These funds must be kept in a separate Research Initiative Account (RIA) with the fund number **18323 for the Conference Support Grant**.

These funds must only be used for the allowable expenses described in the approved proposal budget and **cannot be co-mingled with other research funds**. ANY re-budgeting must be requested and approved. Any unallowable expenditure/s on the award will be subject to removal off the grant to an unrestricted account.

Submit re-budgeting requests to Judi Dorn at rsch-internal-awards-program@usf.edu.

Any unspent funds will be swept back to USFRI at the end of the grant period.

Grant Period: date(s) of the conference.

DISSEMINATION OF CONFERENCE RESULTS

The Principal Investigator is expected to publish or otherwise make publicly available works resulting from this conference. All publications resulting from this conference grant must include the following acknowledgment: "This work was supported, in part, by the University of South Florida Research & Innovation Internal Awards Program under Grant No. _____." Please use the PI's seven (7) digit Research Initiative number as your grant number, (i.e., 0012345).

PAPERWORK REQUIRED TO OPEN YOUR AWARD

Submit paperwork electronically to Judi Dorn at rsch-internal-awards-program@usf.edu. Once all paperwork is received and processed, an email notification will be sent to the PI that the account is open for spending.

Please note that other post-award activities (e.g., purchasing, payroll, travel, access to the FAST financial system) 1

are managed by other departments within the university and you will need to work with these units directly.

1. **PI must** have a **Research Initiative Account (RIA)** (Chartfield 00 “account”). To verify if you already have an RIA established, navigate to FAST, General Information, Chartfield values, Initiative, enter your GEMS ID and Search. The information will appear if the PI’s status is **active**. If the PI does not have one, establish a new account by completing a [Request to Establish a Chartfield](#) form (see instructions below). Send the form to **James R. Nally, Accounting Services (Controller’s Office), 813-974-6041, and Email: rnally@usf.edu**. This is the “account” from which the funds can be spent for items identified in the approved proposal budget. These funds may not be co-mingled with other funds (e.g., your department RIA or another department or PI’s RIA) and may not be used for other projects or purposes.
2. **PI must** submit to FAST Security a [FAST Workflow Request Form](#) to establish who has spending authority and signature authorization for these funds. For further information about FAST access, please visit the [Controller’s website](#).
3. **PI must** submit the [Internal Form](#); see instructions below for help to complete.
4. **PI must** submit a signed [Grant Budget Release](#) form, which can be found on the [Sponsored Research Forms page](#). See instructions below for assistance in completing the forms. Your entries will be checked against the approved proposal budget.
5. **IF** travel has been approved in the budget for this conference, the PI must follow guidelines established by the [Travel Department to submit the travel request](#). The RIA chartfield for the CONF is to be used as the chartfield for the travel. May need to complete the [FAST Access Request](#) form found on the [Controller’s website](#)
