

ADDING CHAPTERS TO A KALTURA VIDEO

Kaltura offers the ability to add chapters to a video to facilitate student navigation when reviewing.

▶ Adding a Chapter

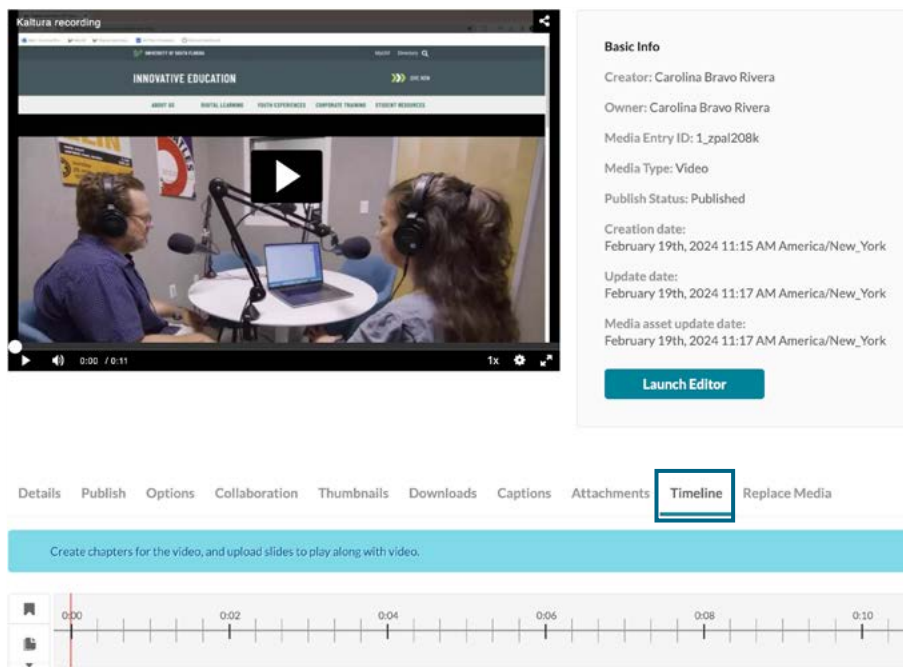

01

Open your video in My Kaltura and choose **Actions** > **Edit**.

02

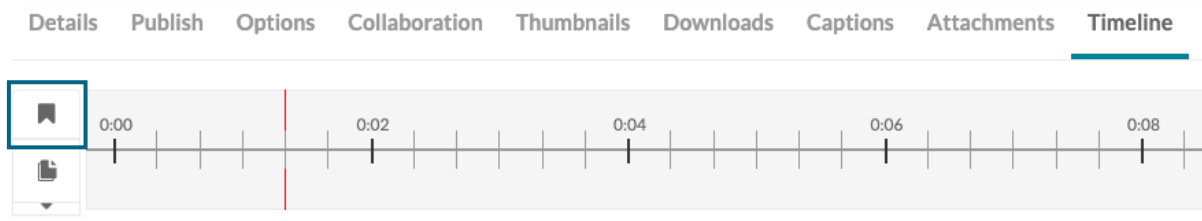

Choose **Timeline**.

03

Navigate to the first chapter point by scrubbing through the video and clicking the timeline at the red line marker. Click the **Chapter icon** to mark the chapter on the timeline.

04

A chapter mark outline will appear on the timeline. To move it, click and drag.

Chapter Information

1

2

3

1. Add the **Chapter Title** in the appropriate box
2. Description is optional
3. Selects **Save**

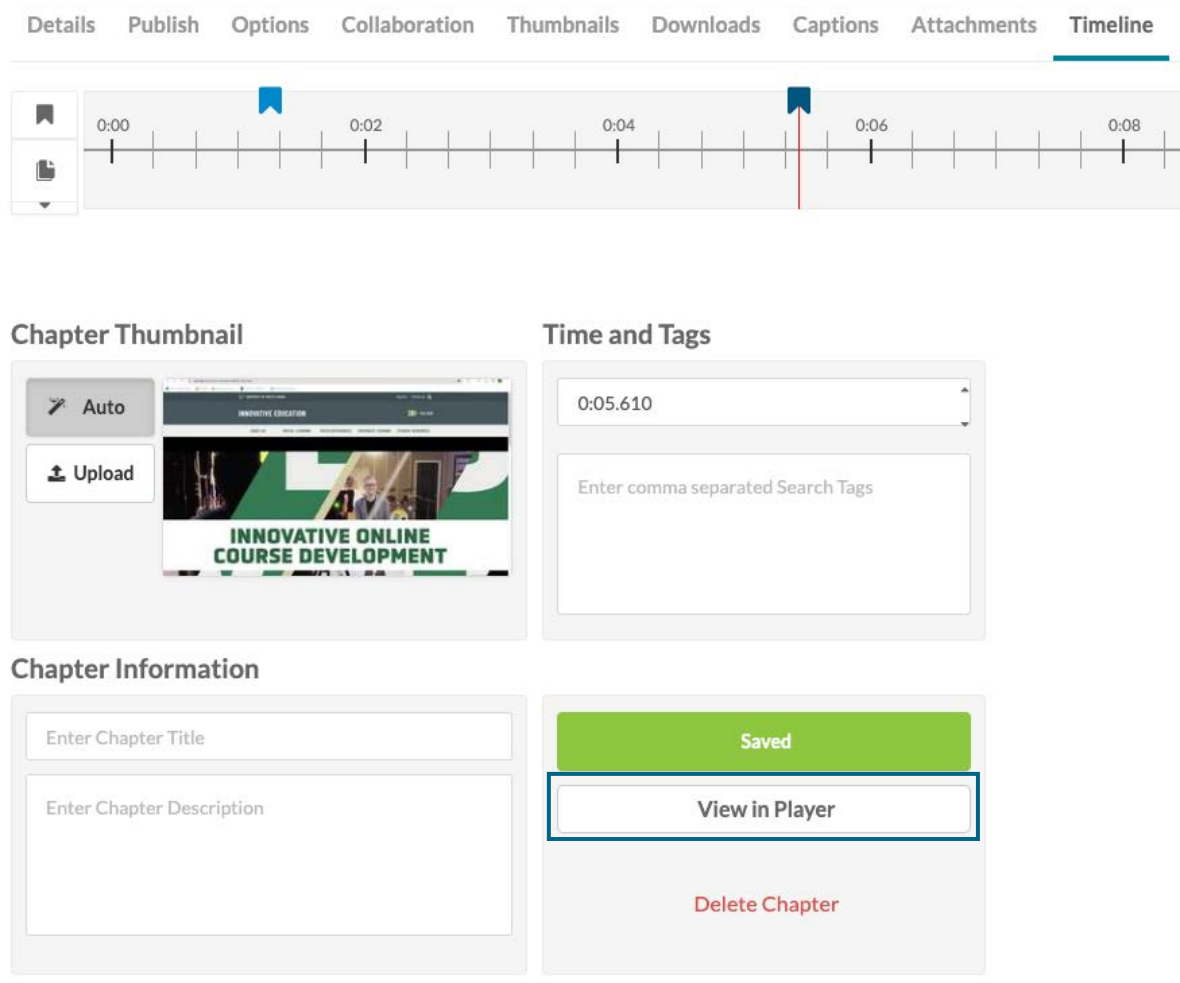

05

The chapter mark will fill in once saved.

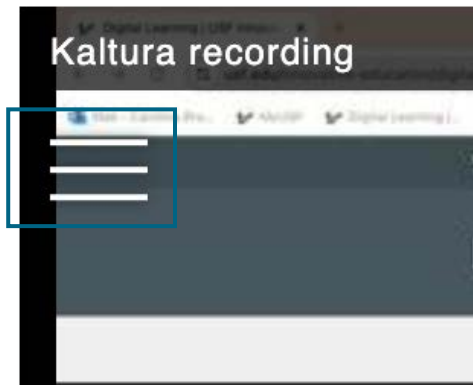

06

Choose **View in Player** to view the chaptering in action.

07

Three white lines will appear at the top left corner of the player. Select them.

08

The chapter panel will open, showing the chapter titles. These are links that allow students to move to that spot in the video. Select the **three lines** again to close the panel.
