Do you have service opportunities that a professor will be able to use as a learning experience in a course? Students will earn course credit for their service. These needs are often focused on very specific topics.

**EXAMPLE:** A local nonprofit needs help one Saturday with some beautification projects.

**Service-Learning & Research**

Do you have service opportunities that would be great for any of our 40,000 students? Students do not receive course credit for these service experiences. The experiences can range from one-day to recurring weekly opportunities.

**EXAMPLE:** A local nonprofit needs students to apply what they are learning in a children’s literacy course to improve its afterschool tutoring program.

**Center for Leadership and Civic Engagement (CLCE)**

**Internships**

Do you have an opportunity that may serve as a great internship for one of our students? These experiences are often required for students, focused on the academic field of study, long term (at least a semester), and can be paid or unpaid.

**EXAMPLE:** A local nonprofit needs a computer/tech assistant and has a small budget to bring someone on for a semester.

**Office of Internships & Career Readiness**
