NEW!

View course waitlisting information in the Online Class Schedule Search in OASIS. This new feature will allow students to immediately know if their selected course sections are running a waitlist, prior to registration activity. Waitlisting allows students to add themselves to waitlists for full or closed sections, in the event additional seats become available. Email notifications are sent automatically if seats become available, providing a 24-hour window for the waitlisted students to register for the course via OASIS. For more information about waitlisting please click [here](#).

Helpful Reminders

An online graduation application and survey are now available through OASIS, providing students intending to graduate in Summer 2014 and beyond the ability to apply for graduation completely online. Applicants can verify their degree, college and major that is automatically pre-populated from Banner, and if correct, move on to verify their diploma name and address. Once successfully submitted, students will receive an application completion email. This online application facilitates on-time submission, ensuring recognition for honors and listing in the commencement brochure at graduation. Registration to participate in commencement remains a separate application process through the Office of Special Events & Ceremonies.

An excess credit hour surcharge counter application has been implemented in OASIS. Each active undergraduate student who is subject to Section 1009.286 of the Florida Statutes can access the counter. This counter will display the number of hours left before the student becomes liable for excess hours, the number of credits attempted that apply toward the percentage threshold, a link to a list of unused courses, a link to any statutory exemptions, and information on how excess hours liability is being calculated for the term.

USF System Institutions — Contact the individual Campus for hours of service. (Phone numbers are on pages 8-9)

Refer to the matrix below for additional information regarding the different student categories .

Continuing Degree-Seeking Students — An admitted student in a USF degree-seeking program at the same degree level as last admitted, e.g. undergraduate/graduate level, whose last enrollment at USF was within 12 months of this term of registration. All USF students register via *OASIS*. Degree-seeking students should register by the last business day before classes begin each semester in order to avoid a \$100 late registration fee.

New Degree-Seeking Graduate Students — A student who has applied for admission to a USF masters, specialists or doctoral program and received an Official Acceptance Notice for entry in this registration term should contact the college/department for more information. (<http://www.grad.usf.edu/programs/programs.asp>). Some colleges/departments require an orientation or academic advising prior to registration. All USF students register via *OASIS*. Degree-seeking students should register by the last business day before classes begin each semester in order to avoid a \$100 late registration fee.

International Students — Any student who is NOT a United States Citizen, Permanent Resident Alien (Green Card Holder), Asylee or Refugee.

Continuing and New Non-Degree Seeking Students — A student who has applied or attended USF as a non-degree seeker to take courses while not pursuing a USF degree. Continuing non-degree students register according to the registration appointment time visible when they sign into *OASIS*. New non-degree seeking students will be issued a registration appointment time in the event the application is made at least one week prior to the start of the term of choice. All non-degree students should register before the fifth day of classes each semester in order to avoid a \$100 late registration fee.

Graduate Certificate Seeking Students — A student who has applied for admission to a USF Graduate Certificate Pro-

gram and received an official acceptance letter for entry in this registration term should contact the academic College or department for further information. Graduate certificate seekers may either be non-degree or degree-seeking USF students. Non-degree graduate certificate seeking students may also be eligible for early registration along with degree-seeking graduate students; however, eligibility is dependent on how far in advance of the start of the semester admission to Graduate Certificate Program is granted. All graduate certificate seeking students require advising, and, in many cases, electronic course permits prior to registration. Non-degree graduate certificate students, both resident and non-resident, who are pursuing *fully on-line* Graduate Certificates must register for a specific course section. Graduate Certificate students should register by the fifth day of classes each semester in order to avoid a \$100 late registration fee.

State Employee Students — A degree-seeking or non-degree seeking USF student who is employed by the State of Florida and who has secured all required employer approvals on the State Employee Tuition Waiver Form. State employee students, each semester, must register during the designated registration period: after 5 pm **two business days before the first day of classes**, (usually the preceding Thursday before classes begin on a Monday). Any State Employee who registers at any time before the approved State Staff Registration Date, two business days before the first day of classes, may **NOT** use the State Employee Tuition Waiver and will be held fully liable for all USF tuition and fees.

Non-degree seeking students cannot register for College of Business courses until noon on the last day of drop and add. The non-degree seeking student status has been established for those individuals who, while not intending to earn a degree, would like to take University courses. USF welcomes teachers needing to take courses for certification purposes, high school students (with permission from their respective guidance counselors), individuals interested in taking courses for self-enrichment and students who plan to make formal application to the University.

Applicants denied admission to the University of South Florida as degree-seeking undergraduates may not enroll as non-degree seeking students. For further details, see the USF Undergraduate Catalog.

How do I apply as a non-degree seeking student?

Submit a \$30 non-refundable application processing fee via the Online Non-Degree Student [click here](#).

Proof of Immunization Requirement

As a prerequisite to matriculation or registration, students born after 1956 must present proof of immunity to Measles (Rubeola) and German Measles (Rubella). All students must provide proof of Hepatitis B immunity and Meningitis vaccination or decline in writing the receipt of those vaccines. Students wishing to reside in on-campus housing must provide evidence of Meningitis vaccination. The mandatory Immunization Health History Form is available at: www.shs.usf.edu and is required for providing the University with proof of immunization or declination.

How do I register and pay for classes?

Non-degree seeking students who have been cleared to register are eligible to register using OASIS, USF's Online Access Student Information System. For detailed information about registering using OASIS see page 10. For fee and payment information, see Fee and Financial Information on page 19-21. Download the Registration Form from: <http://www.usf.edu/registrar/resources/forms.aspx>

To find your individual appointment time via web, login to OASIS and click on the Registration Menu, then click on Check Your Registration Status.

What is an Administrative Hold?

If you have an obligation to a University office, you may have an "Administrative Hold" placed on your registration.

In order to register, you must satisfy these obligations and secure clearance from the office(s) placing the hold(s). To view your holds on the web, enter OASIS and click on the Registration Menu, then click on Check Your Registration Status.

How do I know if new course sections are available if the one I want is closed or cancelled?

Use the online Schedule Search by clicking on the Class Schedule link on the main OASIS Home page's Secured Access Menu.

How do I register/add or drop linked courses?

A link is made up of two corresponding course sections, such as a lecture and related lab. Linked course sections must be taken in the same term. Linked course sections are identified in the Schedule of Classes by a comment under the course section information line. Information needed to identify a corresponding course section in the link is included on that line.

To add/drop a linked course using the Web, enter both reference numbers into the registration worksheet on the add/drop page at the same time, then click the Submit Changes button. Do not attempt to add or drop any course sections in between linked course sections.

To "swap" course sections in a link via Web, enter OASIS and select the Registration Menu. Select Add/Drop Courses, click on the Action button next to the reference number of the section you wish to drop, enter the reference number in the worksheet that you wish to add in its place, then click the Submit Changes button.

How do I get a listing of my courses?

If you have a printer at home, you may log in to OASIS, click on the Registration Menu then print either your Student Detail Schedule or your Schedule by Day and Time.

What is a permit and how do I get one?

Many college/department courses require students to meet specific eligibility criteria or to secure individual permits from them prior to registration. Courses requiring special permission — either individual permits or certain eligibility criteria — are noted in the online Schedule Search. Permits are secured from the college/department offering the course and are issued electronically (behind the scenes) to affect your individual permission granted to register upon satisfying college/departmental criteria for eligibility to take their course. Permits are either for a specific course section or for any section of a particular course, providing space is available.

Some courses require specific eligibility criteria, such as student status or test scores. Criteria includes student standing (freshman, junior, etc.), declared major and/or college, scores on placement or admission tests, admission to a Graduate Certificate, the Honors College or admission to doctoral candidacy.

When your USF computerized record matches the status/test score criteria, you are automatically eligible to register for the course. If you do not meet the eligibility criteria, you may request an electronic override from the college/department. If your request is granted, you may register via OASIS, providing space is available.

You can view permits or overrides that you've been given using OASIS. Enter OASIS, click on Registration Menu, then select View My Registration Status.

How do I drop a class?

To drop classes, log into OASIS and click on the Registration Menu, then select Registration/Add/Drop Classes. Click the Action pull-down menu next to the reference number of the course you wish to drop, select drop, then click Submit Changes.

What is the difference between dropping and withdrawing?

If you wish to drop ALL your courses for a semester, you should withdraw rather than drop. If you are only registered for one course and wish to drop it, you must withdraw. Please note Repayment Policy on withdrawals on page 20-21 and page 28.

How do I withdraw from the University for a semester?

Withdrawal, like registration, is self-service through OASIS.

What is a repeat surcharge?

A repeat surcharge may be applied toward a course that you register for a third time. See the Fee and Financial Information section on page 22 for policy details.

How do I get a printout of my schedule?

If you cannot print your own screen print from OASIS, you may also bring a photo ID to the Registrar's Office (SVC1034 on the Tampa Campus) or to the Records and Registration Office of any USF System Institutions to request a printout of your schedule.

How do I find what tuition and fees I owe?

Tuition is due by the fifth day of the term. Schedule/Fee Statements are not mailed to students. To confirm the total amount of tuition due, log into OASIS, click on Registration Menu, then select Account Summary by Term. Please note that once you have paid your fees, your fee amount shown on the Web will reflect your payment, i.e. if you have paid the entire amount, you will see that \$0.00 is due. However, since student add/drop or withdrawal activities influence adjustments to the amount you owe, check often. Recalculations may also occur at any point during a semester to assess liability for excess credit hour surcharges, etc.

How do I pay for my classes?

To avoid the \$100 late payment and the \$100 Late Registration Fee you should pay by the fifth day of classes. Payments by check should include the student's U number in the memo line and should be mailed to:

University of South Florida
PO Box 864571

Orlando, FL 32886-4571

Additional information regarding fees, including office hours and locations for in-person payment can be found at: http://usfweb.usf.edu/controller/student_payments.

How can I avoid a \$100 late registration fee?

Register via OASIS BEFORE Late Registration also known as Drop/Add week, i.e. the first week of classes. If you are a degree-seeking student and you register for your first class during this period, you will be assessed a \$100 late registration fee. Also, all students who successfully petition for late registration into a course or for reinstatement from financial

cancellation due to non-payment, will be assessed a \$100 late registration fee.

I am taking an online course. What will I need?

You will need a USF Net ID. Please see <http://usfweb2.usf.edu/human-resources/Talent-Management/onlinetrng/IT/USFNetID.htm> to complete this process.

What are prerequisites?

Prerequisites are courses or test scores recorded as satisfactorily completed to indicate you are academically prepared to comprehend and complete subsequent course materials. When registering for a future term, OASIS may allow you to add subsequent courses, while currently enrolled in their prerequisites. However, if your completion of those prerequisites is not recorded as satisfactory, you will be dropped prior to the start of that future term.

What is an Admissions deposit?

Admitted first-time in college (FTIC) students are required to pay a \$200 non-refundable deposit to secure your place in the entering freshman class. The admissions deposit will be applied toward your first semester's tuition once you are registered for classes. Sign into my.usf.edu and pay by credit card or eCheck when you are certain you wish to enroll at USF and remember this is a non-refundable fee.

USF Education Abroad Programs

The University of South Florida offers students the world as their classroom through its programs abroad. Whether a student chooses a short-term summer program, or a semester or year spent at a university overseas; there is a program for nearly every student need. Studying abroad provides a unique learning environment which extends and enhances courses taken on the home campus. After their first semester, students can study abroad at any time in their academic careers.

USF overseas programs are designed to appeal to a wide audience. Students in most disciplines can find a program of study in which to earn credits toward their undergraduate degrees. Graduate students will also find programs abroad that are designed to supplement their degree programs. Students seeking to round out their resumes can choose among internships, service learning and a variety of field experiences available overseas. Most programs include organized cultural excursions and visits to important sites. All programs of study include unparalleled opportunities for cultural immersion and in-depth insight into the host country.

USF short-term abroad programs may be one week (over Spring Break or Summer Intersession) introductory experiences. Typically, summer programs are of 3-6 week's duration. These programs allow the student to concentrate study abroad in a summer session and fulfill the 9-hour summer enrollment requirement or meet other exit requirements.

Semester study abroad through USF offers students a more in-depth experience and a wide variety of academic courses for a semester or full academic year. Courses taken abroad will allow students to make progress toward fulfilling USF degree requirements.

All USF programs are developed to be as cost-effective as possible. Federal and state financial aid may be available for USF programs abroad. Students should contact University Scholarships and Financial Aid Services for additional information regarding financial aid for studying abroad. Additional scholarship assistance may be applied for through the Education Abroad Office.

For more information or to obtain individual program brochures, please visit the Education Abroad Office in Patel Center, CSG 101 or the new Gateway Office MSC 3301 or visit educationabroad.global.usf.edu. You can also contact the Education Abroad Office by e-mail at educationabroad@usf.edu or by telephone at (813) 974-4314.

Alternate Course Offerings

Alternative Calendar courses do not follow the traditional 16 week semester schedule, typically starting later and/or ending earlier than 16 week long courses. Students may add or drop Alternative Calendar courses self-service via OASIS only until the published end of Drop/Add week, typically the fifth (5th) day of each semester. Adding an alternative calendar course after Drop/Add requires using the online Enrollment Assistant at https://www.registrar.usf.edu/applications/alternative_calendar/. Students may continue to drop self-service via OASIS through the published academic penalty withdrawal deadline (the last date to drop with a grade of "W", fee liable), typically the eighth (8th) week of each semester. After the academic penalty withdrawal deadline, students may only drop alternative calendar courses in person at the Office of the Registrar or by faxing a signed request to (813) 974-5271 or emailing it to asktheregistrar@usf.edu only from your

USF-issued email address. Include your name, your USF ID number, the 5-digit course reference number (CRN) of the course you wish to drop, the semester in which that course occurs, and your signature.

NOTE: Students who officially drop an alternative calendar course within 10 days from the first class meeting of an 8-week long course or at the 30% mark of a course that meets for a shorter period of time, the student is absolved from fee liability. After those deadlines, no refunds are given for dropped alternative calendar courses. For example, rules programmed within OASIS ensure that if the course lasts only 10 days, dropping within the first 3 days automatically reverses the tuition charges for that course.

Financial Aid

Go to www.usf.edu/finaid to begin the financial aid application process. After the federal processor has received your completed FAFSA (<https://fafsa.gov/>) and sends the results to USF electronically, you can log in to the Financial Aid menu via OASIS (www.usf.edu/OASIS) for specific information and requirements regarding your application for financial aid. All financial aid communications will be sent to your USF email address.

Your plan does not cover student activity/service, health, security, athletic, lab, parking or any other fees. These additional fees are required regardless if you plan to participate in campus activities, utilize on campus health services or attend school athletic events. You must be prepared to pay these additional fees by the payment deadline, or you may be assessed a late payment fee. Additional fee information is included in the Master Covenant you receive each year, and in your original enrollment brochure. To use your prepaid benefits, your account must be current and in good standing by the time USF invoices the program.

Students Using State Waivers

A degree-seeking or non-degree seeking student who is employed by the State of Florida and who has secured all required employer approvals on the State Employee Tuition Waiver Form must register on or after the time specified on the Academic Calendar on pages 3-6. The State Employee Tuition Waiver covers a maximum of 6 credit hours (excluding selected directed individual study or research, internship practicum, music & theatre performance, Co-operative education, PACE, lifelong learning, continuing education and correspondence courses) and is applicable only if the student registers for these credits during published registration periods. A state employee who registers at any time other than the approved State Registration Dates may **NOT** use the State Waiver and will be liable for these fees. Waiver forms must be completed and returned to Student Accounting SVC 1038 by the fee payment deadline to avoid the \$100 Late Payment Fee. Refer to Web site listed below for State Employee Waiver Form: <http://www.registrar.usf.edu> and click on Registrar's Office Forms.

USF Employee Tuition Program

The USF Employee Tuition Program authorizes full-time USF employees (except OPS) to enroll in USF credit courses, up to six credit hours per semester. Refer to the following Web site for specifics: <http://usfweb2.usf.edu/human-resources/benefits/tuition.asp>

State Employee Fee Waivers: Tax Status

Internal Revenue Code (IRC) Section 117(d) allows tuition waivers provided to employees of universities in the Florida State University System, for education below the graduate level, to be excluded from an employee's taxable income without dollar limit. There is an exception for graduate students employed as teaching and research assistants to exclude the value of graduate tuition waived from the taxable income. State of Florida employees who are not employed by the university system will earn taxable income equal to the value of tuition waived for both undergraduate and graduate level courses.

A taxable fee waiver is subject to Federal Income Tax, Social Security and Medicare taxes (FICA). Since tuition rates for

Florida residents are lower than rates for non-residents, it is important for all state employees utilizing State Fee Waivers to verify their residency status is correct with the Office of the Registrar. The taxable value of tuition is reported to the Department of Financial Services, Bureau of State Payrolls, each term by the Division of Human Resources so that all appropriate taxes are withheld. Some state agencies may allow exclusion from taxable income under IRC Section 132(d) 'working condition fringe benefit' rules. Any individuals wishing to claim tax exclusion for courses reported to the Bureau of State Payrolls by the University should work through their Human Resource/Personnel Office to file necessary paperwork with the Bureau.

We have been advised that agencies with individuals claiming a tax exclusion to the courses waived will be given an opportunity to make this claim with the Bureau of State Payrolls before taxable values are included with the employee's earnings. Any questions regarding this matter should be directed to the Payroll Manager at (813) 974-8062.

To obtain a credit card refund, complete the Credit/Debit Card Refund Request found at: http://usfweb2.usf.edu/UCO/SFS/forms/Credit_Refund.pdf and fax, mail, or drop off at the Cashier's Office. Credit card refunds can take up to 10 working days to process. **ALL CREDIT CARD REFUNDS** must be processed back to the original credit card used for paying the student account. Cash or check refunds cannot be processed for credit card payments. Credit Card Refunds will not be processed without the signature of person requesting the refund. eDeposit Service at USF

USF offers the electronic deposit process – eDeposit. Funds can be directly deposited into any financial institution with U.S. electronic funds transfer capabilities. Contact your financial institution if you have any questions about its ability to accept direct deposit transactions. Signing up is easy at OASIS. Login and click the "Tuition, Fees and Payments" link and then "Subscribe to eDeposit". Participating alleviates worries over delays and address problems, and best of all, perhaps, funds are usually available within two business days after transfer.

Collection of Accounts Past Due

Charges against students for loss or breakage of University equipment, books, fines or other charges are due immediately. Delinquent tuition may be considered sufficient cause for cancellation of registration. University regulations prohibit registration and release of transcripts, diplomas or grades for any student whose account with the University is delinquent. Delinquent accounts may be turned over to a collection agency and all collection costs, including legal fees, will be added to the student account balance. Financial aid from a succeeding academic year cannot be used to repay prior academic year debts.

Returned Tuition Checks

A student's current registration is subject to cancellation if the check presented in payment of fees is returned to the University unpaid. Dishonored fee payment checks must be redeemed within 10 calendar days to avoid cancellation of a student's current registration. A \$100 Late Payment Fee and a \$25 administrative charge will be assessed on any registration check returned unpaid to the University. See the Purchasing and Financial Services Web site at http://usfweb2.usf.edu/uco/accountsreceivable/returned_checks.asp which provides information about fees, due dates and other pertinent information.

Cashier's Special Hours: See <http://usfweb2.usf.edu/uco/Cashiers/hours.asp>

Tuition Payment Drop-box

Located in the Student Services Building entrance, next to the Cashiers Office (/SVC 1039), payments with check for exact amount only: Drop box is closed for mail processing at midnight the fifth day of classes.

Cashier's Office Hours may be found at: <http://usfweb2.usf.edu/uco/Cashiers/hours.asp>

Payment of Tuition/Fees Required to Validate Registration

To validate registration, students must pay all registration and tuition/fees by the fifth day of the term. Students are fee liable for all courses of official record at the close of business (5 p.m.) of the fifth day of the term. Students are not fee liable for any course(s) dropped by the fifth day of the term. Students have no fee liability if they withdraw from the University by the fifth day of the term.

Reinstatement after Financial Cancellation

Students who need to be reinstated after financial cancellation must petition the Cashier's Office, SVC 1039 or Student Accounting, SVC 1039. Petitions may be picked up in the Cashier's Office or Student Accounting Lobby. Provide supporting documentation explaining why you did not pay on time and turn the completed form and documentation to the Cashier's Office, or Student Accounting lobby SVC 1039. Note: All students who successfully petition for reinstatement from financial cancellation due to non-payment, will be assessed a \$100 late registration fee.

Refund Policy

1. Refund for Non-Exceptional Circumstances

One-hundred percent (100%) of tuition and fees will be refunded if, within six (6) months of the end of the semester to which the refund is applicable, a student who has withdrawn or dropped a course completes and files with the Registrar's office a Fee Adjustment Request Form (http://www.registrar.usf.edu/forms/0407FeeAdjust2007-04-26_14_27_41.doc) citing circumstances outside of the student's control which are confirmed and approved by the Registrar. Circumstances to be considered within this six month period include:

- Illness of a student of such severity or duration, as confirmed in writing by a physician, to preclude completion of the course(s),
- Death of the student or death in the immediate family (parent, spouse, child or sibling),
- Involuntary and voluntary call to active military duty Call to or enlistment in active
- University error. A situation in which the University is In error.
- Other exceptional circumstances beyond the control of the student which precluded completion of the course(s) accompanied by letter of explanation and appropriate documentation.

Special requests for an extension of the six (6) month deadline must include specific facts indicating special circumstances which (1) were beyond the control of the student, (2) clearly impaired the student's physical or mental ability to correct their academic/financial record at the University and (3) are supported by written explanation and verifiable documentation.

2. Refunds & Repayments for Financial Aid Recipients

Students who receive financial aid and then totally withdraw or drop courses which result in a refund may have the refund applied to any student loans, grants or scholarships until those aid programs are re-paid in full. For more information, go

to: <http://usfweb2.usf.edu/finaid/refund.aspx>.

Students who stop attending all classes before completing more than 60 percent of the term and received federal student aid (excluding Federal Work Study earnings) will be required to repay a portion of the funds received. For more information go to: <http://usfweb2.usf.edu/finaid/withdraw.aspx>

Intern Certificate of Participation

Individuals who have supervised internships may register for courses during a term by presenting their Intern Certificate of Participation. The Intern Participation Certificate, effective July 1, 1997, states that certificate holders are entitled to a waiver of only matriculation fees for a maximum of six credit hours of instruction during a single term. Certificates are valid for three years from the date of issuance. Fees must be paid or postmarked by the U.S. Post Office (not office meter marked) by semester due date. The University cannot be responsible for lost or misdirected U.S. Postal mail.

Repeat Hour Surcharges

Initiated by the Florida Legislature (H.B. 1545 of 1997) to reduce costs, all state universities must monitor and charge undergraduate students the full cost of instruction for certain repeats of undergraduate courses. In some instances when students attempt a course the third time, USF is required to bill students extra. Under current tuition rates, the third attempt will cost approximately \$122.00 per credit hour, in addition to the tuition and fees normally paid. This amount is set by the Board of Trustees and varies according to the particular school year. If we err in posting such a surcharge, the same evidentiary standards and policies that govern refunded tuition govern refunds of a repeat surcharge.

Repeat Course Surcharge Waivers

Effective Fall 2000, the University of South Florida in accordance with state of Florida statute 240.124, F.S., will grant exceptions to students who appeal the repeat course surcharge. However, the University of South Florida may only approve one appeal per course. The exceptions included in the Statute are extenuating circumstances and financial hardship and are defined as follows: Extenuating circumstances are those circumstances determined by the University to be exceptional and beyond the control of the student and may include but not be limited to: serious illness, documented medical condition preventing completion, death of an immediate family member, involuntary call to active duty, university error or other emergency circumstances or extraordinary situations.

The criteria used by the Universities for determining financial hardship should include, but not be limited to: qualification for federal need-based financial aid. Students with other documented financial hardships may also be considered. The student must fill out a **Fee Adjustment Request Form** and indicate the request is for a waiver of the repeat course surcharge. They must also submit a statement that explains their request and all documentation relating to it. The form should then be submitted to the Office of the Registrar for consideration. If a student's request is denied, they may appeal the decision to the Office of the Dean of Undergraduate Studies.

Exception to Repeat Surcharges

Chancellor's Memorandum provides authority for universities to develop and implement procedures to handle petitions from students who wish to appeal the repeat course charge. The Office of the Registrar will review documentary evidence provided by students to determine if exceptions can be granted for extenuating circumstances or financial hardship. Students may appeal the decision to the Dean of Undergraduate Studies.

Academic and General Information

Audit Policy

Students may register or add courses for audit (no credit or grade earned) only during the first five days of classes in the term (On-Site Only — SVC1034 or USF System Institutions Records & Registration Office). Students are required to get an Audit Form and a date-stamped permit from the college/department on the campus where the course is being offered. Instate fees are assessed for all audit courses.

Campus Security Policy and Crime Statistics

The Campus Security Policy and Campus Crime Statistics are printed in the USF Student Handbook, included in orientation materials given to new students and employees, published twice a year in the *Inside USF* paper and made available annually in the USF Student Newspaper, *The Oracle*. Copies of the Campus Security Policy and Crime Statistics are available from the Crime Prevention Office, University Police Department, University of South Florida, 4202 E. Fowler Ave., UPB 002, Tampa, FL 33620-8750, or by calling (813) 974-2628.

Cancellation of Registration

If the University should cancel a student's registration for academic, financial or other reasons, he/she will not be enrolled for any class or receive credit for any work accomplished during the term. See the Academic Calendar for the reinstatement deadline. Reinstatements of Registration must either be paid in cash, by certified check or money order in the Cashier's Office during regularly scheduled hours. There will be no reinstatements after the reinstatement deadline. If you use the VA or Financial Aid student deferment, your registration may not be cancelled.

Course Time Conflict Approval

USF does not permit students to register for courses with conflicting or overlapping meeting times. Students who want an exception to this policy may secure a Computerized Time Conflict Approval from the college(s) offering the course(s) and are required to register for each time conflict.

Proof of Enrollment

Practice and Policy: The National Student Clearinghouse is USF's authorized agent for providing proof of enrollment. Current students may request proof of enrollment at USF or a Good Student Discount certificate for their insurance company by logging into myUSF with their Net ID and password and selecting Proof of Enrollment under the column marked Academics. Please note that proof of enrollment is not available for the current term until the second week of class.

Students with a unique need for enrollment verification to a third party must submit the form with a Proof of Enrollment Coversheet to their USF home campus Registration and Records Office. Alumni who need proof of enrollment or verification of a USF degree earned must request an official USF transcript by logging into OASIS. Outside agencies obtain USF student enrollment status and degree verification online directly from the National Student Clearinghouse at www.degreeverify.org

The University Registrar's Office is also responsible for certifying Florida public school teachers requesting reimbursement for academic completion in areas of critical teacher shortages enrollment, tuition and grade information. Teachers may access student financial aid program information at <http://www.floridastudentfinancialaid.org/ssfad/home/uamain.htm> and the Registrar's Office executes our administrative responsibilities online there as well.

Final Exam Policy (Fall and Spring terms)

In accordance with the University Policy 10-005, Testing and Final Examination, the last six days of the Fall and Spring semesters shall be set aside for final examinations, and any comprehensive final examination **must** be given during this designated period. If a segment examination is given in lieu of a comprehensive examination, the segment examination **must** be given in the period designated during the final examination week. The period of two hours shall be allotted for each final examination. If a student has direct conflict of scheduled examinations or has three or more examinations scheduled on the same day, the student may petition the appropriate instructor to reschedule one of the student's examinations. The "appropriate instructor" in case of examination time conflicts shall be determined by the following:

1. Common finals have priority over non-common finals. When two common finals conflict, the higher numbered course takes priority.
2. Examinations for graduate level courses have priority over examinations for undergraduate level courses.
3. Within the level of the courses, undergraduate or graduate, examinations for numerically higher numbered courses have a priority over lower numbered courses.

Example: A course numbered 7283 has priority over a course numbered 6924, and a course numbered 4334 has priority over a course numbered 4282.

4. If after applying items 1 through 3, there remains a conflict, priority shall be given to the course with the prefix closest to the beginning of the alphabet. Example: ART 4901 would have priority over BIO 4901.
5. The instructor of the course not receiving priority shall provide for a make-up exam either in accordance with the designated make-up exam periods or at a mutually acceptable time for both the instructor and the student during the exam period.

Florida Residency

Proof required for Assessment of In-State Registration Fees

All **new** degree-seeking and non-degree seeking students whose previous enrollment was more than 12 months ago must present acceptable proof of legal Florida residency at the time of registration in order to be assessed in-state tuition and fees. Students who do not have acceptable proof of legal Florida residency will be assessed out-of-state tuition and fees. Senior citizens using the Senior Citizen Tuition Waiver are eligible to register only with proof of Florida Residency.

New degree-seeking students and former USF degree-seeking students returning must present proof of legal Florida residency at the time of application for admission/readmission.

Continuing students who meet eligibility requirements for a change of residency classification may print out the **Request for Change of Residency Form** and instructions at www.registrar.usf.edu/residency. For consideration, the completed form and supporting documents must be submitted prior to the fifth day of classes in the term for which the change is requested.

Florida Residency for Tuition Purposes, Florida School Code (SB 20-E) Section 1009.21 requires that a U.S. Citizen/ Permanent Resident Alien Student or a dependent student's parent/legal guardian has established and maintained a legal Florida residence for at least 12 months before the first day of classes of the term for which Florida status is sought.

The University of South Florida is required to obtain documentation of 12 months of legal residence before a student is classified as a resident for tuition purposes. The following is acceptable, non-conclusive evidence for the establishment of a legal residence in Florida. At least two such documents must be dated/issued at least 12 months *prior* to the first day of class in the term for which Florida residency is sought (no single document shall be conclusive).

1. Purchase of a permanent home in Florida (While not enrolled in a public postsecondary institution in Florida)
2. Declaration of Domicile
3. Florida Driver's License
4. Florida Voter's Registration

5. Florida Vehicle Registration

6. Professional/Occupational License in Florida

7. Florida incorporation or other evidence of legal residence in Florida. (While not enrolled in a public postsecondary institution in Florida)

Please Note: Rent receipts, lease, tax returns, school/college records are not evidence of establishing a legal Florida residence. In rare cases, the law allows some students (e.g. military, public school teachers) who do not meet the basic requirement to be classified as Florida residents for tuition purposes.

For more information about exception categories, please contact either the Office of Undergraduate or Graduate Admissions (for new students) or the Office of the Registrar (for continuing students or non-degree seeking).

Out of State Waiver Eligibility Process

Bill HB 851-Postsecondary Education Tuition and Fee is a new law that allows students, including but not limited to undocumented students who meet certain guidelines, to receive waivers to attend college at Florida resident (instate) tuition rates. These nonresident students, who do not have sufficient ties to Florida as set forth under Florida School Code (SB-20E) Section 1009.21 may qualify for an out-of-state tuition waiver.

Child Protection & Waiver Tuition Exemption

Section 402.403, Florida Statutes, established the Child Protection and Child Welfare Personnel Tuition Exemption Program for the purpose of recruiting and retaining high-performing individuals who are employed as child protection and child welfare personnel. For those personnel who meet the requirements of the program up to 6 credit hours of courses per term are exempt from the payment of tuition and fees at a Florida state university.

Applying To Graduate

Bachelor's, Master's, ED.S. or Ph.D. Degree application for graduation and graduation survey must both be **submitted online by the deadline** listed in your respective catalog. Associate's Certificate applicants need not complete a graduation survey. You are responsible for checking with your college for any **additional graduation requirements and earlier application deadlines** they may require. For example, the College of Engineering requires all engineering students to apply for graduation in the term prior to the anticipated graduation term.

Any student who completes the graduation survey and applies after the published deadline is not guaranteed being named in the commencement brochure. Applying late may also possibly prevent the application from being processed in time for the degree to be awarded **until the next semester**, even if all degree requirements are met. In order for a degree statement to appear on your academic record, a graduation survey and application must be submitted whether or not participation in the commencement ceremony is desired. **To register to participate in the commencement exercises, contact the Office of Special Events & Ceremonies at <http://system.usf.edu/special-events-and-ceremonies/index.asp>.**

A Note about Commencement: Graduate students may not participate in Commencement exercises until all requirements for the degree have been met. For Undergraduates who will be participating, the Commencement **ceremony takes place before degree certification** for you and your fellow graduating class members is finalized in the Colleges. All potential degree awardees are subject to final approval or denial by the College of your respective major. **Certification your degree is awarded is incomplete until well after grades are posted.**

If you do not qualify for your degree the semester in which you originally apply, you must submit a new application for graduation by the deadline in the semester in which you will meet the requirements for your degree.

The Office of Decision Support requires all graduation applicants to take a survey in order to collect data for ODS as well as the Graduate School. That survey affords the online graduation application. When you are ready to begin the survey and apply, login into OAS/S using your Net ID and self-assigned password, then click on the **Student** menu and select **Apply for Graduation**.

Other Important Information for Graduation Applicants:

Financial obligations must be cleared prior to graduation or your diploma will be held upon request of the Cashier.

It is your responsibility to **clear all "I" - incomplete grades - for courses required for graduation**, and to provide official hard copy transcripts of all transferred course work needed for graduation at least three weeks prior to the end of the semester. Notify your college of any change or error in your schedule for the current semester, including any adds/drops or withdrawals. Contact the University Registrar's Office if your name does not appear on a class roll for a course in which you believe you are registered.

Your diploma name must be consistent with your USF student record. A change of name must be submitted on an official Change of Name Form (see our Forms page) with substantiating documents. Signify on the form **if the changed name is to be listed on your diploma instead of the one in your student record**. It is critical that upper/lower case letters, accents, and punctuation be clearly indicated on the application.

Your **diploma will be mailed approximately eight weeks after the graduation date** for the semester you apply. This delivery date may be adjusted due to University closure.

Transcripts with degree statements will be available for order **approximately six (6) weeks after commencement**, regardless of whether you participate. There is a per copy fee for each transcript.

If you have placed **your student academic records on Complete Privacy** via OAS/S and you wish to be listed in the commencement brochure, you must notify the University Registrar's Office **in writing by the 4th (fourth) week of the semester** you are applying to graduate.

For academic honors to be listed in the commencement brochure, you must have **a GPA of 3.50 or higher for all work attempted at USF** the semester before you plan to apply to graduate with a Bachelor's degree. In addition, USF students who have post-secondary work elsewhere must have a GPA of 3.50 or higher when combined with all transferable work attempted at other institutions to be eligible for honors. The USF Grade Forgiveness policy or similar at other institutions will not be applicable in computing the GPA for honors, nor are plus/minus grades awarded by other institutions. **Graduate students are not recognized for academic honors at graduation.**

NSDL Loans: The Office of Finance and Accounting will prevent receipt of your diploma for failure to **comply with a required exit interview**.

Students applying for a second bachelor's degree from USF must earn a minimum of 30 additional semester hours in on-campus undergraduate courses to be applied to a second degree. These hours are in addition to the 120 semester hours you earn toward your first degree.

DegreeWorks Access for Students

DegreeWorks (<https://degreeworks.usf.edu/>) is a web-based Degree Audit and Tracking System that enables currently active Undergraduate students and their Academic Advisors to evaluate academic progress towards graduation in accordance to University and Major Requirements that have been outlined in the Undergraduate Catalog. A **DegreeWorks** Audit uses past, present and future academic coursework to evaluate which degree requirements are complete and which degree requirements are remaining. In addition, **DegreeWorks** can be used to perform a "What-If" Analysis to determine how a student's current coursework would be used if a different major were selected. Note: Former Students, Graduate **professional, and non-degree seeking students** do not use **DegreeWorks** at this time.

Access DegreeWorks using your activated USF Net ID. In OAS/S, DegreeWorks' link is under the "Student" tab. In myUSF, DegreeWorks' link is under the "Academics" tab.

If you link to DegreeWorks from within OAS/S or myUSF, you may not be prompted to re-enter your Net ID and password.

Maximum Transferable Degree Program Hours Earned As a Non-Degree Student

A maximum of twelve semester hours taken as a non-degree student at the graduate level, or fourteen maximum at the undergraduate level may be transferable into your degree program. Contact the college of your major. Transfer credit for more than twelve graduate level hours must be approved by the Dean of the Graduate School. A maximum of eight semester hours (or three courses) may be transferred from another graduate school. Transfer work must be posted to your student academic record no later than one full term prior to your graduation.

Your completed Graduate Transfer Courses Form, available only in the department of your college, should include your student ID, the term in which you were admitted to your graduate program, the applicable College/Department, the courses to be transferred, and the signature of your Advisor and the Department Director or College Dean of your graduate program. The department of your college will directly submit approved forms to the Office of the Registrar.

After acceptance by the appropriate college and within the first twenty class days of the term you expect to complete your requirements, submit a completed Post Baccalaureate Application (see our Forms page) to the Office of the Registrar so that your academic transcript will be posted accordingly. *Note that students who complete the requirements for a second major will NOT receive a second diploma for completing the requirements.

Mandatory First-Day Attendance Policy

To avoid fee liability and academic penalty, All students are responsible for ensuring that their course schedule is correct by the 5th day of classes.

The University of South Florida's First Day Attendance Policy requires that all actively enrolled students attend the first day of class. If the student registers for courses late, it is the responsibility of the student to communicate with the professor to avoid being dropped from the course. If the student was dropped from the course, and the student believe it was done in error, please contact the professor to be added back into the course. If the student is aware that they will not attend the first day of classes prior to the first class meeting, you are encouraged to reach out to the professor of the course to get the attendance requirement waived. This policy was instituted to effectively utilize classroom space and maximize enrollment opportunities for USF students.

Overload Approval

Students who wish to register for more than 18 term hours during the Fall or Spring terms or 14 hours during the Summer term (any combination of Sessions A, B and/or C) must secure a computerized approval from the appropriate dean or authorized college representative. Students who have not yet declared a major may secure this computerized approval from the Center for Academic Advising.

Release of Student Information

Pursuant to requirements of the Family Education Rights and Privacy Act (FERPA), the following types of information, designated by law as "directory information" may be released via official media of USF (according to USF policy): Student name, local and permanent addresses, telephone listing, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degree and awards received, full/part-time status, the most recent previous education agency or institution attended and other similar information. The University Directory, which is published annually, contains only the following information: Student name, local and permanent ad-

dresses, telephone listing, classification and major field of study.

However, the Directory and other listings of “directory information” are circulated in the course of University business and, therefore, are accessible to the public, as well as to students, faculty and staff. Students must inform the USF Registrar’s Office in writing if they wish directory information to be withheld. Requests must be received within the first two weeks of the term and will remain in effect until the student has not been enrolled at USF for three consecutive terms. Notification to the University of refusal to permit release of “directory information” via the University Directory must be received by the end of the first week of classes in the term.

Student Right-to-Know

Metropolitan universities have a mission to serve the large number of people who live and work in the community but wish to attend the university on a part-time basis. Consequently, these students take longer to graduate than the traditional full-time student. Students attending USF have a unique opportunity to pursue internships, cooperative educational experiences or work concurrently while enrolled in classes.

Each student’s experience is unique to his/her educational, career and personal goals. Academic advisors, faculty and career counselors are available to assist students achieve their goals. Regularly scheduled appointments with academic advisors or departmental faculty members will aid in assisting students with achieving their educational goals.

Withdrawal Procedures

Students who wish to terminate registration in a term should withdraw from the term rather than attempt to drop all classes. Withdrawal deadlines for each term are listed in the Academic Calendar on pages 3-6. Students must complete a Withdrawal Form in the Office of the Registrar when dropping all course work.

Withdrawal limitations are described at <http://www.ugs.usf.edu/student/withdrawals.htm>

Veterans Services

Department of Veterans Affairs (VA) Benefits — VA Certification

In order to receive VA educational benefits, students must request certification using the new fully online Clockwork System. Information on how to use this system is found at our website: www.veterans.usf.edu. Students must also report changes in enrollment status to the Tampa Veterans Services Office or the Financial Aid Offices on the St. Petersburg, Sarasota-Manatee, campuses. This needs to be done every semester. Requests for VA advance checks should be submitted no later than six weeks prior to the first day of classes. VA educational benefits will only be awarded for credit courses that are required to complete the degree program that the student has declared to the Department of Veterans Affairs.

In compliance with VA requirements, USF must report official withdrawal dates from veteran students’ courses. VA students are not eligible for VA educational benefits for courses in which a W (withdrawal), a U, MU or an IU (Unsatisfactory) are recorded, except when there are mitigating circumstances presented to the VA. The VA will not pay educational benefits to a student who is auditing a course. Please inquire with Veterans Services when: enrolling in courses at other institutions, changing majors, declaring a double major or two degrees, enrolling as a non-degree seeking or cooperative education student or using the grade forgiveness policy. For updated information, please contact Veterans Services at (813) 974-2291, e-mail vetserve@usf.edu or visit our Web site at <http://www.usf.edu/student-affairs/veterans/>.

VA Student Deferment of Tuition Fees

Eligible VA students can defer tuition/fees for up to 60 days from the first day of classes. The deadlines to apply for a deferment are listed in the Academic Calendars on pages 3-6. Deferments are available from Veterans Services, Tampa, ALN 130, or from the Veterans’ Coordinators on the other USF campuses.

Do I have to have a parking permit?

Parking permits are required to park at the University of South Florida, 24 hours a day, seven days a week, including holidays. Permit types are used to designate parking locations on campus. Please match the “letter” designation on the permit with the “letter” designation on the parking lot sign. (Ex: a non-resident student permit will have the letter “S”). Each person may purchase only one vehicle permit (an additional permit for motorcycle, **and/or** a bicycle is allowed). Permit campus designation is based on campus/class location. **Permits shall be purchased for the campus of primary assignment.** If you do not have a permit, you must park at a metered parking space or a timed space. For additional permit information, visit www.usf.edu/parking_services or call (813) 974-3990, Option #1.

How do I obtain a permit?

Visit the Parking & Transportation Services Web site, www.usf.edu/parking_services. Establish a parking services account and purchase your permit online. Once you have established a parking account as a student, you can access it directly through OASIS. What happens if I get a parking ticket?

Parking regulations are designed to provide safe and orderly parking. Violation of these regulations can result in parking citations, immobilization of your vehicle, towing or loss of parking privileges. Creating, modifying or altering a parking permit or being in possession of a lost or stolen permit is a serious violation and will result in immediate immobilization or towing of the vehicle and possible revocation of campus parking privileges. If you receive a parking citation and believe that extraordinary or mitigating circumstances warrant a waiver, then you may petition Parking and Transportation Services within 14 days for reconsideration. Respond to parking citations within 14 days of issuance to avoid late fees. The most common citations are for no valid permit, expired parking meter and parking out of assigned area. To appeal a parking citation, visit our Web site, www.usf.edu/parking_services, and file your appeal online. Any failure to respond to parking citations will result in collection agency efforts and additional cost.
