III. GENERAL PROVISIONS

1. Terms Of ATA

- a. This ATA shall remain in force for five (5) years from the Effective Date. Any amendments of and/or modification to the ATA shall require written approval from both parties. After the five year period, this ATA may be renewed by mutual written consent.
- b. Either party may terminate this ATA by serving a written notice to the other party. Such termination will take effect three (3) months from the date of the written notice. Any termination will be prospective only and will not apply to students enrolled at USF as of the date of the termination notice or to USF applicants who relied on published materials offering the program. The foregoing notwithstanding, either party can terminate this ATA effective immediately and upon written notice to the other if, in its sole discretion, it concludes that the other institution is incapable of fully performing the services described herein; if the health, safety or welfare of students are endangered for any reason; if the program no longer supports the educational mission of either party or if the other party has acted in violation of applicable law. The parties acknowledge that the program involves degree-seeking students taking part in a degree program. Therefore, in the event of time or either party terminating this ATA, both parties agree that they will cease accepting new students into the program upon termination, but shall use best efforts to provide a "teach out" for current students. The parties agree they will continue to fulfill each of their respective obligations as set forth in this ATA for all students that have enrolled and/or been admitted to the program prior to termination, from the time of termination through each student's successful completion of their degree, certificate or course, or each student's departure from the program. To clarify this provision: it is the intent of the parties that after any termination of this ATA, the participation of all existing students will continue until they graduate or depart from the program.
- c. The parties have set forth the terms, conditions and responsibilities in the ATA in the good faith belief that they are fully in compliance with all legal and accreditation requirements generally applicable to both parties; provided, however, in the event that either party determines in its sole discretion that the performance of any obligation herein is in violation of such legal or accreditation requirement, the parties agree that such obligation shall be promptly modified to the extent necessary to secure continued compliance with such legal and accreditation requirements. In the event either party determines in its sole discretion that such obligations cannot be modified in a manner to secure continued compliance, either party can terminate this ATA effective immediately upon written notice and the parties shall comply with the obligations for a "teach out" as set forth herein.
- d. USF is accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACS) to award associate, baccalaureate, masters, education specialist and doctoral degrees. IHCC is not accredited by SACS Commission on Colleges and the accreditation of USF does not extend to or include IHCC or its students. Further, although the USF agrees to accept course work from IHCC (for courses taught at IHCC) to be applied toward an award from USF, that course work may not be accepted by other colleges or universities in transfer, even if it appears on a transcript from USF. The decision to accept course work in transfer from any institution is made by the institution considering the acceptance of credits or course work.
- e. SACS Applicable Policy Statement. Member institutions are responsible for notifying and providing SACSCOC with signed final copies of agreements governing their collaborative academic agreements. These arrangements must address the requirements set forth in the collaborative academic arrangements policy and procedures. For all such arrangements, SACSCOC-accredited institutions assume responsibility for (1) the integrity of the

- collaborative academic arrangements, (2) the quality of credits recorded on their transcripts, and (3) compliance with accreditation requirements.
- f. **USF** shall not use **IHCC** Trademarks, trade names, service marks, service names, brand names, domain names, URL's or Logo's or any other licensed **IHCC** mark or intellectual property in any manner without the prior written consent from **IHCC** of such use. **IHCC** shall not use **USF** trademarks, trade names, service marks, brand names, domain names, URL's or Logo's or any other licensed **USF** mark or intellectual property in any manner without the prior written consent of **USF** of such use.
 - g. The parties agree to comply with all applicable federal and state laws and regulations regarding the protection of data security, including without limitation the Family Educational Rights and Privacy Act ("FERPA"), and to work together to facilitate the parties' obligations under those laws and regulations.
 - h. **Notices:** All notices and other communications given or made pursuant hereto shall be in writing and shall be deemed to have been duly signed or made as of the date delivered if delivered personally or by overnight courier, when confirmed by telephone if delivered by facsimile, or seven (7) business days after being mailed by express mail international (return receipt requested), to the parties at the following addresses (or at such other address for a party as shall be specified by like notice, except that notices of changes of address shall be effective upon receipt).
