### **Gordon Rule Communication Courses (12 semester hours)**

Six (6) semester hours of English coursework and six (6) semester hours of additional coursework in which the student is required to demonstrate college-level writing skills through multiple assignments.

# Orientation

<b>Website:</b>	<a href="http://usfsm.edu/students/orientation/">usfsm.edu/students/orientation/</a>
<u>USF System Policy 10-035: Mandatory Orientation for New Undergraduate Students</u>	

## Freshman Orientation

### What is New Student Orientation?

New Student Orientation is an annual program consisting of interactive, engaging presentations and activities intended to help acclimate all first-year students to their new campus community. The program is required for all incoming first-year students as a means of transition and preparation for success in the USFSM community.

### Why is New Student Orientation important?

Studies reveal that by increasing the amount of time first-year students have to become familiar with their respective institution, the greater the likelihood they will stay throughout their first year of college. Furthermore, students who actively participate in orientation programs along with other first-year transitional programs are more likely to stay in college, are more satisfied with their overall college experience, have greater academic success, and persist through graduation.

### What are the BENEFITS of participating in the New Student Orientation?

Through the active participation of all first-year students, New Student Orientation:

- forms friendships that will last a lifetime.
- affords opportunities for students to become familiar with the resources available to them at USFSM while establishing greater familiarity with campus building and grounds.
- develops a greater understanding in regards to the interconnected nature of the physical, social/emotional, and environmental aspects of one's self, others, and campus community.
- provides students with useful insights regarding academic, social, and personal challenges.
- clarifies expectations related to college life.
- creates a strong foundation from which every student is able to launch their collegiate career, ensuring persistence through graduation.

## Transfer Orientation

All new transfer students are required to participate in orientation while former students returning to USFSM are encouraged to participate. Orientation at USFSM provides an introduction to USFSM and the USF System and facilitates the smooth transition of students into the academic and social environments of the university. In addition, overviews and requirements for college degree programs, general USF System policies and services, and student activities and campus life are reviewed. Academic advising and registration for classes are part of the orientation process. Transfer students should bring an unofficial or student copy of their transcript(s) at the time of orientation.

The College of Arts and Sciences (CAS) is an interdisciplinary community of scholar/teachers, bound by a shared commitment to the study of human ideas and experience, critical inquiry, creative expression, and open discourse. The faculty is committed to the responsibility of instilling these scholarly skills and values in students. In small classes and beyond the classroom, professors mentor students in the study of humanities, natural sciences, social sciences, and applied disciplines, challenging them to achieve and fostering their ability to do so.

### List of Degrees, Majors, Minors, and Certificates

The CAS offers the following undergraduate degrees:

#### **Bachelor of Arts (B.A.)**

##### **Criminology (CCJ)**

##### **English (ENG)**

Concentration:

- British & American Literature (LIT)

##### **History (HTY)**

#### **Interdisciplinary Social Sciences (ISS)**

- Dual Concentrations (pairing any two disciplines)
  - Anthropology (ATS)
  - Criminology (CRS)
  - Environmental Science and Policy (ESS)
  - Gerontology (GYS)
  - History (HYS)
  - International Studies (ITS)
  - Political Science (PSM)
  - Psychology (PYS)
  - Religious Studies (RES)
  - Social Work (SWS)
  - Sociology (SOS)

## **Professional and Technical Communication (PTC)**

### **Psychology (PSY)**

#### **Bachelor of Science Applied Science (B.S.A.S.)**

Applied Science (requires an A.S. degree) (APS)

Concentrations:

- Gerontology (AGR)
- Leadership Studies (ALS)

Communication Sciences & Disorders (requires a Bachelor's degree) (CSM)

Concentration:

- Speech Language Sciences (SLS)

## **Academic Minors**

Anthropology (ANTM)

Biology (BIOM)

Business and Technical Writing (BTWM)

Criminology (CCJM)

Literature (LITM)

Environmental Science and Policy (ESPM)

Gerontology (GEYM)

History (HTYM)

Environmental Science and Policy (ESP)

Leadership Studies (LDS)

## Honors Program (IDH)

### Admission Requirements

Admission to the CAS is open to students who have been accepted to the USFSM and who declare a major in one of its disciplines. Undergraduate students must submit a formal declaration of major to the college. This occurs during orientation and advising for new students.

### General Requirements

Unless otherwise stipulated below, students in CAS majors must meet all graduation requirements of USFSM. In addition, CAS majors must meet the following requirements of the college.

1. Only courses earning credit at or above the minimum grade requirement are credited toward the degree. Any course in which the grade earned is below the program requirement must be retaken; however, the original grade will still affect the GPA unless it is retaken under the grade-forgiveness allowance.
2. Students may use only one directed-study/-research/-readings course (for a maximum of 4 credits) for elective credit in the major; additional directed-study credit may be applied to hours outside the major. Directed-study/-research/-readings courses require a professor's permission and the dean's approval.
3. No S/U credit can be applied to the major, unless S/U is the only grading option. A maximum of 20 S/U credits are allowed. Requests for S/U grading must be approved by the professor and submitted to the dean by the end of week three of the term. All work for S/U credit is graded.
4. Students should take all "core" courses in the major at USFSM unless they have been accepted as transfer credit upon admittance.
5. Students are encouraged to use credits outside the major to pursue a minor that will be recorded on the transcript. In most cases, minors are composed of 5-6 courses (15-18 credits).

## Graduation Requirements

Unless otherwise stipulated below, students in CAS majors must meet all graduation requirements of USFSM. In addition, CAS majors must meet the following requirements of the college.

1. Unless otherwise stipulated below, students must earn at least a C (not C-) in all course requirements and prerequisites of the major or concentration within a major, minors and certificates.
2. Students must have at least 15 upper-level credits of major course work taught at USFSM.

- For B.A. degrees, students must complete the Foreign Language Exit Requirement by passing or exempting the first two 4 or 5-credit courses of a foreign language.

## Academic Majors

### Applied Science (APS)

#### Classification of Instructional Program (CIP) 24.0102

The Bachelor of Science in Applied Science (BSAS) was developed under provisions from Florida legislation to recognize Associate in Science (AS) degree holders to pursue and acquire a bachelor's degree. At USFSM, concentrations for the BSAS are available in the CAS and CHTL. In the CAS, the BSAS degree can be pursued in two concentration tracks: Gerontology and Leadership Studies.

#### Mission

The mission of the BSAS is to further develop the occupational competencies of an AS degree to the level of a Bachelor of Science degree.

#### Intended Learning Outcomes

- Students will be able to demonstrate knowledge of the significant facts, principles, concepts, and/or theories comprising their selected field of concentration.
- In work appropriate to the following areas of concentration, students will be able to demonstrate the following functions of critical thinking: focus on the main idea, draw inferences, evaluate, analyze, and continue the progression of an idea.
- In work appropriate to the following areas of concentration, students will be able to demonstrate the following functions of good writing: focused unity, coherent organization, relevant support, appropriate diction and syntax, correct grammar and mechanics for the discipline.

#### Policies

Students majoring in BSAS must meet all degree requirements of USFSM. The following policies also apply:

- This degree program is available ONLY to AS graduates from Florida public institutions who have an overall "C" average (2.0) in all college-level courses accepted for transfer credit to USFSM.

#### State Mandated Common Prerequisites

There are no State Mandated Common Prerequisites for this degree program.

#### Degree Requirements

##### Credits transferred in from completed A.S. degree

Requirements	Credit Hours
General education	18

Lower-level credits from A.S. degree	42
--------------------------------------	----

**Credits to be completed at USFSM**

Requirements	Credit Hours	Notes
General education	18

**Gerontology Concentration (AGR)**

## Mission

The curriculum for the BSAS degree concentration in Gerontology at USFSM trains students for careers serving the needs of aging citizens. Students learn about human aging from a variety of aspects: physical, psychological, and social.

## Intended Learning Outcomes

The curriculum of the BSAS, Gerontology Concentration develops the ability to do the following:

1. Apply appropriate facts, principles, and theories in addressing physical concerns related to the aging process.
2. Apply appropriate facts, principles, and theories in addressing psychological concerns related to the aging process.
3. Apply appropriate facts, principles, and theories in addressing social concerns related to the aging process
4. Demonstrate critical thinking skills in the consideration of problems related to human aging.
5. Demonstrate the ability to present correctly and effectively written argument on issues related to human aging.

Students can elect to take a maximum of two of their GEY electives courses at other USF System Institutions.

### **BSAS Electives (3 upper-level courses, 9 credit hours)**

- For optimal career preparation, students are encouraged to take more Gerontology courses as their BSAS electives.
- They can also elect to take courses in related fields, such as Social Work, Psychology, or Sociology.
- If needed, foreign language courses will need to be taken as electives.

### **Exit Courses (3 courses, 9 credit hours)**

## **Leadership Studies Concentration (ALS)**

### Mission

The curriculum for the BSAS degree Concentration in Leadership Studies at USFSM provides students with a solid foundation in leadership theory and technique, applied both personally and professionally and understood from the perspective of the leader and the follower

### Intended Learning Outcomes

The curriculum of the BSAS concentration in Leadership Studies develops the ability to do the following:

1. Apply theoretical concepts of leadership to personal, organizations, and global situations.
2. Apply ethical principles to decision making and practice in a variety of leadership situations.
3. Demonstrate critical thinking skills in the consideration of problems related to leadership.
4. Present correct and effective written arguments on issues related to leadership.

Communication Sciences and Disorders (CSM)

**Classification of Instructional Program (CIP) 52.0201****Speech-Language Sciences Concentration (SLS)**

The B.S. in Communication Sciences & Disorders (CSD) with a concentration in Speech-Language Sciences is a 2nd bachelor's degree, open only to students who have already earned a bachelor's degree in a field outside of CSD with an overall GPA of at least 2.75. The program consists of twelve, upper-level major courses, plus four prerequisites that can be taken as part of the program if they were not satisfied by prior coursework. All cohorts begin in the summer term only, and each cohort is lock-step (students must complete specific courses each semester). The program is offered with two cohort options:

- Full-time (four courses per term)
- Part-time (two courses per term)

The program is completely online. Students are responsible for having technology that meets program specifications, and for completing online orientation and advising prior to registration for classes.

**Mission**

The mission of the CSD program is to prepare students with degrees in other fields for competitive application to Master's Degree programs in Speech-Language Pathology. This preparation includes the acquisition of foundational concepts of speech, language, and hearing sciences, advancement of critical thinking and communication skills, and understanding of professional conduct and scope of practice at a level appropriate for the position of Speech-Language Pathology Assistant.

**Intended Learning Outcomes**

- Demonstrate familiarity with the methods used in the evaluation of communication disorders and differences at a level appropriate for the position of Speech Language Pathology Assistant: basic human communication and swallowing processes, including their biological, neurological, acoustic, psychological, developmental, and linguistic and cultural bases. Aligned with ASHA's KASA standards.
- Demonstrate familiarity with treatment of communication disorders at a level appropriate for the position of Speech-Language Pathology Assistant: knowledge of basic human communication and swallowing processes, including their biological, neurological, acoustic, psychological, developmental, and linguistic and cultural bases. Aligned with ASHA's KASA standards.
- Demonstrate knowledge of professional conduct and scope of practice at a level appropriate for the position of Speech-Language Pathology Assistant.

## Criminology (CCJ)

### Classification of Instructional Program (CIP) 45.0401

The Bachelor of Arts degree in Criminology provides students with the skills and knowledge needed in the wide variety of agencies that comprise the criminal justice system: these include law enforcement, detention, the judiciary, corrections, juvenile justice and probation and parole. Also, the undergraduate program prepares criminology students to pursue a graduate degree in criminology or related disciplines.

### Mission

The undergraduate program in Criminology exposes students to the theory, issues and methodology of the causes of crime and the criminal justice system. The program provides students with the critical thinking skills necessary for the consumption and production of criminological research. Upon graduation, students must be able to delineate the main theoretical explanations of crime and delinquency, demonstrate knowledge of research methods used in the fields of criminology and criminal justice, and provide an understanding of the structure and process of the U.S. system of criminal justice. Criminology students are required to take a capstone course where they produce a research paper to demonstrate their competencies in the above areas.

### Intended Learning Outcomes

The curriculum for the B.A. degree in Criminology develops the ability to do the following:

- Demonstrate an understanding of the structure of the U.S. system of criminal justice
- Demonstrate an understanding of the theoretical explanations of crime and delinquency
- Demonstrate knowledge of research methods used in the fields of criminology and criminal justice
- Demonstrate the ability to construct sound arguments based on inductive and deductive thinking
- Develop clear, concise, correct, and convincing writing appropriate to the discipline

### Policies

Students majoring in Criminology must meet all degree requirements of USFSM and the CAS, as well as the following:

- A minimum of 30 credit hours in the major coursework taken within the USF System

### Prerequisites

There are no State Mandated Common Prerequisites or program prerequisites for the Criminology degree.

## Recommendation

Criminology majors are encouraged to build a strong foundation in statistics by taking STA 2023 as a general education math course prior to taking upper-level courses in the major.

## Program of Study

A minimum of 36 semester hours is required of all undergraduate majors in Criminology, although students may elect to take more.

### Required Degree Core (12 credit hours)

Course Number	Title	Credit Hours	Prerequisites	Notes
CCJ 3024	Survey of the Criminal Justice System	3	None	It is recommended that CCJ 3024 and CCJ 3701 should be taken together during the first semester of the program.
CCJ 3701	Research Methods in Criminal Justice I	3	Junior Standing and grade of C or better (C- not acceptable) in CCJ 3117 (Request permit for waiver of prerequisites)	It is recommended that CCJ 3024 and CCJ 3701 should be taken together during the first semester of the program.
CCJ 3117	Theories of Criminal Behavior	3	CCJ 3024; Junior Standing	Should be taken in the second semester of the program at USFSM.
CCJ 4939	Senior Capstone Seminar (Variable Topics)	3	CCJ 3024, CCJ 3117, CCJ 3701	Should be taken in the last semester at USFSM.

### Required Degree Electives

The remaining 8 courses (24 credit hours) may be chosen from any upper-level Criminology courses. Below is a sample listing of courses offered at USFSM, but this list is not conclusive:

Course Number	Title	Credit Hours	Prerequisites	Notes
CCJ 3621	Patterns of Criminal Behavior	3	Junior Standing	
CJC 4010	American Correctional System	3	CCJ 3024 or CCJ 3117; Junior Standing	
CCJ 4930	Critical Issues in Policing	3	CCJ 3024 or CJE 4114	
CCJ 4604	Abnormal Behavior & Criminality	3	CCJ 3117; Junior Standing	
CJL 3110	Substantive Criminal	3	CCJ 3024, CCJ 3117; Junior Standing

CCJ 4934	Seminar in Criminology	3	Senior standing, a grade of C or better (a grade of C- is not acceptable) in CCJ 3701.	Cannot be used for core capstone credit.
CCJ 4900	Directed Readings	1-3	CCJ 3024, CCJ 3117, CCJ 3621	No more than 4 credits can be used for elective credit
CCJ 4910	Directed Research	1-3	CCJ 3024, CCJ 3117, CCJ 3621	No more than 4 credits can be used for elective credit

#### Electives and Minors

The requirements for the Criminology degree allow for electives outside the major. Students are encouraged to use these credits to pursue a minor that will broaden and enrich their major studies. Students may elect to pursue any minor; however, the following minors at USFSM would well complement a Criminology degree: Biology, Political Science, International Studies, Psychology, History, or Sociology.

#### English (ENG)

#### **Classification of Instructional Program (CIP) 23.0201**

In small seminar-style classes, students majoring in English develop deep appreciation of the literature and literary tradition of Britain and America as they learn to be thoughtful critics of various literary genres. Many professions value the skills developed by this degree, such as reflective reading, critical thinking, effective writing, and articulate oral expression.

### **Mission**

The B.A. degree in English with a concentration in British and American literature provides a solid foundation in the literary traditions of the English language, through the practice of informed literary criticism. By the time literature majors graduate, they are able to understand and analyze complex works of literature, write about and discuss them in meaningful, thoughtful terms, and critically evaluate them. Students demonstrate their achievement of the degree's intended outcomes in the Senior Seminar. The program prepares students to communicate effectively.

## Intended Learning Outcomes

The curriculum for the B.A. degree in English Literature develops the ability to do the following:

- Analyze and evaluate literary texts in light of various cultural contextual issues that may impact their creation and/or interpretation.
- Analyze and evaluate literature as an art form, evidencing certain aesthetic principles that are relative and dynamic.
- Demonstrate understanding of the canonical writers and texts in the British and American traditions, including criteria used in canonization.
- Demonstrate critical thinking skills in the conduct of literary argument and the judicious use of primary and secondary textual support.
- Write effective, correct scholarly prose, in accordance with MLA style.

## Policies

Students majoring in English Literature must meet all degree requirements of USFSM and the CAS, as well as the following:

- A 2.5 GPA in the major is required for graduation
- Sign Language is not accepted to meet the foreign language requirement

## State Mandated Common Prerequisites

The following required courses of the General Education curriculum are prerequisites for the English major:

State Prerequisite	USFSM Course Offering	
	Course Number	Credit Hours
ENC X101 or ENC XXXX(1)  (1)Six semester hours of English coursework in which the student is required to demonstrate college-level English skills through multiple assignments.  Note: C or better is required for all coursework.	ENC 1101	3
ENC X102 or ENC XXXX(1)  (1)Six semester hours of English coursework in which the student is required to demonstrate college-level English skills through multiple assignments.  Note: C or better is required for all coursework.	ENC 1102	3

## English and American Literature (LIT) Concentration Program of Study

A minimum of 39 semester hours is required of all undergraduate majors in English Literature although students may elect to take more.

### Degree Core (9 credits, should be taken at USFSM)

### Electives and Minors

The requirements for the English Literature degree allow for electives outside the major. Students are encouraged to use these credits to pursue a minor that will broaden and enrich their major studies. Students may elect to pursue any minor; however, the following minors at USFSM would well complement an English degree: History, International Studies, Leadership Studies, Political Science, Psychology, Religious Studies, or Sociology.

## History (HTY)

### Classification of Instructional Program (CIP) 54.0101

The B.A. in History encourages students to move beyond traditional memorization of material to a sophisticated level of thinking, analysis, and synthesis. Because of their highly developed critical thinking, writing, and presentational skills, accomplished history majors are attractive to many kinds of employers in any number of fields, as well as to graduate and professional schools. Many USFSM graduates in History have gone on to careers in law, library and information science, government, foreign service, politics and education.

### Mission

The History curriculum is designed to prepare students for a future in the history profession and other professions that require solid research, writing, and analytical skills. By the time History majors graduate, they should be able to write well organized and grammatically correct papers that contain clear thesis statements and evidence to support their arguments. Moreover, in each course, students will be trained in the evaluation of primary and secondary source materials, weighing the impact of historical context on the construction of documents – a skill we label “thinking historically.” During their senior year, students will demonstrate their acquired skills in the Pro-Seminar capstone course.

### Intended Learning Outcomes

- Demonstrate an understanding of the importance of historical context in analyzing the nature of past societies.
- Demonstrate an understanding of how the practice of history and interpretations of the past have changed over time.
- Demonstrate an understanding of methodologies and theoretical constructs currently employed by historians.
- Demonstrate the ability to analyze works by historians and identify their arguments and interpretations.
- Present the results of historical research in a logically organized, written paper that is grammatically correct and presents a thesis, supported by relevant documentation.

### Policies

Students majoring in History must meet all degree requirements of USFSM and the CAS, as well as the following:

- Students must have a USFSM GPA within the major of at least 2.25 before taking HIS 4104 and HIS 4949.

### State Mandated Common Prerequisites

Students are required to take six (6) credit hours of introductory history courses in the following prefixes.

State Prerequisite	USFSM Course Offering	
Course Number	Course Number	Credit Hours
AFH XXXX		
AMH XXXX	AMH 2010, AMH 2020	3
EUH XXXX	EUH 2011, EUH 2012, EUH 2030, EUH 2031	3
LAH XXXX		
ASH XXXX

WOH XXXX		

## Program of Study

A minimum of 34 credit hours in history.

### Required Degree Core

Choose One (1) additional course (3 credits) from the following list selected so that, when combined with those taken as State Mandated Common Prerequisites, create a two-course sequence: AMH 2010/2020, EUH 2011/2012, or EUH 2030/2031. The course cannot be counted if taken as a state mandated prerequisite. The course may be taken before beginning the major, but if not, should be taken in first semester of work in the major, and must be taken within first 30 hours of the program.

Course Number	Title	Credit Hours	Prerequisites	Notes
AMH 2010	American History I	3	None	
AMH 2020	American History II	3	None	
EUH 2011	Ancient History I	3	None	
EUH 2012	Ancient History II	3	None	
EUH 2030	Modern European History I	3	None	
EUH 2031	Modern European History II	3	None	

Student must take the following courses (7 credit hours)

Course Number	Title	Credit Hours	Prerequisites	Notes
HIS 4104	Theory of History	3	History major status and 2.25 HTY major GPA required.	Taken when junior status is achieved and before HIS 4936
HIS 4936	Pro Seminar in History	4	History major status and 2.25 HTY major GPA required.	Taken when senior status is achieved and after HIS 4104

### Required Degree Electives

The remaining 8 courses (24 credit hours) may be chosen from any upper-level History course. Below is a sample listing of courses offered at USFSM, but this list is not conclusive:

## Electives and Minors

The requirements for the History degree allow for electives outside the major. Students are encouraged to use these credits to pursue a minor that will broaden and enrich their major studies. Students may elect to pursue any minor; however, the following minors at USFSM would well complement a History degree: English Literature International Studies, Political Science, Psychology, Religious Studies, or Sociology.

## Interdisciplinary Social Sciences (ISS)

### Classification of Instructional Program (CIP) 45.0101

The B.A. degree in Interdisciplinary Social Sciences (ISS) is designed to provide an interdisciplinary integration of the social sciences for students who are interested in a broad educational experience. ISS offers a wide choice of courses, and an opportunity to design a quality program geared toward individual needs and interests. Students plan their program in ongoing consultation with the academic advisor.

### Mission

The curriculum for the ISS degree at USFSM educates students in critical and creative thinking and develops the organization, presentation, and communication skills called for by many professions and graduate programs. The ISS major provides an opportunity to blend the study of two selected social science disciplines or fields: anthropology, criminology, environmental science and policy, gerontology, history, international studies, political science, psychology, religious studies, sociology, or social work. By the time students complete the ISS program, they understand the principles, methods, and theories informing the social sciences, as well as the important principles, methods, and theories of two separate social science disciplines. In a senior seminar, ISS students demonstrate these competencies through an original research project that synthesizes and applies ideas from at least two of the social sciences.

### Intended Learning Outcome

- Demonstrate understanding of the principles, methods, and theories informing an interdisciplinary analysis of the social sciences.

- Demonstrate conversance with the important principles, methods, and theories of at least two social science disciplines.
- Analyze, synthesize and evaluate research from at least two social science disciplines.
- Demonstrate appropriate techniques of analysis, qualitative and/or quantitative methods, by synthesizing and evaluating published research and making recommendations for future research.
- Develop an effective written research paper.

## Policies

Students majoring in ISS must meet all degree requirements of USFSM and the CAS

## Prerequisites

There are no State Mandated Common Prerequisites for the ISS degree program.

Recommendation

ISS majors are encouraged to build a strong foundation in statistics by taking:

Course Number	Title	Credit Hours	Prerequisites	Notes
STA 2023	Introductory Statistics I	3	C (2.0) or better in High School Algebra or Elementary Algebra CPT score of 72 or better.	Taken as a general education math course prior to taking the ISS core course

## Program of Study

A minimum of 39 semester hours is required of all undergraduate majors in ISS, although students may elect to take more.

- Students must declare two areas of concentration when they declare the ISS major.
- The ISS core courses are sequenced and must be spread over a minimum of 4 terms; therefore students should begin taking core course in the first semester of upper-level work.
- While students are required to take a minimum of 12-13 credit hours in each concentration, they may elect to take more.
- A minimum of 30 hours in the ISS major must be the 3000 or above level.
- All transfer courses must be approved for use in ISS. No transfer courses with grades below C are acceptable for credit in the ISS major.

## Degree Core (15 credits, should be taken at USFSM)

Course Number	Title	Credit Hours	Prerequisites	Notes
STA 2122	Social Sciences Statistics	3	None	If not taken before beginning the major, should be taken in the first semester of the major
ISS 3010	Introduction to Social Sciences	3	None	
ISS 3300	Research Methods in Social Sciences	3	ISS 3013, STA 2122	

ISS 3930	Selected Topics in the Social Sciences	1-4	ISS 3300 USFSM ONLY	
ISS 4939	Senior Capstone Seminar in Interdisciplinary Social Sciences	3	ISS 3930, STA 2122	

### Dual Concentrations

At least 12-13 credits in each concentration

The ISS student chooses two discipline areas and completes a minimum of 12 hours as directed in each area.

## Anthropology (ATS)

The following required course plus 3 upper-level Anthropology courses:

Course Number	Title	Credit Hours	Prerequisites	Notes
ANT 2000	Introduction to Anthropology	3	None	

## Criminology (CRS)

The following required courses plus 2 upper-level Criminology Courses:

Course Number	Title	Credit Hours	Prerequisites	Notes
CCJ 3024	Survey of the Criminal Justice System	3	None	
CCJ 3117	Theories of Criminal Behavior	3	CCJ 3024	

## Environmental Science & Policy (ESS)

Course Number	Title	Credit Hours	Prerequisites	Notes
EVR 2001	Environmental Science: Regional and Global Issues	3	None	
EVR 2001L	Environmental Science Lab	1	None

GEY 4641	Death and Dying	3	None	
GEY 4647	Ethical and Legal Issues of Aging	3	None	

## History (HYS)

Any 4 upper-level History courses

## International Studies (ITS)

Any 4 upper-level International Studies courses

## Political Science (PSM)

The following required course plus any 3 upper-level Political Science courses:

Course Number	Title	Credit Hours	Prerequisites	Notes
POS 2041	American National Government	3	None	

## Psychology (PYS)

The following required course plus any four (4) upper-level Psychology courses:

Course Number	Title	Credit Hours	Prerequisites	Notes
PSY 2012	Introduction to Psychological Science	3	None	

## Religious Studies (RES)

The following required courses plus any 2 upper-level Religious Studies courses:

Course Number	Title	Credit Hours	Prerequisites	Notes
REL 3040	Introduction to Religious Studies	3	None	
REL 3309	World Religions - 6A HP SS	3	None	

## Social Work (SWS)

Any 4 of the following:

Course Number	Title	Credit Hours	Prerequisites	Notes
SOW 3203	Introduction to Social Work	3	None	
SOW 3210	The American Social Welfare System - SS	3	None	
SOW 3101	Human Behavior and the Social Environment I	4	All provisional major courses. Restricted to full Social Work majors, others by School permission	
SOW 3102	Human Behavior And The Social Environment II	3	SOW 3101, SOW 4341, SOW 4522. Restricted to full Social Work majors, others by School permission.	
SOW 4522	Multicultural America in a Global Society	3	All provisional major courses.	

## Sociology (SOS)

The following required course plus any 3 upper level Sociology courses;

Course Number	Title	Credit Hours	Prerequisites	Notes
SYA 3110	Classical Theory	3	SYG 2000	

### Electives and Minors

The requirements for the ISS degree allow for electives outside the major. Students are encouraged to use these credits to pursue a minor that will broaden and enrich their major studies by showing a third area of expertise in addition to their two ISS concentrations. Students may elect to pursue any of the following minors that is not one of their ISS concentrations: Anthropology, Biology, Criminology, English Literature, Business and Technical Writing, History, International Studies, Political Science, Psychology, Religious Studies, Sociology, or Leadership Studies.

## Professional & Technical Communication (PTC)

### Classification of Instructional Program (CIP 23.1101)

The Bachelor of Arts degree in Professional and Technical Communication develops the competencies sought by those who employ professional and technical communicators in a rapidly shifting workplace.

### Mission

The mission of this program is to develop our majors' skills, knowledge, and learning capabilities needed for a successful career in business, professional, and technical communications. Before graduating, PTC majors must research, define, and solve communication problems and employ effective strategies, approaches, and media tools (including print and electronic media) for meeting the needs of those who will hire them as professionals. To earn their degrees, students are required to demonstrate competency in preparing real-world work assignments through academic courses and an internship in this discipline. Our goal is to prepare PTC majors to anticipate, understand, and meet the needs of employers and clients with a high degree of proficiency and professionalism and thus be in high demand in the marketplace.

### Intended Learning Outcomes

- Demonstrate competence in producing clear, concise, and complete professional and technical documents that meet the stated needs of specific users and readers.
- Demonstrate proficiency in creating messages on time, on budget, and on target for the audiences or users being served by the graduate.
- Demonstrate familiarity with the nature and application of the media and types of publications or projects which a graduate in this program will be expected to understand and use effectively upon graduation.
- Critical Thinking: Demonstrate competence and efficiency in understanding the intellectual dimensions of emerging concepts, media, and vocabulary and applying those discoveries to professional and technical communications projects beyond the student's current state of knowledge.
- Communication: Demonstrate an ability to read, interview, interpret, and apply the forms of expression and knowledge required to serve as a bridge between advanced Subject Matter Experts (SME's) and the lay users of those professionals' communications.

#### Electives and Minors

The requirements for the English Literature degree allow for electives outside the major. Students are encouraged to use these credits to pursue a minor that will broaden and enrich their major studies. Students may elect to pursue any minor; however, the following minors at USFSM would well complement an English degree: History, International Studies, Leadership Studies, Political Science, Psychology, Religious Studies, or Sociology.

## Psychology (PSY)

### Classification of Instructional Program (CIP) 42.0101

The Bachelor of Arts degree in Psychology involves the scientific study of behavior and mental processes. Because of this focus, psychology is relevant to many other areas of study both inside and outside of the social and behavioral sciences. The undergraduate program in Psychology offers the student a well-rounded liberal arts education. In addition, the program provides excellent training for qualified students who wish to pursue graduate work in such disciplines as Clinical, Cognitive and Neural Sciences or Industrial Psychology, Education, Gerontology, Counseling, Management, Medicine, Law, and other human service programs. The undergraduate major emphasizes the breadth of psychology while allowing the student some electives to pursue in-depth a particular aspect of the field.

### Mission

The curriculum for a Psychology degree from USFSM prepares graduates for the many occupations (e.g., human services, community or public relations, administration, and advertising and market research) and post-graduate degree programs open to Psychology majors. By the time our majors are ready to graduate, they are equipped with two vital skill sets. First, our majors are familiar with numerous factors influencing behavior and mental processes, and the interactions between them. These factors range from the molecular (communication in the brain) to the cultural (human diversity). Second, our majors have developed the critical thinking skills necessary for the consumption and production of psychological research. These skills include writing and familiarity with the ethics of conducting psychological research.

### Intended Learning Outcomes

- Apply concepts and theories in at least 4 areas of psychology (e.g., developmental, social, cognitive, clinical, behavioral, physiological, evolutionary, applied, health), and relate them to the scientific study of behavior and mental processes, or to real-world problems.
- Recognize the importance of human diversity (gender, race, ethnicity, socio-economic status, sexual orientation, culture, age, religion, disabilities) on behavior and mental processes.
- Demonstrate knowledge of professional ethics in the use of research subjects.
- Critically evaluate various research methods and designs, including their strengths, weaknesses, and applications to psychological inquiry, and their role in casual hypothesis testing.
- Demonstrate writing ability by producing APA style papers containing all components of a scholarly research manuscript and adhere to USF and APA standards of academic honesty.

### Policies

Students majoring in Psychology must meet all degree requirements of USFSM and the CAS, as well as the following:

- To continue in the program, students must have a GPA of at least 2.5 in PSY 2012, PSY 3204, and PSY 3213.

### State-Mandated Common Prerequisites

The following courses are prerequisites for the major in Psychology:

### Honors Program (IDH)

The Honors Program at USFSM is a 10-credit sequence that culminates in an undergraduate thesis. The honors seminar (IDH 4000) and the directed-readings and research course (IDH 4950) develop the ability to pursue independent research. Through the mentored experience of writing an undergraduate thesis and discussing it in an academic presentation, honors students have the opportunity to present original arguments with scholarly authority and integrity. Satisfactory completion of the Honors Program is noted on the diploma and the transcript, as well as on a certificate.

## Policies

- The Honors Program is open to all students at USFSM.
- Applications are accepted every fall for cohorts that begin each spring.
- Students must earn a B (not B-) in each IDH course to progress through the sequence.
- The three courses of the Honors sequence must be taken consecutively.
- To progress in the Honors Program, students must meet the performance expectations and deadlines specified in each course syllabus.

### Admission Requirements

The College is an upper-level, limited access college, which means that it has admission requirements in addition to those of the USFSM.

1. Minimum of 60 semester hours of college credit earned.
2. Minimum of 2.5 cumulative GPA on all college-level work and a minimum of 2.0 on all credit attempted at USFSM, including any prior to academic renewal. Effective Fall 2015 the admissions requirements will change to a minimum of 2.75 overall GPA on all college-level work and a minimum of 2.75 on all credit attempted at USFSM, including any prior academic renewal.
3. In computing entry grade point average all business and economics courses taken for S or U grades will be converted to C or F, respectively.
4. Students who have been dismissed twice from the University for academic reasons will not be readmitted to the College of Business.

Transfer credits will be accepted from regionally-accredited institutions; however, all hours earned may not be applied toward USFSM business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USFSM. Florida public institution students enrolled in an Associate in Arts (A.A.) program should normally complete the general education requirements and the State Mandated Common Prerequisites at the lower-level.

As a rule, students transferring with an A.A. degree should avoid taking any business courses at the Florida College System institution that are listed as 3000 and 4000 level courses at USFSM.

Normally, courses in finance, marketing, management, and accounting, as well as other business administration and economics courses, taken at the lower division level that are offered as upper division courses at USFSM will not be accepted for upper division credit in business administration or economics.

In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

### Graduation Requirements

Unless otherwise stipulated below, students in COB majors must meet all graduation requirements of USFSM. In addition, COB majors must meet the following requirements of the college.

1. Students must satisfactorily complete a minimum of 120 semester hours. Of the minimum 120, at least 60 hours must be business courses (except Elder Care Management and Business Technical Writing Concentrations), and a minimum of 54 hours must be non-business courses (i.e., all courses not normally offered in the College of Business). Additional electives may be required to reach a minimum of 120 hours and can be either business or non-business

2. A minimum grade-point average of 2.0 must be achieved in the major and minor fields and College foundation courses.
3. Students must be admitted to the College of Business at least one term before their anticipated graduation date.
4. For a Bachelor of Arts degree, the COB does not accept American Sign Language for the Foreign Language Exit Requirement.
5. For a Bachelor of Science degree, students can use two semesters of American Sign Language or two years (of the same foreign language) of successful completion of High School foreign language.
6. College of Business residency requirements for graduation exceed the minimum requirements established for USF System Institutions. (Students are required to complete satisfactorily at USFSM a minimum of 50 percent (30-33 semester hours depending on major) of required business courses, including 12-18 semester hours in the major field.) Normally, independent study, research, and reading courses do not fulfill this requirement. The directed study, research, and reading courses require a professor's permission and the dean's approval.
7. All business students are required to select at least one course that deals with contemporary international topics. This course can be included in the business, non-business, or elective category. Consult with a business advisor for approved courses.
8. All courses in the major or minor field and all foundation coursework in business must be taken on a graded basis; the S/U option is not available.

### Accounting (ACC)

#### Classification of Instructional Program (CIP) 52.0301

The objective of the baccalaureate degree program in accountancy is to provide students with accounting and business knowledge that will serve as a basis for careers in industry, government, non-profit organizations and public accountancy.

The baccalaureate program also prepares students for entry into a Masters professional degree program.

The State of Florida, like most states, requires 150 credit hours of education in order to apply for CPA licensure. Questions concerning the CPA examination should be directed to the [Florida Board of Accountancy](#).

## Intended Learning Outcomes

The curriculum for the Accounting Major develops the ability to do the following:

- The ability to understand and apply generally accepted accounting principles to the measurement and reporting of income and financial position for business enterprises.
- The ability to understand and apply the basic concepts of gross income, taxable income, allowable deductions, tax credits, and asset basis as they relate to individual income taxation embodied in the United States income tax system.
- An understanding of the principles and operation of well-controlled information systems in a variety of technological environments with added emphasis on the collection, processing, and reporting of accounting information.
- The ability to develop information and processes to enable managers to estimate the costs of products and services the firm provides, to make routine and strategic resource allocation decisions, and to evaluate the performance of individuals and organizations.
- An understanding of the independent financial statement auditing function and the professional responsibilities of external auditors and their public accounting firms.
- Critical thinking and analytical abilities, including the ability to analyze cases, identifying and addressing the relevant issues with critical analysis.
- The ability to communicate effectively, including the ability to prepare a well-structured recommendation in writing with supported conclusions and recommendations.

## Requirements (24 credit hours)

Accounting majors must meet all the entry requirements to the College of Business as listed in the General Requirements section. In addition, students must earn a grade point average of 2.75 or higher in ACG 2021 and ACG 2071. Before taking any other Accounting coursework, all Accounting majors must earn a “C” or higher in ACG 3103. It is strongly recommended for students to successfully complete ACG 3103 within two attempts. After two attempts if this requirement has not been met, students should meet with an Accounting faculty member or academic advisor immediately to discuss their major. Within the 120-semester-hour program, students must complete a minimum of 24 hours of upper level accounting with a grade of “C” or higher in all courses. Students must complete 18 hours of the upper level accounting requirement in residency at USFSM. Finally, students must earn a 2.0 GPA on all major course work at USFSM and have an overall 2.0 major GPA including any applicable transfer work.

The student’s program must also include coursework taken in behavioral sciences and humanities, such as psychology, anthropology, and sociology, and the political environment of business and society, such as political science, public administration, and ethics. College of Business advisors will recommend courses that will satisfy the program requirements.

Accounting majors can use the grade forgiveness policy only once in upper-level accounting courses. Accounting courses taken by accounting majors on an S/U basis will not be counted toward the 120-hour graduation requirement. Independent Research, ACG 4911, will not be accepted as credit toward the minimum degree requirements in the accounting concentration.

Finance (FIN)

### Classification of Instructional Program (CIP) 52.0801

The Finance major provides a broad based, analytical program for students anticipating a career in the management of both large and small organizations. Finance provides a good background for students seeking general careers in business. Finance majors can elect to take courses in the following areas that prepare them for entry and advanced careers in

- financial management of corporations
- management of financial institutions
- investments
- financial services, insurance, and real estate.

In addition, the program in Finance is designed to provide the skills required by students earning degrees in other business disciplines and by students who seek professional degrees in areas such as law and public administration.

The Finance program offers applied and theoretical courses that enable the graduate to identify and solve problems in the acquisition and allocation of funds by organizations in the public and private sectors in domestic and international settings. It provides the background necessary for managing wealth in a risky environment. Finance relies on an interdisciplinary approach that draws on economic theory, accounting, information systems, and the quantitative decision frameworks of statistics and mathematics.

The major is designed to ensure that graduates are familiar with the tools of financial decision making and that they possess the skills to stay abreast of the developments in the field. Finance graduates will understand the functions and operations of financial markets, become familiar with computer applications in finance, and know how to access and utilize financial information. Course content is designed to provide majors with an appreciation of cooperative work skills and to enhance their verbal and written communication skills.

## Intended Learning Outcomes

The curriculum for the Finance Major develops the ability to do the following:

- The evaluation of investments by identifying key economic and political issues to determine appropriate investment strategies.
- In-depth knowledge of financial management; the underlying principles of corporate finance and the analytical techniques involved in financial planning and decision-making.
- A comprehensive understanding of the various functions and operations of financial institutions and markets.
- Critical thinking and analytical abilities, including the capability to engage in inductive, deductive, and quantitative reasoning and to construct sound arguments.
- The ability to communicate effectively, both on an individual basis and in collaboration with others.

## Requirements

Within the 120-semester-hour program listed in the General Requirements section, students must complete a minimum of 18 hours of upper-level finance courses beyond FIN 3403. At least 12 hours must be taken in residence at USFSM. A grade point average of 2.5 or higher must be achieved in all major coursework at USFSM. Students are required to earn a “C” or higher in all finance courses that are counted toward the major requirements.

Independent Study (FIN 4905) and Independent Research (FIN 4915) will not be accepted as credit toward the minimum degree requirements for a major in Finance. Courses taken as part of the major, minor, or concentration, cannot be used on other majors, minors or concentrations within the College of Business.

Management (MAN)

### Classification of Instructional Programs 52.0201

The undergraduate degree in Management and Organization prepares students for entry-level positions in business and management, as well as human resources/organizational development positions and small business management. It also prepares students for graduate study in Business such as the MBA program.

Management is a dynamic field that focuses on planning, organizing, and leading in business, non-profit and governmental organizations. Managing people in organizations involves behavioral concepts such as motivation, personality, teamwork, communication and leadership skills. Management is responsible for the triple bottom-line: financial profits, environmental good and social good. With a focus on people in organizations, managers develop the human capital of organizations. Motivating and developing an organization's workforce today requires attention to relationships with people inside and outside the organization, locally and across the world. The curriculum in management covers all aspects of management including: human resources development, organizational behavior theory, leadership, organizational development, negotiation, social issues in management, and strategic planning. Students leave this program knowing how to apply the latest ideas and concepts in management to organizational issues. Analytical skills, communication skills and leadership skills are developed in both classroom and assignment activities throughout the curriculum.

### Intended Learning Outcomes

The curriculum for the Management and Organization Major develops the ability to do the following:

- Identify and explain theories of motivation.
- Identify theories of leadership and power.
- An understanding of the basic processes and issues of organizational communication.
- Assess management problem/issue, generate alternative solutions, and make recommendations.
- Competence on written assignment.

Management and Organization majors are strongly recommended to take ENC 4264 Managerial Communications early in their major studies.

### Requirements (18 credit hours)

Marketing (MKT)

### Classification of Instructional Program (CIP) 52.1401

Marketing is a dynamic field with many dimensions, including product selection and planning, product distribution, pricing and promotion. Marketing poses many challenges and yields generous rewards for those who meet these challenges. Marketing operations are carried out domestically and internationally in virtually all business organizations that offer a product or service. Many marketing concepts are applicable to the operations of non-profit organizations such as governmental, educational, and healthcare institutions, as well as charitable and political campaigns.

Marketing operations provide the most visible links between the firm or institution and its many publics. Marketing deals with people who are constantly changing in their needs, wants, and desires; and coupled with these changing tastes is a fiercely competitive environment sustained by all the resources of a rapidly evolving technology. These forces lead to much of the challenge and dynamic nature of marketing.

### Intended Learning Outcomes

The curriculum for the Marketing Major develops the ability to do the following:

- The ability to collect, analyze, and use information about customers, competitors, and the environment (develop and use primary and secondary research data).
- The ability to develop marketing plans, including strategies designed to achieve specific goals.
- The ability to organize and analyze data, draw and support conclusions, and make appropriate recommendations.
- The ability to develop effective, persuasive presentations of marketing concepts and including the ability to organize ideas and data, use presentation software and other audio visual aids, and respond incisively to questions about presentation elements.
- The ability to develop an organized, structured, well-written paper that demonstrates the ability to organize ideas and data.

### Vision

The vision of the College of Education (COE) is to lead in transforming the educational endeavors of our region and to be recognized nationally for excellence in our work. Our programs include faculty members, scholars who conduct research to contribute to the knowledge bases of the disciplines of education, working alongside associated school administrators and faculty who are experienced practitioners working in P-12 schools. We admit applicants who are highly qualified, desiring to develop in their abilities to ensure that all pupils learn, committed to continuous improvement of their own praxis, and prepared to assume leadership roles in the school settings in which they will work.

### Mission

The COE's mission, contributing to the mission of USFSM, is to prepare effective educators who will learn, lead, inspire, and transform their schools and communities. We see the process of learn, lead, inspire and transform as recursive and not linear. We learn to lead, and by leading inspire transformation. We learn from transforming and thus create a cycle of continuous learning and improvement. Our mission guides the USFSM COE to prepare educators poised to positively impact the lives of pupils and their communities, locally, nationally, and globally. We meet our mission through programs grounded in researched practices and critical perspectives and professional clinical experiences designed and led by university and associated school faculty through partnerships with a network of local schools. Our partnerships form a solid basis for program assessment based on outcomes, revision of the curriculum based on impact data, and the identification of specific knowledge, skills, and dispositions that are crucial for educator success.

### Goals

Our goals led to the development of seven college-wide candidate proficiencies, which we use as benchmarks for evaluating our success. Specific program proficiencies for candidates who are seeking state certification are delineated in standards prescribed by the State of Florida. These state standards differ among programs and are related to areas of specialization; however, we have identified five goals and seven related, overarching candidate proficiencies expected of each program completer in the COE:

1. Content Knowledge
  - Candidates demonstrate depth and breadth of content knowledge for their respective roles.
2. Reflective and Ethical Practice
  - Candidates engage in reflective and ethical practice as educators.
3. Evaluation and Decision Making
  - Candidates make professional educational decisions drawing on analysis of data and research from a variety of sources

4. Educational Design
  - Candidates design educational experiences that result in successful learning.
  - Candidates demonstrate proficiency in educational technology aligned to the NETS-T standards.
5. Learner as an Individual in the Community
  - Candidates construct learning environments that reflect the diversity of experiences, perspectives, and cultures of their students and the larger world.
  - Candidates communicate in ways that demonstrate fairness, respect, and sensitivity to diversity, setting high academic expectations for all students

#### List of Degrees

The COE offers the following undergraduate degrees:

Elementary Education (BEE) Bachelor of Arts (B.A.) (Requires Foreign Language)

- Elementary Education K-6

Elementary Education (BEE) Bachelor of Science (B.S.)

- Elementary Education K-6

#### Admission Requirements

The COE is a limited access program. Students who wish to teach in a particular subject area or field should begin preliminary coursework during their first year in college.

Students may apply for entrance into the upper-level educator preparation program offered by the COE after completing prerequisite courses. The COE requires an additional application process ordinarily at new student orientation.

The COE may accept professional education and specialization coursework completed at USFSM or at other accredited institutions as follows:

1. Courses completed within the last five years may be accepted.
2. Courses completed over five years but less than ten years ago must have the approval of the Dean from the College.
3. Courses completed ten years ago or longer will count as elective credit only.

Admission to an upper-level educator preparation program is contingent upon meeting the following preliminary college requirements:

1. Completion of a COE application form. The admission process to the COE is separate and in addition to admission to USFSM. Education majors must meet with an academic advisor to apply for admission into the college. During the New Student Orientation, students receive information about their degree program, and register for courses for their first semester.
2. Completion of General Education requirements.
3. Completion of all portions of the General Knowledge Test with passing scores. No exemptions or waivers are acceptable.
4. An overall minimum GPA of 2.50 on all attempted hours.

5. Additional criteria as may be established by the college. Credit requirements in the major include courses in the following categories: Professional Education Core, Teaching Specialization Preparation, and Exit Requirements.
6. Completion of State-Mandated Common Prerequisites
7. Completion of a minimum of 6 semester hours with an international or diversity focus is required.
8. A subscription to TaskStream is required for students in the COE.

#### TaskStream

TaskStream is the USFSM COE's electronic document submission system required for students in all programs in the COE. This Web-based software enables students to build media-rich online portfolios showcasing their learning achievements to share with peers, instructors, parents and employers; submit documents, projects and other assignments to instructors for feedback and assessment; and maintain portable samples of work products and accomplishments even after they graduate. The COE uses the system to ensure continuous improvement in our programs preparing candidates to work in schools. A subscription to TaskStream is required for students in the COE.

#### Graduation Requirements

To be certified by the COE for graduation, a student must have:

1. Successfully completed all program requirements for ESOL (including the ESOL binder).
2. Earned a combined grade point average of 2.50 in professional education and specialization as well as an overall USFSM GPA of 2.50.
3. Passed the appropriate FTCE Subject Area and Professional Education subtests.
4. Submitted all documents for graduation (i.e., test scores, final grades, final transcripts) to Student Services office (SMC-C107) no later than 5:00 pm on the Friday after the graduation ceremony. If that date is a university holiday, then the said information must be submitted no later than 5:00 pm on the Thursday after the graduation ceremony.
5. Completed the major requirements in a state-approved educator preparation program (which includes general preparation, teaching specialization, and professional preparation).
6. Earned a minimum of 8 credits in professional courses in addition to internship and 12 credits in specialization courses.
7. Completed a minimum of 30 hours after admittance to an upper-level program.
8. Completed all assignments and/or requirements in TaskStream.
9. Normally, the college will recommend the granting of a Bachelor of Science (BS) degree which includes a minimum of 6 credit hours of exit courses.
10. To obtain a Bachelor of Arts (BA) degree, the student must meet the Foreign Language Competency (see graduation requirements in front of catalog) and complete 9 hours of exit courses, 3 of which must be in Literature and Writing and 6 must be in Major Works Major Issues (3 of which must be offered outside the College of Education).

#### Academic Major

##### Elementary Education (BEE) CIP 13.1202

The COE has the responsibility for the development and supervision of programs leading to the Bachelor of Science Degree or Bachelor of Arts Degree in Elementary Education K-6.

Please be advised that program and/or course requirements are subject to change, per state legislative mandates, Florida State Department of Education program approval standards, and accreditation criteria. In addition, the college faculty

members are currently reviewing the program and students are advised to check with their academic advisor regarding changes in the program.

Elementary Ed majors will be assigned to a specified sequence of courses to be followed throughout the program enrollment. Coursework will include internships and field experiences. Students who withdraw from or who have unsatisfactory grades in the field experiences or internships may be terminated from the program.

Part-time students in Elementary Education (those planning to take 9 hours or less per semester) must meet program and internship requirements associated with the programs. These requirements include being available to participate in the internships during regular school hours.

Students may complete a state-approved program to be eligible for certification in Elementary Education (grades K-6). Degree and certification requirements are subject to change in accordance with state mandates. The current program of study includes both coursework and extensive field experience in elementary school settings to enable students to integrate theory with teaching practice. All elementary education students are required to demonstrate the Florida Department of Education Accomplished Practices (APs) through core assignments in courses and internships.

The College of Education offers a full ESOL Endorsement for all Elementary Education major graduates. There are special requirements for ESOL endorsement through infusion that includes successful completion of the following:

1. TSL 4080, TSL 4251, and TSL 4081, with a minimum score of 'Satisfactory' or 75% on all critical tasks and tests.
2. Documented ESOL Field Experience of 100 hours and satisfactory demonstration of ESOL Teacher Competencies.

ESOL Documentation Binder containing critical tasks and test scores from TSL 4080, TSL 4251, and TSL 4081 along with ESOL Infusion documentation from ESOL-infused courses

## **Florida Educator Accomplished Practices (FEAPs)**

The Florida Educator Accomplished Practices (FEAPs) serve as the state standards for effective instructional practice and are used to define and identify effective teaching. Each effective educator applies the foundational principles through six (6) Educator Accomplished Practices. Each of the practices is clearly defined to promote a common language and statewide understanding of the expectations for the quality of instruction and professional responsibility.

### **Quality of Instruction**

1. Instructional Design and Lesson Planning: Applying concepts from human development and learning theories, the effective educator consistently:
  - Aligns instruction with state-adopted standards at the appropriate level of rigor;
  - Sequences lessons and concepts to ensure coherence and required prior knowledge;
  - Designs instruction for students to achieve mastery;
  - Selects appropriate formative assessments to monitor learning;
  - Uses diagnostic student data to plan lessons; and
  - Develops learning experiences that require students to demonstrate a variety of applicable skills and competencies.
2. The Learning Environment: To maintain a student-centered learning environment that is safe, organized, equitable, flexible, inclusive, and collaborative, the effective educator consistently:
  - Organizes, allocates, and manages the resources of time, space, and attention;
  - Manages individual and class behaviors through a well-planned management system;
  - Conveys high expectations to all students;

- Respects students' cultural linguistic and family background;
  - Models clear, acceptable oral and written communication skills;
  - Maintains a climate of openness, inquiry, fairness and support;
  - Integrates current information and communication technologies;
  - Adapts the learning environment to accommodate the differing needs and diversity of students; and
  - Utilizes current and emerging assistive technologies that enable students to participate in high-quality communication interactions and achieve their educational goals.
3. Instructional Delivery and Facilitation: The effective educator consistently utilizes a deep and comprehensive knowledge of the subject taught to:
- Deliver engaging and challenging lessons;
  - Deepen and enrich students' understanding through content area literacy strategies, verbalization of thought, and application of the subject matter;
  - Identify gaps in students' subject matter knowledge;
  - Modify instruction to respond to preconceptions or misconceptions;
  - Relate and integrate the subject matter with other disciplines and life experiences;
  - Employ higher-order questioning techniques;
  - Apply varied instructional strategies and resources, including appropriate technology, to provide comprehensible instruction, and to teach for student understanding;
  - Differentiate instruction based on an assessment of student learning needs and recognition of individual differences in students;
  - Support, encourage, and provide immediate and specific feedback to students to promote student achievement; and
  - Utilize student feedback to monitor instructional needs and to adjust instruction.
4. Assessment: The effective educator consistently:
- Analyzes and applies data from multiple assessments and measures to diagnose students' learning needs, informs instruction based on those needs, and drives the learning process;
  - Designs and aligns formative and summative assessments that match learning objectives and lead to mastery;
  - Uses a variety of assessment tools to monitor student progress, achievement and learning gains;
  - Modifies assessments and testing conditions to accommodate learning styles and varying levels of knowledge;
  - Shares the importance and outcomes of student assessment data with the student and the student's parent/caregiver(s); and
  - Applies technology to organize and integrate assessment information.

## **Continuous Improvement, Responsibility and Ethics**

1. Continuous Professional Improvement: The effective educator consistently:
- Designs purposeful professional goals to strengthen the effectiveness of instruction based on students' needs;
  - Examines and uses data-informed research to improve instruction and student achievement;
  - Uses a variety of data, independently, and in collaboration with colleagues, to evaluate learning outcomes, adjust planning and continuously improve the effectiveness of the lessons;
  - Collaborates with the home, school and larger communities to foster communication and to support student learning and continuous improvement;
  - Engages in targeted professional growth opportunities and reflective practices; and
  - Implements knowledge and skills learned in professional development in the teaching and learning process.
2. Professional Responsibility and Ethical Conduct: Understanding that educators are held to a high moral standard in a community, the effective educator adheres to the Code of Ethics and the Principles of Professional Conduct of the

Education Profession of Florida, pursuant to Rules 6B-1.001 and 6B-1.006, F.A.C., and fulfills the expected obligations to students, the public and the education profession.

### Clinical Experiences

Students will be required to complete several field experiences and internships beginning early in the program. It is the policy of the COE that a student who does not successfully complete a field experience or internship will be terminated from the program.

The final internship experience involves observing and teaching in a classroom. Internship sites are available in the counties served by USFSM. Students should meet with an advisor to discuss eligibility for level I and level II internships and field observations.

Special requirements for enrollment in the final internship are:

1. Admission to the COE.
2. Completion of General Education, "Gordon Rule," and all other program prerequisites.
3. Passing scores on all sections of the General Knowledge Test.
4. Completion of fingerprinting and background check as required by the school district in which the student is placed.
5. Completion of an application for the final internship is required.
6. Completion of all professional education and specialization coursework except for HLP 4722 prior to final internship.
7. A combined grade point average of 2.50 in professional education and specialization coursework as well as an overall USF GPA of 2.50.
8. A minimum "C-" grade or "S" in their required major courses.

### International Students

If your program requires a field experience or internship through the COE, you will need to obtain a Social Security Number (SSN) in order to complete the requirements for several courses. Obtaining the SSN is the responsibility of the student.

### Students of Concern Policies and Processes

The COE is responsible for ensuring that its students (hereinafter referred to as "candidates") exhibit the knowledge, skills and dispositions outlined in the conceptual framework, institutional, state, and national standards, including a commitment to fairness and the belief that all students can learn. Further, as educators our candidates must exhibit the highest ethical standards in their role as moral exemplars in the community.

There are occasionally patterns of observed behaviors that could give rise to a concern that a candidate's dispositions and professional deportment are not sufficiently developed or are even inconsistent with those expected of a professional

educator. Both the COE administration and the candidate will be made aware of concerns that a candidate is not meeting the standard of knowledge, skills, or dispositions that are expected by the college and specifically outlined in institutional, state, or national standards. This awareness will be communicated in a manner that is sufficiently formative and allows the candidate to reflect, consider alternatives, and attempt to make any changes necessary consistent with fulfilling their professional career aspirations. The process should be sensitive, transparent, and effective.

There are provisions so that the faculty and supervisors who work with the candidate in subsequent semesters are aware of the concerns and the plans developed to address those concerns. There will always be more than one representative of the faculty who agrees that the concerns warrant intervention. This shall be an internal process managed by a small committee of faculty, referred to as the Pre-completion Educator Professional Support Committee (PEPSC). The knowledge, skills, and/or dispositions of concern and plans of action are documented in the committee's files, but do not ordinarily become part of the candidate's academic file. This process in the COE is complementary to processes already in place in the university (such as those in student affairs, academic probation, etc.) and will focus on the professional preparation of the candidate

### Student Organizations

#### Educators Alliance: Preparing Teachers for Diverse Classrooms

Educators' Alliance: Preparing Teachers for Diverse Classrooms is a student organization founded in 2008 by Dr. Marie Byrd-Blake, Assistant Professor in the College of Education and five USFSM COE undergraduates. The organization's mission is to provide teacher candidates with the knowledge, skills, and dispositions needed to promote and facilitate high academic achievement among diverse student populations.

This organization aims to:

1. Encourage diverse students' presence in all disciplines of teacher education;
2. Create a forum for the exchange of ideas, strategies, and techniques useful in teaching; and to
3. develop and graduate a cadre of professionals who will assume leadership positions in education.

#### USF Sarasota-Manatee Inspiring Lifelong Educators (SMILE)

USF Sarasota Manatee Inspiring Lifelong Educators (SMILE) is an organization of current and former students who meet to collaborate and discuss current topics that need to be addressed by all educators, whether they are new or experienced. The mission of USFSM SMILE is "to empower current and future educators with research and data driven practices that support our students, families, and ultimately the community." For further information, contact either Dr. Michelle Summers or Dr. Lora Kosten at (941) 359-4531.

#### USF Sarasota-Manatee Sharing Math (USF (SM)<sup>2</sup>)

USF (SM)<sup>2</sup> (USF Sarasota-Manatee Sharing Math) is open to all USFSM students regardless of math ability. Those who love math will enjoy opportunities to promote, encourage and support sense-making in math with families and children. Those who aspire to love math will have opportunities to hone their understandings as we engage with the community. The organization meets monthly to plan for community involvement projects and to participate in professional development opportunities. For more information, please contact the faculty advisor, Dr. Patricia Hunsader .

## College of Hospitality and Technology Leadership

Email	<a href="mailto:hospitality@sar.usf.edu">hospitality@sar.usf.edu</a>
Location	SMC-A319
Website	<a href="http://usfsm.edu/chtl">usfsm.edu/chtl</a>
Advising	Student Services, SMC-C107, (941) 359-4330

### Mission

The College of Hospitality and Technology Leadership (CHTL) at USFSM provides an intellectual, collaborative, ethical, inclusive learning environment for students pursuing leadership positions in hospitality and technology, and graduating leaders for these industries to serve citizens of Florida, the U.S., and the world.

The Bachelors of Science degree in Hospitality Management has a general business foundation with specialized hotel and restaurant management courses that equip students to approach problem solving in a disciplined and systematic manner. The Information Technology curriculum has been developed utilizing a team-based approach with educators and industry partners, to create an advanced rigorous content program which reflects current and emerging industry needs. Skill and employability standards have been merged with challenging thinking and problem-solving skills. USFSM graduates are highly marketable and competitive at all levels - regional, national, and global. CHTL offers several majors, minors, and certificates.

The Hospitality Management and Information Technology programs utilize separate Advisory Boards which are composed of leaders from major hospitality/technology related corporations and organizations. Periodic reviews of course curriculum and enhancements prepares students for future career challenges.

#### Admission Requirements

Admission to CHTL is open to all students who have been accepted to the USFSM and declare the major in one of its disciplines. Students who have credits from other institutions may need to provide copies of course descriptions from the catalog for purposes of determining credit towards the major requirements at USFSM.

#### List of Degrees, Majors, Minors and Certificates

CHTL offers the following undergraduate degrees, majors, minors and certificates:

### Bachelor of Science Applied Science (B.S.A.S.)

#### Applied Science (requires an A.S. degree) (APS)

Concentrations:

Hospitality Management (AHG)

Information Technology (ITC):

- Applications and Web Development (AID)
- Information Security/Systems Administration (ASI)
- Technology/Project Management (AIP)
- 

## **Bachelor of Science (B.S.)**

**Hospitality Management (HMA)**

## **Bachelor of Science in Information Technology (B.S.I.T.)**

**Information Technology Concentrations (ITC)**

Concentrations:

- Applications and Web Development (AID)
- General Information Technology (AIG)
- Information Security/Systems Administration (ASI)
- Technology/Project Management (AIP)

## **Academic Minors**

Hospitality Management (HMAM)

Information Technology (ITCM)

## **Certificates**

Hotel Management (HOTEL)

Restaurant Management (RESTM)

Information Technology (ITC):

- Specialization in Application Development (ITC)
- Specialization in Database Design (ITC)
- Specialization in Information Security (ITC)
- Specialization in Information Technology Management (ITC)
- Specialization in IT Project Management (ITC)
- Specialization in Mobile Application Development (ITC)
- Specialization in Systems Administration (ITC)
- Specialization in Web Design Development (ITC)

## Graduation Requirements

**Unless otherwise stipulated below, students in CHTL majors must meet all graduation requirements of USFSM. In addition, CHTL majors must meet the following requirements of the college.**

1. All transfer work will be reviewed by the advising office and the Dean of CHTL.
2. Students must earn at least a 2.0 overall GPA, USFSM GPA, and in the major to be certified for graduation.
3. At least 50% of the major coursework must be completed at USFSM.

## Information Technology B.S.I.T. degree

1. A grade of “D” will not be counted toward fulfilling the major requirements. Grades of “D” or “F” in the IT courses will be used in calculating the major GPA unless the course is retaken under the grade forgiveness policy. Course equivalencies need approval from the College Dean.
2. Only grades of “C-“ and above in IT courses can be used to fulfill graduation requirements.

## Academic Majors

### Applied Science (APS)

#### **Classification of Instructional Program (CIP) 24.0102**

The Bachelor of Science in Applied Science (BSAS) was developed under provisions from Florida legislation to recognize Associate in Science (AS) degree holders to pursue and acquire a bachelor’s degree. At USFSM, concentrations for the BSAS are available in CAS and CHTL. In CHTL, the BSAS degree can be pursued in four concentrations:

- Hospitality Management (AHG)
- Application and Web Development (AID)
- Information Security/Systems Administration (ASI)
- Technology/Project Management (AIP)

## Mission

The mission of the BSAS program is to further develop the occupational competencies of an AS degree to the level of a Bachelor of Science degree.

## Intended Learning Outcomes

- Students will be able to demonstrate knowledge of the significant facts, principles, concepts, and/or theories comprising their selected field of concentration.
- In work appropriate to the following areas of concentration, students will be able to demonstrate the following functions of critical thinking: focus on the main idea, draw inferences, evaluate, analyze, and continue the progression of an idea.
- In work appropriate to the following areas of concentration, students will be able to demonstrate the following functions of good writing: focused unity, coherent organization, relevant support, appropriate diction and syntax, correct grammar and mechanics for the discipline.

## Policies

Students majoring in BSAS must meet all degree requirements of USFSM. The following policies also apply:

- This degree program is available ONLY to AS graduates from Florida public institutions who have an overall "C" average (2.0) in all college-level courses accepted for transfer credit to USFSM.

## State Mandated Common Prerequisites

There are no State Mandated Common Prerequisites for this degree program.

## Degree Requirements

### Credits transferred in from completed A.S. degree

Requirements	Credit Hours
General education	18
Lower-level credits from A.S. degree	42

### Credits to be completed at USFSM

Requirements	Credit Hours	Notes
General education	18	
Area of concentration	23-30	Three (3) credits of upper-level area of concentration may satisfy "exit" requirement with approval from the college dean
Elective credits to meet degree requirements	Variable	
Exit requirements	9	
Sequential foreign language courses if foreign language requirement is not fulfilled	8-10	

## Hospitality Management (AHG) Concentration (30 credit hours)

## Information Technology (ITC) Concentrations (23 to 24 credit hours)

### Admission Requirements:

To pursue a BSAS degree with a concentration in an area of IT at USFSM, students must have a Florida AS degree, with an overall GPA of 2.0 or better in an IT-related discipline. This program supplements the related technical skills obtained in the AS degree. Students are encouraged to take the following highly recommended courses. Through a variety of IT concentration options, students can tailor their BSAS degree to meet their personal interest or career goals. The BSAS in IT is made up of the the required core courses and students may choose between one of the three concentrations.

## Hospitality Management (HMA)

**Classification of Instructional Program (CIP) 52.0901****Mission Statement**

The Bachelor of Science in Hospitality Management, in CHTL at the USFSM, prepares graduates for leadership positions in the hospitality industry through foundational knowledge of hospitality operations and experiences that promote diversity, ethical responsibility, lifelong learning, and community engagement.

**Intended Learning Outcomes**

Bachelor of Science in Hospitality Management Program Learning Outcomes (PLO's): Upon graduation, students in the Hospitality Management Program will be able to do the following:

1. Identify and apply business concepts and skills relevant to the operational areas of hospitality management.
2. Describe and apply the fundamental principles of leadership and model the behavior of effective leaders.
3. Demonstrate effective communication skills.
4. Analyze information and make decisions using critical thinking and problem solving skills.
5. Evaluate diversity and ethical considerations relevant to the hospitality industry.

**Industry Experience**

Students must complete a total of 1000 hours of industry experience.

- 650 hours prior to taking HFT 4945
- 300 hours while enrolled in HFT 4945

- 50 hours of service learning/community engagement is required for review by the faculty. Many service learning opportunities are available to students such as the HospitaBull Evening, Brunch on the Bay, USFSM Golf Tournament and other campus/community events.

### Required State Mandated Common Prerequisites (12 credit hours)

Information Technology (ITC)

### Classification of Instructional Program (CIP) 11.0103

The mission of the Information Technology Program is to provide high quality educational opportunities for students interested in pursuing careers in the broad range of fields that support our computer/information-based society and economy. Additionally, the goal is to utilize the resources of the program to provide service to society; and to emphasize to students the need for lifelong learning, to have ethical conduct, and an understanding of the diverse social context in which Information Technology is practiced.

Specifically the program aspires to:

1. Lead to the advancement of Information Technology through nationally-recognized education at the undergraduate level, as well as technology transfer to regional industries and businesses.
2. Prepare students for full and ethical participation in a diverse society and encourage lifelong learning.

3. Educate undergraduates in the best practices of the field as well as integrate the latest research and practices into the curriculum.
4. Emphasize development of problem solving and communication skills as an integral component of the educational process and the subsequent practice of the discipline.
5. Provide quality learning experiences through highly interactive techniques of course delivery that will include the use of electronic support equipment as well as newly developing distance learning technologies.

The Information Technology (IT) program is designed to bridge the gap between computer science and management information systems. The emphasis of the program is on knowledge-based computer and information technology, traditional computer science concepts, as well as more practical topics including programming, applications, and networking, systems administration and the management of a variety of computing environments (in an era of rapidly changing technology). IT students have a choice of several concentrations and certificates to specialize in. The concentrations range from IT Security and Systems Administration to Apps and Web Development/Design, (including Mobile Apps/Android) to Technology/Project Management. The coursework is designed to impart skills and experience to enable students to compete in the national and global arenas.

Through a broad-base set of electives, IT students will be able to tailor their program to satisfy their individual preferences and strengths. Towards this end, students specializing in a concentration of their choice may also want to consider taking courses for a Certificate of Specialization in a related area. This expanded skill-set will increase their marketability and competitiveness.

Students completing the IT program will qualify for a broad range of positions in computer-intensive businesses and industry such as: programmer analyst, systems analyst, database administrator, network administrator, computer resource manager, systems development manager, and information technology management, to name a few.

#### Intended Learning Outcomes

The curriculum for the Information Technology Program develops the ability to do the following:

- Demonstrate technical knowledge and skill sets (computational and analytic) needed for success in careers related to Information Technology.
- Demonstrate an understanding of professional ethics in the development and application of Information Technology.
- Design and develop computer processes and systems of advanced complexity.
- Assess the potential value of new technologies and see possibly beneficial applications.
- Conduct computer research, organize a structured presentation, and deliver it in a way that communicates to novice users as well as computer experts.

### State Mandated Common Prerequisites

Students should complete the following prerequisite courses listed below at the lower-level prior to entering the University. If these courses are not taken prior to transferring, they must be completed before taking any junior and senior level courses and before the degree is granted. Unless stated otherwise, a grade of “C” is the minimum acceptable grade, and students must have a 2.5 GPA in the prerequisite courses overall.

State Prerequisite	USFSM Course Offering	
Course	Course Number	Credit Hours

PSY XXXX Any Psychology Course	PSY 2012	3
STA X023 Statistics or STA X122	STA 2023	3
CGS XXXX Any Database Course	COP 2700	3

## Academic Minors

CHTL offers minor programs in Hospitality Management and Information Technology. Both minors are 12 credit hour programs and allow students to pursue hospitality or information technology related careers that they might otherwise not be qualified or credentialed to pursue.

### Hospitality Management (HMAM)

The minor in Hospitality Management is a 12-credit hour program. It is a valuable addition to any major and provides general information that allows students to pursue hospitality-related careers that they might otherwise not be qualified or credentialed to pursue. Majors of other disciplines will find this minor interesting and rewarding. The Hospitality Management minor will open a myriad of management positions in the hospitality industry. At least 9 credit hours must be taken in residence at USFSM

#### Requirements:

Students must achieve a grade point average of 2.0 or higher in the minor.

Required Core Courses (9 credit hours)

Course Number	Title	Credit Hours	Prerequisites	Notes
HFT 3003	Introduction to Hospitality and Tourism	3	None	
HFT 3263	Restaurant and Catering Management	3	HFT 3424, FSS 3231; Coreq: HFT 3424	
HFT 4253	Lodging Management	3	HFT 3003	

Required Elective (3 credit hours)

Course Number	Title	Credit Hours	Prerequisites	Notes
HFT XXXX	Any upper level HFT course	3	TBD	

### Information Technology (ITCM)

The minor in Information Technology will strengthen the student's resume by increasing and differentiating the student's effectiveness in the workplace. It provides the framework for students to be more productive in keeping with their individual strengths, needs, and goals.

The minor in Information Technology is not available to students who have completed their BSIT or BSAS degrees with a concentration in Information Technology.

#### Requirements:

Students will need to complete at least 12 credit hours from the courses listed below with at least a C- in each course. Please be aware some courses may have pre-requisites which will have to be completed outside of the 12 credits required for the minor.

Course Number	Title	Credit Hours	Prerequisites	Notes

#### Certificates

The Certificate Programs are designed for industry professionals currently working or planning on working in the hospitality industry and information technology industry.

### Hotel Management (HOTEL)

The Hotel Management certificate programs will enhance the student's professional knowledge. It was created for those who want to change careers to the hospitality industry and/or gain some pertinent knowledge of the field before entering the industry. The certificate will create opportunities for advanced education for industry professionals without the need for full degree requirements. The student must complete the five required courses (15 credit hours). The certificate will be issued when a student has earned at least a 2.0 GPA and receive no less than a grade of "C-" in any of the five classes in their concentrated certificate program. The certificate can be completed in one (1) full year if the student takes all courses available each semester.

### Required Courses

### Information Technology (Various Specializations) (ITC)

Students may choose from 8 of the following certificate programs. Students do not need to be enrolled in a degree program to obtain the certificate. A student can pursue an undergraduate certificate in any IT area of specialization. The certificate is available to all majors, however, BSAS IT and BSIT enrolled degree seeking students cannot obtain a certificate within the same area of concentration. For students enrolled in an IT certificate program, the courses will count toward a BSAS IT or BSIT degree if students decided to pursue a degree at a later date.

Students must achieve a B- in each course for it to count toward the certificate. Certificate courses can be completed in one full year if the student takes all courses available each semester. Course equivalencies need approval from the college dean.

CCJ	3701	Research Methods in Criminal Justice I	3	BC	CJP	Introduces the student to some of the fundamentals of knowledge-generating processes in criminal justice.	Junior standing and a grade of C or better (a grade of C- is not acceptable) in CCJ 3117
CCJ	4450	Criminal Justice Administration	3	BC	CJP	This course is designed to provide an in-depth examination of both the practical and theoretical aspects of the administration of criminal justice agencies. The major focus will be on law enforcement and correctional agencies.	Junior standing, CJE 4114 or CJT 4100 or CI
CCJ	4604	Abnormal Behavior and Criminality	3	BC	CJP	A systematic introduction to the relationship between mental illness and criminality, with focus on psychiatric labeling of deviant behavior and its implications for the handling of the criminal offender.	Junior standing, CCJ 3024 or CI
CCJ	4900	Directed Readings	1-3	BC	CJP	(a) Students wishing to enroll must make arrangements with a faculty member during the semester prior to actually taking the course.(b) A minimum of four 4 CCJ courses must have been completed satisfactorily prior to enrollment.(c) First consideration will be given to Criminology majors.(d) Individual faculty members may add additional requirements at their discretion. No more than six hours of CCJ 4900, CCJ 4910 or any combination of the two will be accepted toward the minimum number of hours required for the major. This course is specifically designed to enable advanced students the opportunity to do in-depth independent work in the area of criminal justice. Each student will be under the close	Junior standing, CCJ 3024, CCJ 3117, CCJ 3621, CI. S/U only

						supervision of a faculty member of the program.	
CCJ	4910	Directed Research	1-3	BC	CJP	(a) Students wishing to enroll must make arrangements with a faculty member during the semester prior to actually taking the course.(b) A minimum of four 4 CCJ courses must have been completed satisfactorily prior to enrollment.(c) First consideration will be given to Criminology majors.(d) Individual faculty members may add additional requirements at their discretion. No more than six hours of CCJ 4900, CCJ 4910 or any combination of the two will be accepted toward the minimum number of hours required for the major. This course is designed to provide students with a research experience in which they will work closely with faculty on the development and implementation of research projects in the area of criminal justice.	Junior standing, CCJ 3024, CCJ 3117, CCJ 3621, CI. S/U only
CCJ	4930	Critical Issues in Policing	3	BC	CJP	Focuses on some of the most critical issues in law enforcement today including: understanding and controlling police use of deadly force; police deviance; police prejudice and discrimination; violence-prone police officers; substance abuse by police officers; and administrative review of alleged police brutality.	Junior standing, CCJ 3024 or CJE 4114 or CI
CCJ	4933	Selected Topics in Criminology	3	BC	CJP	Lecture course. Topic varies and is designed to address a wide variety of issues in criminology and criminal justice. Open to non-majors with CI.	Junior standing, CCJ 3024, CCJ 3621, CCJ 3117 or CI
CCJ	4934	Seminar in Criminology	3	BC	CJP	These variable topic seminars are used for the in-depth study and discussion of the relationships among culture, gender, ethics, age, society, and criminal behavior. Such examinations may include the options the criminal justice does (or does not) have to deal with these interactions, and the ethics and efficacy of the system's response. Open to non-majors with CI.	Senior standing, a grade of C or better (a grade of C- is not acceptable) in CCJ 3701
CCJ	4939	Senior Capstone Seminar	3	AM	CJP	This course is designed to provide students with the opportunity to demonstrate their understanding of the American criminal justice system	CCJ 3024, CCJ 3117, CCJ 3701

						and crime theories, and show competency in research methods, critical thinking, and scholarly writing.	
CCJ	4940	Internship For Criminal Justice Majors	3	BC	CJP	The internship will consist of placement with one or more of the agencies comprising the criminal justice system. This course will enable the students to gain meaningful field experience related to their future careers. The three-hour block of credit will require a minimum of ten hours of work per week during a fall or spring term, fifteen hours per week in summer, within the host agencies in addition to any written work or reading assignments. See requirements for the B.A. degree in Criminology for the number of hours required.	Senior standing, CCJ 3024, CCJ 3621, CCJ 3117 and CI.. S/U only. No more than 9 hours of CCJ 4940 will be accepted toward the elective hours required for the major.
CDA	3101	Computer Organization for Information Technology	3	HM	EIT	Elements of the computer are discussed in terms of the physical and conceptual design of memory, processors, busses and I/O elements. Organization of the system is cast in a meta-language that captures the logical and physical nature of the computer.	Any Physics course and CGS 3303, or CI.
CEN	3040	Integrated Development Environments (Eclipse)	3	HM	EIT	This course focuses on the use of the Eclipse IDE for developing Java applications. Students will also learn how to take advantage of the plug-in architecture of Eclipse.	COP 2250
CEN	3722	Human-Computer Interface for Information Technology	3	HM	EIT	Human-Computer Interface is the study of people, computer technology and the ways these influence each other. The basic foundations of HCI in terms of psychology, computer systems and their integration into design practice are discussed in the course.	None
CEN	4020	Software Engineering	3	EN	ESB	An overview of software engineering techniques for producing high quality software. Student will participate in a software development team.	COP 4530
CEN	4031	Software Engineering Concepts for Information Technology	3	AS	EIT	Concepts associated with production of high quality software through the use of software engineering concepts and practices are covered. In addition to conceptual presentations, students are required to participate in software development team	EEL 4854 or CI

						projects.	
CGS	2100	Computers in Business	3	BU	QMB	A study of the use and impact of computers in all areas of business organizations. Course includes hands-on experience and the use of software packages for business analysis.	None
CGS	3303	IT Concepts	3	AS	EIT	A lecture and problem solving course which deals with subjects related to computers and information technology. A broad range of conceptual and practical topics in IT are covered.	Any PHY course
CGS	3373	IT Concepts & Data Networking (w/Lab)	4	HM	EIT	The course will act as a breadth-first view of Informatics, including computing technology fundamentals and networking concepts. The major concepts are presented in a manner that will make clear the “big picture” of the discipline.	None
CGS	3374	Computer Architecture & Operating Systems	4	HM	EIT	The course provides a comprehensive and integrated understanding of computer functions. It combines both computer hardware organization and supporting operating systems structures to enhance the students’ problem solving skills.	CGS 3373
CGS	3845	Electronic Commerce	3	AS	EIT	An overview of how E-Commerce evolved, what EC is; how it is being conducted and managed; its major opportunities, issues, and risks. Discussions include: The Internet, intranets, firewalls, etc. Exercises will use various Web and software and packages.	COP 2510 or equivalent
CGS	3847	Advanced e-Commerce	3	HM	EIT	The course guides students in developing a fully functioning e-Commerce website.	COP 4834
CGS	3850	Web Development: JavaScript & jQuery	3	HM	EIT	JavaScript is used to develop interactive Web pages/sites. OO language, with its dynamic functionality, is quickly inserted into a Web page. Used on WWW it is the most popular programming language worldwide & is the basis for the jQuery Library.	CGS 3853

CGS	3853	IT Web Design (HTML/xhtml, CSS)	3	AS	EIT	An overview of how the Internet and the WWW evolved, and how Electronic Commerce is supported by web pages. The student will do exercises relative to HTML, and how browsers show that code. The student will also learn to use web page development packages.	COP 2510 or equivalent (USFSM equivalent COP 2030)
CGS	4855	Intermediate Web Development (jQuery)	3	HM	EIT	This course provides more practical and professional tools for working with Cascading Style Sheets (CSS) and JavaScript using the jQuery and the jQuery UI (User Interface) libraries.	CGS 3850
CGS	4856	Intermediate Web Design (HTML5)	3	HM	EIT	This course continues from the first courses in Web Design and Web Development to add the new concepts and capabilities of HTML5.	CGS 3853, CGS 3850, CGS 4855
CGS	4857	Android Web Applications (w/HTML5, CSS3, JavaScript)	3	AM	EIT	A mobile web application is one built with core client web technologies. Students will learn to develop designs for mobile devices; these will also work as desktop web apps if the browser uses the same versions of technologies (HTML5, CSS3, JavaScript).	CGS 3853, CGS 3850, CGS 4856
CHM	2045	General Chemistry I	3	AS		Principles and applications of chemistry including properties of substances and reactions, thermochemistry, atomic-molecular structure and bonding, periodic properties of elements and compounds	550 SAT Quantitative score or completion of MAC 1105 College Algebra with a C or better AND one year of high school chemistry or completion of CHM 2023 with a grade of C or better.
CHM	2045L	General Chemistry I Lab	1	AS		Principles and applications of chemistry including solutions, chemical thermodynamics, kinetics, equilibria, aqueous chemistry, electrochemistry, and nuclear chemistry.	CHM 2045 and CHM 2045L with a C or better or equivalent
CHM	2046	General Chemistry II	3	AS	CHM	Principles and applications of chemistry including solutions,	CHM 2045 and CHM

						chemical thermodynamics, kinetics, equilibria, aqueous chemistry, electrochemistry, and nuclear chemistry	2045L with a C or better or equivalent
CIS	3201	Laws and Legal Aspects of IT	3	HM	EIT	The course provides an overview of rights, responsibilities, and liabilities associated with IT systems today. Statutes, case histories, regulations, etc. will be discussed, to understand and control risk. Research topics will be assigned to students.	CIS 3360 with a minimum grade of B-
CIS	3303	Unified Modeling Language	3	HM	EIT	The Unified Modeling Language (UML) is a world-class visual language for analysis and design of object-oriented systems. This course examines the various graphical tools and their applications in the context of extended case studies.	Working knowledge of an Object-Oriented programming language (not Visual Basic).
CIS	3360	Principles of InfoSec	3	AS	EIT	Board review of Information Security and related elements. Includes terminology, history of the discipline, overview of information security program management. Suitable for IS, criminal justice, political science, accounting information systems students	None
CIS	3362	Cryptography and Information Security	3	AS	EIT	This course examines classical cryptography, entropy, stream and block ciphers, public key versus symmetric cryptography, one-way and trap-door functions, plus other specific tools and techniques in popular use.	MAD 2104 or permission of instructor
CIS	3367	Architecting Operating System Security	3	AS	EIT	This course examines tools and techniques for securing Windows and Linux operating systems. Students will acquire knowledge and skills to perform audit assessments and implement enterprise-wide operating system security.	CIS 3360 or permission of instructor
CIS	3615	Secure Software Development	3	HM	EIT	Information is power. It also has value. Thus, there is an incentive for unscrupulous individuals to steal information. This course covers a number of different techniques to help developers to build enterprise-level systems that are secure and safe.	COP 3515 and COP 4260
CIS	3932	Special Topics for Information	1-4	AS	EIT	Topics to be chosen by students and instructor permitting newly developing interdisciplinary special	None

		Technology				interests to be explored.	
CIS	4203	Computer Forensics & Investigations	3	HM	EIT	Teaches the methods of acquiring, preserving, retrieving, and presenting data that have been processed electronically and stored on computer media for use in legal proceedings. Focus on MS Windows systems.	Programming course and a math course. USFSM suggested programming courses COP 2030; USFSM suggested math course MAD 2104
CIS	4204	Ethical Hacking	3	HM	EIT	Provides an understanding of computing, networking, exploitation techniques, used for IT security. In testing, a legal ethical hacker tries to penetrate a system, finds its weakest link and analyzes ways to correct security flaws.	Programming course and a math course. USFSM suggested programming courses COP 2030; USFSM suggested math course MAD 2104
CIS	4253	IT Ethics	3	AS	EIT	This course will cover issues that arise from the world of online communication and its impact on our daily lives through education, processes, and information. Class discussions cover various technologies and issues that are shaping our society.	Basic computer skills
CIS	4361	Information Technology Security Management	3	AS	EIT	An overview of information security management techniques and concerns is presented. Topics include: Access control systems, telecommunications and network security, security management practices, application and systems development security, cryptography, disaster recovery planning, legal and ethical issues, and physical security.	Junior standing or above
CIS	4365	Computer Security Policies and Disaster Preparedness	3	AS	EIT	When an organization's functioning is interrupted by disasters, accidents, or natural events, a loss of data and/or productivity may occur. The impact on the organization is determined by how prepared it is for dealing with these disruptions.	CIS 3360
CIS	4368	Database Security and Audits	3	HM	EIT	An in-depth look at database security concepts and auditing techniques. Hands-on approach when examining security techniques. Examines different security strategies and advancements in	Database course

						implementation as well as problem solving.	
CIS	4369	Web Application Security	3	HM	EIT	This is a comprehensive overview of Web applications and their common vulnerabilities. Web Goat will be used to give students pseudo practical experience with penetration testing tools and to give them concrete examples of the concepts of the class.	Students are expected to know the basics of HTML, JavaScript, and related technologies – this is a technical class.
CIS	4412	Information Technology Resource Management	3	AS	EIT	An overview of the information resource management function, with emphasis on information systems management, is covered. Topics include planning, organizing and controlling user services, managing information system development process, and the fundamentals of EDP auditing.	Junior standing or above
CIS	4510	I.T. Project Management	3	AS	EIT	This course covers the general aspects of project management and emphasizes the important, special considerations which apply to information technology projects. Supporting software is used extensively.	CI
CIS	4512	IT Project Risk Management	3	HM	EIT	This course addresses the risks associated with the IT/Business environment. Risk Management plays a key role in the successful development and implementation of IT projects.	CIS 4510
CIS	4514	Requirements-Led PM/PM Software Tools	3	HM	EIT	This course focuses on an innovative approach to using project requirements to manage the project development life cycle.	CIS 4510
CIS	4515	Managing Global Remote Teams	3	HM	EIT	Global/telecommuting teams deal with tough issues like isolation, lost emails, miscommunication, time zones, lack of face-to-face interactions, travel budget restrictions, and cultural differences which potentially impede productivity and effectiveness.	CIS 4510
CIS	4518	Quality Issues in Project Management	3	HM	EIT	This course explains concepts & principles of tenets of quality management & practical methodologies to implement them. It covers little q & big Q;	CIS 4510

						addresses thinking, misconceptions & alternative theories, focusing on big Q to build a case for change.	
CIS	4524	IT Project Schedule & Cost Control	3	HM	EIT	Students will develop fundamental skills in estimating, scheduling, cost control, and reporting, essential for successful information technology projects.	CIS 4510
CIS	4525	Contract Management & Negotiations	3	HM	EIT	Today's dynamic performance-based work environment requires partnerships and alliances to obtain a marketable mix of skills, tools and business practices. The course covers key aspects of contract negotiation planning, documenting and closing contracts	CIS 4510
CIS	4900	Independent Study In Computer Science	1-5	EN	ESB	Specialized independent study determined by the needs and interests of the student.	COP 4530 or CDA 3201 and CI. S/U only
CIS	4930	Special Topics in Computer Science I	1-4	EN	ESB		COP 4530 or CDA 3201 and CI
CIS	4932	Special Topics for Information Technology	1-4	AS	EIT	Topics to be chosen by students and instructor permitting newly developing interdisciplinary special interests to be explored.	None
CIS	4935	Senior Project in Information Technology	3-5	AS	EIT	Graduates of the IT program must complete a major project dealing with a sub-domain of IT. Projects are supervised by a faculty member, or an approved industrial mentor. Projects range from design to programming, to implementations associated with IT.	Senior Standing in Information Technology
CJC	4010	3	3	BC	CJP	Analysis of the different treatment philosophies and techniques currently in use in the field, with special attention to experimental and demonstration programs.	Junior standing, CCJ 3024 or CCJ 3117 or CI
CJC	4166	Alternatives to Incarceration	3	BC	CJP	This course explores a variety of alternatives to imprisoning the offender, including probation, parole, diversion, and other community-based intervention and treatment approaches.	Junior standing, CCJ 3024 or CCJ 3117 or CI
CJE	3650	Introduction to Forensic Science	3	AP	CJP	This course provides students an appreciation of 'real life' forensic science and its role in the justice system. The class introduces	None

						students to the scientific techniques employed by the forensic science community. Not restricted or repeatable.	
CJE	4010	Juvenile Justice System	3	BC	CJP	Provides coverage of the juvenile and family courts, their clientele, and the complex of human services agencies and facilities that contribute to efforts at juvenile correctional intervention.	Junior standing, CCJ 3024 or CCJ 3117 or CI
CJE	4610	Criminal Investigation	3	BC	CJP	Covers the major components of criminal investigation, with special attention to the scientific aspects of criminal investigation and the management of major cases.	CCJ 3024 or CCJ 3117 or CI
CJL	3110	Substantive Criminal Law	3	BC	CJP	Examines the historical basis of the American criminal law system, the substantive elements of the crime, and court procedures.	Junior standing, CCJ 3024, CCJ 3117, or CI
CJL	3502	Introduction to Courts	3	AP	CJP	Offers understanding of process & functions of US court system. Define & identify different aspects of law & crime; examine aspects of Federal & State court systems; trial process; examine roles of court workers; sentencing. Not restricted or repeatable.	None
CJL	4115	Environmental Law and Crime	3	BC	CJP	The course provides students with an introduction to issues in the area of environmental crime and environmental law.	Junior standing, CCJ 3024 or CI
CJL	4410	Criminal Rights and Procedures	3	BC	CJP	Emphasizes the Constitutional issues and rules that are applied and enforced by the courts while processing criminal cases.	Junior standing, CCJ 3024 or CI
CLP	4143	Abnormal Psychology	3	AS	PSY	Descriptions, theoretical explanations, research evidence, and treatment of maladaptive behavior.	PSY 3213 with a grade of C or better or CI
CLP	4414	Behavior Modification	3	AS	PSY	Introduction to behavior analysis, and application of learning principles, behavioral measurement, research designs, and interventions in treatment settings.	PSY 3213 with a grade of C or better or CI
CLP	4433	Psychological Tests and Measurement	3	AS	PSY	A consideration of the instruments for intellectual and personality assessment including their applications, development, and potential abuses.	PSY 3213 with a grade of C or better or CI. Students may not receive credit for both CLP 4433 and EDF 4430

CNT	3403	Network Security and Firewalls	3	AS	EIT	This course surveys network security standards and emphasizes applications that are widely used on the Internet and for corporate networks. This course also examines Firewalls and related tools used to provide both network and perimeter security.	EEL 4782
COM	3110	Communication For Business and the Professions	3	AS	SPE	Identification of communication situations specific to business and the professions. Analysis of variables related to communication objectives and preparation of oral presentations in the form of informational reports, conference management, persuasive communications, interviews, and public hearings.	
COP	2030	Programming Concepts I	3	HM	EIT	This course covers basic programming concepts using the Python language for implementation and developing problem solving skills.	None
COP	2250	Object-Oriented Programming (Java SE)	3	HM	EIT	This course introduces students to object-oriented programming concepts using Java but via a specially designed Integrated Development Environment (BlueJ). This enables students to directly create objects of any class to interact with their methods.	None
COP	2700	Database Systems Basics	3	HM	EIT	Database systems are described with particular emphasis on Relational Database Management Systems (RDBMS). SQLite is the target RDBMS. It is programmatically driven with the Python language and OpenOffice base.	COP 2030
COP	2930	Special Topics for Information Technology	1-3	AS	EIT	Special topics course.	None
COP	2931	Special Topics for Information Technology	1-3	AS	EIT	Special topics course.	None
COP	3259	Comprehensive Java	4	HM	EIT	The focus of this course is the comprehensive Java 6 SE specification which defines the advanced Java language features and capabilities.	COP 2250
COP	3375	Data	4	HM	EIT	This course focuses on the Python	COP 2030

		Structures and Algorithms w/Python				language and covers its features and capabilities in depth.	
COP	3415	Data Structures and Algorithms	3	HM	EIT	This course is intended to be a first course on data structures and algorithms, implemented using the Python language. As such it deals with abstract data types and data structures. It also deals with writing algorithms and problem solving.	COP 3375
COP	3515	Program Design for Information Technology	3	AS	EIT	Concepts associated with the design and implementation of computer programs are studied, with emphasis on creation of programs to be developed and maintained in a variety of environments from small to large information technology organizations.	COP 2510 or CI
COP	3718	Intermediate Database System	3	HM	EIT	This course provides an in-depth treatment of working with Relational Database Management System (DBMS), with particular reference to MySQL. It also shows how to interface with MySQL using both PHP and Java languages.	COP 2700
COP	3722	Advanced Database Systems Design	3	HM	EIT	This course presents contemporary data modeling and database design techniques in a vendor-neutral manner. Students will learn to create conceptual, logical, and physical data models, specialized techniques for handling temporal and analytical data.	COP 2700 with a minimum grade of B-
COP	3931	Special Topics for Information Technology	1-4	AS	EIT	Topics to be chosen by students and instructor permitting newly developing subdisciplinary special interests to be explored.	CEN 3040
COP	4260	Systems Programming: JavaEE	3	HM	EIT	This course covers Java EE, the Enterprise Java Platform. Java EE is a super-set of Java SE. This platform has matured to a degree where it can be both complete and lightweight, while, at the same time incorporating many new and enhanced tools.	COP 2250
COP	4376	Java-Based Python (Jython)	3	HM	EIT	Focus is on the Python language as used with the Jython (Java-based) interpreter in a Java EE environment – Python enables the best of two worlds by bridging between the elegant, expressive code	COP 3375, and working knowledge of Java

						of the Python world and the “enterprise ready” Java world.	
COP	4610	Operating Systems for Information Technology	3	AS	EIT	Introduction to concepts and practices of modern operating systems. Topics include process, parallelism, memory management, resource allocation and file systems. Algorithms are used to understand many of the concepts associated with operating systems.	EEL 4854 or CI
COP	4610L	Operating Systems Laboratory for Information Technology	1	AS	EIT	Implementation and evaluation of models discussed in the lecture part of the course. Students implement operating system algorithms in stand-alone mode, and modify real operating system code. Students implement and test algorithms in a lab environment.	EEL 4854 or CI
COP	4656	Software Development for Mobile Devices	3				COP 4530
COP	4703	Database Systems for Information Technology	3	AS	EIT	Fundamentals of database management systems are presented, covering relational, CODASYL, network, hierarchical, and object-oriented models. Topics include basic design concepts, analysis of efficiency as well as actual implementations of such systems.	EEL 4854 or CI
COP	4710	Database Design	3	EN	ESB	This course covers the fundamentals and applications of database management systems, including data models, relational database design, query languages, and web-based database applications.	COP 4530
COP	4814	Web Services	3	AS	EIT	The Web services model, based on the Open Standards of SOAP, WSDL, and UDDI, is studied and applied.	CI
COP	4816	XML Applications	3	AS	EIT	This course introduces extensible Markup Language (XML), a technology for exchanging structured information over the Internet, and examines a sampling of its many applications.	CI. Completion of prerequisites for admission to IT program
COP	4834	Data-Driven Web Sites	3	AS	EIT	This course builds on students’ knowledge of Web development and databases by adding server-side scripting using the PHP language to	CI. Completion of prerequisites for admission

						interact with the mySQL database system to build transaction processing and report generating systems over the Internet.	to IT program. Junior standing or above
COP	4854	Rich Internet Applications	3	HM	EIT	This capstone course introduces needed technologies in the context of applications to explain links with one another. A number of tools (captured under Rich Internet Applications) are needed to make all of these existing technologies work together.	CGS 3850, CGS 3853, COP 4816
COP	4930	Information Technology Seminar	1-3	AS	EIT	A survey of current Information Technology topics are covered to keep the IT student abreast of the variety of domains associated with their major. Speakers with a wide variety of IT experience will give seminars to senior IT students.	Senior standing in Information Technology
COP	4931	Special Topics for Information Technology	1-4	AS	EIT	Topics to be chosen by students and instructor permitting newly developing interdisciplinary special interests to be explored.	None
CPO	2002	Introduction to Comparative Politics	3	AS	POL	Comparison and analysis of representative European and non-Western political systems.	None
CTS	3165	Linux Essentials	3	HM	EIT	This course describes installation and configuration of Ubuntu Linux as a powerful desktop workstation capable of competing with the leading desktop operating system, but at a much lower cost. A wide variety of applications are installed to cover many areas.	None
CTS	4348	Linux Administration	3	HM	EIT	The course provides the breadth and depth of material necessary to effectively implement and manage Linux servers in real-world business environments.	CTS 3165 (Request permit for waiver of prerequisite)
CTS	4805	Web Development Tools	3	AS	EIT	This course builds on web design concepts and extends them to build and maintain complete Web Sites using the current de facto industry-standard integrated web site development environment/applications.	CI
DEP	4053	Developmental Psychology	3	AS	PSY	Survey of methods, empirical findings, and theoretical interpretations in the study of human development.	PSY 3213 with a grade of C or better or CI

ECO	2013	Economic Principles (Macroeconomics)	3	BU	ECN	ECO 2013 introduces students to basic economic terminology, definitions and measurements of macroeconomic data, simple macroeconomic models, fiscal and monetary policy, and international macroeconomic linkages.	None
ECO	2023	Economic Principles (Microeconomics)	3	BU	ECN	Introduction to the theory of price determination. How an economy decides what to produce, how to produce, and how to distribute goods and services.	None
ECO	3101	Intermediate Price Theory	3	BU	ECN	The price system and allocation of scarce resources between competing uses. May not receive credit for both ECP 3703 and ECO 3101.	ECO 2023 and MAC 2233 or MAC 2311 or equivalent
ECO	3203	Intermediate Macroeconomics	3	BU	ECN	Determination of income, employment, prices, and interest rates. Aggregate demand and aggregate supply.	ECO 2013 and ECO 3101 or ECP 3703 with a grade of "C" or better and MAC 2233 or MAC 2311 or equivalent
EDE	4223	Creative Experiences for the Child	3	ED	EDE	Provides students with critical understanding of visual arts, music, movement, and drama in K-6 curriculum. Students will develop knowledge and strategies to incorporate creative expression into integrated curriculum. Restricted to majors. Not repeatable.	Acceptance into College of Education.
EDE	4301	Classroom Management, School Safety, Ethics, Law and Elementary Methods	3	ED	EDE	This course examines the legal issues affecting classroom/school management, school safety, professional ethics and elementary school methods. The course explores the current knowledge of best practices of a variety of teaching and management strategies and methods deemed appropriate for a diverse elementary classroom setting including ESOL students and other exceptionalities.	Admission to the program in the Department of Childhood Education
EDE	4940	Internship: Elementary Education	3-12	ED	EDE	Teacher candidate required to demonstrate professional competencies during full day internship in a public or private elementary school. Course restricted	EDE 4941 and EDE 4942; CR: EDE 4936. S/U only

						to Elem Ed majors. Course will be repeatable for credit (total 10 min – 12 max hrs).	
EDE	4941	Childhood Education Internship Level I	3	ED	EDE	Students spend two days per week in a supervised internship experience in classroom settings and attend a weekly seminar. Course is restricted to Elementary Education majors. Course is repeatable for credit, for a total of 6 credit hours.	Admission to the Elementary Education. CR: RED 4310, EDG 4620. Concurrent enrollment in EDG 4620-Elementary section. S/U only
EDE	4942	Childhood Education Internship Level II	6	ED	EDE	Students spend 12 hours per week in a supervised internship experience in classroom settings and attend a weekly seminar.	EDE 4941, RED 4310, EDG 4620, EDF 3122, LAE 4314, EDE 4301, MAE 4310, SCE 4310, LAE 4414, SSE 4313, EME 2040
EDF	2005	Introduction to the Teaching Profession	3	ED	EDC	Introductory survey course required for admission into the College of Education. A broad overview of the history, sociology and philosophy of education in the United States focuses on education as a field of study and teaching as a profession. Includes lecture and field experience.	None
EDF	2085	Introduction to Diversity for Educators	3	ED	EDC	Introductory survey course required for admission into the College of Education. USF System Regulation USF3.008: Admission of Graduate and Post-Baccalaureate Professional Students

### Statement of Principles

In graduate admission decisions, multiple sources of information are used to ensure fairness, promote diversity and balance the limitations of any single measure of knowledge, skills, or abilities. The sources may include: undergraduate grade point average, letters of recommendation, personal statements, samples of academic work, portfolios, auditions, professional experience related to proposed graduate study, as well as nationally known, standardized test scores. It is the responsibility of each graduate program to select admissions' criteria that best predict success in their specific field and to determine the weight given to each measure.

None of the sources of information, particularly standardized test scores, are used in isolation nor are such scores used in combination or separately to establish minimum or “cut off” scores. Program specific guidelines for the use of standardized test scores are developed based on the experience of a given college with its pool of applicants.

Admissions is located in the [Student Services](#) area which contributes to the overall mission of USFSM by providing support services to promote student learning; encourage intellectual, social, and personal development; and to advocate for policies and programs that empower students to reach their personal, educational, and professional goals.

### Admission Criteria

Each applicant to a graduate program at USFSM is required to meet the following minimum requirements:

1. An applicant must have one of the following:
  - a. A bachelor's degree from a regionally accredited institution and satisfying at least one of the following criteria:
    - i. “B” average or better in all work attempted while registered as an undergraduate student working for a degree, or
    - ii. “B” or better average in all work attempted while registered as an upper division undergraduate student working for a baccalaureate degree.
  - b. A bachelor's degree from a regionally accredited institution and a previous graduate degree from a regionally accredited institution.
  - c. The equivalent bachelor's and/or graduate degrees from a foreign institution.
2. Submission of standardized test scores is at the discretion of the graduate program. Applicants from countries where English is not the official language must also demonstrate proficiency in English by providing acceptable scores on the Test of English as a Foreign Language (TOEFL) or International English Language Testing System (IELTS).

3. All specific and additional requirements of the graduate program to which admission is sought (including requirements to submit standardized test scores) consistent with the Statement of Principle.

The College Dean must approve any exceptions to these requirements.

## **Additional Requirements of Programs**

Colleges/programs may require additional application materials, such as resumes, writing samples, or letters of recommendation. These items may be sent as part of the overall graduate application packet. These materials will be forwarded to the appropriate program if sent with the application packet but they do not become part of the applicant's permanent file.

## **Conditional Admission Criteria**

A college may admit applicants conditionally pending satisfaction of remedial or program requirements. These conditions may include receipt of satisfactory scores on standardized tests, attendance in and satisfactory grade in specific core or remedial courses, etc. It is the responsibility of the college to track the student's satisfactory completion of the conditions and notify Admissions when conditions are met. Failure to satisfy those conditions by the deadline established by the program will result in academic dismissal from the program. The College will coordinate with the Admissions' Office.

## **Deferment of Admission Request**

An applicant's acceptance is granted for the semester and the particular program specified in the official acceptance notification. The applicant must validate that acceptance by enrolling for that semester. Applicants who fail to validate their admission may contact Admissions and request a Deferment of Admission. This request must be made in writing within 12 months of the initial requested entry date. If a request for Deferment of Admission is not received in the specified time, a new application and fee must be submitted. Deferment requests must also be received no later than the program or University application deadline for the semester desired, whichever is earlier. Applicants who were admitted provisionally upon receipt of official test scores and/or transcripts must supply those missing items prior to having their deferment decision processed by Admissions. International students must also provide a new financial statement dated no earlier than 6 months before the requested date of entry.

## **Denial of Admission / Appeal for Reconsideration Criteria**

Applicants denied admission will be given timely notice by email or in writing. Denied applicants who meet the minimum standards may write the College to which they applied within 30 days of the date of denial to request reconsideration. The Appeal for Reconsideration Form request should present additional evidence of potential for academic success at USFSM and contain reasons why reconsideration is warranted. Applicants denied admission to degree programs are eligible to enroll as special (non-degree seeking) students. Non-degree seeking applications can be found on the USFSM website.

## **Exception Admission Criteria**

The University may admit up to 10% of new enrollees as exceptions to the Board of Trustees minimum requirements. To be considered for an exception, applicants should present evidence that might account for the previous academic record and demonstrate potential for academic success. Examples of this evidence include excellent letters of recommendation from trusted academicians, performance in graduate courses taken as a post-bachelor's student, professional experience in the

discipline for a period of time, etc. Each request for a 10% exception must include a statement describing the special circumstances of the applicant. It is the discretion of the college to accept exception application requests.

## **Final Admission Criteria**

Applicants accepted for admission whose official documents (transcripts and/or test scores) have been received by the Office of Admissions are admitted as “Final.”

## **Provisional Admission Criteria**

Applicants accepted for admission whose official documents (transcripts and/or test scores) have not been received by Admissions are admitted provisionally pending receipt of these missing items. The required transcripts and/or test scores must be received before a third semester registration is permitted. If the missing documents are not provided by the end of the second semester of attendance, Admissions may place a registration hold on the student's file.

## **Readmission Policy**

A graduate student who is not registered and enrolled for a minimum of six (6) credits in a 12 month period is automatically placed in non-degree seeking (i.e. inactive) status. Students must be readmitted to the degree program to continue their studies. Readmission is at the discretion of the program and is not guaranteed.

## **Eligibility for Readmission**

- Students who have been Academically Dismissed from the University for Academic Dishonesty may not apply to any graduate program at USF System Institutions.
- Deadlines: The readmission application and all supporting materials must be submitted by the application deadline.

## **Additional Requirements for Readmission**

### **Graduate Application:**

In order to be considered for readmission, students must submit a new graduate application, application fee, and any required supporting materials.

### **Test Scores:**

The College may require new test scores (GRE/GMAT/TOEFL) and transcripts.

### **Catalog Year:**

Students who are readmitted must meet the degree requirements and policies in the Graduate Catalog in effect at the time of readmission.

### **Prior Coursework taken at a USF System Institution:**

Coursework taken at a USF System Institution prior to readmission may be accepted toward the degree requirements at the discretion of the College. However, all coursework taken when previously enrolled as a graduate student is included in the

overall GPA. Refer to the [Time Limitation Policy](#) for time limits on coursework applied toward the degree. Students who completed the required coursework and were previously in doctoral candidacy do not have to retake courses older than eight years unless determined by the program. Students may be required to take new coursework at the program's discretion. The decision to accept courses previously transferred to USFSM and applied toward the degree is at the discretion of the program.

**Enrollment:**

Students must enroll for the semester in which their readmission is effective.

The readmission policy does NOT apply to inactive students wishing to enroll in a program other than the original admitting program. These students must submit an application for the new program of interest. Transcripts of any work completed while not attending a USF System Institution may be required.

**Readmission Following Non-enrollment**

A graduate student who is not registered and enrolled for a minimum of six (6) credits in a 12 month period is automatically placed in non-degree seeking (i.e. inactive) status. Students must be readmitted to the degree program to continue their studies. Readmission is at the discretion of the program and is not guaranteed. Refer to the [Readmission Policy](#) in the Graduate Admissions Section for more information.

**Update of Admission Request**

If admission has not been granted because of a late application or missing credentials, the student must request that Admissions update the application for a future semester and specify the new enrollment date. The [Update of Admission request](#) must be made in writing within 12 months of the initial requested entry date and must be received no later than the program or University application deadline for the semester desired, whichever is earlier. Applications are held for only 12 months. If a request for change in entry date is not received in the specified time, a new application and fee must be submitted. Admissions will not process any update requests without first receiving all official test scores and/or transcripts.

**Application Process**

All graduate applications to USFSM must be submitted [online](#). Graduate applicants are urged to submit accurate and complete information as early as possible. Applications and supporting documents received after the application deadline will be processed for the next available term.

Applications are reviewed by USFSM Admissions and the College. Once the Office of Admissions determines your application is complete, it will be forwarded to the college for review. The faculty (if applicable) will make a recommendation to the College Dean and Regional Vice Chancellor which in turn will issue the official decision. The student will receive an official decision letter from the USFSM Admissions.

If you are a foreign graduate applicant, the graduate admission's advisor will coordinate with the International Services Office who will evaluate the financial statement after the student is admitted to determine eligibility for a student visa. Refer to the website for [International Services Offices](#) for more information. Each of these offices may request additional documents from you to make a decision.

For a complete list of graduate programs and deadline dates please visit the [Graduate Admissions](#) website.

**Application Checklist**

To assist in the admissions process, the following is your Application Checklist

1. Complete the [Graduate Application](#)
2. Pay the non-refundable application fee (\$30)
3. Submit an official transcript showing the bachelor's or significant progress toward completion of the bachelor's degree. Applicants who received a degree from a USF System institution are not required to submit a transcript. All transcripts must be in English. See the [International Admissions](#) page for a list of approved translation services.
4. Submit the Student Immunization and Medical History Form
5. Request that the testing agency for the GRE or GMAT send scores directly to the Office of Admissions
6. Complete Conduct Clearance Policy questions
7. Review Florida Residence Policy for tuition purposes
8. Sign-in to [OASIS](#) to monitor your admission status

## Application Deadlines

The University deadlines for admission follow below. Colleges and programs may have earlier deadlines or may continue to process applications after the deadline if space exists within the program. Admission applications and supporting materials must be received by the program and university deadlines as posted in the USFSM Graduate Catalog.

### Domestic Application Deadlines

<b>Spring Admission</b>	<b>October 15</b>

Foreign applicants who are in the U.S. are currently on a visa and may use the domestic application deadline dates.

## Application Fee

USF System Regulation USF4.0107: Fees, Fines and Penalties

All applicants are required to submit an application fee of \$30.00 for each graduate program to which they seek admission.

If applicants attended a USF System institution as a former degree-seeking student or non-degree seeking student those applicants will also be required to submit the application fee. Applicants have the option to pay their application fee by credit card (Discover, Master Card, or Visa) or by E-Check (personal checking/savings account) through Graduate Online Application or OASIS. All application fees submitted are non-refundable.

## Conduct Clearance Policy (Legal Disclosure Statement)

USF System Policy 30-018: Admission of Students with Prior Conduct Issues

All graduate applicants are required to answer the Conduct Clearance questions on the graduate application. The applicant will not be notified of the admission decision until answers to the two questions have been received and cleared by the Dean of Students or his/her designee, if warranted.

## GRE (Graduate Record Examination)

All applicants to programs requiring the GRE must submit GRE test scores earned within five (5) years of the desired term of entry. Official scores must be submitted to USFSM directly from the Educational Testing Service, but applicants may provide unofficial copies of their test scores to expedite the processing of their applications. Any offer of admission based on unofficial scores will not be finalized until official scores from ETS are received. The institution code for USFSM is 5828 and applies to all tests administered by ETS. The GRE requirement may be waived at the discretion of individual graduate programs. Please contact your program of interest directly for additional information

## GMAT (Graduate Management Admission Test)

Applicants to programs requiring the GMAT must submit GMAT scores earned within five (5) years of the desired term of entry. Official scores must be submitted to USFSM directly from the Pearson VUE Testing Service, but applicants may provide unofficial copies of their test scores to expedite the processing of their applications. Any offer of admission based on unofficial scores will not be finalized until official scores from Pearson VUE are received. The following are the Pearson VUE institution codes for USFSM:

- VP9-M4-01 M.B.A., USFSM
- VP9-M4-41 Hospitality Management, USFSM

Applicants who have taken the GRE may not have to submit a GMAT. Please contact your college/program of interest directly for additional information.

## Transcripts and Other Documents

One (1) official transcript from all institutions of higher learning where the applicant has earned a degree is required. Former USF System institution students should not submit their USF transcript because it is already on file. Applicants may provide unofficial copies of transcripts to expedite the processing of their applications. Any offer of admissions granted based on unofficial transcripts will not be finalized until official transcripts are received in a sealed envelope from the Office of the Registrar where they attended. All transcripts must be in English; it is the applicant's responsibility to have transcripts translated and evaluated before submitting them as part of his/her graduate application packet. Students applying while still completing an undergraduate degree must submit transcripts of at least six (6) semesters of completed undergraduate work. Final transcripts showing the award of a bachelor's degree will be required if an applicant is admitted and enrolls

BOG Regulation 8.011

USF System Policy 10-036: Authorization of New Degree Programs

M.A.	Master of Arts
M.S.	Master of Science
M.A.T.	Master of Arts in Teaching
M.B.A.	Master of Business Administration
M.Ed.	Master of Education

The USFSM colleges therein establish certain academic requirements that must be met before a degree is granted. These requirements concern such things as curricula and courses, majors and minors, and academic residence. Advisors, directors, and deans are available to help the student understand and arrange to meet these requirements, but the student is responsible for fulfilling them.

At the end of a student's course of study, if requirements for graduation have not been satisfied, the degree will not be granted. For this reason, it is important for all students to acquaint themselves with all regulations and to remain currently informed throughout their college careers and to be responsible for completing requirements.

Courses, programs, and requirements described in the catalog may be suspended, deleted, restricted, supplemented, or changed in any other manner at any time at the sole discretion of the University and the USF System Board of Trustees.

## Degree Program

A degree program is defined as an organized curriculum leading to a college degree in an area of study recognized as an academic discipline by the higher education community, as demonstrated by assignment of a Classification of Instructional Programs (CIP) code by the National Center for Educational Statistics, or as demonstrated by similar programs existing at other colleges and universities, and having designated faculty and instructional resources. Each degree program will be assigned a CIP code and included in the State University System Academic Degree Program Inventory.

## Program Major

An organized curriculum offered as a major area of study that is part of an existing or proposed degree program and does not constitute sufficient distinct coursework, faculty, and instructional resources to be considered a separate degree program. A Program Major must be reasonably associated with the degree program under which it is offered and share common core or prerequisite courses with other majors within the same degree program. A Major will not be assigned a CIP Code, will not be included in the State University System Academic Degree Program Inventory, and will not be recognized as a standalone degree program at the University. The number of credit hours for a Major will be established by the University for each degree level.

## Concentration

A Concentration is a coordinated set of courses in conjunction with examinations, thesis and/or dissertation, sub-curriculum that is applicable to one or more existing graduate programs. The total number of credit hours must not equal or exceed the number of credit hours established for the Degree Program(s). Concentrations must be approved by the College (or equivalent). Concentrations are listed on a student's transcript and the diploma.

### **College Credit Certificate Program**

An organized curriculum of college credit courses offered as a distinct area of study that leads to specific educational or occupational goals, and for which the university awards a certificate, diploma, or similar form of recognition upon completion. College credit certificate programs may consist of courses that are part of a degree program or distinct courses that are created outside of any degree program. The number of credit hours for a college credit certificate program shall be set by the university within guidelines established by this regulation.

# Academic Policies and Regulations

## USF System Regulations

The University of South Florida System regulations provide information, services, and tools for locating, commenting on, challenging, promoting, and evaluating all USF System regulations. Regional campuses and separately accredited institutions may have unique characteristics. Students, faculty, and staff must check with their individual campuses and apply system-wide regulations in conjunction and consistent with the specific characteristics and guidelines applicable to those campuses. Regulations are required for matters subject to the Florida Board of Governors regulation development procedure.

## USF System Policies

All policies in the USF System are promulgated through the process established in [USF System Policy 0-001: Issuance of Policies](#).

The USF System is currently comprised of three institutions separately accredited by SACS (USF Tampa, USF Sarasota-Manatee, and USF St. Petersburg). Each of the separately accredited institutions may initiate policy consistent with USF System policies, established laws, regulations and governance requirements. Each policy issued in the USF System must follow the established format.

## Academic Dismissal

Students may be academically dismissed from their graduate degree program for a variety of reasons. Once processed, the student's status will be changed from Graduate Degree Seeking to Non-Degree Seeking. A change to Non-Degree Seeking status could adversely impact financial aid. Dismissal cannot be retroactive. The effective date will be entered into the student's record by the USF System Office of the Registrar as the First Business Day after the end of the Semester, except in cases of academic dismissal due to academic dishonesty or disruption of academic process. Some of the reasons for academic dismissal include:

- Failure to successfully satisfy requirements to meet Conditional Admission by the deadline established by the program.
- Receiving an "FF" grade
- Failure to maintain "good standing"
- Failure to make satisfactory progress

To be readmitted, the student will need to reapply for admission, meeting the admission criteria in place at the time. Graduate students who are assigned an "FF" grade will be academically dismissed from the University and will not be eligible to apply to a graduate program at any USF System Institution.

## Change of Graduate Degree Program Request

A Change of Graduate Program Request will NOT be considered for graduate students in their first semester of study. Only a continuing graduate student enrolled for study in a particular program who wishes to change to another program at the same or lower level may complete the Change of Program Request Application. It is up to the discretion of the student's new program to determine if a Change of Program is appropriate and will be granted. Students may obtain the [Change of Program Request Application](#) on the USF Sarasota-Manatee website. This form must be signed both by the

current program and the new program, after which it must be submitted to the college for approval. If approved by the college, the change of program form is then sent to Records and Registration for processing. NOTE: Some programs may require another application to be submitted because the Change of Program Request Form does not contain sufficient information for them to make a decision. Students should check with the College before completing any paperwork.

### Credit Transfer

Students may, with the approval of their graduate degree program, transfer credits from any regionally accredited institution into their graduate degree program, as long as the majority of the credits are earned at the institution granting the degree. Credits obtained from USF System Institutions will be calculated into the GPA at USF Sarasota-Manatee and will be noted on the transcript as the grade earned. Credits from other regionally accredited universities are not calculated into the GPA at USF Sarasota-Manatee.

- Only credits with a grade of B or better may be transferred.
- Credit for coursework expires seven (7) years after receiving the credit.
- There is no time limitation for courses from a completed master's degree or professional degree applied toward a doctoral degree.
- The graduate degree program / department will be responsible for evaluating, approving, and initiating the transfer as soon as possible at the time of admission.

Note - Students taking courses at USF System Institutions other than their home USF institution should seek the approval of their graduate program director prior to taking the courses to ensure that the courses are eligible for transfer.

### Transfer of Credit Table

	To Graduate Certificates	To Masters or Ed.S. Degree
Courses (4000 and above) taken as an undergraduate but not applied to completed undergraduate degrees	Discretion of the Graduate Degree Program, if taken at USF System. Up to one course if not taken at a USF System Institution.	Discretion of the Program if taken at USF. Up to 12 credits if not take at USF System institution.
Graduate Courses applied to undergraduate degrees	None	None (Discretion of the Program for approved Accelerated Degree Programs)
Non-degree Seeking Status	Up to one graduate course	Up to 12 graduate hours*
Certificate Coursework (Graduate Degree Seeking Students)	Up to one graduate course(1 course may be applied to up to 2 certificates)	Up to 12 graduate hours*
Uncompleted Master's or Ed.S. Degree	Discretion of the Graduate Degree Program, if taken at a USF System Institution. For transfers from non-USF Institutions, up to 49% of required credits may be transferred in at the discretion on the Graduate Degree of Certificate Program.	
Completed Master's or Ed.S. Degree	Specific course requirements in common across both degree programs may be waived with the substitution of other approved coursework at the discretion of the program.	
Uncompleted Doctoral or completed Professional Degree	Discretion of the Program	Specific course requirements in common across both degree programs may be waived with the substitution of other approved

		coursework at the discretion of the program.
Completed Doctoral Degree	Courses from a completed doctoral Degree may not be transferred to a Graduate Certificate or a Master's Program. For USF and non-USF System specific course requirements in common across both degree programs may be waived with the substitution of other approved coursework at the discretion of the program.	

\*a maximum of twelve (12) credits can be transferred to a degree regardless of the source(s)

\*\*Programs that wish to transfer credit from a completed doctoral program to a professional program must submit the proposal to the Graduate School for approval.

## Academic Standards and Grades

### In Good Standing

To be considered a student in good standing, graduate students must:

- Maintain an overall minimum grade point average (GPA) of 3.00 (on a 4.00 scale) in all courses taken as a graduate student, and
- Maintain an overall minimum grade point average (GPA) of 3.00 (on a 4.00 scale) in all courses taken in each of the student's degree-seeking programs.

No grade of C- or below will be accepted toward a graduate degree. Students must meet the requirements to be in good standing to graduate. All "I" and "M" grades must be cleared for graduation to be certified. Students who fail to maintain good standing may be placed on probation or academically dismissed.

### Course Availability

USF System Regulation USF3.017: Deletion of Courses from Catalogs and Common Course Designation and Numbering System

USF Sarasota-Manatee does not commit itself to offer all the courses, programs, and majors listed in this catalog unless there is sufficient demand to justify them. Some courses may be offered only in alternate semesters or years, or even less frequently if there is little demand.

### Course Descriptions

For a listing of the most current USF System approved course descriptions refer to the [Search-a-Bull](#) Database.

### Comprehensive Examination

Prior to clearance for the degree, candidates must perform satisfactorily on a comprehensive examination or an alternative method designated by the academic unit to measure student competency in the major area. Students must be enrolled for a minimum of two (2) hours of graduate credit during the semester when the comprehensive examination is taken. If the exam is taken between semesters, the student must be enrolled for a minimum of two (2) hours of graduate credit in the semester before or following the exam.

### Cross-listing 4000/6000 Courses

When courses are cross listed it is expected that the 4000 and 6000 courses will have distinct syllabi demonstrating different depth and breadth of the subject matter as reflected in the course requirements. The courses presuppose different audiences, and the intention is to offer them at distinct levels.

## **Degree Requirements**

### USF System Regulation USF3.009: Graduate Degree Requirements

Graduate students must meet all of the requirements of USFSM graduate degree requirements, as specified in the USFSM Graduate Catalogs, as well as any College or Program degree requirements. Students must be in good standing to graduate. College and Program degree requirements are approved by USFSM Academic Programs's Committee. Each Catalog is published and in effect for the academic term(s) noted on the title page.

## **Dual Degree Programs**

A student may wish to pursue two degrees simultaneously. Upon approval by the appropriate College Dean(s) and Regional Vice Chancellor for Academic and Student Affairs, a prescribed number of courses (generally no more than nine (9) hours of core or basic courses) required for one degree may be applied to another degree that requires the same courses, without repetition or alternative courses. Contact the College for procedures for applying for a Dual Degree program

## **Enrollment during Comprehensive Exams**

During the term in which students take comprehensive exams, students must be enrolled for a minimum of two (2) hours of graduate credit. If the exam is taken between semesters, the student must enroll for a minimum of two (2) hours of graduate credit in the semester before or following the exam.

## **Enrollment during Semester of Graduation**

Students must be enrolled for a minimum of two (2) graduate hours during the semester of graduation.

## **Enrollment Continuous**

All graduate degree-seeking students must be continuously enrolled. Continuous enrollment is defined as completing, with grades assigned, a minimum of 6 hours of graduate credit every three continuous semesters. Colleges and programs may have additional requirements. Students on an approved leave of absence are not subject to the enrollment requirement for the time approved for the leave. See also the [Time Limitation Policy](#).

## **Enrollment for Graduate Teaching and Research Assistants**

Graduate Teaching and Research Assistants should be full-time students. Exceptions must be approved by the College Dean and the Regional Vice Chancellor for Academic and Student Affairs.

## **Full-Time Graduate Student Definition**

Graduate Students taking nine (9) or more hours toward their degree in the fall or spring semester, or taking six (6) or more hours in the summer semester, will be classified as Full-Time students for academic purposes. For financial aid requirements, contact the Office of Financial Aid.

## Graduate Grading System

### Continuing Registration Grades (Z)

The “Z” grade shall be used to indicate continuing registration in multi-semester internship or thesis/dissertation courses where the final grade to be assigned will indicate the complete sequence of courses or satisfactory completion of the thesis/dissertation. Upon satisfactory completion of a multi-semester internship the final grade assigned will be an “S”.

Note: Graduation will not be certified until all courses have been satisfactorily completed. No grade changes will be processed after the student has graduated except in the case of university error. Procedures requiring petitions are processed through the college Dean’s office.

### Grade Point Average (GPA)

The GPA is computed by dividing the total number of quality points by the total number of graded (A-F) hours completed. The total quality points are figured by multiplying the number of credits assigned to each course by the quality point value of the grade given. The GPA is truncated to two decimals (3.48) and is not rounded up. Credit hours for courses with grades of I, IU, M, MU, N, S, U, Q and grades which are preceded by T (Transfer) are subtracted from the total hours attempted before the GPA is calculated. Graduate students are not eligible for grade forgiveness. All grades earned, regardless of course level, will be posted on the transcript. If a student retakes a course, both grades will be used in the determination of the GPA. Courses taken at USF as non-degree-seeking are not computed in the GPA unless the courses are transferred in and applied to the degree requirements. The program and the college must approve such actions. Grades for transfer credits accepted toward the degree program will not be counted in the GPA unless the coursework in question was taken as a non-degree-seeking student at a USF System Institution and meets the requirements stated above (see [Transfer of Credit](#) section).

### Incomplete (I)

Definition: An Incomplete grade (“I”) is exceptional and granted at the instructor’s discretion only when students are unable to complete course requirements due to illness or other circumstances beyond their control. This applies to all gradable courses, including pass/fail (S/U).

Students may only be eligible for an “I” when:

- majority of the student’s work for a course has been completed before the end of the semester
- the work that has been completed must be qualitatively satisfactory
- the student has requested consideration for an “I” grade as soon as possible but no later than the last day of finals week.

The student must request consideration for an Incomplete grade and obtain an “I” Grade Contract from the instructor of record. Even though the student may meet the eligibility requirements for this grade, the course instructor retains the right to make the final decision on granting a student's request for an Incomplete. The course instructor and student must complete and sign the “I” Grade Contract Form that describes the work to be completed, the date it is due, and the grade the student would earn factoring in a zero for all incomplete assignments. The due date can be negotiated and extended by student/instructor as long as it does not exceed one semester from the original date grades were due for that course.

The instructor must file a copy of the “I” Grade Contract in the college that offered the course by the date grades are due. The instructor must not require students to either re-register for the course or audit the course in order to complete

the “I” grade. Students may register to audit the course, with the instructor’s approval, but cannot re-take the course for credit until the I grade is cleared.

An “I” grade not cleared within the next academic semester (including summer semester) will revert to the grade noted on the contract. I grades are not computed in the GPA, but the grade noted on the contract will be computed in the GPA, retroactive to the semester the course was taken, if the contract is not fulfilled by the specified date. When the final grade is assigned, if applicable, the student will be placed on academic probation or academically dismissed (refer to Automated Academic Probation Procedures for information). Students cannot be admitted to doctoral candidacy or certified for graduation with an “I” grade.

Example:

Current Semester

- student has a “B” in the course, not including the grade for the missing assignment, therefore is eligible for an “I”
- student’s grade, including a zero for the missed work, would be a “D”
- student and instructor complete the “I” Grade Contract, assigning an “ID” (Incomplete +”D” grade)

Deadline Agreed Upon in Contract (e.g. two weeks)\*

If the student completes the work as agreed upon in the Contract by the noted deadline

- instructor submits a change of grade
- student earns final grade comprised of all completed course work

If the student does not complete the work as agreed upon in the Contract by the noted deadline

- “I” automatically drops off and the grade of “D” remains.
- GPA is recalculated for the current semester and retroactively recalculated for the semester in which the “I” was granted.

\*Although the instructor establishes the deadline for completion of the work, the deadline may only extend through the end of the subsequent semester.

Missing (M)

The University policy is to issue an “M” grade automatically when the instructor does not submit any grade for a graduate student (undergraduate rules apply to undergraduate and non-degree-seeking students). Until it is removed, the “M” is not computed in the GPA. An “M” grade which is not cleared within the next academic semester (including summer semester) will be converted to “MF” or “MU”, whichever is appropriate. “MF” grades are calculated in the GPA and if applicable, the student will be placed on academic probation or academically dismissed. To resolve the missing grade, students receiving an “M” grade must contact their instructor. If the instructor is not available, the student must contact the instructor’s dean. Students cannot be admitted to doctoral candidacy or certified for graduation with an “M” grade.

Plus/Minus Grading

Effective fall semester 2000, graduate and undergraduate grades are assigned quality points in the Grade Point Average (GPA) grading system. The +/- designation must be included in the syllabus provided at the beginning of the course. The

use of the +/- grading system is at the discretion of the instructor. The syllabus policy is available in the office of Academic Affairs. Letter grade = number of grade points

<b>A+</b>		<b>4.00</b>
A	Excellent Performance	4.00
A-		3.67
B+		3.33
B	Good Performance	3.00
B-		2.67
C+		2.33
C	Average Performance	2.00
C-		1.67
D+		1.33
D	Poor Performance	1.00
D-		0.67
F		0.00

#### Other Grades

<b>E</b>	<b>Course repeated, not included in GPA</b>
FF	Failure/academic dishonesty
I	Incomplete
IF	Incomplete grade changed to Failure
IU	Incomplete grade changed to Unsatisfactory
M	No grade submitted by instructor
N	Audit
R	Repeated Course
S	Satisfactory
U	Unsatisfactory
W	Withdrawal from course without penalty
WC	Withdrawal for extenuating circumstances
Z	Indicates continuing registration

\*Incomplete grade policy change effective fall 08. IF grades earned and posted prior to fall 2008 do calculate in the GPA; IF grades earned as of fall 2008 forward do not calculate in the GPA Refer to Incomplete Grade Policy for more information.  
Probation

Any student who is not in good standing at the end of a semester shall be considered on probation as of the following semester. The college may also place students on probation for other reasons as designated by the program. Notification of probation shall be made to the student in writing by the college, with a copy to the College Dean. At the end of each probationary semester, the department shall recommend, in writing, to the College Dean one of the following:

1. Removal of probation
2. Continued probation; OR
3. Dismissal from the degree program.

Students with a GPA below 3.00 for two consecutive semesters will be prevented from registering for courses without the permission of the College Dean. The College Dean will notify the Regional Vice Chancellor of Academic Affairs in cases of academic dismissal. To be readmitted, the student will need to reapply for admission, meeting the admission criteria in place at the time. For information contact your college dean's office.

Satisfactory (S)/ Unsatisfactory (U)

Graduate students may not take courses in the major on an S/U (satisfactory / unsatisfactory) basis unless courses are specifically designated S/U in the Catalog. Students may take courses outside of the major on a S/U basis with prior approval of the course professor, major professor or advisor, and the Dean of the College in which the student is seeking a degree. The student may apply a maximum of six (6) hours of such credit (excluding those courses for which S/U is designated in the Catalog) toward a master's degree. Directed Research, Thesis, and Dissertation courses are designated as variable credit and are graded on an S/U basis only. Before a student begins work under Directed Research, a written agreement must be completed between the student and the professor concerned, setting forth in detail the requirements of the course.

## Graduation Information

Graduate students may not participate in commencement exercises until all requirements for the degree sought have been fulfilled.

### Application for Degree and Graduation

To graduate, a student must submit the Master's, Ed.S, or Ph.D. Degree Application to the college dean's office. This application must be submitted in the term of expected graduation by the deadline noted in the academic calendar. If a student applies for graduation and is not approved, a new Application for Degree must be submitted by the deadline in a new term. In order for the degree statement to appear on a student's academic record, the student must file the aforementioned application whether or not participation in the commencement ceremony is desired.

Inquiries concerning approval or denial of graduation should be made to the appropriate college. It is the student's responsibility to clear all "I" (Incomplete) and "M" (Missing) grades in all courses and to provide official transcripts of all transferred course work needed for graduation at least three weeks prior to the end of the term in which he/she expects to graduate.

### Certification Letters

Students in need of verification of the degree prior to receiving their diploma may request a Letter of Certification. This letter specifies that the student has finished all of the requirements for the degree and the date the degree will be conferred on. The letter must include the student's identification number, name of degree program and official name of the degree. The College Dean (or designee) must sign the Letter of Certification. A template for the Certification Letter is provided as a guideline.

## Institutional Residency

The majority of credits toward a graduate degree must be earned through instruction offered by the institution (e.g. USF Tampa, USF St. Petersburg, USF Sarasota-Manatee) granting the degree. For information about the minimum number of credit hours required for the degree refer to the degree requirements in the program listing and the [Transfer of Credit Policy](#).

## Major and Co-Major Professor

The Major Professor serves as the student's advisor and mentor. Students should confer with the college to confirm the internal process and timeline for the selection and appointment of the Major Professor. The student must identify a major professor and receive that person's agreement to serve as major professor. The selection of the Major Professor must be approved and appointed by the college dean as soon as possible, but no later than the time the student has completed 50% of the program. Students must have a major professor in order to maintain Satisfactory Academic Progress. If a major professor cannot be identified or in the event a major professor is unable or unwilling to continue serving on the student's committee, the student is responsible for finding another major professor. Students who are unable to find a replacement major professor should confer with the college dean for available options (including converting to a non-thesis program if available.) If no other options exist the student may be requested to voluntarily withdraw from the program or may be honorably withdrawn in good academic standing. The student and major professor should plan a program of study which, when completed, will satisfy the degree requirements specified. A copy of this program, signed by the student and professor, must be maintained in the student's college file.

Major Professors must meet the following requirements:

- Be graduate faculty, as defined by the University. Faculty who do not meet this definition may serve as Co-Major Professor
- Be engaged in current and sustained scholarly, creative, or research activities and have met college (or equivalent) requirements
- Have been approved by the college (or equivalent) to serve as a Major Professor or Co-Major Professor.

The membership of graduate faculty will be based upon criteria developed within the appropriate program and approved at the college level. These criteria must be forwarded to the Regional Vice Chancellor for Academic Affairs.

In the event a Major Professor leaves the University (i.e. for an appointment at another university, due to retirement, etc.) and the Major Professor is willing to continue serving on the student's committee, the Major Professor then becomes a Co-Major Professor on the committee and another faculty is appointed as the other Co-Major Professor. It is important that one of the Co-Major Professors be accessible on the university campus for the student to make satisfactory progress on the thesis. In the event a Major Professor is on temporary leave (e.g. sabbatical, research, etc.); the Major Professor shall coordinate with the college dean to facilitate the needs of the student. In some instances a student may choose to have two professors serve as Major Professor. In this situation the faculty members are approved as "Co-Major Professors" and jointly serve in that role. Consequently both faculty must sign approval on paperwork pertaining to the student's processing (i.e. committee form, change of committee form, etc.)

Appointment of a (Co)-Major Professor(s) may be rescinded by the college dean, with the approval of the appropriate college (or equivalent) faculty committee (separate from student advisory committee.)

## Mandatory Attendance at First Class Meeting

USF System Policy Number 10-006

### Registration Changes or Courses by Students and Instructors (Drop/Adds, Withdrawals, Deletions and Auditing)

<http://generalcounsel.usf.edu/policies-and-procedures/pdfs/proposed-system-policy-10-006-registration-changes-for-courses-by-students-and-instructors-posted-042413.pdf>

USF System Regulation – Registration - 4.0101, <http://generalcounsel.usf.edu/regulations/pdfs/regulation-usf4.0101.pdf>

All students are required to attend class the first day a class meets, for both online and on-campus courses. Students unable to attend must contact the instructor prior to the first day to ensure they are not dropped from the course. . This policy is not applicable to courses in the following categories: Educational Outreach,, FEEDS Program, Community Experiential Learning (CEL), Cooperative Education Training, and courses that do not have regularly scheduled meeting days/times (such as, directed reading/research or study, individual research, thesis, dissertation, internship, practica, etc.). Students are responsible for dropping undesired courses in these categories by the 5th day of classes to avoid fee liability and academic penalty.

## **Minimum Hours**

A minimum of thirty (30) hours is required for a master's degree, at least sixteen (16) hours of which must be at the 6000 level.

At least twenty (20) hours must be in formal, regularly scheduled course work, ten (10) of which must be at the 6000 level (i.e. not directed research, independent study, etc.)

Up to six (6) hours of 4000-level courses may be taken as part of a planned degree program. Additional graduate credit may be earned in 4000-level courses only if specifically approved by the appropriate College Dean. Students enrolled in undergraduate courses as part of a planned degree program are expected to demonstrate a superior level of performance.

Graduate students may not enroll for more than 18 hours in any semester without written permission from the College Dean.

## **Off-Campus Courses and Programs**

Graduate courses and programs are offered at locations other than the Tampa, Sarasota, and St. Petersburg campuses. Information on course enrollment procedures for off-campus courses and programs may be obtained from the College in which the courses or programs are offered.

## **Program Degree Requirements**

In order to graduate, students must meet all requirements specified in the USFSM Catalog of their choice, except as noted below. As the University is dynamic, changes and updates to the catalog are anticipated. In contract to program requirements, which are tied to a specific catalog, all students must comply with University policies and procedures that come into effect each catalog year.

- Students cannot choose a USFSM catalog published prior to admission (or readmission) or during an academic year in which they did not complete at least two terms. If a student is dropped from the system and must be reinstated, the

student's choice of catalog is limited to the USFSM catalog in effect at the time of readmission or any one catalog published during their continuous re-enrollment.

- If state law or certification requirements change, the student must comply with the most current standard or criteria.
- If the College makes fundamental changes to the program that necessitates changes in the degree requirements of enrolled students, the needs of those students will be explicitly addressed in the proposal for change and scrutinized by the Regional Vice Chancellor for Academic and Student Affairs.
- USF System policies and procedures not related to degree requirements such as academic grievance procedures, student conduct code and other procedural processes and definitions may be updated each year and the student will be held to the most current catalog and procedures available.
- USFSM does not commit itself to offer all the courses, programs, and majors listed in this catalog. If the student cannot meet all of the graduation requirements specified in the catalog of choice as a result of decisions and changes made by the University, appropriate substitutions will be determined by the program to ensure that the student is not penalized.

## Program of Study

It is recommended that the college establish a program of study for the student at the time of admission into the graduate program, outlining the requirements for the degree sought. In the event state mandates, accreditation requirements, etc., make changes to the degree requirements necessary, it is recommended that the program provide an addendum to the program of study outlining what is required for degree completion.

## Student Responsibilities

USFSM's colleges and programs have establish certain academic requirements that must be met before a degree is granted. These requirements concern such things as curricula and courses, majors and minors, and academic residence. Faculty and graduate program directors are available to help the student understand and arrange to meet these requirements, but the student is responsible for fulfilling them. At the end of a student's course of study, if all requirements for graduation have not been satisfied, the degree will not be granted. For this reason, it is important for students to acquaint themselves with all regulations and to remain currently informed throughout their college careers. Courses, programs, and requirements described in the USFSM catalog may be suspended, deleted, restricted, supplemented, or changed in any other manner at any time at the sole discretion of the University and the USF Board of Trustees.

It is the student's responsibility to make sure that he/she has met all degree requirements as specified in the [Degree Requirements](#) section of this publication, as well as any College and Program requirements for the degree.

## Thesis

Thesis

If a thesis is required, it must conform to the guidelines of the USF System.

Refer to the [Electronic Thesis and Dissertation \(ETD\) Resource Center](#) for complete information about requirements, procedures, and deadlines.

Refer to the enrollment requirements in the [Academic Policies](#) section in the Catalog.

## **Format**

Instructions with regards to formatting can be found at the following website.

<http://www.grad.usf.edu/ETD-res-faq.php>

## **Directed Research**

Directed Research hours may satisfy up to 50% of the thesis hour requirement.

## **Manuscript Processing Fee**

[USF System Regulation USF4.0107: Fees, Fines and Penalties](#),

Students participating in the thesis process are required to pay a processing fee. More information is available on the Thesis and Dissertation website.

## **Exchange of Thesis for Non-Thesis Credit**

If a student changes from thesis to non-thesis during a semester and is currently enrolled in thesis credit, the current thesis credits may be exchanged without academic penalty if a Graduate School Petition is filed with the Graduate School no later than the last day to withdraw without Academic Penalty.

If a student enrolled in a thesis required program has taken thesis credits but elects to change to non-thesis track or program, the accumulated thesis credits may not be exchanged or converted to another non-structured credit. The thesis hours will remain on the transcript and will retain the “Z” grade.

## **Thesis Defense**

Policies and procedures for the thesis defense are handled within the College and Program. Contact the College and Program for requirements.

## **Thesis Final Submission Guidelines**

Information on requirements for submission of the finished and approved manuscript copies is available online at the [\(ETD\) Resource Center](#) website. Students who fail to submit the final copy of a thesis by the posted submission deadline will be considered for graduation in the following semester and must therefore apply for graduation by the posted deadline, enroll in a minimum of two (2) thesis hours for that subsequent semester, and meet the submission requirements as posted on the [\(ETD\) Resource Center](#) website. Only after the Graduate School has approved the manuscript can the student be certified for the degree.

## **Mandatory Electronic Submission**

Students are required to submit the thesis in an electronic format (ETD). Requirements and procedures are available at the [\(ETD\) Resource Center](#) website.

## Submission to Pro-Quest

All theses will be submitted to Pro-Quest for microfilming and archiving, effective Fall 2010.

### Changes after Publication

Once a thesis is approved and accepted by the Graduate School for publication, it cannot be changed.

## Release of Thesis Publications

The University recognizes the benefits from collaboration with sponsors on research projects but also recognizes the possibility of conflicts of interest in the disclosure of the results of the collaborations. While the sponsor's economic interests in the restriction of disclosure should be considered, the University has a primary mission to extend knowledge and disseminate it to the public and the broader academic community. The University's "Statement of Policy Regarding Inventions and Works" acknowledges the possible need for delays in publication of sponsored research to protect the sponsor's interests, but it provides no definite guidelines for the restrictions of publication beyond the statement: "Disclosure delays mutually acceptable to the Inventor, the Vice President for Research, and the sponsor, if any, are authorized in order to allow patent applications to be filled prior to publication, thereby preserving patent rights..."[4]

To protect the University's primary goal from un-due compromise, the University has adopted the following guidelines:

1. The recommendations of sponsors, regarding publication of research results should be considered advisory rather than mandatory.
1. In support of academic discourse and the mission to promote and share academic works, Theses will be released for worldwide access once submitted to and approved by the USF System Graduate School. In the event that a patent or copyright application provides reason to delay the release of the Thesis, a petition to request a one year delay may be submitted to the Graduate School for consideration. Such requests must be received by the format check of the thesis.
1. Students should not be delayed in the final defense of their theses by agreements involving publication delays.

### Duty to Disclose New Inventions and Works

For information about the requirements of this policy contact the [USF System Division of Patents and Licensing](#) at (813) 974-0994.

## Thesis Change of Grade

In the semester in which the final manuscript has been received, reviewed, and certified for permanent filing in the University Library, the Graduate School submits the change of grade from "Z" to "S" for the last registration of thesis courses to the USF System Office of the Registrar when all grades are due at the end of the semester.

Thesis Committee

## Thesis Committee

Students working toward a thesis degree will have the benefit of a committee of members of the graduate faculty. The committee will approve the course of study for the student and plan for research, supervise the research and any comprehensive qualifying exams, and read and approve the thesis for content and format.

## Composition

The committee will consist of the major professor and at least two other members or co-major professors and at least one other member of the department or area of interest in which the degree is sought. (Colleges and Programs may require additional committee members and specify characteristics.)

## Member Definition

All graduate faculty, as defined by the University and the College, and approved by their college, as qualified to be a member of and/or supervise a committee. Persons desiring to serve on a Graduate committee who are not defined as Graduate Faculty (i.e. visiting faculty, professionals, etc.) by the University and the College must submit a curriculum vitae and be approved by the College, and, as needed, the Regional Vice Chancellor for Academic Affairs for each committee.

Committee members must meet the following requirements:

- Be graduate or affiliate graduate faculty, as defined by the University
- Have the background and expertise that contributes to the success of the student.

In addition to the requirements specified in the Graduate Faculty definition, committee membership will be based upon criteria developed within the appropriate program or department and approved at the college level. These criteria must be forwarded to the Dean of the College.

## Approval

Once a committee has been determined, a Supervisory Committee Form needs to be completed by the student and submitted to the Committee Members for original signatures. Check with the College for instructions and forms. The original appointment form and two (2) copies should be submitted to the College Dean's office for approval. A copy of the approved form should be kept in the student's file. An approved and current Committee Form must be on file in the college before graduation may be certified. Committee forms need to be processed as early in the program as possible, but no later than the semester prior to graduation. (may institute additional requirements for membership on Supervisory Committees.)

## Changes to Committee

Changes to a Supervisory Committee must be submitted on a Change of Committee Form. Check with the College for instructions and forms. Original signatures of faculty being added to the Committee, along with the approval signature of the (Co-) Major Professor(s), must be on the form. Faxed signatures are acceptable. Faculty who are removed from the Committee are not required to sign the form, provided that the (Co-) Major Professor(s) has signed. In such instances the signature of the (Co-)Major Professor(s) indicate(s) approval of the change, as well as acknowledgement and approval of the change by the removed member. Any non-faculty being added to a committee must submit a Curriculum Vitae (CV) for college approval. Change of Committee Forms should be submitted for approval as soon as the change takes place. Changes to a Committee are official only once approved and filed by the program and college

## Time Limit Extensions

In the event that a student nears the end of the time limitation as specified below, but the student needs more time to complete the degree, the student may submit a request for an extension using the [Time Limit Extension Request Form](#). The requests must include the following:

- the reasons for the delay in completion,
- the anticipated time needed for completion,
- and endorsements from the graduate faculty advisor, College Dean or designee,
- a detailed plan of study and timeline for the remaining requirements for the degree

Note – for the time limit extension procedures, if the time limit extension will cause courses taken or transferred into the program to be older than 7 years, then a request for course concurrency may be required or the courses may be invalidated toward the degree requirements, per the time limit policy.

If approved, the time limit extension also applies to courses applied toward the degree. However, programs may require additional or repeat coursework as part of the condition of the time limit extension. Students who exceed the time limitations may have their registration placed on hold until a request for extension has been approved. Only one time limit extension request is permitted. Students who are temporarily unable to continue the program should submit a Leave of Absence Request, which extends the time limit for the duration of the approved leave (see the section on [Leaves of Absence](#) in the Enrollment Requirements section.)

## Time Limitations

Master's degrees must be completed within five (5) years from the student's date of admission for graduate study. Courses taken prior to admission to the USFSM graduate program, for example as non-degree seeking or from other institutions that were transferred in, can be no older than seven years at the time of graduation. Master's degrees (including dual degree programs) that require course work in excess of 50 credit hours may be granted a longer statute of limitations.

## Voluntary Withdrawal

A student may withdraw from the university without grade penalty by the University deadline. Information on the different types of withdrawal (i.e., withdrawing from a single class – see the [Drop](#) section, an entire semester, or from the degree program itself) can be obtained from Records and Registration. Appropriate alternative calendar dates may apply. Students who withdraw may not continue to attend classes.

## Voluntary Withdrawal from the Program

Students may voluntarily withdraw from their graduate degree program. A Voluntary Withdrawal cannot be retroactive. The effective date of the withdrawal will be entered into the student's record by the USF System Office of the Registrar as the first business day after the end of the semester. Students who wish to withdraw must submit a Voluntary Withdrawal Form. Once processed, the student's status will be changed from Graduate Degree Seeking to Non-Degree Seeking. A change to Non-Degree Seeking status could adversely impact financial aid. Questions regarding this should be directed to the Financial Aid Department at (941) 359-4622. The student will remain financially and academically responsible for any course(s) for which they have registered. The student may request to drop or delete courses they are registered for by submitting a Graduate Petition Form.

## Leaves of Absence (LOA)

Leaves of absence may be granted to students under exceptional and unavoidable circumstances. Students requesting a LOA must specify the reasons for the leave, as well as the duration. Requested LOA may be approved for up to two years. Students requiring less than three (3) consecutive terms of absence do not need an approved LOA if they meet the continuous enrollment requirement. Students with an approved LOA must be enrolled in the first semester after the leave expires. To request a LOA, the student must complete the Leave of Absence Request form. The LOA must be approved by the Professor, the College Dean and Regional Vice Chancellor for Academic Affairs and is noted in the student's record. If the LOA is granted, the time absent does not count against the student's time limit to obtain the degree. Students returning from an approved LOA must reactivate their status by contacting the Graduate Admission Office for procedures.

## Veterans Administration

Students receiving Veterans' Administration benefits should confirm their enrollment requirements with the Office of Veterans' Services or Veterans' Coordinator.

Website	<a href="http://usfsm.edu/academics/cas/academics/ma_criminology.php">usfsm.edu/academics/cas/academics/ma_criminology.php</a>

### Mission

The M.A. in Criminal Justice Administration focuses on contemporary issues in criminal justice management and the challenges facing the criminal justice sector of contemporary government. As a graduate degree, its mission is to develop leaders in the criminal justice professions.

### Learning Outcomes

The curriculum for the M.A. in Criminal Justice Administration develops the following competencies:

- The ability to apply research skills and reason critically in analysis of problems affecting criminal justice and in seeking solutions to these problems.
- The ability to produce well-written, cogently argued documents.
- The ability to make professional, lucid oral presentations.

### Program Overview

The program consists of 10 graduate courses, 33 credits.

- 5 core courses, which must be taken in sequence
- 5 electives

The program is designed for students to take 2 courses a term, over 5 terms.

- It is best to begin the program in the fall semester. Fall entry allows students to take one core class and one elective each term.
- Students can also begin in the spring semester. Spring entry requires students to take 2 core courses in their third term and 2 electives in their fifth term.
- Students should avoid beginning the program in the summer. Students beginning in the summer will require 6 terms to complete the program. If they have financial aid, they will need to skip the fourth term. If financial aid is not involved, they may elect to take 1 elective in the fourth term and one core course in the fifth or sixth term.
- Not following the correct pattern for the term of entry, or not passing a course with a B (3.0) can cause significant delay and problems with completion.

All courses are mostly, but not completely, online, with 1-4 traditional class sessions on campus.

Dates of the on-campus sessions, usually scheduled on Saturdays, are provided at least 2 months in advance.

## Curriculum

- Courses cover major ideas, issues, theories, and research in the field of Criminal Justice Administration, intended to develop theoretical reasoning and research skills, as well as the application of theory to practice.
- A carefully constructed “core” of courses, leading students through the “real world” experience of creating and presenting a grant proposal, develops the competencies needed by those with administrative responsibility in public agencies.

## Eligibility Requirements

- Students must have a bachelor's degree from a regionally accredited university.
- Students must have a minimum GPA of 3.00 in upper-level courses of the undergraduate degree.
- Students with an undergraduate GPA of below 3.0 in their upper-level course work may still be eligible if they take the GRE and achieve a combined verbal and quantitative score of 1000 or higher. The GRE can be taken multiple times to achieve the required score.
- If not admitted, students may take 3 courses in the program as a non-degree seeker; if they receive a B or better in each course, they may be permitted into the program. (Note: Financial Aid does not apply for courses taken as a non-degree seeking student.)

## Graduate Application Procedure

- Application review and acceptance is ongoing; students may enter the program at any time, but the best time to begin the program is fall semester.
- The first step is to submit an electronic [USFSM graduate application](#).
- Then proceed to submit the other required documents
  - A sealed official undergraduate transcript(s);
  - Two letters of recommendation, addressing issues relating to past academic performance or work experience
  - A 1-2 page Statement of Purpose, indicating your reasons for seeking a master's degree in Criminal Justice Administration and the particular areas of criminology or criminal justice that interest you.

## Program Mission

Through a carefully designed curriculum of core courses, electives, and supervised field experience, the MSW program prepares students for professional social work practice. Students acquire specialized knowledge and skills necessary for clinical practice with individuals, families, and groups.

## Accreditation

- The USF Tampa School of Social Work is accredited by the Council on Social Work Education (CSWE)
- For information on institutional regional accreditation, visit the [website](#) for SACSCOC accreditation information for USF Sarasota-Manatee.

## Degree Information

- Students are currently taking 2-3 courses a term for 7 consecutive terms.
- The entire program is 21 courses, including field placements (60 credits).
- The program is designed for students to pursue part-time—taking courses in the evenings and some Saturdays.
- Every effort is made to find field placements that can also accommodate the schedules of working students.
- Course work is supported online through Blackboard.

- Each student is assigned one of the USF Sarasota-Manatee Social Work faculty members as a mentor.

## **Pilot Program**

The current cohort, which began in Spring 2012, will run through Spring 2014. USF Sarasota-Manatee hopes to offer another cohort in the future, though plans have not been set yet.

### Program Information

The USF Sarasota-Manatee Professional MBA is a 39-credit hour program intended for but not limited to working professionals. Classes are held on Saturdays and the program can be completed either on a full or part-time basis. The program offers working or non-working students in the Sarasota and Manatee County area geographical convenience, flexibility, quality, and affordability. A variety of instructional methods are used to engage students, depending upon the nature of the course material. These include case studies, experiential learning, group projects, presentations, and educational technology, as well as the more traditional lecture discussion approach. The focus of our approach to education is to help students develop the insights and skills necessary to reach integrative and innovative solutions to today's complex business challenges.

### Accreditation

The program is accredited through the University of South Florida's College of Business, which is fully accredited by the Association to Advance Collegiate Schools of Business ([AACSB](#)) International: In addition, the University is regionally accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC). Visit the [website](#) for SACSCOC accreditation information.

## Certificate Programs

The areas of study for the graduate certificates are created within the mission of graduate education. Students will be awarded certificates upon completion of specific course work. The graduate certificate is not defined as a degree rather, it is a focused collection of courses that, when completed, affords the student some record of distinct academic accomplishment in a given discipline or set of related disciplines. Moreover, the graduate certificate is not viewed as a guaranteed means of entry into a graduate degree program. While the courses comprising a graduate certificate may be used as evidence in support of a student's application for admission to a degree program, the certificate itself is not considered a prerequisite.

## Admission Requirements

1. Students must apply and be accepted into the graduate certificate area of study to be eligible to receive a certificate.
2. Minimum requirements for admission are an earned baccalaureate degree or its equivalent from a regionally accredited college or university.
3. Each graduate certificate area of study sets the requirements for admission, including minimum grade-point average, standardized test scores, and other similar criteria as part of the application.

4. Prospective non-degree seeking graduate certificate students must meet University graduate admissions grade point average requirements.
5. Students are encouraged to contact the appropriate advisor prior to applying.
6. All students who wish to pursue approved graduate certificates must be admitted to prior to completion of their second graduate certificate course.
7. Certificate-seeking-students not currently enrolled in a degree-granting graduate program, will be admitted into a separate classification within the University, and will be classified as “Graduate Certificate Students.”
8. The College will note successful completion of a certificate on the student’s transcript upon completion.
9. Students pursuing a graduate certificate will be required to meet the same academic requirements as those defined for degree-seeking students to remain in “good standing.”
10. All graduate certificate students may apply one graduate course to two graduate certificates.
11. All graduate certificate students must meet all prerequisites for courses in which they wish to enroll.
12. Should a graduate certificate student subsequently apply and be accepted to a degree-granting program, up to twelve (12) hours of USF System credit earned as a graduate certificate student may be applied to satisfy graduate degree requirements. Any application of such credit must be approved by the degree-granting college and must be appropriate to the program.
13. For information on transfer of credit policies pertaining to Graduate Certificates, refer to the [Transfer of Credit Policy](#) for more information.

## Certificate Requirements

To receive a graduate certificate:

1. Students must successfully complete certificate requirements as established by the university.
2. Students must submit a completion form.
3. Degree-seeking students must submit the completion form before graduating from their degree program.
4. Non-degree-seeking students must submit the completion form no later than one semester after completing their certificate course work.
5. Students must have been awarded a bachelor’s or higher degree.

### Vision

The vision of the College of Education (COE) is to lead in transforming the educational endeavors of our region and to be recognized nationally for excellence in our work. Our programs include faculty members, scholars who conduct research to contribute to the knowledge bases of the disciplines of education, working alongside associated school administrators and faculty who are experienced practitioners working in P-12 schools. We admit applicants who are highly qualified, desiring to develop in their abilities to ensure that all pupils learn, committed to continuous improvement of their own praxis, and prepared to assume leadership roles in the school settings in which they will work.

### Mission

The COE's mission, contributing to the mission of USFSM, is to prepare effective educators who will learn, lead, inspire, and transform their schools and communities. We see the process of learn, lead, inspire and transform as recursive and not linear. We learn to lead, and by leading inspire transformation. We learn from transforming and thus create a cycle of continuous learning and improvement. Our mission guides the USFSM COE to prepare educators poised to positively impact the lives of pupils and their communities, locally, nationally, and globally. We meet our mission through programs grounded in researched practices and critical perspectives and professional clinical experiences designed and led by university and associated school faculty through partnerships with a network of local schools. Our partnerships form a solid basis for program assessment based on outcomes, revision of the curriculum based on impact data, and the identification of specific knowledge, skills, and dispositions that are crucial for educator success.

### Goals

Our goals led to the development of seven college-wide candidate proficiencies, which we use as benchmarks for evaluating our success. Specific program proficiencies for candidates who are seeking state certification are delineated in standards prescribed by the State of Florida. These state standards differ among programs and are related to areas of specialization; however, we have identified five goals and seven related, overarching candidate proficiencies expected of each program completer in the COE:

1. Content Knowledge
  - Candidates demonstrate depth and breadth of content knowledge for their respective roles.
2. Reflective and Ethical Practice
  - Candidates engage in reflective and ethical practice as educators.
3. Evaluation and Decision Making
  - Candidates make professional educational decisions drawing on analysis of data and research from a variety of sources

4. Educational Design
  - Candidates design educational experiences that result in successful learning.
  - Candidates demonstrate proficiency in educational technology aligned to the NETS-T standards.
5. Learner as an Individual in the Community
  - Candidates construct learning environments that reflect the diversity of experiences, perspectives, and cultures of their students and the larger world.
  - Candidates communicate in ways that demonstrate fairness, respect, and sensitivity to diversity, setting high academic expectations for all students.

## Admission Requirements

Admission requirements for each of the College of Education graduate degree programs and non-degree programs are program specific and are noted in the following pages of the Graduate Catalog. Admission to any of the programs is contingent upon meeting the requirements as outlined. In addition, each applicant to a graduate program at USFSM is required to meet the following minimum requirements as outlined in the Graduate Admissions section of this catalog.

Please be advised that program and/or course requirements and fingerprinting/background check procedures are subject to change, per state legislative mandates, Florida State Department of Education program approval standards, specific district regulations, and accreditation criteria.

## Program Information

The M.A. in Education is a selective degree program designed for individuals with an undergraduate degree and who seek to advance their career in an educational role in business, non-profit, and educational settings. It is appropriate for working professionals because there are online, evening, as well as some Saturday classes. This program of study does not lead to state certification or licensure; therefore, students who seek teaching certification should consider the Master of Arts in Teaching (MAT) Program. This degree program offers student an opportunity to pursue an area of concentration from the following:

- Human Resource Education (36 credit hours) (HRE)
- Online Teaching and Learning (35 credit hours) (OTL)

The interdisciplinary sequence of courses enables students to individualize the plan of study consistent with program strengths and personal career goals. Research skills and strategies to improve education are included.

## Student Learning Outcomes

- Students will be able to demonstrate knowledge in the principles and practices of education.
- Students will demonstrate the ability to critically analyze, synthesize, and evaluate current research related to education.
- Students will be able to apply research skills to address a question or problem relating to education in their area of interest or practice.
- Human Resource Education Concentration: Students will be able to design and lead staff development education programs.
- Online Teaching and Learning Concentration: Students will be able to design and lead online education programs.

## Accreditation

The program is offered through the USFSM's College of Education, which is fully accredited by the [National Council for the Accreditation of Teacher Education](#) (NCATE). USFSM is accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC). Visit this [website](#) for accreditation information for USFSM.

## Admission Requirements

- Bachelor's degree from a regionally accredited university with a 3.0 (4.0 scale) or better GPA in upper division coursework; or
- Have earned a graduate degree with a 3.5 GPA from a regionally accredited institution.
- A personal statement (300-500 words) stating educational or professional purpose for pursuing this graduate degree. Because this is a selective graduate program, the personal statement will be closely reviewed in the decision process.
- A current resume

Note: students with an upper level undergraduate degree with a GPA below 3.0 may still be eligible for admission if they take the GRE and achieve a 1000 combined score (old scale) or 300 combined score (new scale).

## International applicants

- All applicants whose native language is other than English or who have earned a degree from an institution outside the United States must meet the University requirements relative to international graduate admission, (e.g. TOEFL scores, etc.). In addition to these university requirements, applicants to the College of Education must provide the following:
  - An external, course-by-course evaluation of the foreign degree by an approved external agency, and based on official transcripts;
  - A social security number in degree programs requiring practica or internships;
  - Other information as required by the program of interest, (e.g. Graduate Record Exam scores, etc.).

## TaskStream

TaskStream is the USFSM COE's electronic document submission system required for students in all programs in the COE. This web-based software enables students to build media-rich online portfolios showcasing their learning achievements to share with peers, instructors, parents and employer; submit documents, projects and other assignments to instructors for feedback and assessment; and maintain portable samples of work products and accomplishments even after they graduate. The COE uses the system to ensure continuous improvement in our programs preparing candidates to work in schools. A subscription to TaskStream is required for students pursuing programs in the COE.

## Graduation Requirements

- A planned program of study should be completed and filed with academic advisor before or during first term of study.
- Successful completion of all courses as listed with a minimum grade point average of 3.0 on 4.0 scale.
- Grades below a 'C' are not acceptable toward degree requirements.
- At the time of graduation, only those courses completed within the previous 5 years will count toward the degree.
- Student must apply for graduation by deadline of the term the student wishes to graduate.
- All required assignments in TaskStream are satisfactorily completed.

### Program Information

The Master of Education (M.Ed.) in Educational Leadership is a state-approved program designed to develop outstanding educational leaders and supervisors for Florida and the nation. Graduates of this USF Sarasota-Manatee program with a concentration in Curriculum Leadership bring leadership skills to curriculum-focused roles in schools, district offices, and education-related organizations. The program is designed to teach and assess the knowledge, skills and dispositions of effective leadership in curriculum, instruction, and professional development for P-12 teachers or other educators. This program does not satisfy all requirements for administrator certification.

### Accreditation

The program is offered through the USFSM's COE, which is fully accredited by the [National Council for the Accreditation of Teacher Education](#) (NCATE). USFSM is accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC). Visit this [website](#) for accreditation information for USFSM.

### Admission Requirements

- Applicants must meet University requirements
- A bachelor's degree from a regionally accredited institution.
- Satisfactory 2 years post-Bachelor's teaching or satisfactory curriculum related experience (P-12 preferred) with either a Florida Professional Educator's Certificate or a letter of verification from the employing institution.
- Minimum 3.0 GPA on a 4.0 scale in upper division undergraduate coursework from a regionally accredited institution. Applicants with GPAs below 3.00 must submit GRE scores from within the last 5 years. If the upper division GPA is below 3.0, contact the admissions advisor for options prior to completing any courses.
- Three letters of reference.
- Goals statement (1-2 pages) discussing professional experiences and interests in curriculum leadership with adults.

Note: Contact the graduate advisor if you do not meet the above criteria. Non-degree seeking coursework or the Graduate Record Examination may be required if an applicant's GPA is below 3.00.

The electronic portfolio is a reflective capstone activity that allows student to synthesize their academic program of study, field experiences and achievements in professional practice as an evaluative assessment. It is completed as a part of EDA 6945 Practicum. This takes the place of the comprehensive exam.

## TaskStream

TaskStream is the USF Sarasota-Manatee College of Education's electronic document submission system required for students in all programs in the College of Education. This Web-based software enables students to build media-rich online portfolios showcasing their learning achievements to share with peers, instructors, parents and employers; submit documents, projects and other assignments to instructors for feedback and assessment; and maintain portable samples of work products and accomplishments even after they graduate. The College of Education uses the system to ensure continuous improvement in our programs preparing candidates to work in schools. A subscription to TaskStream is required for students in the College of Education.

## Graduation Requirements

- A planned program of study should be completed and filed with the academic advisor during the first semester of study.
- Completion of all courses as listed on planned program of study with a minimum grade point average of 3.0 on a 4.0 scale.
- Grades below "C" are not acceptable toward degree requirements.
- At the time of graduation, only those courses completed within the previous 5 years will count for the degree.
- Student must apply for graduation by deadline of the term student wished to graduate.
- All required assignments in TaskStream are satisfactorily completed.

## Program Information

The M.A. Elementary Education with a Curriculum and Instruction emphasis is designed for professionals who possess a bachelor's degree in elementary education. A professional teacher certificate in Elementary Education or eligibility for Elementary certification (a degree in the field from a state-approved program) is required for admission to this program. Students who seek teaching certification should consider the Elementary Education Master of Arts in Teaching (MAT) Program.

The interdisciplinary sequence of courses explores curriculum design and assessment, the social/emotional domain in learning, and new technologies for the classroom. Research skills and strategies to improve instruction are included. This program builds teachers' writing and action research skills, especially helpful for those teachers pursuing National Board Certification.

## Accreditation

The program is offered through the USFSM's COE, which is fully accredited by the [National Council for the Accreditation of Teacher Education](#) (NCATE). USFSM is accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC). Visit this [website](#) for accreditation information for USFSM.

## Admission Requirements: The College of Education is not currently admitting students to this program.

- The student must meet University requirements (See Graduate admissions) as well as the requirements listed below.
- A "B" (GPA of 3.0 on a 4.0 scale) average or higher in all work attempted while registered as an upper division student working in a baccalaureate degree in a regionally accredited institution, or satisfactory GRE score.
- Completion of a bachelor's degree or higher in education, if applicable.

Exceptions to minimum requirements will be considered for applicants who have earned National Board Certification and who have maintained an outstanding professional record.

## International applicants

All applicants whose native language is other than English or who have earned a degree from an institution outside the United States must meet the University requirements relative to international graduate admission, (e.g. TOEFL scores, etc.). In addition to these university requirements, applicants to the College of Education must provide the following:

- An external, course by course evaluation of the foreign degree by an approved external agency, and based on official transcripts;
- A social security number in degree programs requiring practica or internships;
- Other information as required by the program of interest, (e.g. Graduate Record Exam scores, etc.).

## Comprehensive Exam

Students must successfully complete the comprehensive exam.

## Transition Point Project

Students must successfully complete a Transition Point Project after each block of courses, culminating in an action research project. Candidates must pass each Transition Point Project at the appropriate time in order to continue the program; if the candidate fails any project twice, he or she is not making academic progress, and will be subject to dismissal from the program. The projects require work independent of courses.

## TaskStream

TaskStream is the USF Sarasota-Manatee College of Education's electronic document submission system required for students in all programs in the College of Education. ## Program Information

The Masters of Arts in Exceptional Student Education (ESE) provides an in-depth view of research, theories, and the application of theory to classroom teaching in Exceptional Student Education. This unique graduate program offers students a flexible program of study based on an applicant's previous degree, areas of interest, and experiences in the area of Exceptional Student Education. The program requires 36 credit hours and will vary depending on the selection track and/or endorsement areas. Coursework is provided through on-line classes, on campus classes, and a blended model of on-line coursework and in class sessions. This exciting new program is part of the Bay-to-Bay Consortium between USF Sarasota-Manatee and USF St. Petersburg. This partnership allows students to access admission/application assistance as well as advising support from USF Sarasota-Manatee even though USFSP will be the home campus.

## Admission Requirements:

- The student must meet University requirements (See Graduate admissions) as well as the requirements listed below. A bachelor's degree or equivalent from a regionally accredited university,
- A 3.0 (on a scale of 4.0) grade point average for their upper-level courses of the undergraduate degree, or
- At least a 2.5 grade point average for the four-year degree and for the upper-level courses of the undergraduate degree and a GRE (Graduate Record Exam) score:
  - Verbal Portion- Score of 151-155 or better
  - Quantitative Portion- Score of 143-146 or better
  - Essay Portion- Score of 4.5 or better, or
- A graduate degree from a regionally accredited university

## Graduate Application Instructions

Application instructions can be found the [Graduate Admissions webpage](#). Although USFSP will be your home campus, you can apply online for the MA Exceptional Education at our link above. Contact Dr. Kim Stoddard at [Stoddard@usfsp.edu](mailto:Stoddard@usfsp.edu) for more information.

## Out-of-State Transfers

Only 8 semester hours or 3 courses may be transferred from an out-of-state university. These courses must be approved by the academic advisor and the faculty advisor.

### Program Information

The Masters of Arts in Teaching (M.A.T.) is a program designed to prepare outstanding elementary teachers. Students enter this program after completing baccalaureate degrees in fields other than education. A cohort begins each spring.

Through coursework and supervised field experiences, M.A.T. graduates will enter the teaching profession committed to: Excellence in Teaching and Instructional Leadership; Habits of Personal and Professional Reflection; Advocacy for Children, Their Families and Equal Access to Educational Opportunities; Life-Long Learning and Continuous Professional Development; the Celebration of Diversity in Classes, Schools, and in our Democratic Society; High Standards of Professional Ethics and Service; and Professional and Personal Integrity and Authenticity.

The University of South Florida Sarasota-Manatee and the Sarasota and Manatee school districts have entered into a partnership to ensure that students have a uniquely focused experience in the public schools. School sites have been selected for onsite instruction and excellent mentoring. These Professional Development Schools are designed to help our students become highly effective teachers.

## Accreditation

The program is offered through the USFSM's College of Education, which is fully accredited by the [National Council for the Accreditation of Teacher Education](#) (NCATE). USFSM is accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC). Visit this [website](#) for accreditation information for USFSM.

## Admission Requirements

- Applicants must meet University requirements (see Graduate Admissions) as well as requirements listed below.
- All programs require earned degrees from regionally accredited institutions or an international equivalent.
- Bachelor's degree or equivalent from a regionally accredited university, and have earned a "B" (3.0 on a 4.0 scale) average or higher in all work attempted cumulatively or as an upper division student, or
- A graduate degree from a regionally accredited institution with at least a 3.0 GPA for the preceding baccalaureate, or a 3.5 GPA for the graduate degree.
- Passing scores in all sections of the General Knowledge Test of the Florida Teacher Certification Exam (preferred option), or Praxis I, or CLAST, if taken before July 1, 2002.
- A personal statement (500 words) that addresses what you have been doing in your life (including any prior experience working with children) and what prompted you to want to become an elementary education teacher.

### Program Information

The Masters of Reading program at USF Sarasota-Manatee has a mission to instill in our graduates an understanding of the complexities of literacies across the life span. The program is designed so candidates proceed through a sequence of courses that build expertise in reading as a content area, in children's literacy, and in literacy as a cultural construct. Skills are developed in instructional planning and implementation with particular emphasis on assessment and the use of research supported practices. Many of our candidates are elementary, middle and high school teachers who seek to be reading specialists, reading teachers, supervisors, stronger teachers of reading, or leaders in public and private educational environments.

## Accreditation

The program is offered through the USFSM's College of Education, which is fully accredited by the [National Council for the Accreditation of Teacher Education](#) (NCATE). - Sole-authored professional writing sample (or a paper from a course)
- Two letters of professional recommendation
- Resume

## Transition Points

Transition Points mark progress through the program and provide assessment points to ensure candidates are ready to go into the next phase of the program. There are four Transition Points. The first is full acceptance into the program, having

met all admission requirements. While completing a series of eight courses, the candidate studies an area of literacy and prepares a staff development program. This staff development program is the assessment for Transition Point 2. Next, the candidate completes coursework to develop skill and knowledge as a scholar and expert educator during which the candidate plans and conducts new research in literacy. The final and fourth Transition Point is completion of all other requirements for graduation.

Candidates must pass each Transition Points in order to continue the program; if the candidate fails twice, he or she is not making academic progress and as a general rule will be subject to dismissal from the program. The projects require work independent of courses. A candidate may submit only one Transition Point during a semester.

## Program Information

The M.A. in English Education is designed for those with a Bachelor's degree in the field of English and/or a related appropriate initial certification who desire to increase their competency in this subject specialization or to receive additional professional preparation in education. Graduates of their program will have a Master's degree in Education that includes 18 graduate credit hours in English. Thus, they could be hired to teach secondary English in a private school or lower level college English. This program does not require certification nor does it lead to certification. The cross disciplinary sequence of courses explores content area as well as technologies for the classroom. Research skills and strategies to improve instruction are included and a field experience/internship is required.

- Bachelor's degree in English, or at least 24 upper-level credits in English or related field; from a regionally accredited university.
- Students with fewer than 24 upper-level undergraduate course credits in English may still be accepted in the program, but they will be required to make up the deficiency in undergraduate course by taking additional graduate courses in English while in the program.
- Undergraduate upper level GPA of 3.0 or above. Students with an upper-level GPA score below a 3.0 on a 4.0 scale may still be eligible if they take the GRE and achieve a 300 combined score with a minimum of 156 verbal scale (new scale) or a 1000 combined score with a minimum verbal score of 550 (old scale).
- An essay (300-500 words) stating educational or professional purpose for pursuing this graduate degree study.
- A letter of recommendation from a former professor, assessing the applicant's readiness for graduate study. If that is not possible because the applicant has been out of school for many years, a letter from a work supervisor, addressing the same key issues will be acceptable.

## Comprehensive Examination

All candidates must take and successfully pass a Master's Comprehensive Examination in English Education the last semester of their program.

## TaskStream

TaskStream is the USF Sarasota-Manatee College of Education's electronic document submission system required for students in all programs in the College of Education. This Web-based software enables students to build media-rich online portfolios showcasing their learning achievements that they can share with peers, instructors, parents and employers; submit documents, projects and other assignments to instructors for feedback and assessment; and maintain portable samples of work products and accomplishments even after they graduate. The College of Education uses the system to ensure continuous improvement in our programs preparing candidates to work in schools. A subscription to TaskStream is required for students in the College of Education.

## Graduation Requirements

- A planned program of study should be completed and filed with the academic advisor during the first semester of study.
- Student must complete all courses as listed on planned program of study with a minimum grade point average of 3.0 on a 4.0 scale.
- Grades below "C" are not acceptable toward degree requirements
- At the time of graduation, only those courses completed within the previous 5 years will count toward the degree.
- Student must apply for graduation by deadline of term student wishes to graduate.
- All required assignments in TaskStream are satisfactorily completed.

### Certificate Programs

The areas of study for the graduate certificates are created within the mission of graduate education. Students will be awarded certificates upon completion of specific course work. The graduate certificate is not defined as a degree rather, it is a focused collection of courses that, when completed, affords the student some record of distinct academic accomplishment in a given discipline or set of related disciplines. Moreover, the graduate certificate is not viewed as a guaranteed means of entry into a graduate degree program. While the courses comprising a graduate certificate may be used as evidence in support of a student's application for admission to a degree program, the certificate itself is not considered a prerequisite.

## Admission Requirements

1. Students must apply and be accepted into the graduate certificate area of study to be eligible to receive a certificate.
2. Minimum requirements for admission are an earned baccalaureate degree or its equivalent from a regionally accredited college or university.
3. Each graduate certificate area of study sets the requirements for admission, including minimum grade-point average, standardized test scores, and other similar criteria as part of the application.
4. Prospective non-degree seeking graduate certificate students must meet University graduate admissions grade point average requirements.
5. Students are encouraged to contact the appropriate advisor prior to applying.
6. All students who wish to pursue approved graduate certificates must be admitted to prior to completion of their second graduate certificate course.
7. Certificate-seeking-students not currently enrolled in a degree-granting graduate program, will be admitted into a separate classification within the University, and will be classified as "Graduate Certificate Students."
8. The College will note successful completion of a certificate on the student's transcript upon completion.
9. Students pursuing a graduate certificate will be required to meet the same academic requirements as those defined for degree-seeking students to remain in "good standing."
10. All graduate certificate students may apply one graduate course to two graduate certificates.
11. All graduate certificate students must meet all prerequisites for courses in which they wish to enroll.
12. Should a graduate certificate student subsequently apply and be accepted to a degree-granting program, up to twelve (12) hours of USF System credit earned as a graduate certificate student may be applied to satisfy graduate degree requirements. Any application of such credit must be approved by the degree-granting college and must be appropriate to the program.
13. For information on transfer of credit policies pertaining to Graduate Certificates, refer to the [Transfer of Credit Policy](#) for more information.

## Certificate Requirements

To receive a graduate certificate:

1. Students must successfully complete certificate requirements as established by the university.
2. Students must submit a completion form.
3. Degree-seeking students must submit the completion form before graduating from their degree program.
4. Non-degree-seeking students must submit the completion form no later than one semester after completing their certificate course work.
5. Students must have been awarded a bachelor's or higher degree.

The Post-Master's program in Educational Leadership is for those persons with an earned master's degree in a field other than educational leadership and who wish to add educational leadership to their Florida Professional Educator's Certificate. The modified program is a non-degree program consisting of approximately 30-33 hours of coursework that meets Florida Principal Leadership Standards for K-12 schools in instructional leadership, operational leadership and school leadership. Successful completion fulfills program and core curriculum requirements for Florida certification in Level I K-12 Educational Leadership – Administrative Class. The number of courses required will vary, depending upon the student's master's degree coursework.

## Admission Requirements

- A Master's degree from a regionally accredited institution with a minimum 3.0 GPA
- Official (original & sealed) Master's and Bachelor's transcripts. (Degrees earned from USF do not require transcripts.)
- A valid Florida Professional Educator's Certificate (please provide a copy clearly showing border and seal).
- Proof of English for Speakers of Other Languages (ESOL) training (3 hour course or 60 hours of district in-service education)
- Three letters of professional recommendation
- A letter of intent (brief statement outlining experience and goals).
- Evidence of teaching under a full-time contract for a minimum of two years.

## Program Requirements

Within the minimum total of 30-33 hours, students completing the Post-Master's Program are required to complete an ESOL training requirement. If you have not completed a 3-credit-hour course in ESOL or do not have documentation of the completion of sixty (60) hours of ESOL district in-service education, you will be required to complete TSL 5085. You should include documentation with your application if the requirement has already been met. In addition to coursework, successful completion of the Florida Educational Leadership Exam (FELE) is required for program completion.

Upon successful completion of the necessary courses, all tests notation is placed on the student's transcript indicating completion of a Post-Master's Program in Educational Leadership Program; however, the student must apply to the FLDOE for state certification.

## Courses

Please see the Educational Leadership M.Ed. course listing. The number of courses required will vary depending upon the student's master's degree coursework, but at least 18 credit hours must be taken at USFSM. Applicants wanting consideration of previous Master's coursework must supply a university catalog course description for each course they want reviewed and indicate which USF course may be comparable. Note: Previous coursework cannot be older than 5 years at the time the student completes the Post-Master's Program in Educational Leadership. The faculty program coordinator will evaluate coursework to determine acceptability and applicants will be provided with a list of recommended courses for completion of the Post-Master's Program. Please be advised that program and/or course requirements are subject to change, per state legislative mandates, Florida State Department of Education program approval standards, and accreditation criteria.

### Program Information

The Master of Science in Hospitality Management is a 36-credit hour program offered through USFSM's CHTL. The program will educate students to use strategic development techniques in a variety of private, public and institutional sectors of hospitality environments. Graduates of this program will go on to play a vital role in addressing the changes and challenges in the hospitality industry within our region, state, nation and world. An effective hospitality leader must possess a wide range of strategic and conceptual skills. Our program is designed to foster strong analytical skills, technological abilities, effective communication and strong logical ethical approaches to the hospitality industry and academia. Case studies, experiential learning, research projects, and presentations are utilized, along with the more traditional lecture-discussion approach.

Students graduating with this degree will be attractive to corporate offices of hospitality businesses where they will focus on strategic decision-making in the development of hospitality models in the areas of organizational effectiveness, finance, marketing, technology of hospitality ventures and the expanded use of the Internet to improve and expand customer service. Upon graduation, some students may continue their education and pursue a Ph.D. degree.

## Intended Learning Outcomes

The curriculum for the Hospitality Management Program develops the ability to do the following:

- Strategic Management: Ability to apply analytical and interpretive skills using strategic management principles and practices in a hospitality and tourism business setting.
- Marketing: Ability to apply advanced marketing strategies and tactics for developing sustainable competitive advantage in the hospitality industry such as strategic pricing, revenue management, customer loyalty programs, and proven communication mixes.
- Finance: Ability to apply financial management concepts in the hospitality industry.
- Organizational Effectiveness: Practical application of organizational effectiveness methodologies in the hospitality industry.
- Information Systems and Technology: Ability to manage information systems and technology within the hospitality industry.
- Quantitative Business Analysis: Ability to apply the appropriate statistical procedures and research methodologies within the hospitality industry.
- Communication: Oral and written communication competencies that support and enhance managerial effectiveness.

## Program Admission Requirements

- Bachelor's degree or equivalent from a regionally accredited university in hospitality or related field.
- Plus one of the following:
  - 3.0 (out of 4.0 scale) or higher overall or upper division (last 60 hours) GPA in the baccalaureate degree. OR
  - A satisfactory score on the Graduate Record Exam (GRE) OR (GMAT) Graduate Management Admissions Test.

## Applications must include the following:

- \$30.00 application fee. This fee is required of all applicants including USF System graduates.
- GRE or GMAT test scores taken within the last 5 years if GPA (overall or upper division) is less than 3.0 (out of 4.0 scale). You may submit your application without your GRE/GMAT scores, but please include the date you plan to take the test.
- A current resume with employer references which includes at least one of the following: one year of full-time experience in a management capacity in the hospitality industry or in a related industry, a minimum of one year of full-time teaching experience in a hospitality management program, or three years of consecutive full-time entry level experience in hospitality or in a related industry.
- A brief essay of approximately 1000 words describing
  - The applicant's background
  - Future career goals
  - Reasons for pursuing a graduate degree
  - How a USFSM MS degree can help the candidate reach their career goals.
  - Three letters of recommendation: at least one from a college faculty member and the others may be from a former employer or a person able to evaluate the applicant's potential for success in a graduate degree program.

## International Students

- TOEFL score of at least 550, 213 on the computer based test, 79 on the Internet based test OR A score of at least 6.5 on IELTS.

- One (1) official transcript from all institutions of higher learning where the applicant has earned a degree. It is not necessary to send USF transcripts. (All foreign transcripts require a course by course evaluation from an approved foreign transcript evaluation service.)
