The Network is a collection of groups you can join to have fun while making connections with people who have similar lived experiences, interests, and aspirations. Each group in the Network is led by Peer Advisor Leaders (PALs) who will help you meet other students and will share ways to connect to resources, services, and information related to your group at USF.

**Arts & Humanities Network**

Meet other students in the Arts and Humanities and learn some tips, tricks, and resources along the way ranging from being successful in class to planning a career with your degree.

**Business, Math, & Engineering Network**

Meet other students in Business, Math, and Engineering classes and learn some tips, tricks, and resources along the way ranging from being successful in class to planning a career with your degree.

**Sciences Network**

Meet other students who are taking science classes and learn some tips, tricks, and resources along the way ranging from being successful in class to planning a career with your science degree.

**Gaming Network**

Meet other students who are interested in board games, video games, and computer games while learning about the different events around campus related to all things gaming.
Meet other Transfer students and learn about services and opportunities specific to the transfer student experience.

Meet other students who are interested in watching sports, staying active, and focusing on overall wellness, and learn about different events and services related to sports and wellness.

Meet other Transfer students and learn about services and opportunities specific to the transfer student experience.

Meet other students who live off-campus and typically commute to campus.

Meet other Asian, Pacific Islander, and/or Desi American students and connect with each other over common lived experiences and interests.

Meet other Black and African American students and connect with each other over common lived experiences and interests.
Meet other Caribbean students and connect with each other over common lived experiences and interests.

Meet other Latinx students and connect with each other over common lived experiences and interests.
