

USF Academic Success Center Virtual Study Groups Fall 2020

The ASC is piloting a new program for fall 2020 semester– Sign up to work with other students in the same course as you for weekly study group sessions facilitated by an Academic Success Center tutor!

Courses being offered:

MAC 2311 Calculus I
MAC 2241 Life Sciences Calculus
MAC 2312 Calculus II
CHM 2045 General Chemistry I
CHM 2046 General Chemistry II

General information:

- * Study groups will be made up of 4 students and 1 facilitator
- * Meetings will be 75 minutes on the same day/time every week beginning the 3rd week of the fall semester
- * Two options– Create your own group or the ASC can create a group for you!

Why join a study group?

Community Support– Having group members in the same course, working on the same content provides a place to ask questions and get answers! You are in it together.

Accountability– Designated time every week to study and a group of others to make sure you stay on task.

Active Learning– Working with group members on course concepts actively is a research based effective approach to studying.

Sign-up today!

Click on the link below to complete the Virtual Study Group Request Form.

*If creating your own group make sure to have all group members names and emails before completing the form. Only 1 form needs to be completed for the group.
