Complete the Pre-Arrival Course

The Pre-Arrival Course is designed to get you prepared for your arrival. You will complete short chapters about different departments at INTO USF and learn about resources available to you at USF.

All students are required to complete the course before their Orientation.

How do you get access to the course?

You should have been added to the course on a website called Thinkific. If you activated your USF email, you were added to the course with your USF email address (@mail.usf.edu). If you didn’t have a USF email set up yet, you were added using your personal email we have on record.

You will need to create an account to enroll in the course. Once you’ve created your account, you will be able to select the course to enroll in, depending on your program (Pathway or Academic English).

What do you do if you’ve checked your email and don’t have access to the course yet?

You will likely be added to the course within a week of being sent your Orientation Information email. But you can also request access to the course by clicking on the following link: INTOOrientation.Thinkific.com.

If you are in the Pathway Program, click on the Pathway Pre-Arrival Course. If you are in the Academic English Program, click on the Academic English Course. You can enroll in the course and create an account to get started.

Submit Medical Documents

Download the Medical History and Immunization form by clicking HERE. This is required to be submitted by all students and is required for you to be registered for classes and live on campus. If you plan to live on campus, you will not be assigned housing until your medical documents are submitted correctly.

There’s a guide on how to submit the forms correctly! Click HERE.

Before submitting make sure you:

- Submit the form in English
- Your doctor stamps and dates the form
- You sign the form before submitting it. If you are under 18 years of age, a parent or guardian must sign the form.
