

2020-2021 USF OFFICE OF VETERAN SUCCESS SCHOLARSHIPS

Armed Forces Communications and Electronics Association (AFCEA) Award

The Tampa-St. Petersburg Chapter of the Armed Forces Communications and Electronics Association (AFCEA) has a long-standing tradition of supporting the advancement of excellence in technology, professionalism, and education as they relate to the vital areas of command, control, communications, computers, intelligence, surveillance, and reconnaissance (C4ISR), electronics, audiovisual and information systems.

The award is available for full-time or less veterans and active duty/Reserve, all academic levels, all colleges, all campuses, and with preference given to the following: BS Information Technology, BS Information Studies, BS Computer Science, BS Computer Engineering, BS Business Analytics/Information Systems, BS or MS Cybersecurity. Other majors will be given consideration with clear statement of intent to go into a defense contracting position. Preference will be given to applicants with an active top-secret security clearance. The award amount ranges from **\$1000-2500** and may have anywhere from 2 to 5 recipients. In addition to the stipend, scholarship recipients will receive a student membership in AFCEA and an incredible networking opportunity with the AFCEA organization Board Members.

You may apply for any of the above awards through the USF Qualtrics system with the following link:

AFCEA application

If you have any questions, contact OVS Academic Enhancement Coordinator Shaina Gonzalez (gonzalezs@usf.edu).

The application deadline for these scholarships is **Friday, January 22, 2021**.

Scholarship recipients will be notified by **late January**.
