CONFERENCE SUPPORT GRANT (CONF)
(Guidelines & Application for Academic Year 2019-2020)

PURPOSE & OVERVIEW
This program is designed to foster excellence in research and creative activity at the University of South Florida System. Conferences are an important part of the research and creative process because they provide a venue for the dissemination of new information and provide a forum for the exchange of ideas. Therefore, the Conference Support program provides supplemental funding for the planning and implementation of national and international conferences in order to enhance the research and creative environment at USF, as well as to bring prestige and recognition to the university and the State of Florida.

CONF Support Grants are available for faculty pursuing a career at USF. Consequently, researchers who are serving in a temporary or post-doctoral capacity with short-term goals for employment at USF are not eligible for these grants.

At the end of the grant period (or extension) unused funds will be “swept back” and used to fund future grants.

The awardees will receive instructions relative to the documents to submit in order to establish a chartfield to charge the expenses, submission of the final report requirement, and acknowledgement of the support of the CONF in articles, etc.
