All USF faculty and staff electing to park on campus are required to have valid parking permits displayed in vehicles on campus at all times. Permits may be purchased through USF Tampa Campus Parking & Transportation Services by logging into the parking account that is created for you within 48 hours of activating your USF NetID. Many employees purchase “E” permits that are valid in any lot or space designated “E.” “E” lots are spread throughout campus and can be found near most buildings and offices. Some employees prefer to purchase “Y” permits, which offer a more cost effective Park-N-Ride option. “Y” permits allow for parking in lots 18 and 43 and use of the USF Bull Runner, a campus bus, to get to destinations on campus. Gold zone “GZ” permits are considered prime parking and are sold on a first come, first served basis.

Permits are available by the academic year or semester and are prorated depending on the date of purchase. For permits purchased by early August for the new academic year, certain employees may qualify to opt for payments made through payroll deductions.

To purchase your permit, view parking maps, and find more information on permit eligibility, cost, valid locations, restrictions, permit types or disabled parking information visit https://www.usf.edu/administrative-services/parking/
