

Natali Archibee is Sr. Manager Sustainability at the Mosaic Company, the world's leading producer and marketer of phosphate and potash fertilizer. Natali leads the development and implementation of sustainability programs for the Mosaic Company, including data management, strategy, and reporting activities. Additionally, Natali serves on the Sustainability Accounting Standards Board's Standards Advisory Group.

Prior to joining Mosaic in March 2013, Natali worked in business development in the environmental and pharmaceutical industries. She holds Bachelor and Master of Business Administration degrees from Florida Southern College.

A resident of Hillsborough County, Natali appreciates all the area has to offer. In her free time she enjoys local parks, walking paths, restaurants and sporting events with her husband and four children.
