	Education Exams Fall of final year			

TOTAL: 13 TOTAL: 12

The following is additional information for the Biology Science Education major:

- The College of Education has a SEPARATE APPLICATION PROCESS from that of the University of South Florida.
 Please allow enough time to apply and received acceptance to USF before applying to the College.
- The Biology Science Education program admits all three terms (fall, spring, summer).
- All applicants to the COEDU (except Exercise Science) must take and pass all sections of the General Knowledge Test, including Math, Reading, Language, and Essay.
- All applicants must have a cumulative GPA of 2.5.
- EDF 1005 must have been passed with a C- or better. As long as all pre-requisite courses are complete or IN-PROGRESS the student may apply.
- Florida Teacher Certification Exams (Professional Education and Subject Area Exams) are required for graduation, as the degree is tied to earning a Florida Teaching Certificate. Students are encouraged to take these in fall of the last year to ensure enough time to retest if necessary. Certification will be reflected on the official transcripts.
- The Chemistry Science Education program is a joint program between the College of Education and the College of Arts
 and Sciences. It prepares students to engage in coursework informed by empirical research embedded in established
 and emerging theoretical traditions, philosophy, and best practices related to pedagogical content knowledge.
 Coursework will highlight the importance of science in living, working, leisure, global competitiveness, and resolution of
 personal and societal problems.

Students interested in Biology Science Education may email edu-advise@usf.edu

For general transfer advising inquiries please contact transfer-advising@usf.edu
